QUEEN'S FAMILY PARTY

A feature of the Family Party held recently by the Women's Faculty Club was the programme of square dancing, Scottish reels, and other dances. In the above picture are shown Principal and Mrs. Wallace with Connie Hope, Arts '54, North Gower, and Eric Cheadle, Arts '53, St. Catharines, both members of the Queen's Band.

REFLECTIONS ON NEW YEAR'S EVE

Address Delivered by Principal Wallace over Radio Station CKWS on December 31, 1950, as Part of the Regular Weekly Quarter-hour Broadcasts by Members of the Queen's Staff.

IN the closing evening of the year I welcome the opportunity to speak to a Kingston audience through the courtesy of this station. I wish to express to the management of the station our appreciation at Queen's University of the opportunity which has been given week by week to a member of the staff to speak on a subject selected by himself, and of interest to his listeners. We know that the contributions that have been made are appreciated by many, and we trust that it may be possible to extend this courtesy to Queen's University for many months to come. It is a service that we are glad to render.

Time flows on in an uninterrupted stream. But we make our own places where we may pause, look back, and look ahead. They are our opportunities to take breath, and pull ourselves together. The end of the year is such a time. We look back over the year that has almost gone. We look ahead to the year in which we shall soon enter. And we do so with the influence of that most blessed time of the year—the Season of Christmas—still moving our minds and our hearts with the benediction of peace and goodwill to all men of all nations and of every land.

This is at once our hope and our tragedy. Our hope, because it is only in the hearts and minds of men that peace can be established on a secure basis. Our tragedy, for we look back to a year of ever-darkening clouds on the international horizon, and we look forward to skies more lowering than for many years in the past. It is in this setting that we have been wishing for our friends a happy New Year. Can we say anything that may help at a time so confused and so difficult as the beginning of the year 1951 appears to be?

Let us see what light there is in the darkness. To begin with, ordinary

people like you and me do not want war. And the great majority of people everywhere are ordinary people. We do not see that it settles anything. It is terribly expensive in men and materials. Everything else suffers when a war is on, for there is no money available for anything but the needs of war. It is a last resort, and is justifiable only if every honourable way fails. That is the position which Canadians take, and which our statesmen who represent us in the international councils are advocating with all the force at their command. It is a sound and reasonable position; and while the door is left even partly open, there is hope.

We can support the position that we have taken, with a clear conscience. The difficulty that we face is that the United Nations force has been represented by the Russian and Chinese leaders to their own people as aggressors, and their words have been believed. To them we are an enemy against which they have to defend themselves if their country is to be saved. When the press and radio are controlled, as theirs are, it is not easy to break through with the facts of the case. In their hearts their leaders know better, but it serves their ends to misrepresent the case.

There is, however, another ray of light. There has been remarkable unanimity among the non-Soviet group as to the policy that should be pursued. It is realized that the non-Communist world must stand together. It is not that a country is not free to choose its own form of government. It is simply that no country can be permitted to compel another country to adopt an alien form of government by force of arms. This unity of attitude means much today. It may mean much more tomorrow if the need to show strength should arise. There is a great value in the Assembly

of the United Nations in that issues can be debated, and judgment as to right and wrong can be reached. The world—with the exception of the Soviet block and China—thinks as we think. The evidence has been heard.

These considerations notwithstanding, we cannot shut our eyes to the possibility that a reasonable compromise cannot be reached, and that the issue cannot be localized. This would mean total war, a war the horror of which cannot be imagined. It might be prevented, even at the last moment, if the allied forces showed sufficient strength in men and materials to make the risk too great. The time is short, and action must be taken quickly. No matter what the sacrifice that this may entail from us all, we must not permit ourselves to forget that the prevention of war, at whatever cost of defence preparation, is overwhelmingly to be preferred to war itself. It saves men and it saves money.

It is a sad commentary on the wisdom of man that our time and thought on this New Year's Eve should be taken up on the possibility of another war. Man has had a very long experience in this business of trying to live together. He has not yet mastered the art. Compared with the amazing things that he has done in overcoming nature and in bending natural processes to his will, his halting progress in overcoming his own nature has been pitifully slow. For many thousands of years he has chosen war as the means by which he has hoped to settle his disputes. He does not yet seem to have found the substitutes on which he feels confident to rely. True, the area within which this substitute has been found widens with the years. The English-speaking peoples of the British Commonwealth and the United States can reach agreement by negotiation and understanding. So too, we feel, can all the peoples of the North Atlantic Pact. But there are great areas where misunderstanding and suspicion nullify all efforts to reach agreement. It will take

much time and much patience to break through this barrier of suspicion and ill-will. We can only pray that time will be given us to do so.

It is not that much thought is not being put into the machinery by which world peace may be maintained. Many of the best minds of our time, and in every country, are dedicating their lives to the difficult problem. There are those who believe that a world federation is possible, which may function in some such way as the parliament of Canada functions, but with large areas of governmental responsibility still left in the hands of the various nations, as it is left in the hands of the provinces of Canada, and the blueprints have been drawn up, and the details worked out to the last degree. As an ideal to be aimed at, and to be reached some day, this federated parliament has much to recommend it. As something to be achieved in our time, to me at least it seems to be a castle built in the air. We have only to ask ourselves if we in Canada would be prepared to put our trust, and our fortunes, in the hands of such a world parliament at the present time, to answer the question, and in the negative. For we would not as a smaller power be willing even to give authority to the United States to control our destinies; and the United States is a friendly power. And as for committing ourselves in any way to the Soviet block, the very idea is unthinkable. We have to go a long way yet towards better understanding and mutual trust before such a plan can be entertained as even within the realm of possibility.

There is another way that offers greater hope, though it may operate very slowly. That is in the voluntary association of peoples of like mind, who are willing to work together in certain areas for the mutual good. It is only necessary to think of the close co-operation between the United States and Canada in defence plans during the last five years to realize that there are wide areas of mutual co-operation and that these

areas will be rapidly enlarged as the need appears urgent. The very fact that a United Nations force is in the making is itself a striking commentary on the stress and the danger of our times. And as the nations learn to work together and to submerge their personal interests to the greater good, so too will the time draw nearer when the whole world may be willing to work as one. It can only come if we have faith, and great patience.

As we look back over the year that is now in its closing hours, there is much for which we in Canada should be deeply grateful. From a material sense it has been a prosperous year. The national income has been very high, and unemployment has been at a low level. There have been no national issues that have disrupted the country, though for a time the railway strike looked ominous. There is a growing understanding between French-speaking and English-speaking peoples, and educational institutions are doing what they can to foster that understanding. There has been freedom of religious expression. And where there was

danger that that freedom might be restricted, the courts have spoken. The reputation of our country stands high. Our public men are regarded with respect, and our voice in international assembly carries weight. Our material welfare has not been disrupted by a war that ended only four years ago, all prophecies to the contrary notwithstanding. And, but for the danger of war, the future seems no less encouraging. We are a fortunate people.

But we are fortunate only if we preserve and defend our liberty. Much of the world is not free, and the area of the enslaved grows apace. That is our danger. It is well for us, when we look with hope and prayer into the face of the New Year ready to bid us welcome, that we remember the ringing declaration that the barons of Scotland made to the Pope when they assembled in Arbroath fourteen years after the battle of Bannockburn:

It is not for glory, riches or honour that we fight; it is for liberty alone which no good man relinquishes but with life.

GOWN IN KINGSTON TOWN

If there ever was a sharp division between town and gown in Kingston, it exists no more, judging from the results of that city's municipal elections. The Mayor, re-affirmed in his chief magistracy, is Professor Clifford Curtis. Professor Grant Crawford has been returned as alderman. Professor Wesley Curran becomes a new member of the Board of Education, as does the University Chaplain, the Reverend M. Lavery. Professor Curtis is an economist, Professor Crawford an expert in municipal law, Professor Curran is a biologist.

The election of these Queen's men to civic office is not a sign that the University is dominating the city. In fact the University is less preponderant in Kingston life now than in any other decade in the century. Kingston has blossomed during and since the war as a major industrial centre.

The fact is that the generality of Kingston voters recognize these professors as capable, trustworthy citizens, and want to avail themselves of their intelligence and special abilities. They know that professors are not persons outside the life of the community.

This emergence of professors into public life is proof that Canadian scholars are not living in ivory towers and sheltering their lives and learning within cloisters. Perhaps we should not use the word emergence. Queen's faculty members, from the days of Grant onwards, have always taken part in public affairs and served their city, province and country in public office, both elective and appointed. Their present share in civic office is a continuation of that tradition.

Peterborough Examiner

WILLIAM ARCHIBALD MACKINTOSH

By Julia Ettinger, Arts '47

WILLIAM Archibald Mackintosh, Vice-Principal of Queen's, Dean of the Faculty of Arts, Director of the School of Commerce, Head of the Department of Economics, was sitting casually behind a desk covered with books and papers when I entered his office in the New Arts Building. He is a shy, kindly man, given to considering every side of an idea before putting it into words. Relaxed behind that big desk, smoking a cigarette in a holder resembling the stem of a pipe, he was willing to discuss absolutely anything in the world but himself. And it was his own story that I wanted.

With the help of the Canadian *Who's Who* I discovered that Dr. Mackintosh was born in Madoc, Ontario (north of Belleville) in 1895; he went to the Madoc Collegiate Institute and then to St. Andrew's College in Toronto for a year before coming to Queen's. The outstanding memory of this year at St. Andrew's is that he contracted scarlet fever and was left to prepare for his examinations by himself! Though he claims not to have been conspicuously successful as a high school student, when he came to Queen's the next year, instead of working on a B.A. he set his sights on an M.A., which he took in 1916 along with a couple of medals in History and Political Science. Those four years were not spent with his nose completely buried in books, either. He was president of his year, played rugby and soccer for his year teams, and won a University "Q" for being the college fencing champion. In the summer holidays he taught school in Saskatchewan. Those were the years when immigrants were settling Western

Canada and since the population was small and scattered, it was a lonely existence. One time, hearing of a friend coming west, Dr. Mackintosh rode twenty-five miles on horseback to have a talk with him.

After graduation in 1916, Dr. Mackintosh went to Harvard for a year, then to Brandon College in Manitoba to lecture in economics for two years, before returning to Harvard to follow his Ph.D. course further. The next year (1920) he came to Queen's to work as assistant professor of economics with O. D. Skelton and W. C. Clark, and has been on the staff ever since successively as associate professor, professor, and head of the Department of Economics. Dr. Skelton, noted for his work as under secretary of state for external affairs, paid him high tribute when he said, "Mackintosh is a much better man than I". In 1946 Dr. Mackintosh became Dean of the Arts faculty, and in 1947, Vice-Principal of Queen's.

As Vice-Principal of Queen's, Dr. Mackintosh has the "duty of taking the Principal's place in his absence and the privilege of being buried in the University lot in Cataract Cemetery". As the Dean of Arts, he presides at Faculty meetings and directs the work of the Faculty.

As director of the School of Commerce he has been in charge not only of the extramural courses given to the commerce students but also, until this year, of the tremendous correspondence of the School. In these professional courses, of which much the largest is that carried on for the Institute of Chartered Accountants of Ontario, there are upwards of 1700 students registered. And as professor and head of the department of

economies, Dr. Mackintosh organizes the department's work, and lectures in two courses (one is a graduate course in economic policy and problems and the other an undergraduate course in Canadian and United States economic history).

Another phase of Dr. Mackintosh' life is government and research work. From 1926, he spent about three years working for the advisory board of tariff and taxation. For the next five, on partial leave of absence, he was director of research on Canadian pioneer problems, a research which resulted in a series of volumes, *Canadian Frontiers of Settlement*. After a year in Europe, he was appointed a member of the National Employment Commission of which the late Arthur Purvis was Chairman. Just before the war he was research assistant to the Royal Commission on Dominion-Provincial Regulations. During the war, from 1939 until 1946, Dr. Mackintosh was on leave of absence from Queen's to work full time in Ottawa. These were extremely busy years for him as they were for a great many others. For the first half of the war, he was special assistant to the deputy minister of finance, under Mr. Ralston and Mr. Ilsley, and during the second half, he worked for Mr. C. D. Howe in the Department of Reconstruction and Supply. In both jobs he dealt with problems that could not be assigned definitely to any one department, some of them international economic problems which took him to London, England, once a year for four or five weeks and meant frequent visits to Washington. In 1944, he was head of the technical delegation at the Monetary Conference at Bretton Woods, and in 1946 was a delegate to the Economic Social Council. He worked long, hard hours, but there was always the knowledge that one would have been dissatisfied doing anything else.

Dr. Mackintosh is now a director of the Central Mortgage and Housing Cor-

poration which he helped to set up immediately after the war; chairman of the Unemployment Insurance Advisory Committee which watches over the Insurance Fund and sees that it remains solvent; and a member of the committee set up to recommend revisions to the Combines Act. This means a trip to Ottawa for meetings once or twice a month.

He is a Fellow of the Royal Society of Canada; a past president of the Canadian Political Science Association; and an honorary life member of the American Geographical Society.

When he does have a little leisure time, Dean Mackintosh likes to go fishing. He belongs to a fishing club formed by a number of civil servants during the war, with headquarters on the Gatineau River about thirty miles north of Ottawa, and although it is difficult to get away during the best seasons in May and September, he usually manages a week or ten days some time during the summer. That, incidentally, is where he was when called to act as mediator in the railway strike last fall.

W. A. MACKINTOSH

In an address given in 1947, Dr. W. E. McNeill, who had recently retired as Vice-Principal of Queen's, said,

"Vice-Principal Mackintosh, who speaks for the staff, was a student of mine. I don't think I taught him anything. He was too good. But in this time of his great fame, I claim the right to record a teacher's pride:

So watch old armourer's eyes
Their young knight's emprise,
Wistfully brighter.

A dozen years ago our paths crossed in Florence. Dr. and Mrs. Mackintosh were going south, my wife and I were going north. We visited Fiesole together. As in fading light we looked across the valley of the Arno at the lovely hill town, he and not I remembered Browning's descriptive line in *Andrea del Sarto*,

A common greyness silvers everything.

Dr. Mackintosh is a great economist because he is so much more. He has humour in his heart and poetry in his soul."

Agricultural Co-operation in Canada, Dr. Mackintosh's first book, was published in 1924. In 1929 he edited in two volumes, *Statistical Contributions to Canadian Economic History*, and between 1934 and 1936 he was joint editor of a set of nine volumes, *Canadian Frontiers of Settlement* to which he, himself, contributed three articles; *Prairie Settlement*, *The Geographic Setting*, and *Economic Problems of the Prairie Provinces*.

Dr. Mackintosh is busy but he enjoys his work. He likes dealing with the students and helping to mold their ideas and he enjoys attending meetings, many of which include friendly chats and a stimulating exchange of ideas. He has an alert discriminating mind. Noted for

waiting until the end of a meeting or conference to speak, he then offers a solution quickly, and lucidly. It was once said that if "Bill" Mackintosh would speak first instead of last, there would be no argument.

Short Course Held For Rural Young People

A CHRISTMAS short course for rural young people was held at Queen's again this year from December 27 to 29. Sponsored by the Ontario Federation of Agriculture and the Department of Extension, Queen's University, with assistance from the Community Programmes Branch of the Ontario Department of Education, approximately 125 people attended the course.

The theme of the three-day discussion group was *Co-operation*—in the Community, in the Home, and in Better Living. On Wednesday there was panel discussion on *Our Community Responsibilities*, a talk on *Farm Radio Forum* by the secretary of the Ontario Farm Forum, Clare Burt; a talk on *Organization for Recreation for the Community* by Prof. F. L. Bartlett, Director of Physical and Health Education at Queen's; a film on *Planning a Recreation Centre*, shown by Miss Kathleen Healey, Assistant Director of the Extension Department. On Thursday, the discussions centred around the *Essentials of a Good Home* and the following day on *What Can We Do To Make Life More Satisfying?* (church, school, Federation of Agriculture, film council).

The young people were divided into three groups—publicity, recreation, and courtesy and resolutions. In this way everyone present took part in the discussions.

GRADUATES WIN PROMINENCE AT THE POLLS

Two women graduates of Queen's tossed their hats into the municipal election ring for the first time this year and both won. Dr. Charlotte Whitton, Arts '17, LL.D. '41, D.C.L., right, above, not only was elected to Ottawa's Board of Control, but headed the polls as well. Her friend, Dr. Faustina Kelly Cook, Arts '16, on the left, became one of Sudbury's two women aldermen.

Queen's folk were prominent in other municipal elections. In Kingston, Dr. C. A. Curtis, of the University staff, defeated G. C. Wright, '07, for the position of mayor. In Windsor, T. R. Brophey, Arts '28, was declared winner of the mayoralty campaign by a margin of 38 votes, served eight days, and then was counted out of office by 16 votes, in a recount.

CHRISTMAS PARTY HELD FOR STUDENT FAMILIES

ON the afternoon of December 11, Grant Hall was the scene of a Christmas party for the 150 children of student veterans. A large Christmas tree took a prominent place in the decorations, as did candles placed in aluminum foil shadow boxes and fastened to the red pillars.

When Santa Claus appeared with his proverbial bag slung over his shoulder each child was given a bulging stocking and granted the privilege of a private

chat. Special movies were shown, including: *Visits from Saint Nicholas*, *Three Little Bruins on a Spree*, *Golden Goose* and a carol film.

Rev. A. M. Laverty, University Chaplain, welcomed the guests and acted as master of ceremonies. A presentation was made to Mrs. Michael Yole from the students at LaSalle in appreciation of her supervision of the nursery school during the fall term. The stockings were made and filled by the Kingston alumnae branch and financed by the Kingston alumni branch.

AN APPRECIATION OF EDITH RAYSIDE

By Charlotte Whitton, C.B.E., Arts '17, LL.D. '41, D.C.L.

ON Armistice Day, the Overseas Nursing Sisters had sent a message of affectionate greeting to the first Matron-in-Chief (Canada) to be appointed to our military services, Edith Rayside.

Close to her four score years, Miss Rayside was living quietly at Lancaster, Ontario, near the old Glengarry home where much of her life had been spent. Her reply came only a few days ago, remarkably firm and clear for a woman upon whom the years had not laid too light or kindly a hand.

"I am an old woman", she had written, explaining that she no longer went "far frae my ain fireside".

"I have all the assets of age", she went on, with her usual whimsey, "blindness, deafness, lumbago." She explained that she was living with her older sister, "the mother of eight children, and many grandchildren, and my life is brightened with the visits of their little ones."

"Am I down-hearted? No", she triumphantly closed.

Edith Rayside was not only high in rank and in the affections of military and civilian nursing in Canada; she was one of the oldest of Queen's women graduates and among their most beloved.

It was a glorious autumn day that I last saw her, as I made an early morning run out from Cornwall to pay my warm respects to one of the finest women whom this country ever bred. Unusually tall, of massive, noble build, Miss Rayside was cast in the mould of a Boadicea or a strong and understanding Britannia. Every inch the Matron-in-Chief, she was a gentle woman, quiet and soft-spoken.

She asked me, that morning, about many things and people, particularly some of the nurses in charge of heavy

responsibilities across the country, and especially of her close personal friend and protegee, former Matron-in-Chief Colonel Elizabeth Smellie, C.B.E., R.R.C., LL.D., who had been her colleague in the First War, her successor in the Second.

She told me how each morning, as she dusted Miss Smellie's photo on her dressing table, she had prayed that clarity of judgment and a sense of justice be given her in her work, adding that they were what she had always asked to be vouchsafed herself. Miss Rayside had a faith as deep and sure as ever marked her covenanting forefathers, yet she never "pushed it" on you. She spoke to me that day of the blindness certain to come upon her, and said: "I did so hope that I would be left some small light until I neared the Light Divine and the shadows would break, but, after all, have I not seen in one life-time more than many others in several spans of years?"

Hers had been indeed a full rich, useful life. Born in and of the finest Glengarry traditions, she attended the famed Lancaster schools and came on to Queen's in the days when few women tackled the Arts courses and fewer survived both the academic and matrimonial hazards challenging the woman undergraduate. Then, in a day when it was unusual for one so well-equipped academically to think of the long hard grind offering—and still offered—to the

MISS RAYSIDE

Miss Edith Rayside, Arts '96, died at the home of her sister, Mrs. James McGillis, in Lancaster, Ontario, on December 20. She is survived by her sister, with whom she lived for the past few years, and her brother, J. S. Rayside, Arts '94, of Montreal, Quebec. This appreciation of Miss Rayside is reprinted with permission from the *Ottawa Evening Citizen*, in which it first appeared.

probationer for nursing training. Edith Rayside entered and graduated from our own St. Luke's Hospital, Ottawa. Miss Emily Maxwell, St. Luke's former Superintendent of Nurses, is probably Miss Rayside's oldest friend left in the city.

Another close friend was Miss Hattie Megill, who had charge of the operating room at St. Luke's. In 1906 Miss Megill went to Wapimi, Mexico, as superintendent of nurses in a hospital being set up there by a mining company. Miss Rayside went with her as her assistant. In the autumn of 1910, when Miss Megill was on leave at her home at Aurora, she was suddenly stricken with thrombosis and died. Miss Rayside remained in Mexico in the hospital service and, as far as I can ascertain, took over as superintendent. Thence the First World War called her, as soon as she could free herself, for the service of her own country. Proceeding overseas with reinforcements in January, 1915, she became Matron of No. 2 Canadian General Hospital at Le Treport, France. Then she transferred to become Matron of Moore Barracks, Shorncliffe, in which post many Ontario lads and their next

of kin came to know and remember her gratefully.

Matron Margaret Macdonald of Bailey Brook, N.S., whose service had begun in the South African War, had been recalled to Ottawa and had taken over as Matron (with the relative rank of major) on August 17, 1914. She had of course preceded Miss Rayside overseas and there remained as Matron-in-Chief, when Miss Rayside returned to Canada to serve as Matron-in-Chief at headquarters through the remainder of the war and during demobilization.

Upon leaving the service, Miss Rayside went to the Montreal General as supervisor but was shortly appointed Superintendent of Nurses at Hamilton General Hospital. There she became closely associated with the women citizens of sterling quality who have always given to that vital city some of the drive and verve which have marked its civic welfare, but never with any loss of the Mountain City's undefinable charm and graciousness which seem to mark its life.

Miss Rayside was singularly happy in the Hamilton General, both in her hospital and community life, neither of which lessened in any degree the good measure of loyal service which she always gave to her alma mater, Queen's.

Edith Rayside was the first woman ever to serve on the Board of Trustees of Queen's University, but she was placed there by appointment, not election. The honour was somewhat wryly viewed by the alumnae, who had hoped for an honorary degree for the distinguished woman graduate. But Queen's had never yet given a woman an honorary degree, *femme sole*, the two feminine awards which the old university had made, to that date, going to Governor-General's wives, as consorts.

The Trustees compromised on the appointment, impelling the women graduates to such infuriated criticism that there was no Trustee hesitation when the next Queen's woman distinguished herself. Miss A. E. Marty was given the

EDITH RAYSIDE

first Queen's LL.D. ever awarded a Canadian woman, shortly after her appointment as the first woman school inspector in the Dominion.

The University of Toronto did ask Miss Rayside to accept an honorary degree, but its gallant Chancellor and President found themselves in difficulties. The Governors had not contemplated an LL.D., and that created a special award of Master of Household Science. I was at that Convocation, and it would be hard to conjure up anything more incongruous than the upright, majestic Edith Rayside in military uniform moving forward to be given a degree, implying an award for woman's service within the home.

She herself was hilarious about it. hilarious and generously indulgent.

"They'll get used to us", she said that day and time and again. I have heard her say it as we younger university women, or restless, single-minded, eager young members of her own profession, would bridle at the prejudice and restraints thwarting equity in treatment or partnership in progress.

It was at the height of her service at Hamilton General that illness struck. A devoted Hospital Board and surgical staff sent her, one of the surgeons accompanying her, to the most skilled clinics in the world in New York and Boston, with only partially successful results.

Her working life was done too soon, but the strength of her influence has permeated her own profession and her womanliness and sympathy have never ceased to be an inspiration to the women of her own university. She was, if anything, greater in the dignity and serenity of her affliction than at the highest moments of her good renown. Edith Rayside was just good, through and through.

Now the years have gathered her unto themselves, and, in the softly falling snow of Christmastide, she has found rest among her ain folk. Her name, her memory, her influence endure.

Where our desires are and our hopes profound

Felt as a well-spring that is hidden from sight,

To the innermost heart of their own land they are known

As the stars are known to the night.

ALGOMA ORE PROPERTIES ENDOWS CHAIR IN MINING

ENDOWMENT of a new chair in mining at Queen's through an annual gift of \$10,000 from Algoma Ore Properties, has been announced by Principal Wallace.

On behalf of the directors of Algoma Ore, Senator J. Gordon Fogo, K.C., informed the Principal that the Company will give a sum of \$10,000 a year for twenty-five years to endow a chair to be known as the Algoma Ore Properties Chair in Mining.

It was reported that this generous gift had been made possible through the recommendation of Sir James Dunn, presi-

dent of Algoma Steel Corporation, of which Algoma Ore Properties Limited is a subsidiary.

LECTURE SERIES OFFERED

"Crime and Criminals" is the subject of a series of eight weekly lectures, arranged by the Department of Psychology, beginning this month. Open to the public, the first three lectures and the concluding lecture will be given by J. A. Edmison, assistant to the Principal. Others participating in the series include penitentiary classification officers, and officials of the John Howard and Elizabeth Fry societies.

“MY FATHER SENT ME DOWN TO QUEEN’S”

THE names of 114 second-generation students were added to the Alumni Office records at registration this fall. In the following list, the faculty in which each student is enrolled is denoted by (A) for Arts, (S) for Science, (M) for Medicine, and (NS) for Nursing Science. Only first-year students and those who had not filled in forms previously were asked to do so at this time.

William C. Allison (S)—Andrew E. Allison, Arts '20 (father), Trail, B.C.

Jean Bernice Alyea (A)—Orboff Alyea, Science '12 (father), Trenton.

Doreen Archibald (A)—Frederick Archibald, Arts '18 (father), Sutton, Que.

William A. Armstrong (A)—Malcolm J. Armstrong, Arts '28 (father), Port Arthur; Elizabeth G. Murdie, Arts '30 (mother).

Conyers Baker (S)—Venerable Archdeacon J. Snowdon, Arts '85 (grandfather), Ottawa.

L. F. Bolton (M)—Francis Russel Bolton, Arts '19 (father), Outlook, Sask.

Douglas R. Bowes (A)—Arehie Camaliman Bowes, Arts '38 (father), Turtleford, Sask.

Marion Boyce (NS)—Harold Austin Boyce, Med. '16 (father), Deseronto.

Ruth Bracken (A)—Dr. Clifford Morley Braeken, Med. '23 (father), Broekville; Mrs. C. M. Braeken (Florence Mary Wilson), Arts '21 (mother).

Stuart B. Brown (A)—Albert Fleming Brown, Arts '27 (father), Pieton.

Peter H. H. Burleigh (A)—Herbert Clarence Burleigh, Med. '26 (father), Bath.

N. Burnfield (S)—Clifford R. Burnfield, Med. '30 (father), Toronto.

Robert Butterworth (S)—Mrs. J. V. Butterworth (Marjory Henderson), Arts '19 (mother), Ottawa.

Paul Broome (M)—Dr. A. E. Broome, Med. '17 (father), Kitchener, Ontario.

John M. Cameron (A)—David Alan Cameron, Sc. '22 (father), Merritton.

David H. Campbell (S)—Harris S. Campbell, Sc. '28 (father), Bryn Athyn, Pa.

James Hay Campbell (M)—the late James H. Campbell, Med. '26 (father), Kingston; the late James W. Campbell, Med. '91 (grandfather); the late Mrs. James W. Campbell (Martha Houston), Arts '93 (grandmother).

W. D. Campbell (S)—W. A. Campbell, Med. '24 (father), Kingston.

Edward C. Cannon (A)—Mrs. W. F. C. Cannon (Mildred Newman), Arts '21 (mother), Toronto.

Duncan A. Cays (A)—Dr. Fred A. Cays, Med. '08 (father), Kingston.

Harry E. Clarke (A)—Harry Vernon Clarke, Arts '22 (father), Hamilton; Mrs. H. V. Clarke (Fawcette Elliott), Arts '24 (mother).

Bill Connerty (S)—the late Oscar Carlyle Connerty, Sc. '15 (father), Smiths Falls.

Bruce Carruthers (M)—Lyman Bruce Carruthers, Arts '26, Med. '28 (father), American Presbyterian Hospital, Miraj, India.

Jean M. Chisholm (A)—Colin Andrew Chisholm, Sc. '23 (father), Kirkland Lake.

Keith Cleland (S)—Ralph Henry Cleland, Sc. '24 (father), Copper Cliff.

J. F. Cooke (M)—the late Alfred Benson Cooke, Med. '12 (father), Lloydminster, Sask.

William Corbett (M)—Hugh Nelson Corbett, Com. '29 (father), Ottawa; Mrs. H. N. Corbett (Rena May Landry), Arts '22 (mother).

Mary Corbett (A)—Hugh Nelson Corbett, Com. '29 (father), Ottawa; Mrs. H. N. Corbett (Rena Landry), Arts '22 (mother).

Paul A. Corbett (A)—Mr. Cecil B. Corbett, Med. '22 (father), Rockville Centre, Long Island, N.Y.

Ruth Corlett (A)—Professor A. V. Corlett, Sc. '22 (father), Kingston.

Ann Crain (A)—Mrs. R. L. Crain (Margaret Farnham), Arts '27 (mother), Ottawa.

James Cran (S)—Mrs. W. F. M. (Beatrice McCracken), Arts '29 (mother), Timmins.

Gordon Day (M)—Gordon H. Day, Com. '28 (father), Oshawa; Mrs. G. H. Day (Helen Adams), Arts '28 (mother).

W. A. Day (A)—F. G. Day, Arts '15 (father), Edmonton, Alta.

Marilyn Deamude (NS)—Franklin V. Deamude, Sc. '22 (father), Fort William.

Barbara DeLong (A)—Lorne Maurice DeLong, Sc. '27 (father), Trail, B.C.

Ruth Doak (A)—F. C. Doak, Sc. '29 (father), Rimouski, Que.

David Donevan (M)—the late Fred James Donevan, Med. '07 (father), Oshawa.

Keith R. Flegg (M)—Herbert C. Flegg, Com. '30 (father), Regina, Sask.

Janet Flynn (A)—Arthur Flynn, Arts '08 (father), Morrisburg.

William Forsythe (A)—Mrs. A. Forsythe (Reta Green), Arts '20 (mother), Kingston.

Glen M. Fowkes (M)—John T. Fowkes, Jr., Med. '19 (father), Clayton, N.Y.

Celia Francis (A)—James Francis, Arts '26 (father), Ottawa.

R. M. Freeman (S)—Norman Victor Freeman, Arts '15, Med. '22 (father), Battersea; Mrs. N. V. Freeman (Gertrude Deadman), Arts '22 (mother); the late Albert E. Freeman, Med. '87 (grandfather).

Mary Anne Gibson (A)—Clifford Sadler Gibson, Sc. '22 (father), Timmins.

Eileen G. Hart (A)—Sydney N. Hart, Sc. '10 (father), Winnipeg.

Sharon A. Haw (A)—John Leonard Haw, Sc. '24 (father), Calgary, Alta.

Meredith Holt (S)—Eric Holt, Sc. '23 (father), Kirkland Lake.

Diana Hooper (A)—George Hooper, Med. '15 (father), Ottawa.

W. G. Howes (S)—G. A. Howes, Sc. '23 (father), Kirkland Lake.

George Huff (S)—Frank Huff, Sc. '12 (father), Kirkland Lake.

Ann Hunt (A)—Mrs. Hunt (Angeline Willis), Arts '23 (mother), Montreal, Que.

George Inrig (A)—James Inrig, Arts '23 (father), Picton.

Fred Jackson (A)—Frederick Charles Jackson, Arts '31 (father), Kingston.

Joan Jamieson (NS)—William James Ross Jamieson, Arts '28 (father), Leaside, Toronto; Mrs. W. J. Jamieson (Mary Kathleen Hooper), Com. '29 (mother).

William H. Jenkins (A)—William S. Jenkins, Sc. '29 (father), Woodroffe; Mrs. W. S. Jenkins (Betty M. DeMille), Arts '28 (mother).

Terrence James Jerome (S)—J. E. Jerome, Sc. '26 (father), Noranda, Que.

Alex. T. Kenner (S)—Dr. H. B. Kenner, Arts '17, Med. '20 (father), Stratford.

Jim Kingston (S)—Thomas James Kingston, Arts '28 (father), Toronto.

David Knight (A)—Harvey W. Knight, Arts '36 (father), Prescott.

Richard Lee (A)—the late John Lee, Com. '27 (father), Toronto.

Gary Lewis (A)—Dr. Arthur Eben Lewis, Med. '26 (father), Seattle, Wash.

Elizabeth Ludgate (A)—James Vernon Ludgate, Sc. '23 (father), Toronto.

Marjorie Lumb (A)—Dr. Stead S. Lumb, Med. '20 (father), Bancroft.

Robert Lundell (A)—A. W. Lundell, Arts '24 (father), Revelstoke, B.C.

Robert S. Lyon (S)—C. D. Lyon, Sc. '09 (father), Kingston.

Kenneth MacArthur (A)—Dr. D. F. MacArthur, Med. '26 (father), Greenwich, N.Y.

Maxine McGary (NS)—William T. Swainson, Arts '17 (grandfather), Whitby.

David F. McIntosh (S)—Arthur K. McIntosh, Sc. '21 (father), Moore Lake.

Mary MacIntyre (A)—the late Rev. William C. MacIntyre, Arts '98 (father), Ogdensburg, N.Y.

Gregg McKelvey (A)—George F. McKelvey, Arts '15 (father), Ignace.

Elizabeth McKelvey (A)—Robert Grafton McKelvey, Sc. '34 (father), Bourlamaque, Que.

M. MacLachlan (A)—Ian MacLachlan, Arts '26, Sc. '25 (father), Kingston; Mrs. I. MacLachlan (Sybil Spencer), Arts '26 (mother); Alex. MacLachlan, Arts '84, D.D. '11, (grandfather), Kingston.

M. Ronwyn McLennan (A)—Trevor M. McLennan, Med. '32 (father), Sunderland; Mrs. T. M. McLennan (Wilda Martin), Arts '29 (mother).

James McLeod, Jr. (A)—James B. McLeod, Arts '22 (father), Kingston.

Sam MacMillan (M)—Dr. A. C. MacMillan, Med. '19 (father), Regina, Sask.

M. A. McQuay (NS)—Russel Bateman McQuay, Arts '15, Med. '16 (father), Mindemoya.

Donald H. Mallory (S)—G. D. Mallory, Sc. '20 (father), Ottawa.

M. Mathieson (S)—T. Stanley Mathieson, Sc. '26 (father), Toronto.

Lawrence J. Nacey, Jr. (M)—Lawrence James Nacey, Med. '13 (father), Rochester, N.Y.

Margaret Rose Nayler (A)—J. B. Nayler, Sc. '23 (father), Arvida, Que.

Donald Nelson (A)—Albert E. Nelson, Arts '09 (father), Stratford.

Pat O'Brien (A)—Mrs. O'Brien (Margaret Houze), Arts '28, Walkerville.

Sheila Omond (A)—the late Malcolm Norman Omond, Arts '09, Theol. '13 (father), North Bay; Mrs. M. N. Omond (Olga Harvey), Arts '12 (mother).

Elizabeth Paterson (A)—R. K. Paterson, Med. '06 (father), Ottawa.

William P. E. Paterson, Jr. (M)—W. P. E. Paterson, Med. '26 (father), Ottawa.

Russell Patterson (M)—the late Dr. J. Russell Patterson, Med. '17 (father), Medicine Hat, Alta.

Wilfred Perrin (M)—Wilfred Harper Perrin, Med. '24 (father), Brockville.

Duncan Phillips (A)—Fred S. Phillips, Arts '28 (father), Owen Sound.

Shibley B. Pixley (A)—George S. Pixley, Med. '23 (father), Canastota, N.Y.; Mrs. G. S. Pixley (Phyllis Bradshaw), Arts '18 (mother).

John Milton Platt (A)—Garfield Arthur Platt, Arts '06, Med. '12 (father), Kingston.

David G. S. Purvis (A)—George Stuart Purvis, Med. '16 (father), New Westminster, B.C.; the late Mrs. G. S. Purvis (Lillian Walls), Arts '17 (mother).

Michael A. Prince (A)—the late Professor A. E. Prince, (father), Kingston.

Pat Purvis (A)—the late Lenard Charles Purvis, Med. '19 (father), Ottawa.

James Ronan (S)—Mrs. J. Ronan (Lulu Fleming), Arts '17 (mother), Kenora.

Barbara F. Rowe (A)—George Francis Rowe, Arts '30 (father), Ottawa.

Joan E. Seymour (A)—Edgar O. Seymour, Arts '26 (father), Kitchener; Mrs. E. O. Seymour (Evelyn Wilson), Arts '23 (mother).

Robert G. Shaw (A)—the late William Gordon Shaw, Arts '23 (father), Kingston.

Paula Shea (A)—John Thomas Shea, Med. '29 (father), Foxborough, Mass.

Gary Smith (A)—the late Clifford F. Smith, Med. '27 (father), Napanee.

Catherine Starrs (A)—Robert A. Starrs, Med. '27 (father), Ottawa.

Dan G. Stewart (A)—Neil Gow Stewart, Arts '11, Sc. '15 (father), Toronto; Mrs. N. G. Stewart (Maude Chalmers), Arts '14 (mother).

Elsbeth Taylor (A)—Kenneth Elder Taylor, Arts '20 (father), Vancouver, B.C.

Allen V. Trainor (M)—J. V. Trainor, Med. '24 (father), Los Angeles, Calif.

Mary Ruth Troup (A)—Wallace Troup, Med. '24 (father), Ottawa.

Ken Williams (A)—W. Williams, Arts '26 (father), Toronto.

Helen Willis (A)—Mrs. Willis (Estelle Russell), Arts '19 (mother), Uxbridge.

Roger Wilson (S)—J. H. Douglas Wilson, Sc. '22 (father), Chatham.

Frederick Wright (M)—Frederick Wearing Wright, Sc. '31 (father), Hamilton.

June Yates (A)—Bert T. Yates, Arts '17 (father), Cornwall.

STAFF MEMBERS PARTICIPATE IN POPULAR LECTURE SERIES

FOUR of the speakers in this year's popular lecture series, which started on January 15, are members of staff: Prof. J. E. Hodgetts, Prof. H. W. Hilborn, Prof. J. K. Robertson, and Dr. A. W. Jolliffe. The fifth lecturer is Dean D. L. Thomson of McGill University.

NEW MINISTER SWORN IN

Rev. John Foote, V.C., Arts '33, is shown signing the oath of office after being sworn in as Minister of Reform Institutions for the Province of Ontario. The oath was delivered before Hon. Ray Lawson, Lieutenant Governor (left) and Premier Leslie Frost (middle).

ADVISORY COUNCIL TO AID SCIENCE FACULTY

QUEEN'S has taken the lead in the move to bring industry and applied science closer together — through the formation of an advisory council for engineering, which will work with the Faculty of Applied Science.

This council comprises twenty-four leading Canadian and United States engineers in seven committees. Chairman is Norman F. Tisdale, Sc. '19, chief engineer of the Molybdenum Corporation, Pittsburgh, Pa.; vice-chairman Dr. A. C. Monteith, Sc. '23, vice-president of Westinghouse Electric Company, Pittsburgh, Pa.; secretary, Professor H. J. Styles, associate professor of drafting at Queen's; and Dean D. S. Ellis, ex-officio member.

The advisory council has three broad objectives: to provide a closer link between graduates and staff for interchange of ideas; to give industry a channel for expressing its ideas, desires, and opinions direct to a group which will give it a hearing and close co-operation; and to suggest problems for research to university personnel, and to encourage graduate study.

Two members of each committee are Queen's graduates, while the third is a

NORMAN F. TISDALE

graduate of another university. The term of membership is three years, one member retiring each year. Committee members are as follows:

Mining: H. L. Roscoe, vice-president, Noranda Mines Limited, Toronto; Dr. G. C. Monture, Sc. '21, Division of Mineral Resources, Bureau of Mines, Ottawa; J. G. McCrea, Sc. '23, Dome Explorations (Canada) Limited, Toronto.

Chemical: J. R. Gordon, Sc. '20, assistant vice-president, International Nickel Company, Sudbury; D. O. Notman, Sc. '21, assistant general manager, Electrochemicals Department, Du Pont de Nemours Company, Wilmington, Delaware; E. G. Kirby, assistant manager, Price and Pierce Limited, Montreal.

Geological: Dr. B. R. MacKay, Sc. '08, senior geologist and chief of fuels section, Geological Survey of Canada, Ottawa; Dr. H. J. Fraser, vice-president, Falconbridge Nickel Mines Limited, Toronto; Dr. O. B. Hopkins, vice-president, Imperial Oil Limited, Toronto; Dr. N. S. Beaton, Sc. '27, chief geologist, Northern Canada Mines Limited, Toronto.

Metallurgical: C. S. Parsons, Sc. '13, director, Mines Branch, Department of Mines and Technical Surveys, Ottawa; R. C. Mott, Sc. '22, general superintendent, Falconbridge Nickel Mines, Falconbridge; C. P. McAleer, works manager, Steel Company of Canada, Hamilton.

Civil: C. W. Knowles, Sc. '19, vice-president and construction manager, Walter Kidde Construction Incorporated, New York; J. D. Millar, Sc. '30, deputy minister, Department of Highways, Toronto; R. F. Legget, director, Division of Building Research, National Research Council, Ottawa.

Mechanical: H. G. Bertram, Sc. '10, president, John Bertram and Sons Limited, Dundas; J. E. Neilson, Sc. '28, chief engineer, Foster Wheeler Limited, St. Catharines; E. M. Coles, vice-presi-

dent and director of engineering, Canadian Westinghouse Company Limited, Hamilton.

Electrical: I. F. Kinnard, Sc. '18, manager of engineering, Water and Instrument Divisions, General Electric

Company, Lynn, Massachusetts; D. G. Geiger, Sc. '22, transmission engineer, Bell Telephone Company, Toronto; W. P. Dobson, director of research, Hydro-Electric Power Commission of Ontario, Toronto.

DR. GLEB KROTKOV STUDIES PLANT TECHNIQUE AS POTENTIAL SOURCE OF RAW MATERIALS

HOW to take air, water and light and make such things as food and fuel out of them is a problem that long has challenged the ingenuity of scientists.

It is done every day by plants, and science is trying to discover their technique.

When the secret is discovered, as it will be some day, it will open up vast new sources of raw materials for man.

A leading Canadian scientist working on this problem is Dr. Gleb Krotkov, professor of biology at Queen's.

Professor Krotkov has enlisted the aid of an atomic by-product in his search. This is the radioactive isotope, or tracer. Tiny particles of many substances can be made radioactive. Then they act like cowbells with a herd—they tell which way the herd is going.

Salt tracers, for example, have been used to tell if a patient has heart disease. The patient takes radioactive salt. His hand is placed beside a Geiger counter. When the tracers reach the palm of the hand a clicking sound is heard from the counter. If the patient has heart trouble, the salt takes longer to reach the hand.

Agriculture, said Dr. Krotkov, has many uses for tracers. Scientists used them to study the burrowing habits of the cutworm. They glued a small piece of tape, with radioactive cobalt attached, to the cutworm's tail. The worm was put in a box of earth. If it stayed close to the surface the clickings were loud. The deeper it burrowed the fainter were the clickings. In this way, the worm's burrowing habits were traced.

In his experiments with plants, Dr. Krotkov uses radioactive carbon dioxide. He sets out to make glucose or plant sugar, which is the basis of all organic life. It is the basis of food, wood, coal and many other things.

To do this he uses a leaf, carbon dioxide, water and strong light.

Tobacco leaves, he has found, are very good to make radioactive sugar. He places a leaf in an enclosed glass chamber. The air is drawn out and radioactive carbon dioxide is sucked in by the vacuum. Strong lights—1,600 watts—are placed on two sides. This light is filtered through a water shield on each side of the chamber so as not to burn the leaf.

In the presence of the gas, water and light, the tobacco leaf proceeds to make plant sugar. Since the gas is radioactive, the sugar also is radioactive.

The problem is—how does the plant do it.

The sugar-making process can be likened to a motion picture. The film can be stopped at any point. Hundreds of these individual pictures make up the film.

In the same way, Dr. Krotkov stops the sugar-making process at many points. At periodic intervals the leaf is taken out, crushed, and the resultant liquid analyzed. The radioactive particles tell how far the sugar-making process has advanced. By a series of such charts Dr. Krotkov has learned many things not known before about the process. He is making a notable contribution toward some day answering the \$64 question . . . how do plants make glucose?

QUEEN'S TORONTO OFFICE PRODUCING GOOD RESULTS

THE Toronto Office of Queen's University, established at 340 Jarvis Street, last spring, has already proved a great benefit to the alumni and to the University, judging from a statement made recently by J. H. Stewart, president of the Toronto branch.

"The office was intended to fill a long-realized need of a Toronto headquarters for Queen's activities—chiefly those of the Endowment Committee and the Toronto alumni branch," said Mr. Stewart. "At the same time it provides a base of operations for Mr. Edmison, assistant to the Principal, when he is in Toronto in connection with endowment and other matters."

During the endowment campaign of last year, the work of the committee and its canvassers necessitated a great deal of secretarial assistance, a service provided through the good offices of Dr. J. A. Hannah, pointed out Mr. Stewart. When fresh efforts are made to maintain the impetus of that campaign, the present secretary and office will be essential for satisfactory results. A record is kept here of all contributions sent to Kingston from the Toronto area, and any contributions sent directly to this office are transferred to Kingston.

One of the most useful activities of the Toronto office is in keeping the Endowment and Alumni Offices at the University informed as to changes of address. During the autumn, the sale of 1500 football tickets, as well as Football Dance and Dinner tickets, was a major function.

Committees in charge of the various alumni events have found 340 Jarvis Street a convenient location for meetings and large-scale telephone campaigns. In this connection it should be noted that a Queen's telephone listing in the directory is increasingly important and convenient to graduates wishing information on a wide variety of topics.

The first two issues of the Toronto Branch News Letter, edited by Murray Gill, Bill Richmond, and George O'Neill, have been mimeographed in the office, and issue Number 3 is expected to be distributed in the near future.

"Satisfactory as has been the situation so far," said Mr. Stewart, "it is not too optimistic to predict that the value of this office will increase greatly in the future, especially if we assume that the branch takes over responsibility for the continuance of the endowment work. The greater efficiency in the conduct of branch affairs is bound to result in more members, more interest in Queen's affairs, and increasing support for the University."

JOHN NESBITT DISCOVERS NEW URANIUM STRIKE

BUSH pilot and sparetime prospector John Nesbitt, Sc. '23, is credited with uncovering a new uranium strike in the Lake Athabaska area.

Working with a Geiger counter through scrubby timber and muskeg on land other prospectors had long since rejected, Nesbitt traced and dug up with a pickax what geologists today look upon as a museum piece: a 44-pound of pitchblende containing 30 per cent uranium oxide.

According to *Time* magazine, Nesbitt and his partner, Alfred Caywood, turned down a record \$250,000 bid for their 450-acre claim, then signed up with Gilbert LaBine, discoverer of the famed Eldorado uranium mine, to form Nesbitt-LaBine Uranium Mines Limited.

John Nesbitt is a cousin of J. H. D. Wilson, Sc. '23, works manager of Ontario Steel Products, Chatham, Ontario.

RE-ELECTED AS CHAIRMAN

Dr. G. B. Reed, professor of bacteriology, has been re-elected chairman of the Fisheries Research Board of Canada for the fourth successive year.

- Around the Campus -

Win Six Awards

QUEEN'S students have been awarded six of the seven 1950 prizes in the seventh annual students' essay competition conducted by the *Canadian Mining Journal* among Canadian university and college students. William J. Losee*, Sc. '50, Ottawa, a son of W. H. Losee, Sc. '12, won three: a \$50 first prize in the mining division, a \$50 special prize for the best paper in any category, and a prize of \$25 for the best entry from his college. Second prize of \$25 in the mining division went to W. J. Shaver, Sc. '50, Bourlamaque, Que.; first prize of \$50 in geology was awarded to J. R. O. Walli, Sc. '50, Haileybury, Ont.; and second prize of \$25 went to J. F. B. Silman, Sc. '50, Pembroke, Ont.

King Boo Hoo V Departs

Once the toast of the campus, King Boo Hoo V has ended his career as official mascot for the football team and has returned to his backwoods home in the vicinity of Mattawa, Ontario. President Hal McCarney of the Football Club said that all possible means of keeping the little black bear at the University had been investigated before he was sent into exile, but one of the decisive factors against his continued reign was the shortage of experienced bear keepers over the holiday season. By next year

* Since this was written, the death of Mr. Losee has occurred. See the Notes section of this issue for further details.

he would be too big to control, in any case. At that, the King enjoyed a better fate than his predecessor, who wound up his career as a pot roast.

Co-eds Get Own Keys

Senior co-eds living in annexes will be given their own house keys next term, according to a motion passed at a recent meeting of the House Council. The key system will go on trial for two months starting after the Christmas holidays, and if it proves satisfactory will be continued. The new rules vary slightly for first and second-year girls. If the keys are lent or lost the offenders will be put back on freshette privileges.

Hold Carol Service

Every available seat in Grant Hall was filled for the annual carol service held by the Engineering Society on December 10. The programme was under the direction of Don Hicks, Sc. '52, Toronto, assisted by Rev. A. M. Lavery, University chaplain. Traditional carols were sung and, in addition, choristers from St. George's Cathedral, under the direction of Doug Timms, Arts '51, Kingston, sang a number of carols. Organ accompaniment was provided by Stan Hagerman, Med. '53, Belleville. Also participating in the service were senior members of the A.M.S. executive who read passages from the Old and New Testaments dealing with the advent and birth of the Christ Child.

W. J. LOSEE

W. J. SHAVER

J. R. O. WALLI

J. F. B. SILMAN

Radio Club Active

With eleven licensed hams in its membership of thirty, the Queen's Amateur Radio Club now covers North America and frequently Central and South America as well. A new venture is the exchange of student news with the University of Saskatchewan, under an arrangement recently completed. Ten members have their own call letters: Gordon MacAulay, VE2AKI; Jim Murray, VE3CBM; Archie Hendry, VE3BLG; Bob Bennett, VE3ALP; George King, VE3CBG; George Lake, VE3BWJ; Ivan Bradley, VE3CBT; Frank Bull, VE3CBB; A. M. Filipov, VE3BQZ; Bob Colvin, VE3CBU. All ten are registered in the Science Faculty.

Guild Plans "Harvey"

The Drama Guild's major production of the second term will be the famous Broadway comedy, *Harvey*, featuring that lovable and harmless eccentric, El-

wood P. Dowd, and his friend, a six-foot invisible rabbit. The part of Elwood will be played by Pete Macklem, Arts '52, Kingston, and that of his sister by Joyce Beggs, Arts '54, Peterborough.

Here and There

With Lady Godiva prominent in the decorations, the Science Formal was held in the Gymnasium on December 1. Features included a huge, revolving centrepiece, a novel bandshell, and a huge waterfall. Music was provided by Ellis McLintock and his orchestra, of Toronto. The convener of this highly successful affair was Bob Clayton, Sc. '51, Hamilton . . . Miss Joan Torgeson, Arts '51, Estevan, Saskatchewan, and E. M. Howarth, Arts '49, Westmount, Quebec, will represent the Alma Mater Society at the Fifth Centenary Celebrations of the University of Glasgow, in January. Both are now taking post-graduate work in England.

INTERCOLLEGIATE ARCHERY

Representing Queen's in the Intercollegiate archery competition this year are the above coeds: Elizabeth Rutherford, Helen Holomega, Barbara DeLong, Elinor Oaks, June Knudson and Jean Gilbert.

At the Branches

Annual Sherry Party Held For Montreal Alumnae

THE annual sherry party of the Montreal alumnae was held on December 2 at the home of Miss Sif Grinstad, Arts '43, and Miss Agnes Grinstad, Arts, '45, 3081 Cedar Avenue.

Over a hundred guests were received by the president, Mrs. G. R. Woolsey (Florence Munro), Arts '22, and the hostesses. Refreshments were served by the executive under the able direction of Mrs. D. N. Bruce (Roslyn Marcus), Arts '45, and Mrs. J. E. Conner (Lucette Hansen), Arts '45.

It was noted with pleasure that all age groups between '28 and '48 were well represented. Judging by the noise, the party was a "roaring" success.—D. R.

A. E. Smith, Sc. '34, Heads Niagara Peninsula Branch

THE annual meeting of the Niagara branch was held on November 23 at Niagara Falls, Ontario. Cecil Climo, Sc. '23, and Mrs. Climo, and J. H. Park, Sc. '38, and Mrs. Park opened their homes for bridge which was enjoyed by about sixty members and friends.

After the bridge everyone gathered at the home of Mr. and Mrs. Climo for a short business session. The following slate of officers was presented by Mrs. F. S. Durdan (Dorothy Miller), Arts '32: president, A. E. Smith, Sc. '34, Welland; first vice-president, E. W. Henderson, Sc. '05, St. Catharines; second vice-president, W. H. Dixon, Arts '37, Niagara Falls; secretary-treasurer, Miss Helen Grenzebach, Arts '30, Welland; representatives — J. W. Soden, Sc. '46, and R. S. Burnett, Sc. '48, Niagara Falls; M. C. Aikens, Sc. '33, St. Catharines; T. H. Adair, Sc. '31, Welland; C. R. Buss, Sc. '27, Thorold; Mrs.

J. C. McKellar (Harriet Patterson), Arts '06, Port Colborne; C. M. Stanbury, Sc. '31, Fort Erie. As there were no further nominations the above slate was adopted on motion of Mrs. Durdan and W. D. Bracken, Sc. '23.

Mrs. E. N. Lotimer (Ruth Fishleigh), Arts '36, graciously thanked her executive for their co-operation during 1950 and extended her good wishes to the new executive. A vote of thanks on behalf of the alumni was extended to Mrs. Lotimer by Harold Evans, Sc. '28.

A pleasant social hour followed, and a delicious lunch was served.—H. G.

News Of Queen's Reported At Quebec Annual Meeting

NEWS of recent developments at the University and a description of plans for the future were made the subject of an interesting address by J. A. Edmison, K.C., assistant to the Principal, at the annual meeting of the Quebec branch on December 6. The meeting was held in Kerhulu's Restaurant, and there were fifty in attendance. The president, J. G. Macdonald, Arts '25, was in the chair.

The speaker commended the branch members on the excellent work they were doing in publicizing Queen's in Quebec City and district. He pointed out that the University had to depend on the interest and support of friends in order to be able to keep abreast of the times.

Mr. Edmison was introduced by Mr. Macdonald. He was thanked on behalf of the meeting by C. B. Bate, Sc. '15.

Coloured slides of campus views and personalities were shown by H. J. Hamilton, alumni secretary. These were followed by a film of the Queen's-at-Western football game last fall.

The report of the treasurer, C. B. Bate, Sc. '15, revealed that the branch had

a small surplus. The secretary's report was given by J. M. A. Bleau, Sc. '32.

In the election of officers the following slate was adopted: president, C. G. O'Neill, Com. '33; vice-president, J. M. A. Bleau, Sc. '32; secretary, C. B. Bate, Sc. '15; treasurer, C. E. Demers, Sc. '41; executive—M. R. C. Amaron, Arts '40, W. D. MacKinnon, Sc. '25, and Mrs. A. E. Routier (Ella Spence), Arts '19.

Queen's Biological Station

Described By Dr. H. W. Curran

QUEEN'S University Biological Station at Lake Opinicon was made the subject of a highly interesting illustrated address by Dr. H. W. Curran at the December meeting of the Kingston alumnae held in Ban Righ Hall Common Room.

The results of five years of planning and working were presented in graphic fashion. The projects undertaken at the station include general biological research, research in conservation and natural resources, reforestation, soil study, and fisheries research.

Most of the members of the station are senior postgraduate students working in their special fields. The students were shown in every phase of their work: taking samples of water, or soil from the lake bottom; netting and identifying fish; studying furs; reading meteorological records; and the like.

Miss Caroline Mitchell, Arts '26, presided at the meeting.

Vancouver Alumni Entertained At Tea At President's Home

THE Queen's alumni of Vancouver were again guests at the home of the president, O. F. Lundell, Arts '23, and Mrs. Lundell (Freda Collier), Arts '24, for a very enjoyable tea. The tea room, with its lovely floral centrepiece in Queen's colours and with tricoloured candles, was in charge of Mrs. A. W. Brodie (Mary Shearer), Arts '17. Pouring were Dr. Isobel MacInnes, Arts '08,

Mrs. K. E. Taylor, Mrs. C. R. Salsbury, and Mrs. C. B. Huyck (Olive Boyd), Arts '13. The presence of representatives from the Alumni Associations of other universities added to the success of the gathering: Dr. R. G. Cuthbert, University of Toronto; H. Boyce, McGill; J. McDonald, University of British Columbia.—M. A. C.

McCoy College Dean Speaks On Issues In Higher Education

THE American system of higher education operates on the theory that the greatest possible number should receive the advantages of college and university training, Dr. Francis H. Horn said at the annual meeting of the Middle Atlantic Branch in Baltimore, Maryland, on November 4. Dr. Horn is Dean of McCoy College, Johns Hopkins University, and his topic was "Current Issues in Higher Education."

There is need of higher education on a widespread plan in order to help the greatest number understand and cope with the complexities of living in a modern democracy, said the speaker. The attendance at universities in the United States has been continuously increasing to the present high record,

Branch Officers

H. S. Campbell
President
Middle Atlantic

G. D. Dies
President
Belleville

approximately ten times that of the attendance prior to 1920.

The problem of continuing the normal operation of universities and supplying the manpower required for the armed forces is becoming very real, pointed out Dr. Horn. If the latest requirements as outlined by the military authorities are maintained, it will mean that every able-bodied male arriving at the age of nineteen would be needed for military training and service for a term of one and a half years. Such a programme may interfere with the normal process of higher education and some revised plan will be required to maintain the progress which has been made during the first half of this century.

Dr. Horn's excellent talk was followed by a discussion of the various points raised by the speaker. The meeting was held at Thompson's Restaurant in Baltimore, with twenty-six in attendance. The president, Dr. John Lansbury, Med. '26, was in the chair.

Election of officers and directors for the next two-year period was held with the following results: president, H. S. Campbell, Sc. '28; vice-president, N. C. Cooper, Sc. '22; secretary-treasurer, W. R. Conn, Sc. '32; directors—Dr. John Lansbury, Med. '26, Dr. F. E. Clarke, Med. '38, Dr. A. B. Dixon, Med. '39, Edward C. Fox, Sc. '42.

The arrangements for the dinner were made by Dr. A. B. Dixon. After the meeting Dr. Dixon invited those present to gather at his nearby Ivy Hill Farm for a further informal visit. A number of those present were able to accept Dr. Dixon's hospitality.

Toronto Alumnae Bridge

THE annual bridge party of the Toronto alumnae branch will be held Saturday, February 17, at 3 p.m., in Simpson's Arcadian Court. Admission, \$1.25 per person. Please bring your own playing cards. For further information get in touch with Miss Bessie Billings, HU 9441, or Miss Janet Craig, KI 2752.

Two Hundred And Fifty Attend Ottawa Christmas Dance

QUEEN'S cheers rang out lustily in the Assembly Hall of Lansdowne Park on the evening of December 28 when 250 alumni and their friends enjoyed the annual Christmas dance of the Ottawa branch. The good, familiar Queen's yells were led by G. E. Perrin, Arts '49.

The guests were received by the president, N. B. Davis, Sc. '11, Mrs. Davis, Miss Dorothy Barnhart, and M. L. Narraway, Sc. '47, convener of the party.

Members of the dance committee included H. I. Marshall, Sc. '41, Miss Edith Whyte, Arts '49, D. M. Whitton, Sc. '49, G. E. Perrin, Arts '49, R. M. Winter, Arts '26, Dr. R. L. Nesbitt, Med. '37, H. A. Graves, Sc. '28, Dr. O. E. Ault, Arts '24, Dr. H. B. Kidd, Med. '29, and Dr. L. D. Wilson, Med. '28.

Dancing was enjoyed to the strains of Clifford Tripp's orchestra, and a buffet supper was served.

Raises Funds For Ban Righ Hall Bridge And Canasta Party

EIGHTY-TWO tables were in play for the joint bridge and canasta party put on in Grant Hall on December 8 by the Kingston alumni and alumnae branches.

Afterwards, a tasty supper was served by the ladies. All the food had been donated by the alumnae. The proceeds of the party, which amounted to \$225, will go towards furnishing the new extension of Ban Righ Hall.

The prize winners included Miss Mary Draper and J. F. Ralphs, for bridge; and Mrs. John Knox, for canasta.

The party was under the joint convenship of John Chance, Arts '49, and Miss May Chown, Arts '11. The members of the committee included Miss Caroline Mitchell, Arts '26, Mrs. J. R. Carter (Evangeline Girvin), Arts '37, Miss Diana Blake, Arts '45, G. O. Walker, Com. '40, and J. S. S. Billingsley, Sc. '48½.

Births

Bird—On December 11, 1950, at the Ottawa Civic Hospital, to Gordon Bird, Sc. '46, and Mrs. Bird (Mary Jean Graham), Arts '47, a son (Graham Charles).

Booth—On December 16, 1950, at the Ottawa Civic Hospital, to F. L. Booth, Sc. '45, and Mrs. Booth, a son.

Booth—On October 29, 1950, at Tsumeb, S.W. Africa, to J. R. Booth, Arts '45, and Mrs. Booth, a son (John Donovan).

Carson—At the Ottawa Civic Hospital, on December 20, 1950, to Lt.-Col. R. J. Carson, Sc. '37, and Mrs. Carson, a son.

Clark—On July 25, 1950, at the Women's College Hospital, Toronto, to Stuart Clark, Sc. '44, and Mrs. Clark, a son (Gregory Alexander).

Davidson—On November 28, 1950, at St. Mary's Hospital, Three Rivers, Que., to R. B. Davidson, Sc. '49, and Mrs. Davidson, a daughter (Cynthia Marie).

Dobie—On November 11, 1950, to Eugene Dobie, Arts '35, and Mrs. Dobie, of Fort Frances, Ont., a daughter (Jane Anne).

Farrell—On October 22, 1950, in the General Hospital, Guelph, Ont., to Dr. M. W. Farrell, Arts '42, and Mrs. Farrell, a son, (Clifton William).

Griffiths—On December 29, 1950, at St. Joseph's Hospital, Sarnia, Ont., to F. H. Griffiths, Sc. '41, and Mrs. Griffiths, a son (Frederick Robert).

Gulliford—In Kingston, on November 26, 1950, to Dr. Campbell Gulliford, Med. '50, and Mrs. Gulliford (Eve Forrest), Med. '50, a daughter (Heather Lynne).

Hogarth—On New Year's Day, at the Toronto General Hospital, to W. L. Hogarth, Arts '35 and Mrs. Hogarth (Mildred Gilbert), Arts '30, a son.

Johnston—At Hotel Dieu Hospital, Kingston, on December 9, 1950, to Dr. E. E. Johnston, Med. '43, and Mrs. Johnston, a son.

Kennedy—On December 23, 1950, at Hotel Dieu Hospital, Kingston, to Russell J. Kennedy, Sc. '41, and Mrs. Kennedy (Shirley Workman), Arts '40, a son, (Robert James).

Lea—On January 5, 1951, at the Ottawa Civic Hospital, to E. R. Lea, Sc. '45, and Mrs. Lea, a daughter.

Levitin—At the Prince County Hospital, P. E. I., on December 30, 1950, to Flt. Lt. Nathan Levitin, Com. '47, and Mrs. Levitin, a daughter.

McGlynn—On August 12, 1950, to J. C. McGlynn, Sc. '48, and Mrs. McGlynn, a son (John Gordon).

McGill—At Mount Hamilton Hospital, Hamilton, Ont. on December 26, 1950, to H. F.

McGill, Sc. '40, and Mrs. McGill, a daughter (Mary Louise).

MacKinnon—On January 4, at the Prince Edward Island Hospital, Charlottetown, P.E.I., to J. W. MacKinnon, and Mrs. MacKinnon (Marion Smith), Arts '43, a son.

Mayhew—On December 19, 1950, at the Ottawa Civic Hospital, to Col. E. C. Mayhew, Sc. '36, and Mrs. Mayhew, a daughter.

Miron—On October 30, 1950, at the Kirkland Lake and District Hospital, to E. J. Miron, Sc. '42, and Mrs. Miron, a son (Gordon Douglas).

Morley—In July, 1950, to Mr. J. H. Morley and Mrs. Morley (Phyllis Cameron), Arts '39, a son, (Donald.)

Nesbitt—On January 8, at Ottawa Civic Hospital, to Dr. H. H. J. Nesbitt, Arts '37, and Mrs. Nesbitt (Elizabeth Clendinnen), Arts '42, a son.

Marriages

Armstrong-Kennedy—In June, 1950, Katherine M. Kennedy, Arts '50, to Donald Cameron Armstrong, Arts '50, P.H.E. '50. They are living in Ottawa where Mr. Armstrong is assistant athletic director at Carleton College.

Ashcroft-Howard—Early in January, in Toronto, Lillian Irving Howard, Arts '32, to Robert Earl Ashcroft, Arts '36. They will live in Kingston.

Beeman—On December 16, 1950, in Chalmers United Church, Kingston, Patricia Carruthers Beeman, Arts '44, to Mr. Robert John Flemming, Toronto.

Burgess-Slorance—On December 28, 1950, in Edmonton, Alta., Joan Barron Slorance, Arts '51, to William Campbell Burgess, Arts '47. They will live in Kingston.

Cross—On December 23, 1950, in Glebe United Church, Ottawa, Alice Maud Bawdon, to Charles Melvin Cross, Arts '38.

Davies-McAdoo—On November 30, 1950, in St. Paul's Anglican Church, Toronto, Margaret Esther McAdoo, Arts '48, to Senator William Rupert Davies, LL.D. '47.

Dubrule—In the Church of St. Mark the Evangelist, Prescott, Ont., on December 30, 1950, Helen Josephine Bingham to Frank J. Dubrule, Arts '42.

Hallett—On December 30, 1950, at Trinity Church, Ottawa, Georgina Agnes Hallett, Arts '26, to Dr. Joseph C. A. Crawford, Haileybury, Ont.

Leavitt—In Trinity United Church, Kirkland Lake, Ont., in December, 1950, Mary Louise Adamson to Robert C. Leavitt, Sc. '48. They are living in Toronto.

Munroe—On September 23, 1950, in Morristown, Pa., Sarah Elizabeth Fritz to Dr. Donald Hugh Munroe, Med. '46.

Murdoch—On December 9, 1950, in Chalmers United Church, Ottawa, Mary Agnes Wickware to Gilbert Logan Murdoch, Com. '41.

Nixon—In December, 1950, in Knox Presbyterian Church, Woodville, Ont., Kathryn N. Campbell, to James Ross Nixon, Sc. '49.

Paul—On September 23, 1950, in St. Michael and All Angels' Church, Bristol, England, M. Kathleen Fielding to William Douglas Paul, Sc. '44. They are living at 32 Prospect Road, Moseley, Birmingham 13.

Perry—On December 19, 1950, at the home of the bride's parents, Winnipeg, Helen Beth Andrews to Alfred David Perry, Sc. '49.

Platt—On December 30, 1950, in St. Andrew's Presbyterian Church, Gananoque, Ont., Dorothy Branscombe Platt, Arts '50, daughter of Dr. G. A. Platt, Arts '06, Med. '12, and Mrs. Platt, Kingston, to Ewart John Taylor, Timmins, Ont.

Rutherford—In Morgan Memorial Chapel, Queen's University, on December 30, 1950, Isabel McLeod Rutherford, Arts '50, to Donald Frederick Reid, son of Dr. Frederick Reid, Med. '16, and Mrs. Reid, Kingston.

Deaths

Breckenridge—Chief of the orthopaedic service at the Children's Memorial Hospital, Montreal, Quebec, Dr. W. Grant Breckenridge, Med. '38, died suddenly in his office on December 15, 1950. Dr. Breckenridge was just thirty-nine years of age. He graduated from Queen's in 1938 and then served overseas with the RCN. He joined the staff of the Children's Memorial Hospital in 1946. He was made a Fellow of the Royal College of Surgeons in 1947. The survivors include his wife and four children.

Cormack—Medical practitioner for fifty years, Dr. John Harper Cormack, Med. '93, died at his home in Toronto, Ontario, on December 9, 1950. Dr. Cormack graduated from Queen's with a degree in medicine in 1893. He practised in Ottawa for a time and then specialized in eye, ear, nose and throat in New York City. He settled in Toronto thirty years ago. Among the survivors are a son and a brother.

Losee—At the age of twenty-eight, William J. Losee, Sc. '50, died in the General Hospital at Kingston, Ontario, on December 30, 1950. Mr. Losee served with the Fleet Air Arm of the Royal Navy during the war. Afterwards he enrolled at Queen's, graduating with B.Sc. degree in mining last spring. Survivors include his parents, W. H. Losee, Sc. '12, and Mrs. Losee; and a sister, Mrs. H. I. Marshall (Josephine Losee), Arts '42 (for additional information see the **Around the Campus** section in this issue).

McFadden—Clergyman and teacher, William John McFadden, Arts '16, passed away on October 11, 1950, in the Vancouver General Hospital. Mr. McFadden entered Queen's as a member of Arts '16 and later joined Theology '17. After graduation he preached in the Minden and Haliburton Church before going to Merritt, B.C., in 1919. Ill health compelled his retirement. In 1923 he turned to school-teaching in which he was very successful. He taught commerce in Burnaby North High School, B.C., for twenty-five years, re-joined the Illinois Medical Society with a 50-year

tiring in June, 1950. His wife, the former Effie Hamilton, is a member of Arts '19.

Mahood—For many years a prominent druggist in Kingston, George W. Mahood, Arts, 03, died suddenly in the Kingston General Hospital on December 16, 1950. Mr. Mahood attended Queen's for a time and then transferred to the University of Toronto where he took his degree in pharmacy. Returning to Kingston, he opened a drug store on the corner of Princess and Bagot streets, which he ran until he retired from active business in 1922. Among the survivors are three daughters, including Mrs. Sydney Donnelly (Ann Mahood), Arts '26, of Montreal and Mrs. Graham Thomson (Mildred Mahood), Arts '34, of Kingston, and a brother, Dr. Albert Mahood, Arts '04, Med. '05, of Ottawa.

Parsons—At the General Hospital in Cornwall, Ontario, Rev. William John Parsons, Theol. '16, died early in December. Mr. Parsons graduated from Queen's in Theology in 1916. After holding several pastorates, he settled in Kenmore, Ontario, for a number of years. Two years ago he moved to Summertown, Ontario, as minister of Salem United Church. The survivors include his wife, a son, and a sister.

Rayside—At her sister's home in Lancaster, Edith C. Rayside, Arts '96, died December 20, 1950. Miss Rayside graduated from Queen's in 1896 and then trained as a nurse at the old St. Luke's Hospital in Ottawa. Following distinguished service overseas in the First World War, she was made matron-in-chief of the Canadian Army Nursing Service in 1917. She was a member of the staff of the Montreal General Hospital for some time and then was superintendent of nurses at the General Hospital in Hamilton, Ontario, until her retirement in 1933. Among the survivors is a brother, J. S. Rayside, Arts '94. An appreciation of Miss Rayside by Dr. Charlotte Whitton appears in this issue.

Walker—Physician of Chebanse, Illinois, and the surrounding country since 1889, Dr. Stanley Ross Walker, Med. '89, died in St. Mary's Hospital, Kankakee, Illinois, on December 2, 1950. Dr. Walker graduated from Queen's in Medicine in 1889 and went to Chebanse shortly afterwards. For most of his sixty-one years there he was the town's only physician. At the time of his death he was the oldest practising member of the Kankakee Medical Society, of which he was a past president. In 1940, the whole community of Chebanse paid honour to Dr. and Mrs. Walker, on the occasion of their golden wedding anniversary, in a civic reception at the high school gymnasium.

In the same year Dr. Walker was honored by service certificate. From 1918 to 1949 he served as mayor of the village and played an active role in all community projects.

Notes

1900 - 1909

Rev. W. L. Bennett, Arts '03, is retired from the ministry and living in Lowville, N.Y.

H. J. Coon, Arts '06, Toronto, has been made a Director of the North American Life Assurance Company. He is also a director of E. B. Eddy Company, Western Grocers Limited, and Blue Ribbon Corporation.

A. H. Gibson, K.C., Arts '07, has been appointed Commissioner of the Yukon Territory, with headquarters in Dawson.

D. A. Gillies, Arts '05, has been appointed chief of the lumber industry section of the recently formed advisory committee to the Minister of Lands and Forests in the Ontario Government.

Rev. Dr. R. C. Jackson, Arts '06, Theol. '09, has moved from Winfield, Kansas, to Ponca City, Okla., where his address is 315 S. Palm St.

1910 - 1919

Dr. Harvey Angrove, Med. '16, Senneville, Quc., was bereaved by the death of his mother, Mrs. John Angrove, at Kingston, on December 15.

John Gilchrist, Arts '15, recently retired as principal of the high school at Blenheim, Ont., has entered civic politics and is at present a member of the Town Council.

Dr. V. C. McCuaig, Med. '19, has been appointed director of the Department of Otolaryngology at St. Luke's Hospital, New York City.

E. S. Malloch, Sc. '10, has retired from his position in the Department of Mines and Technical Surveys, Ottawa. He lives at 16 Mariposa Ave., Rockcliffe.

Rev. Dr. F. S. Milliken, Arts '15, Theol. '17, celebrated his twenty-fifth anniversary as minister of Stewarton United Church, Ottawa, on December 17.

E. P. Murphy, Sc. '10 (LL.D. Ottawa) Deputy Minister of Public Works, has been made a Knight of the Order of St. Gregory the Great by His Holiness, Pope Pius XII.

Judge J. H. Sissons, Arts '17, of Lethbridge, Alta., a member of the district court of Southern Alberta, has been appointed Chief Justice of that court.

Dr. J. B. Tucker, Med. '19, is with the Indian Health Service, Prince Albert, Sask.

1920 - 1929

R. J. Askin, Sc. '23, has been appointed vice-president in charge of manufacturing for the Abitibi Power and Paper Company. Mr. Askin started in the pulp and paper business with the old Fort William Paper Company, of which he became manager in 1930, shortly after its merger with Abitibi. Later he was appointed manager of the Thunder Bay Division, and in 1943 became manager of mills.

B. G. Ballard, Sc. '24, director of the radio and electrical engineering division of the National Research Council, was recently elected 1951 chairman of the Ottawa Branch of the Engineering Institute of Canada.

Dr. S. A. Beatty, Arts '25 (Ph.D. McGill), director of the Atlantic Fisheries Experimental Station, and president of the Chemical Institute of Canada, recently addressed the Ottawa section of the Chemical Institute on the subject of chemical and bacteriological studies of fish preservation.

L. D. Clark, Sc. '29, is assistant professor of mining engineering at Lafayette College, Easton, Pa.

N. M. Cooke, Sc. '21, is district municipal engineer, Department of Highways of Ontario, Ottawa.

**SPUN
ROCK
WOOL**

(Reg'd)

A resilient, long-fibered insulation made from molten rock. Proof against Fire, Vermin, Vibration and Corrosion. Recommended for cold-storage; sound-proofing and acoustical treatments; all industrial purposes up to 1000 F. Made in standard forms for home insulation; exported in bulk form.

THOROLD, ONTARIO

J. Buss, Sc. '19 **C. R. Buss**, Sc. '27

Eleanor Holland, Arts '28, Montreal, was bereaved by the death of her father, Mr. James Holland, at his home in Kingston, on January 9.

Mrs. H. S. McCartney (Annette Pedlow), Arts '23, of Mineola, L.I., N.Y., was bereaved by the death of her mother, Mrs. Isaac Pedlow, of Renfrew, Ont., in December.

Dr. Leo Marion, Sc. '26, has been promoted to the position of assistant director of the chemistry division of the National Research Council.

A. W. Roberts, Com. '28, is principal of Erdiston College, Barbados, B.W.I.

Rev. Dr. Gordon Sisco, Arts '23, General Secretary of the United Church in Canada, was recently elected to the chairmanship of the Department of Ecumenical Affairs of the Canadian Council of Churches.

Dr. Wallace Troup, Med. '24, associate medical director of the Metropolitan Life Insurance Company, Ottawa, has been appointed director of the health and welfare work of the company in Canada.

J. K. Ward, Com. '26, graduated from the Still College of Osteopathy, Des Moines, Iowa, in 1931. He has been in private practice in Holland, Mich., since 1932.

C. D. Wight, Sc. '28, former works commissioner for Ottawa, who resigned last year to become a member of the Ontario Municipal Board in Toronto, has accepted a call back to Ottawa as Director of Planning and Development for that city.

1930 - 1939

T. R. Bowman, Arts '33, is principal of the Barrie District Collegiate Institute, Barrie, Ont.

Rev. C. L. Brown, Arts '30, Theol. '31, is minister of Lakeview Presbyterian Church, Paterson, N.J.

Lt.-Col. C. B. Caswell, Med. '36 (D.P.H. Toronto), is commanding the 37th Field Ambulance at Camp Borden, Ont.

W. A. Clarke, Sc. '30, is executive assistant to the chief engineer of the Ontario Department of Highways, Toronto.

Eugene Dobie, Arts '35, is supervisor of guidance in the Fort Frances High School.

Dr. J. Burke Ewing, Mcd. '32, Professor of Clinical Surgery at the University of Ottawa, has been elected a Fellow of the Canadian Association of Clinical Surgeons.

F. C. Gascoigne, Arts '39, is with the Bank of Canada, Ottawa.

Frank Hammill, Sc., '30, has opened a new electric supply, heating and plumbing business in Shelbourne, Ont.

T. J. Halme, Sc. '38, is manager of the apparatus division of the Canadian General Electric Company in Winnipeg.

J. C. Horwitz, Arts '36, recently received the appointment of King's Counsel from the Ontario Government.

M. A. Leishman, Sc. '36, has been appointed to the position of chief engineer of the Steel Company of Canada, Hamilton.

Nora Kearney, Arts '38, is on the United Nations secretarial staff. She is living at 229 East 79th Street, New York City.

Mrs. Carl Kreckman (Myrtle Evaline Lamson), Arts '36, is living at 263 Garson Ave., Rochester, N.Y.

C. M. Krug, Arts '37, is assistant to the manager in the wire and cable division of Canadian General Electric Company, Peterborough, Ont.

Elizabeth Ann MacKenzie, Arts '38, was an official Canadian participant in a six weeks' U.N.E.S.C.O. seminar on methods and techniques of adult education held in Austria during the past summer. This was followed by two months' study of adult education in England and Scotland as a British Council bursar.

Lt.-Col. K. H. McKibbin, Sc. '38, is general staff officer, Grade 1, Directorate of Military Training, in charge of trades training, Army Headquarters, Ottawa.

Norman Muir, Arts '32, has been inspector of public schools in District Division 2, Fort Frances, Ont., since 1948.

L. J. Newton, Sc. '36, is director of research and development with Building Products Limited, Montreal.

P. Gordon Reid, Arts '38, has moved from Fort Frances, Ont., to Guelph where he is supervisor of guidance in the Collegiate and Vocational Institute.

H. R. Rice, Sc. '31, has been appointed editor of "Canadian Mining Journal" Gardenvale, Que., after serving three years in the capacity of associate editor. He lives in St. Anne de Bellevue, Que.

Lt.-Col. W. P. Shirreff, Sc. '35, until recently general staff officer at the Staff College, Kingston, has been appointed director of quartermaster operations and planning at the Quartermaster's Branch, Army Headquarters, Ottawa.

John Stuart, Com. '31, is president of John Stuart Sales Limited, 7-9 Duke St., Toronto.

Dr. W. W. Wade, Med. '30, Cobourg, Ont., has been elected a member of the Board of Directors of the Ontario Society for Crippled Children, Toronto.

1940 - 1950

Harris Arbique, Arts '49, is an investigator with the Civil Service Commission in Ottawa.

attending staff of Brooklyn Lutheran Hospital. His address is 140 70th Avenue., Flushing, L.I., N.Y.

Helen Ferrier, Arts '49, is with the Bank of Canada, Ottawa.

Ralph Haliburton, Sc. '48, is a graduate student at the University of Western Ontario where he is taking the intensive course in Business Administration.

V. A. Haw, Sc. '47, formerly with the International Nickel Company at Copper Cliff, Ont., is now in the Industrial Minerals Division, Mines Branch, Department of Mines and Technical Surveys, Ottawa.

L. N. Herman, Sc. '47, is cost engineer with Fraser-Brace Engineering Company, Magog, Que.

A. B. Hopkins, Sc. '46, is paper mill maintenance engineer with Spruce Falls Power and Paper Company, Kapuskasing, Ont.

Helen Finlayson, Arts '49, recently won the Laura Holland scholarship at the School of Social Work, University of British Columbia.

L. S. Lancaster, Arts '49, has joined the R.C.A.F. and is stationed at No. 11 T.S.U. Cartierville, Montreal. After leaving Queen's he took his B.Com. degree at Carleton College, Ottawa.

Dr. T. P. Leadman, practises at 283 Metcalfe St., Ottawa. He received his F.R.C.S. (England) last May.

D. S. Leighton, Arts '50, is studying for his M.A. in Economics at the University of Toronto and at the same time working for the Canadian Press, 55 University Ave., Toronto.

W. C. Loughheed, Arts '49, is taking work towards a Ph.D. at Harvard University.

R. J. Ludgate, Sc. '48, is assistant layout engineer at Levack Mine, Levack, Ont.

Dr. J. B. R. McKendry, Med. '43, was made a Fellow of the Royal College and Physicians of Canada following the successful completion of examinations in Montreal recently.

R. K. Mackenzie, Sc. '40, has been in Rio de Janeiro with Brazilian Traction for the past two years. At present he is on furlough in Canada with his wife and daughter.

K. F. MacQueen, Sc. '48, is meteorological forecaster in the Department of Transport, stationed temporarily at St. Hubert, Que.

C. D. McLellan, Arts '48, is with the Geodetic Survey of Canada.

H. L. Main, Sc. '40, of the Ontario Department of Highways staff, is acting division engineer in Stratford, Ont.

Dr. J. S. Melvin, Arts '41, Med. '44, who has been doing postgraduate work in England for the past three years, left recently for Boston,

Mass., where he will do further work at the Massachusetts General Hospital in the after-treatment of polio.

Joan Mulligan, Arts '49, recently completed a year's course in social work at the University of British Columbia and has gone to Pasadena, Calif., where she is admission clerk for the Huntington Memorial Hospital. After leaving Queen's she spent a year in Saskatchewan working in the Swift Current Experiment area. This was followed by a summer in Great Britain on a bicycle tour.

Florence Nightingale (Extramural) is the Kindergarden directress at Huron Street School in Toronto.

Edith Patterson, Arts '49, is taking the Bachelor of Education course at Mount Allison University, Sackville, N.B.

R. S. L. Pelletier, Sc. '50, is owner-manager of Radionic Laboratories and of R. Pelletier Reg'd, 848 William Street, Montreal, Que.

Agnes Piner, Arts '50, is a laboratory technician at the Forest Insect Laboratory, Sault Ste. Marie, Ont.

Dr. C. E. G. Robinson, Med. '43, has been made a Fellow of the Royal College of Physicians (Canada).

Martin Siegeman, Arts '51, is taking post-graduate work in business administration at the London School of Economics, University of London, England.

J. F. Short, Sc. '48, is service engineer for Dominion Oxygen Company, Winnipeg.

George Sprague, Com. '40, has been elected president of the Ottawa Rowing Club.

Flt. Lt. J. D. Swerdfager, Arts '49, has been posted from Camp Borden to Trenton, Ont., to take over the pedagogy department of the R.C.A.F. School of Service Management.

Lillian Tate, Arts '40, has been appointed head teacher of the new Mann Avenue Public School in Ottawa.

J. A. Trussler, Arts '49, is teaching history and English in the collegiate institute in Goderich, Ont.

Gordon C. Shaw, Arts '49, is doing actuarial work with the Northern Life Insurance Company, London, Ont.

Mariko Uyeda, Arts '48, is teaching at the Commercial High School in Montreal.

John Walton, Arts '45, teaches in the High and Vocational School in Timmins, Ont.

D. K. White, Sc. '46, of the Ontario Hydro-Electric Power Commission staff is at present stationed in Sutton West as area manager, Sutton R.O.A.

J. F. Williams, Sc. '49, formerly with the Aluminum Company of Canada in Arvida, Que., is now in the nylon division of Canadian Industries Limited, Kingston.

ALFIE PIERCE, 1874-1951

With the death of Alfie Pierce, beloved by generations of Queen's folk, the University lost a loyal friend. An appreciation will appear in the March issue of the "Review".

A FOOTNOTE TO THE EARLY HISTORY OF QUEEN'S: JAMES STEPHEN'S REPORT ON THE ACT OF 1840

by Dr. P. A. Knaplund

FROM 1813 till 1846 James Stephen reported to his superiors, the Parliamentary undersecretary and the secretary of state for colonial affairs, on all colonial laws. In 1834 he was appointed assistant undersecretary and two years later permanent undersecretary in the Colonial Office, combining these posts with that of legal counsellor. Long before his retirement in 1847, he was considered virtually the ruler of Britain's colonial empire. Hostile critics often labelled him derisively "King Stephen" or "Mr. Oversecretary Stephen."¹

On May 22, 1840, James Stephen reported to the colonial secretary, Lord John Russell, on the laws passed earlier in the year by the legislature of Upper Canada. Among them was Act No. 1261, entitled "An Act to establish a College by the name and style of the University of Kingston." Concerning this measure Stephen wrote:²

"The Act No. 1261 for establishing a College at Kingston in connexion with the Church of Scotland makes the usual provisions for Collegiate Constituency of this nature. The University is to be, in the fullest and strictest sense of the term, exclusively of the Scotch Presbyterian Persuasion. All the governing body must belong to that Church, and all avow their acceptance of the Confession of Westminster. If this College were to be maintained by the private Funds of the Founders alone, the exclusiveness of their religious opinions would for the present

purpose be altogether immaterial. But this is not exactly the case. King's College in Upper Canada has been endowed by The Crown with extensive Tracts of Land, which are probably of great value, and with pecuniary grants which have, I believe, been expended in the erection of Buildings. But the College for the present, exists only in anticipation. Hitherto it has been merely a large Elementary School for Boys, and the prospect of raising it to an University has been defeated, chiefly from the Strength of the popular objections to the degree of predominance which the Charter gives to Members of the Church of England. Now the Act under consideration, proposes that the Governor should be authorized to take from the funds of King's College a sum adequate to the maintenance at the College of Kingston of a Theological Professorship, which payment is to be received by the Church of Scotland as a satisfaction of the Claims of that Church to have a Theological Professor of their own maintained at King's College. Thus, in effect, provision is made for maintaining, at the charge of the Royal Endowment, a Presbyterian Professor of Theology: while, to this moment, no such provision is made for the maintenance of an Episcopalian Professor of Theology. The objection made to the support of an exclusive theological System at the public expense must be just as valid, when that favor is shown to the Scotch as when it is conferred on the English Church; nor can I understand the principle which sanctions in the one case the System which it so earnestly condemns in the other. I believe that the real explanation is that encroachments on the part of the Anglican Church are regarded with a jealousy which is not felt in the case of any other Religious Communion, because the Church of England is advancing pretensions, which for the present at least, every other Body of

¹ The views concerning James Stephen presented by Charles Buller, Edward Gibbon Wakefield, their friends and admirers have been corrected by the scholars of our day. See W. L. Burn, *Emancipation and Apprenticeship in the British West Indies* (London, 1937), *passim*; Henry L. Hall, *The Colonial Office—a History* (London, 1937), *passim*; Paul Knaplund, "Mr. Oversecretary Shephen," in *The Journal of Modern History*, I, 40-66.

² The report is transcribed from the Law Officers' Reports on Colonial Law, Public Record Office MSS., C.O., 323:55, fols. 31-35.

Author, editor, and historian, Dr. Paul Alexander Knaplund is professor of history at the University of Wisconsin.

Christians is disclaiming. But though this supposition may explain it can hardly justify, the distinction made to her prejudice. [In the margin at this point someone, possibly Lord John Russell, has written "certainly not."] Further, I do not know how it will be possible after the Enactment of this Law, to refuse an Endowment of a separate theological professorship in favor of any other Church, and it is needless to point out the inconveniences which must follow if the Funds of King's College are to maintain Chairs of Divinity for all Denominations of Christians; each denouncing the opinions of the rest as heretical or erroneous. The whole of the Funds destined for Collegiate Instruction might thus be diverted to the support of polemical Theology.

"So long as the Christian World shall be divided into Sects and Parties in a Country in which there is no dominant Church, I fear that the Government have no safe course open to them but that of absolute neutrality. On the present occasion, the Governor General is silent on the subject and perhaps your lordship would think it right to postpone any decision on this Act until he can be consulted respecting it. [In margin "Yes."] However undesirable it is to interfere at all in this Country regarding such affairs of Canada as are entirely local and internal, it is hardly to be supposed that the Church of England will silently acquiesce in this Enactment. The property which it is thus proposed to divert to the maintenance of the Presbyterian Faith, is held under a Royal Charter, issued in this Country within the last twenty years, which certainly had for its object to secure a Predominance to the Church of England; and I apprehend that the difficulty will hardly be surmounted merely by being for the present unnoticed."

The act was disallowed by the Privy Council on October 21, 1841.³

TWELVE NOMINATED FOR UNIVERSITY COUNCIL

TWELVE candidates have been nominated by graduates or by the executive committee of the University Council for this year's Council elections. Nine of these nominees are to be elected, to hold office until April, 1957.

On the back of the ballots, which have been mailed to the graduates, brief information is given about each of the nominees. The ballots must be returned to the Registrar of the University on or before March 31, 1951.

The list of the nominees is as follows: Dr. J. A. Hannah, Arts '26, Med. '28, Toronto, Ont.; D. E. Keeley, Sc. '10, Schumacher, Ont.; Judge Walter Little, Arts '28, Parry Sound, Ont.; J. R. Matheson, Arts '40, Brockville, Ont.; J. G. Macdonald, Arts '25, Portneuf Station, Que.; Dr. J. E. McAskill, Med. '14, Watertown, N.Y.; Miss Mary McCallum, Arts '16, Smiths Falls, Ont.; E. M. Patton, Com. '26, Montreal, Que.; J. A. Richardson, Arts '43, Winnipeg, Man.; Miss Anne H. Sedgwick, Arts '37, Ottawa, Ont.; C. D. Wight, Sc. '28, Ottawa, Ont.; G. L. Woodruff, Arts '40, Hamilton, Ont.

Queen's Receives \$19,075 For Medical Research

IN order to promote medical research in Canada, the National Research Council has announced the giving of nine grants totalling \$19,075 to Queen's.

Under the Council plan, 113 awards are being made this year to twelve university medical schools. Total value of the grants amounts to \$296,364.

The money will go to graduate workers in Canadian medical schools for the conduct of approved projects.

Ready For Publication

DR. S. M. GILMOUR, professor of New Testament Literature at Queen's Theological College, has completed preparation of two books which will be published in 1951.

STUART STREET EXTENSION

THE BAN RIGH HALL OF THE FUTURE

By Mrs. W. R. Hambly (Eva McGill), Arts '12

SINCE the present Ban Righ Hall came into being, through the tireless efforts and widespread generosity of Queen's graduates and their friends, plans for an extension have been under consideration.

The need was very great for more accommodation and for greater dining-hall facilities even in 1939. Various plans have been drafted; none was completely satisfactory. The Second World War postponed any thought of immediate building. In the meantime, little by little, the Building Reserve Fund grew.

During the early '40's the need for accommodation was so obvious that a fresh start was made. Mr. David Shennan of Montreal acted as consulting architect and drew up preliminary plans. With the close of the War, costs were so high that nothing could be done. The post-war influx of students, many of whom were ex-service women, presented so great a problem, both for bedrooms and dining facilities, that the University provided La Salle Barracks as an emergency overflow, accommodating 104 women students in cubicles for two, with double deck beds. The

Ban Righ dining hall was used in double sittings and the kitchen and domestic staff were taxed beyond anything that could be other than temporary.

The first ray of bright sunshine was the announcement from the Endowment Campaign officials last April that \$200,000 was available to Ban Righ Hall. This led to intensive re-planning and by the end of May, 1950, our architects, Messrs. Drever and Smith, working with the Ban Righ Planning Committee under the joint chairmanship of Miss Eva Coon and Dean A. V. Douglas, had plans which seemed within our means.

By September, however, the sunshine was temporarily cut off once more by rising prices. Then came the amazingly generous gift of \$300,000 from a donor who has requested anonymity. Modifications and readjustments were made and, just before the Christmas vacation, the Trustee Board and the University Building Committee accepted plans approved by the Ban Righ Planning Committee and acceptable to the Ban Righ Board.

The bulldozers are now at work where Macdonnell House once stood, and within the present year the beautiful extensions to Ban Righ will arise. The accompanying architects' sketches show the two extensions. The large grey stone building with its diagonally placed entrance at the corner of Stuart Street and University Avenue will accommodate 110 students and three staff members. It will have a Common Room not quite as large as the present beautiful Ban Righ Common Room, connected to the latter by a short passage and stairway, as it is at a lower level owing to the slope of University Avenue. It will have a bay window facing the present Common Room bay window, but twenty-five feet south of the latter.

At the end of the Stuart Street wing there will be the Assistant House Manager's office and linen room and a student laundry in which we shall hope

visitors' sitting-room off it on the left and the new Common Room on the right.

Beyond the present dining-hall and the servery on Queen's Crescent will be the new dining-hall, 70 by 34 feet. Set into the quadrangle will be the new kitchen, with servery above it equipped for use, cafeteria style, or for served meals. The former will be a great improvement for breakfasts, and may perhaps be preferred by the students at lunch time. A served and less rushed meal is the ideal for dinner.

The present Eliza Gordon Hall will be extended through the present serving pantry; its east end being partially divided off to form an entrance assembly room where the students may gather before meals, without crowding the small front hall and stairways of the present Ban Righ. Various minor changes will be made to provide more adequate Secretary's office and Dean's office, as well as kitchenette facilities for

QUEEN'S CRESCENT EXTENSION

to install a Bendix machine, to the joy and delight of the students. Each of the four dormitory corridors will have a small student sitting-room, and on the first floor over the entrance there will be a staff sitting-room with kitchenette built-in. On the left of the new entrance will be a porter's office, Night Warden's room, telephone switch-board, and a men's coat-room. There is a good-sized entrance lobby with a small

all refreshments served in the present Common Room.

New House Manager's office, maids' dining-room, refrigeration rooms, and storage rooms will be provided for under the new dining-hall. With the modified Eliza Gordon Dining-Hall and the new and larger dining-hall, it will be possible to seat all the resident students as well as some from lodgings

simultaneously, thus relieving what has been one of the chief problems both to the Student House Council and the Ban Righ staff for so many years.

The money available from the Ban Righ Building Fund, the Endowment Fund, the special donation, and a Trustees' investment covers the entire cost of erection and part of the cost of new equipment and furnishings, but there is now a very real need for all interested Alumnae groups and individuals to provide a special sum for furnishings. It is estimated that each student bedroom equipped with bed, mattress, pillow, blankets, sheets, pillow-slips, hand towels, floor rug, curtains, bureau, desk, bookcase, and two chairs will require from \$300 to \$350. Simple furniture will be needed for each of the four student sitting-rooms, the Common Room, and refectory tables and chairs for the Dining-Hall. New kitchen and server equipment is needed, though everything in use at the present time that can be installed in the new setting will be utilized to the full.

The present Ban Righ Hall stands as a monument to Queen's University women and their friends; the new and enlarged Ban Righ Hall calls for the same interest and generosity.

This enlarged Ban Righ Hall will not only serve generations of students, both residents and non-residents, to an extent greater than ever before possible, but it will be a gathering place for many conferences and learned societies which the University invites from time to time to hold deliberations at Queen's.

Your executive has every confidence in the loyalty and devotion of the Queen's graduates and their friends and is therefore appealing for liberal donations in order that the Ban Righ Board will not be hampered in securing appropriate furnishings for the Ban Righ Extensions.

On behalf of the Queen's Alumnae, as President, I am taking this oppor-

tunity of expressing sincere appreciation to the Trustees, the members of the Ban Righ Board and the Ban Righ Planning Committee under the joint-chairmanship of Miss Eva Coon and Dean A. V. Douglas, all of whom have so generously given time, interest and energy to the Ban Righ Extension project.

E. C. GILL ELECTED PRESIDENT OF CANADA LIFE

E. C. GILL, Arts '23, has been elected president of the Canada Life Assurance Company, succeeding E. G. Baker, LL.D. '49, who becomes chairman of the board.

Mr. Gill becomes Canada Life's twelfth president in its 104 years of operation. He became associated with the Company in 1923, after obtaining his honours B.A. degree at Queen's and graduating with the gold medal in mathematics. He qualified as an actuary in 1926 and held executive posts in various departments prior to his election as general manager in 1946. He joined the board later that year and in 1947 assumed the additional responsibilities of vice-president and general manager.

Mr. Gill is a member of the Board of Trustees of Queen's, the pension board of the Presbyterian Church in Canada, and the Board of Governors of the Ontario Research Foundation.

Mr. Baker, who held the presidency of Canada Life since the beginning of 1948, is widely known in business circles in Canada and the United States. He is also chairman of the board of directors of Moore Corporation and a director of the Bank of Canada, Canadian Pacific Railway, International Nickel Company, Steel Company of Canada, and the National Trust Company Limited.

Percy Grainger At Queen's

PERCY GRAINGER, renowned Australian pianist and composer, was the guest artist at the January performance of the University Concert Series.

Introducing the staff

GEORGE HAROLD ETTINGER

By Julia Ettinger, Arts '47

IF you climb the stairs of the Douglas Library to the Medical Office on the second floor, you will be greeted by Miss Bessie Stewart, right-hand-man to Dr. G. H. Ettinger, Dean of Medicine, Professor and Head of the Department of Physiology, and the Assistant Director of the Division of Medical Research of the National Research Council. The lack of hurry and bustle, a direct contrast to the average business office, impresses you here. Miss Stewart usually chats for a few minutes and the Dean takes time to put you at ease. But, in spite of the relaxed atmosphere, Dr. Ettinger accomplishes more work in one day than you or I dream of doing in a week.

As Dean of the Medical Faculty, Dr. Ettinger has to spend about half of every day in his office looking after correspondence and interviewing students and visitors. He must recommend appointments to staff to the Trustees through the Principal; he must see that his staff have proper equipment with which to work; and he must keep his eye open for money for the Medical Faculty. He has to sit on the committee on admissions (only about one out of every seven qualified applicants is accepted into Medicine); and he has to arrange for meetings of his Faculty and its committees. As Dean, Dr. Ettinger is automatically a member of the University Senate, of the University Council, of the Board of Curators of the Library, of the Medical Conference Committee of the Kingston General Hospital, and an active member of the Association of Canadian Medical Colleges.

As head of the Department of Physiology, Dr. Ettinger has to organize the Department's work, call meetings of his staff, and this year he is doing part of the lecturing to the Medical students.

Incidentally the students say that he lectures "like a bat out of hell". The physiology apparently covers an enormous amount of ground and some fast talking on the part of the lecturer is necessary but, in spite of it, the students like the arrangement.

As the Assistant Director of the Division of Medical Research of the National Research Council, a large number of applications for medical research grants in Canada go through Dr. Ettinger's hands. The National Research Council sets aside \$500,000.00 per year for medical research which it implements by additional spending for special programmes such as ACTH and Cortisone. As well as this, the Division of Medical Research referees all applications which come through the National Cancer Institute and the Canadian Arthritis Society; these applications go through Dr. Ettinger's hands.

When I asked him what sports or outside activities he took part in, Dr. Ettinger laughed and said, "Well, my wife will probably tell you I play bridge but don't you believe her." Like most men he likes to fish, to do odd jobs around his home, and to visit with his friends in his leisure time.

Dr. Ettinger was born and brought up in Kingston. He graduated from Queen's with a B.A. in biology and chemistry in 1916, and immediately became research assistant in the Department of Physical Chemistry for Dr. L. F. Goodwin. During his freshman year in Arts, he delivered newspapers to earn a little extra cash and the story goes that at Christmas one of his customers, a professor's wife, gave him an Horatio Alger book called *Bound to Rise*. In the fall of 1916, Dr. Ettinger entered

the Faculty of Medicine, continuing his work with Dr. Goodwin as well that winter. The following three years he demonstrated in physiology along with his studying, and he graduated with his M.D.,C.M. in 1920, receiving the medal in medicine at the same time.

Following graduation Dean Ettinger was appointed lecturer in physiology and has continued at Queen's with progressive promotion to his present position. In 1923 he did graduate work in physiology and embryology at the University of Chicago for three or four months in the summer, and in 1928 Dr. Ettinger was given leave of absence to study physiology under Sir Edward Sharpy-Schafer at Edinburgh University. His wife and infant daughter, Barbara, accompanied him on this trip, and they all had a very happy year, finding the Scottish people friendly and hospitable. (Barbara, an only child, is now a graduate of Queen's and at present is attending Library School at the University of Toronto.)

From 1931 to 1935 Dr. Ettinger held the post of research associate in the Banting and Best Department of Medical Research at Toronto University. He spent the summers of 1931 and 1932 in Toronto and in 1933 he was given two years leave of absence from Queen's to enable him to work continually with Dr. Banting. It is interesting to note that one of the postgraduate students under Dr. Ettinger's direction at this time was G. E. Hall, now President of the University of Western Ontario.

In 1938 Dr. Ettinger was invited to join the Associate Committee on Medical Research of the National Research Council, a committee of which Dr. Banting was chairman. As honorary secretary of this committee, and of many sub-committees, until its termination in 1946, he had to be in Ottawa at least once a fortnight during the war. As well as this, Dr. Ettinger was a member of the Committee on the Physiological Aspects of Chemical War-

fare in the Department of National Defence, and the research he did at Queen's during the war was almost exclusively on this.

In 1946 Dr. Ettinger was made Assistant Director of the Division of Medical Research of the National Research Council. Most of the business of this post issues from his office in the New Medical Building where Miss Edith Gilbert acts as his secretary. In July, 1949, Dr. Ettinger became Dean of the Medical Faculty and in October of the same year, head of the Physiology Department. He has been honoured by memberships in the American Association of Anatomists, the American Physiological Society, the British Physiological Society, and the Canadian Physiological Society, which he organized and of which he was the first secretary and has been president. He is a Fellow of the Royal Society of Canada, and he was made a Member of the Order of the British Empire in 1946.

Dr. Ettinger is a busy man yet there is nothing brusque or hurried in his manner. Students and staff are aware that he will be in that office on the second floor of the Douglas Library whenever they want him.

DEAN ETTINGER

HOW GOES THE CAMPAIGN?

THE total of alumni donations in 1950 amounted to \$167,577.53, an increase of approximately \$2,000 over 1949, according to the report of the Endowment Director, J. Alex Edmison.

Mr. Edmison points out, however, that this is not altogether a true picture, as the Neish bequest of \$46,872.52 is included in the 1950 figures. There was actually in 1950 a decrease in the Alumni Maintenance Fund donations of approximately \$37,000 from the 1949 figure.

In 1949, 5,124 graduates out of 11,624, or approximately 45 per cent, gave an average of \$34 each. In 1950, 3,105 graduates out of 12,670, or approximately 25 per cent, gave an average of \$39 each (the Neish bequest is not included in this estimate).

For comparison purposes, it may be of interest to note that the comparable Alma Mater Fund of McGill received \$117,000 from 6,000 graduates in 1949 and \$121,000 from 7,000 graduates in 1950. The total number of McGill graduates is 22,500.

The total expenses of the Queen's Endowment and Public Relations Office in 1950 were \$23,257.10. The Alma Mater Fund of McGill had operating expenses of \$35,000 in 1950. It is important to note that the McGill expenses involved raising funds among alumni—and had nothing to do with public relations work, high school recruiting, and the like, or with the McGill general endowment fund.

The Alumni Maintenance Fund decrease for 1950 can be directly laid to the more than 1,000 graduates who did not honour pledges signed in 1949, said Mr. Edmison. (McGill had more than 1,500 who did not honour their pledges in 1950).

Mr. Edmison says that the need for intensive work is indicated among the 9,500 Queen's graduates who either did

not honour their pledges in 1950 or who have given nothing to the University at any time. Some locality figures are illuminating. In Kingston, in 1950, only 217 out of 920 graduates contributed; in Toronto, 600 out of 2,000; in Ottawa, 400 out of 1,415; in Montreal, 295 out of 850; in Vancouver, 50 out of 325; in Winnipeg, 50 out of 225; in Oshawa, 17 out of 102; in Hamilton, 140 out of 420; in St. Thomas, 8 out of 57; in Sudbury, 54 out of 164; in Edmonton, 31 out of 144; in Windsor, 62 out of 231.

It is considered that the canvass must be made at the local level and, if possible, under the sponsorship of the local branch of the General Alumni Association, says Mr. Edmison. The Toronto and Ottawa branches have agreed to this arrangement, and continuing endowment committees are now in process of formation, with direct liaison with the Endowment Office. Similar negotiations are now in progress with the Montreal and Windsor branches. It is hoped that these permanent organizations may be set up in all the Queen's areas before July 1.

J. ALEX EDMISON

The drive for funds in the United States is under the direction of the Friends of Queen's Incorporated, in New York. The campaign got away only in December, 1950, and the canvass is still in progress. The early returns are encouraging, and it is hoped that the final results will help considerably the 1951 total of the Alumni Maintenance Fund.

Mr. Edmison points out that the Endowment Office endeavours to keep a special contact with graduates and others who may donate substantial sums for endowment or other university purposes. Two donors in this category have signified their intention to set up foundations approved by the Principal. It is anticipated that these donations will be received before Sept. 1.

RESEARCH WITH ANTABUSE SHOWS NEED FOR CAUTION

ANTABUSE—the comparatively new drug being used to help alcoholics overcome their craving for alcohol—should be used with great care by persons having severe liver disease, it is suggested by research experiments underway in the Department of Pharmacology at Queen's University under Dr. Eldon M. Boyd.

Among chronic alcoholics liver disease is common, partly owing to the poisonous effect of alcohol on the liver and partly to the lack of vitamin B in the diet. In such cases the diseased liver may only be 25 or 50 per cent of normal.

To investigate the point, research workers in Queen's Department of Pharmacology operated on white rats. They removed approximately three-quarters of the animal's liver and then gave it antabuse. They found the animal was not able to tolerate antabuse to the same extent as the normal animal, and that if the liver was too badly destroyed, the drug could prove fatal. The liver in the rat is a very live organ and will grow back to normal in a few weeks.

These experiments suggest that antabuse should be used with caution by

persons having severe liver disease. The tests are continuing at Queen's.

Antabuse itself is a yellowish white powder since it is more than half sulphur. Commercially it is sold in white tablets. The unique action of the drug was discovered a few years ago when workers in a rubber vulcanizing plant in Copenhagen, Denmark, became quite ill when working with this material after having drunk beer. The plant physician investigated and traced it to what is now known as antabuse. He got the idea that the drug could be useful in helping to combat alcoholism.

When antabuse is taken by a person who has drunk an alcoholic liquor, poison symptoms develop such as flushing, blushing of the face and neck, headache, throbbing of the neck and head, vomiting and nausea. The alcoholic tends to associate the unpleasant symptoms with the alcohol. In this way he tends to build up distaste for alcohol. Antabuse is not a permanent cure for alcoholism, but helps the addict to get on his own feet again so that he can give up alcohol without assistance.

FOUR MEMBERS RE-ELECTED TO BOARD OF TRUSTEES

RE-ELECTION by acclamation of four members of the Board of Trustees is announced by M. C. Tillotson, secretary of the Board: D. K. MacTavish, Ottawa, and Col. R. D. Harkness, Montreal, by the benefactors; Dr. E. A. Collins, Sudbury, and Dr. B. M. Stewart, New York City, by the graduates.

New Course Offered

A NON-CREDIT course on Crime and Criminals is being offered by the Psychology Department during the second term. Lecturers include J. A. Edmison and B. W. Henheffer of the John Howard Society; F. P. Miller, and S. A. M. Edwards, classification officers of Kingston and Portsmouth penitentiaries; Mrs. Van Luven of Elizabeth Fry Society.

MEMORIAL HONOURS LATE DEAN MELVIN

HONOURING the late Dr. G. Spencer Melvin, former Dean of the Faculty of Medicine, a plaque and portrait of the distinguished teacher and scientist were presented to the University by the Aesculapian Society in a brief ceremony on January 20. The service of dedication was held in the New Medical Building.

W. B. Stevens, Med. '51, Vancouver, British Columbia, one of the students who first conceived the idea of a memorial to the Dean, presented the plaque and portrait on behalf of the Aesculapian Society. He said it was the desire of the students to give some tangible sign of their respect and affection for the Dean. They considered it most fitting that the memorial should be placed in the building where Dr. Melvin had taught for thirty years.

The prayer of dedication was given by Rev. A. M. Laverty, University Chaplain. The memorial was unveiled by

H. S. Sexsmith, Med. '52, Kingston, president of the Aesculapian Society.

Principal Wallace, in accepting the memorial on behalf of the University, said it was a pleasure and an honour to receive the gift from the Society. Dr. Melvin, he said, was a man so wise in his counsel, so kind in his relations with the students, that it was fitting that he should be honoured by those whom he had done so much to assist. Principal Wallace paid tribute to the former Dean's record of service to Queen's and said that he and other former colleagues joined with the students in honouring Dr. Melvin's memory.

The ceremony was held on the landing between the first and second floors, with the students on the main floor and relatives of the late Dean on the second. Among those present were Mrs. Melvin, her daughter, Jean Mary Melvin, and her son, Dr. W. J. S. Melvin, and Mrs. Melvin of Boston, Massachusetts. Besides members of the Medical Faculty, the Deans of the other faculties and administrative officers were in attendance.

DR. G. S. MELVIN

Student Delegation Took Part In Conference

QUEEN'S students made up one of eleven delegations from Canadian and American universities and colleges attending the third annual model United Nations Security Council conference at St. Lawrence University, Canton, New York, in February. The Queen's group represented India on the council, in which each delegation represented one of the eleven security council nations.

During the debates, delegates adhered strictly to the policies of the nations they represented. The conference was governed by the rules and procedure of the body at Lake Success.

After the debates, members of the model security council discussed the future of the United Nations from their own viewpoint and then heard a critique of the conference from Dr. Henry Reiff.

QUEEN'S MUSEUM FEATURES ROCKS, MINERALS, AND ORES OF COUNTIES ADJOINING KINGSTON

By Dr. Manley B. Baker, Emeritus Professor of Geology

ONE century ago there were not more than half a dozen museums in Canada, and they were almost exclusively collections of minerals, rocks, and other nonperishable objects requiring little attention. Today there are more than 125, and include collections of artistic, educational, scientific, historical, archaeological, zoological and botanical objects. If these museums are to be more than mere store-houses for obsolete articles they must serve some useful purpose. The purpose is to assist and supplement formal education not only in the adolescent training period of schools and colleges but also, and perhaps of more value, in the adult period of life.

It is obvious that only a government could undertake the maintenance of a museum as comprehensive as described above. Private museums must cater to their special need, or historic locality. When the Queen's School of Mining was established at Kingston in 1893, William Nicol and Willet G. Miller, the professors of mineralogy and geology, began the systematic collection and display of rocks, minerals, and ores as their special need. This collection has grown into what is believed to be the best private one in Canada outside of the government museums in Ottawa and Toronto. Systematic collections of minerals, rocks and ores are available for detailed study by students, but there are special exhibits that will interest the general public.

In the main hall as one enters the front door are two long cases on the right and left. These contain "sermons in stones" in the shape of actual rock sections, as if great slices had been cut vertically downward from the earth's surface in Eastern Ontario. These show the basal complex of pre-Cambrian rocks, with the bedded formations of the overlying Paleozoic lying upon the eroded surface of the pre-Cambrian. These rock

pictures are constructed from the actual rocks themselves, and have proved of great interest to the public, and of inestimable value to the students starting a course in geology. They show well the kind of events that go to make up the historical geological record.

Turning to the right one enters the west wing of the museum, which is devoted to the economic phases of mineralogy and geology, and there is scarcely any mineral or rock that has not some possible value to man. The various cases are labelled, and described sufficiently to interest visitors. A few exhibits will be mentioned as examples.

Immediately on the left is a floor showcase that contains the earliest examples of radio-active ores from the famous Great Bear Lake district. These are the ores that led to the development of the Eldorado district, which has since become the exclusive property of the Canadian Government, and which has such

DR. M. B. BAKER

possible value in these times of international stress.

Close by are two cases recalling the mining activity at Cobalt, Ontario. These cases are particularly interesting to Kingstonians as Prof. W. G. Miller had more to do than anyone else in the development and publicity of this unique camp. Moreover this excellent collection of the ores, of almost every mine in the camp, was made by the late George Dickson, a brother of Mrs. Hugh C. Nickle of Kingston, who presented this collection to the university museum. It is doubtful whether any other collection of Cobalt ores is so comprehensive of the mining industry of that camp in its palmiest days.

Next to these are two floor showcases that are of special interest to people of Frontenac, Hastings, Lennox, and Renfrew counties as they show the variety of natural products that have been economically mined in this small area. It is doubtful whether any like-sized area has produced such a variety of products, e.g., iron, lead, zinc, pyrite, corundum, talc, mica, graphite, nepheline, decorative marble, roofing slate, feldspar, glass sand, cement rock. It is also interesting to note that one of the earliest, if not the very first discovery of lode gold in pre-Cambrian rocks of Canada, was made in 1866 in Hastings County, near Madoc, and from which Eldorado got its name.

At the west end of the aisle is another unique display conceived by Professor Nicol. It consists of a number of "silent salesman" showcases, in each of which is exhibited some rather popular or household product, for example, calcimine, alabastine, talc, tinware, aluminum ware, newspaper printer's form, salt, and the like. In each case the raw materials, their assemblage, the processing and the final products are shown. The value of such cases lies in the fact that they are self-explanatory, so that the public may enjoy them without the need of a guide or even a guide-book.

Turning to the left from the main entrance is the historic section of the museum. Here the characteristic rocks of the pre-Cambrian ages are shown, with their later Paleozoic sediments in succession, each with its index fossils. This collection is largely of academic value, but two or three exhibits are of keen interest to the public and are probably unique in a non-governmental museum.

The first is a collection of rocks, fossils, and good lignite coal from the South Pole. This rare collection was gathered and presented to this museum by Capt. Innes Taylor, who accompanied two of Capt. Byrd's expeditions to the South Pole. The occurrence of coal in these polar areas is of great interest, for similar deposits of coal are also found in the Arctic polar areas, showing that what are now ice-bound areas were once semi-tropical in climate. Side by side with this Antarctic collection is one from the North Polar areas, collected and presented to Queen's by D. A. Nichols, Sc. '11.

In the middle aisle at the east end of this museum is a collection of five flat cases of stone-age products. They were collected and presented to this museum by the late Dr. H. M. Ami of Ottawa. They show the gradual development of workmanship by stone-age man, over a period of a million years. Development in workmanship from the crudest of stone utensils, through stages easily recognized by their improvement, till the beautifully finished arrow-heads, spear-heads, axes, hammers and even carved stone objects of art are shown. When one sees the development that took early man a million years to accomplish, he must be impressed with what education has enabled him to do in a mere fifty years.

Meteors or "sky-stones" have been of great interest to man, but only lately. Not till fifty years after the establishment of the British Museum was there any

meteoric collection anywhere. The idea that meteors fell from the sky was considered absurd, and any exhibit of such in a public museum would have been a matter for ridicule. There is now no doubt of their origin, for they have been actually seen to fall and have been collected by scientists before anything could have interfered to mask their history.

They are of three types: Siderites which consist chiefly of nickle-steel; Side-

rolites consist of nickle-steel and stony minerals, both in large proportions; Aerolites consist chiefly of stony minerals. All of these may be seen in a well illustrated collection in a case on the right hand as one enters the east wing of the museum.

These are but a few of the instructive collections that can be seen in a visit to Queen's University museum.

ADVISORY COUNCIL FOR ENGINEERING PLANNED TO BRING INDUSTRY AND APPLIED SCIENCE CLOSER TOGETHER

IN a move to bring industry and applied science closer together, an Advisory Council for Engineering has been formed at Queen's to work with the Faculty of Applied Science.

The Council is a group of twenty-five Canadian and United States engineers, leaders in their profession, and divided into seven committees, each representing a branch of engineering. Personnel of the various committees was announced in the last issue of the *Review*.

"The many advances made in engineering in the last two decades make it extremely difficult for the ordinary person to keep abreast of what is currently going on," said Norman F. Tisdale, Sc. '19, chairman of the Advisory Council. Mr. Tisdale is chief engineer of the Molybdenum Corporation, Pittsburgh, Pennsylvania.

"An engineer may have graduated in a certain type of engineering and follow a special line in that particular division and, by so doing, lose touch with some of the developments in his own profession which might be of help to him. The teaching of engineering is in no way different from keeping abreast of information by the individual engineer, and, therefore, it has been felt that there existed a need for a closer bond between the graduates and the

N. F. TISDALE

staff so that their ideas might become available for the betterment of all.

"Undoubtedly a great many graduates have questioned in their own minds why they took certain subjects in their four years of college and, perhaps, found that they lacked training in some subject which could have been of greater benefit to them. Here again the experience of the graduates and others is valuable aid in guiding the staff in laying out courses which more nearly fit the requirements today of engineering

than it did, say, just ten years ago, "said Mr. Tisdale.

"Industry has long wanted some way of expressing its ideas and requirements (for the training of the engineer they will need in the future) to a college, and to direct them toward a committee which would give them a hearing and co-operation. They also have many problems in research which they would like to put up to some person or persons at the university in such a manner that they would receive sympathetic attention."

The Advisory Council has been formed for the purpose of trying to serve all of these functions and to do it in a most efficient manner. The men chosen to act on this Council are all successful, competent engineers who have proved their worth in the engineering profession. Their service and counsel for such a purpose will be extremely valuable, and in announcing the personnel of this Council it is hoped that graduates and industry will be able to bring to these members their ideas, problems, and suggestions.

For each of the departments a sub-committee will be formed, composed of three engineers outside of the staff, one of whom is not to be a Queen's graduate. One of these members will be appointed by the University Council, one by the department concerned, and a third by the graduates. The term of office will be for three years and the committee will be so constituted that one man will retire each year, making necessary a new appointment to the committee every year for a three-year term. This will bring new men to the committee each year, and will spread the duties so that any one person will not be called upon to serve too long.

"In outlining the function and make-up of this Council, it is particularly desired that the graduates of engineering realize that this is their Council, that its success depends upon their co-operation, and that if they are selected to

serve on this committee it is an honour for them and a duty which they should be glad to perform," pointed out Mr. Tisdale. "We need the graduates' hearty co-operation. We want them to send their suggestions, criticisms and advice to the committee. Their constant watchfulness as to new ideas, new developments, and knowledge of desirable co-operation with industry are all earnestly solicited. Their research problems are needed to stimulate greater search for knowledge and may lead to more use of available equipment or the purchase or donation of new equipment. Most important, they can encourage more graduate study and, by a combination of all of their efforts, help Queen's to be more useful to the development of Canada.

"The members of the Council will of necessity give considerable time from an already crowded life. Their efforts, combined with the graduates' assistance, will help Queen's maintain her proud record," said Mr. Tisdale.

Mrs. Kathleen Melvin Died Suddenly In Toronto

HOUSE manager at Ban Righ Hall for the past four years, Mrs. Kathleen Melvin died suddenly on January 17. She had gone to Toronto to attend a conference and to inspect equipment for a new kitchen at Ban Righ Hall when she suffered a stroke.

An active member of the University Women's Club and the Faculty Women's Club of Queen's, Mrs. Melvin was described as a "most valued member of the University staff," by Dean of Women A. Vibert Douglas.

Represented Queen's

DR. O. M. MADDEN, Med. '14, represented Queen's at the inauguration of Chancellor Thomas Raymond McConnell at the University of Buffalo, New York, on January 5 and 6.

- Around the Campus -

Christian Mission Successful

AIMED at making clear the relevance of Christianity to secular and ethical development and showing the relationship of Christianity to history, the University Christian Mission held at Queen's on January 8-12 was described as "a great success." The general ses-

Levana Societies to investigate opinion on the state of the liberal arts at Queen's. Members of the staff in the liberal arts department as well as students are being interviewed by the committee under the chairmanship of Mr. Bauer. The findings will be passed on to the University Senate for consideration.

Medicals Plan Clubroom

A revived campaign to raise money for a \$50,000 combined library and clubroom building for the Aesculapian Society has been announced by the president, Howard Sexsmith, Med. '52, Kingston. The plan for the building is a follow-up of an 1942 effort to raise funds. The earlier drive, which netted \$7,000, was abandoned later due to lack of interest. The University's current endowment schedule will not allow for general aid to the building fund for several years, so the accent will be on undergraduate contributions in order to collect sufficient funds to start construction.

Aquacade Is Sellout

With a streamlined story of Snow White and the Seven Dwarfs, the annual aquacade was presented before capacity audiences in the Queen's pool on January 20, 22 and 23. Featured were Marg Currie, Arts '53, Kingston, Dick Douglas, Sc. '53, Windsor, Mike Humphries, Arts '52, Quito, Ecuador, and Jean Foster, Arts '52, North Bay. Original dance routines for the show were developed and presented by the students' Modern Dance Club.

To Transmit News Items

Student university news is expected to be flowing into the Queen's *Journal* from a new source—by radio ham trans-

REV. DAVID READ

sions attracted audiences of several hundreds, while the other meetings were also well attended. The mission team was composed of Rev. David Read, Chaplain to Edinburgh University, Miss Muriel Jacobson of New York, Dr. C. P. Martin of McGill, Dr. A. B. Moore of Victoria College, and Provost Seeley of Trinity College.

Liberal Arts Inquiry

Inspired by a series of articles by William Bauer, Arts '49, Ridgeville, which appeared in the *Journal*, a committee has been set up by the Arts and

CAPTAIN SAM SHERIDAN

mission through Queen's Amateur Radio Club. The club is completing arrangements with the University of Saskatchewan for transmission of this news over the airwaves, said Frank Bull, Arts '51, Sudbury, secretary-treasurer. With eleven licensed hams in its membership of thirty, the club now covers North America and frequently Central and South Americas as well. When its new receiver, now on the way, is installed, Queen's hams literally will cover the world in both receiving and sending messages.

. Here and There

John Fisher, CBC radio personality, will deliver the annual A.M.S. Lecture in Grant Hall on March 15 . . . H. R. Rice, Sc. '31, editor of the *Mining Journal*, addressed the Mining and Metallurgical Club on January 12 . . . The local branch of the International Students' Service has launched a campaign for funds to assist two foreign students now enrolled at Queen's and to provide textbooks, equipment, and medical supplies for the needy students in Europe and Southeastern Asia . . . The Queen's Madrigal Singers are planning to present the opera, *Dido and Aeneas* . . . The price of *Tricolor '51* has been raised from \$5 to \$6 . . . Dr.

W. G. Blair, Conservative M.P. for Lennox County, was the guest speaker at the session of Model Parliament on January 23 when the policy was debated that the best way to preserve freedom is "to ally ourselves with all anti-communist countries in the world" . . . Jim Craig of Ottawa has been elected as president of Arts '53 for next year. Pete Burleigh of Bath will be president of Arts '54 . . . Sam Sheridan, Arts '52, Hamilton, has been chosen by his teammates as captain of the senior football team for 1951 . . . Pete Salari, Sc. '51, has been voted the most valuable player award of the football team for the second time . . . The Arts Formal on January 26 featured futuristic decorations complete with space ships and the like. Musics was provided by the Toronto "Stardusters." Convener was Gerry Hopkins, Arts '52, Kingston . . . Al Lee, Sc. '52, will serve as president of the Engineering Society next year . . . Queen's won the tri-service rifle competition held in Toronto January 20. The three reserve contingents outscored teams from Toronto, Western, McMaster, and O.A.C. . . . The first of a series of Sunday evening musicales was held at the Students' Union January 28. The performers included a pianist and male quartet . . . The Queen's senior hockey representatives, the Combines, composed of students and Kingston players, is in last place in the group standings.

M.V.P. PETE SALARI

At the Branches

J. L. Murray Breaks Bank At Kingston "Millionaires' Night"

DESPITE the fact that a bad fog held down the attendance, the Kingston branch "Millionaires' Night" at the Recreation Hut of the Aluminum Company on January 19 was greatly enjoyed.

J. L. Murray, Arts '20, proved to be the most successful gambler, and walked off with the pre-dinner and post-dinner prizes.

The committee in charge was headed by J. F. A. Smythe, Sc. '49, and included J. L. Burrows, Sc. '40, W. W. Cory, Sc. '48, and C. R. Langdon, Arts '45.

Hamilton Alumnae Hold Party To Raise Funds For Ban Righ Hall

ABOUT 140 members of the Hamilton alumnae and their friends enjoyed an evening of bridge at Club 222 on January 31. The immediate purpose of the event was to help raise funds for the furnishing of a room in the new wing now being added to Ban Righ.

Candlebra with candles in the Queen's colours and prizes wrapped in familiar Tricolour lent a gay air to the evening. The president, Miss Evelina Thompson, Arts '38, welcomed the guests and then the bridge began in earnest.

About twenty prizes were donated by members and by various firms in the city. At the end of the evening, Dr. H. T. Ewart, Arts '26, Med. '35, made the lucky prize draws and raffled off the flowers which decorated the main table. At 10.30, dainty sandwiches and cookies were provided, and Mrs. M. Festing (of Nescafe) served the coffee—ably assisted by some of the alumnae.

Congratulations are due to Miss Eileen Moulds, Arts '45, convener, to the executive and to all those who worked so diligently to make it the most successful bridge—financially and socially—the branch has had yet.—I. F.

Vancouver Alumnae Hold Tea At Home Of Miss Esther Harrop

MRS. EDNA McCARTNEY PAGE, Arts '19, and Miss Esther Harrop, Arts '16, were hostesses at tea to all members of the Vancouver alumnae branch, on January 20, at the home of Miss Harrop. Assisting were Mrs. C. B. Huyck (Olive Boyd), Arts '13, Mrs. R. B. Crummy (Ruth Harrop), Arts '18, Mrs. A. W. Brodie (Mary Shearer), Arts '17, Mrs. E. C. McLeod (Ella Percival), Arts '18, and Miss Maud Anderson, Arts '24.

Annual Meeting

The annual meeting of the Queen's Alumnae Association will be held in London, Ontario, on April 21.

Principal Wallace To Receive Montreal Alumni Medal

FOR meritorious contribution to the honour of Queen's, Principal R. C. Wallace will be presented with the Montreal Medal, it has been announced by the Montreal alumni branch. The presentation will be made at a dinner to be held in the Queen's Hotel in Montreal Thursday evening, April 12, at 7 p.m. All Queen's graduates are welcome to attend.

Inscribed on the Medal, struck in 1939, are the words, "Makers of Queen's." Recipients to date include the late Prof. J. A. Macphail, the late Dean John Matheson, the late J. G. Bews, Dr. W. E. McNeill, the late Dr. L. J. Austin, Dr. P. G. C. Campbell, Prof. D. M. Jemmett, Dr. A. L. Clark, the Richardson family, and Dr. M. B. Baker.

It is customary for the recipient of the medal to deliver an address. The Medal Dinner is the highlight of the Montreal alumni branch programme of events for the year.

Births

Baird—On January 21, at St. Michael's Hospital, Toronto, to Dr. C. D. Baird, Med. '41, and Mrs. Baird, a daughter.

Davoud—On January 16, at the Wellesley Hospital, Toronto, to Paul Davoud, Sc. '34, and Mrs. Davoud, a daughter (Kilby Jane).

Douglas—On September 19, 1950, at the Cornwall General Hospital, to H. R. Douglas, Sc. '47, and Mrs. Douglas, a daughter (Kathryn Ann).

Ferguson—At the Women's College Hospital, Toronto, on February 2, to Mr. M. S. M. Ferguson, and Mrs. Ferguson (Katherine Inkster), Arts '40, a son (Robert Stewart Osler).

Fraser—At the General Hospital, Sudbury, Ont., on January 30, to D. A. Fraser, Sc. '42, and Mrs. Fraser, a daughter (Margaret Joan).

Hamilton—On January 12, in the Hospital Samaritana, Sao Paulo, Brazil, to H. I. Hamilton, Sc. '41, and Mrs. Hamilton, a son (Robert Roy).

Hanna—On June 16, 1950, to J. N. Hanna, Sc. '45, and Mrs. Hanna (Jean Stewart), N.Sc. '48, of Ottawa, a son (Eric David).

Holden—On November 28, 1950, at Victoria Hospital, London, Ont., to E. F. J. Holden, Sc. '44, and Mrs. Holden, a son (Robert Dougall).

Holtom—On November 4, 1950, at the General Hospital, Lindsay, Ont., to Mr. J. C. Holtom and Mrs. Holtom (Ruth Heimble), Arts '46, a son (John Joseph Charles).

Jackson—On February 10, at Mount Hamilton Hospital, Hamilton, Ont., to Rev. Fred J. Jackson, Arts '38, Theol. '40, and Mrs. Jackson, a son.

Konkin—On May 19, 1950, to Mr. P. J. Konkin and Mrs. Konkin (Irene Carss), Arts '45, of Kamsack, Sask., a daughter.

McMillan—On January 6, at Children's Hospital, Buffalo, N.Y., to A. Donald McMillan, Sc. '33, and Mrs. McMillan, a daughter (Karen Sue).

Miles—On December 5, 1950, at the Belleville General Hospital, to Dr. A. E. Miles, Med. '42, and Mrs. Miles, a son (Douglas Bertram).

Mitchell—On November 10, 1950, at Mount Hamilton Hospital, Hamilton, Ont., to J. G. Mitchell, Sc. '49, and Mrs. Mitchell, a daughter (Patricia Suzanne).

Mulvihill—At the Kingston General Hospital, on January 23, to Dr. L. J. Mulvihill, Med. '42, and Mrs. Mulvihill, a daughter.

Noakes—At the General Hospital, Calgary, Alta., on January 19, to Dr. J. A. Noakes,

Med. '46, and Mrs. Noakes (Margaret Crothers), N.Sc. '48, a son.

Park—At the General Hospital, Wilkes-Barr, Pa., on December 4, 1950, to Rev. Charles A. Park, Arts '42, and Mrs. Park, a son (David Charles).

Rutherford—At the Hotel Dieu Hospital, Kingston, on February 16, to Dr. T. F. Rutherford, Med. '29, and Mrs. Rutherford, a son (Thomas Francis).

Sheffield—On December 5, 1950, at the Homeopathic Hospital, Montreal, to Harvey C. Sheffield, Sc. '45, and Mrs. Sheffield, a daughter (Lorraine Elizabeth).

Sigal—On January 8, at Swift Current Hospital, Swift Current, Sask., to Dr. Bernhard Sigal, Med. '45, and Mrs. Sigal, a daughter (Margaret Pearl).

Smiley—At the General Hospital, Winnipeg, on January 30, to Major D. C. Smiley, Sc. '40, and Mrs. Smiley, a son (David Donald).

Stevenson—On August 26, 1950, in Western Division, Montreal General Hospital, to W. H. Stevenson, Sc. '44, and Mrs. Stevenson, a daughter (Leslie Jean "Lee").

Vineberg—On January 26, at the Ottawa Civic Hospital, to Lloyd Vineberg, Arts '36, and Mrs. Vineberg, a son.

Wagener—At the Grace Maternity Hospital, Halifax, N.S., on January 30, to Lieut. L. Ross Wagener, R.C.N., Sc. '46, and Mrs. Wagener (Jean Scott), Arts '48, a daughter (Nancy Jane).

Wright—On August 2, 1950, at Hamilton, Ont., to S. P. Wright, Sc. '48, and Mrs. Wright (Joan Walker), Arts '48, a daughter (Diana Elizabeth).

Marriages

Amberg-Kraus—On December 15, 1950, at Toronto, Carl Amberg, Arts '46, to Anne Kraus, Arts '47.

Hecht—In June, 1950, Esther Hecht, Arts '49, to Mr. Arnold Gilbert. They are living at 6210 Deacon Road, Apt. 6-B, Montreal.

Jackson—On January 13, in Morgan Memorial Chapel, Queen's University, Clara Marion Jackson, Arts '24, daughter of J. M. Farrell, K.C., Arts '89, LL.D. '47, and the late Mrs. Farrell, to Mr. William Saurin Brooke, Montreal.

Jones—On October 7, 1950, Ruth Frances Stewart to William Howard Jones, Sc. '43. They are living at 276 O'Connor St., Ottawa.

Martin—In September, 1949, Dr. Helen Martin, Arts '44, Med. '49, of Prince Albert, Sask., to Mr. J. H. C. Harradence.

Lancaster—On July 22, 1950, Marion Jean Lancaster, Arts '34, to Mr. Wilbert W. Graham. They are living in Birdsalls, Ont.

Miller—On January 27, at the home of the bride's parents, Kingston, Margaret Anna Miller, Arts '44, daughter of Dr. Norman Miller, Arts '10, and Mrs. Miller (Grace Jeffrey), Arts '14, to Mr. William Reginald Smith, Montreal.

Millward—In St. Andrew's United Church, Chatham, N.B., in January, Marion Laura Traer to Albert Edward Millward, Com. '25, of Ottawa.

Noonan—In St. Joseph's Church, Ottawa, Rita Mary Cardo to FO. Robert Joseph Noonan, R.C.A.F., Sc. '47. They are living in Middleton, N.S.

Orr—In January, in St. John's Anglican Church, Peterborough, Rosemary Margaret Stinson to James Campbell Orr, Sc. '44, son of W. S. Orr, Sc. '16, and Mrs. Orr, Niagara Falls.

Perry—On December 19, at the home of the bride's parents, Bell's Corner, Ont., Helen Beth Andrews to Alfred David Perry, Sc. '49.

Thiele—On November 4, 1950, Bertha Shields, of Philadelphia, Pa., to Herbert Hugo Thiele, Arts-Commerce, '49.

Deaths

Benn—A member of Sc. '09, Mr. Ira Leslie Benn, seventy-nine, died at his home in Long Lake, Ontario, on January 10, 1951. Mr. Benn discovered the Long Lake zinc mine. In the early nineteen hundreds he planned and built the Long Lake Rural Telephone Line extending fifty miles through Arden, Sharbot Lake, and Verona. Among the survivors is a son, Arland E. Benn, Sc. '48.

Bluett—Retired mathematics teacher, Claude K. Bluett, Arts '10, died suddenly at his home in London, Ontario, on December 20, 1950. Mr. Bluett graduated from Queen's with a B.A. in 1910. His teaching career covered forty-one years, and included primary and secondary schools. He was on the staff of Central Collegiate Institute at London for twenty-seven years, retiring in 1939. For two years following the Second World War he taught veterans at the London Training and Rehabilitation Institute. He is survived by two daughters.

Buchanan—Professor at Queen's from 1911 to 1920, Dr. Daniel Buchanan died in the Vancouver General Hospital on December 1, 1950. After taking his B.A. and M.A. at McMaster University and his Ph.D. in Chicago, Dr. Buchanan came to Queen's to lecture in mathematics. Nine years later, in

1920, he went to Vancouver as professor and head of the Department of Mathematics at the University of British Columbia and in 1928 he was made Dean of the Faculty of Arts and Science, a position which he held until he retired in 1948. During World War II, Dr. Buchanan was a member of the committee of applied mathematics, which was appointed to investigate flight of liquid-filled projectiles. He was a member of the American Mathematical Society and the American Mathematical Association and was a fellow of the Royal Society of Canada.

Chatham—A general practitioner in Edmonton until his retirement about fifteen years ago, Dr. Herbert E. Chatham, Med. '09, died at his home in Victoria, British Columbia, on January 2, 1951, after an illness of two months. Among the survivors, his daughter, Mrs. G. N. C. Rivington (Ruth Chatham), is a member of Arts '40. He also leaves his wife, a second daughter, a sister, and two brothers.

Crozier—Former commanding officer of the Lake Superior Regiment, Dr. James Crozier, Arts '97, died suddenly at his home in Port Credit on December 31, 1950. He graduated from Queen's with a B.A. degree in 1897 and then enlisted with the Strathcona Horse with which he served in the South African War. Following the war he studied medicine at McGill University. He practised in Copper Cliff for a few years and then moved to Port Arthur. During the First World War he served overseas with the Eighth Battalion as medical officer. On his return to Port Arthur he served as commanding officer of the Lake Superior Regiment for some years, retiring as lieutenant-colonel. During the Second World War Dr. Crozier was on the board of examiners for the services. He leaves his wife and two daughters.

Graham—A general practitioner in England, Dr. Frank D. Graham, Med. '16, died on October 17, 1950. During World War I he went overseas as medical officer of the First Depot Battalion of Vancouver. In 1918 he was transferred to the Imperial Army and served nine years in India. He then returned to England and resumed practice.

Joy—When his single-seater R.C.A.F. jet Vampire exploded in mid-air over the village of Ste. Julie de Vercheres, less than twelve miles south of Montreal, Flying-Officer William Aynsley Joy, Sc. '51, was killed on January 12, 1951. After two terms at Queen's, Mr. Joy left to join the R.C.A.F. permanent force and had been piloting jet Vampires for a year and a half as a member of 410 Fighter Squadron based at St. Hubert, Quebec.

Lavell—A romantic link with the past was severed in the death of Rev. Dr. Alfred Edward Lavell, Arts '91, at his home in Toronto, Ontario, on January 24, 1951. As an undergraduate, Dr. Lavell was largely responsible for the composition of the Queen's Gaelic yell, and he wrote the lyrics for many of the old Queen's songs. After graduation, he was ordained in the Methodist ministry at Victoria College. He held charges at Walsh, Ayr, Norwich, Waterloo, Niagara Falls, and Brantford. In 1916 he went overseas as padre of the 125th Regiment. After attaining the rank of Major he was invalided home, following service in Europe and Macedonia. He was appointed senior chaplain of Saskatchewan. Dr. Lavell was named executive secretary of the Ontario Board of Parole when he moved to Toronto in 1918. In 1931 he accepted the post of provincial historian and, in the next four years, wrote books on the educational, medical, and penal institutions of Ontario. He retired in 1935. An active and enthusiastic alumnus, he was a faithful attendant at the gatherings of the Toronto branch. Among the survivors are his wife and one daughter.

McDowall—Mining engineer and statistician with the Dominion Bureau of Statistics from 1930 to 1946, Robert James McDowall, Sc. '09, died at Ottawa, Ontario, on January 17, 1951, following a long illness. After graduating from Queen's, he was actively engaged in mining in the Cobalt and Porcupine areas and for several years was field engineer for English, American, and Canadian mining companies. He was a veteran of World War I, and served overseas as an officer in the Canadian Army from 1915 to 1919. He was wounded in the second battle of the Somme. Mr. McDowall was one of the founding members of the Carleton College Association. Surviving are his wife, two sons, including Robert James McDowall, Arts '48, Greenfield Park, Quebec, and two sisters.

Mackie—A graduate of Queen's in medicine in 1914, Dr. James Willis Mackie of Lansdowne, Ontario, died in Rochester, New York, on October 1, 1950. After interning at the Ontario Hospital, Brockville, he began to practise for the C.N.R. at Ignace, Ontario. During World War I he served as captain in the C.A.M.C. In 1930 he went to Lansdowne where he practised until the time of his death.

Marsh—An insurance underwriter with the Canada Life Insurance Company, in Quebec City, David Marsh, Arts '12, died last November following brain surgery. Among the survivors is his brother, Dr. J. P. Marsh, Arts '15 (M.D. McGill), of Grand Rapids, Mich.

Marshall—Public school inspector for Lincoln County, Mr. William A. Marshall, Arts '23, died on January 12, 1951, at St. Catharines, Ontario. He taught at Ryerson Public School in Toronto for sixteen years, and was principal of Deer Park School before being appointed public school inspector for Lincoln County. Among the survivors are his wife, one son, four sisters, and a brother.

Maxwell—Chief school inspector of Carleton County for twenty-three years, Thomas Paterson Maxwell, Arts '13, died suddenly at his home in Ottawa on January 15, 1915. Graduating from Queen's in 1913 he taught school in the Kingston district and then became principal of Victoria Public School. Going to Ottawa in 1914, he taught at Kent Street School until his appointment as chief inspector for Public Schools for Carleton County in 1921. He had remained in Ottawa since retiring in 1944. Among the survivors, his daughter, Mary Barbara Maxwell, is a member of Arts '49.

Simpson—A general practitioner at Millett, Alberta, Dr. W. J. Simpson, Med. '99, died in Edmonton recently. Following graduation from Queen's in 1899, Dr. Simpson went to Millett where he practised until his death. One brother and three sisters survive.

Smith—A graduate of Queen's Faculty of Medicine in 1905, Dr. William Adams Smith died in Batavia, New York, on November 12, 1950. Dr. Smith was at one time professor of pathology and bacteriology at the West Virginia University School of Medicine in Morgantown. Since leaving there he had served on the staffs of various Veterans' Administration hospitals.

Stewart—A practising lawyer for forty-four years, Ernest J. Stewart, K.C., died in Renfrew, Ontario, on October 22, 1950. Mr. Stewart received his B.A. at Queen's in 1896. With the intention of becoming a school teacher he went to the Ontario Normal School at Hamilton, where he finished his training in 1898. During the next three years he was on the staff of the Campbellford High School and the Deseronto High School. Mr. Stewart entered Osgoode Hall in 1901 and was admitted to the bar three years later. He began practice in Renfrew and continued there until his death. Mr. Stewart was one of the most outstanding members of his profession in the Ottawa Valley. In addition he was widely known throughout Eastern Ontario as an enthusiastic patron of outdoor sports, and he had been an ardent curler. During a period of some forty years he was a regular visitor each fall to at least one of the football games at Queen's. He was nominated several times

as the liberal candidate in South Renfrew but he had no ambitions along this line. He was an elder of the United Church in Renfrew for many years. In 1908 he married Miss Janet Young of Renfrew, who died in 1925. Three children survive, one of whom, James A. Stewart, took his B.Sc. degree in mechanical engineering at Queen's in 1934. Another son, Hugh, followed in his father's footsteps as a barrister at law and joined his father as a partner, and a daughter, Marjorie, is in Toronto. He has two brothers, D. W. Stewart, Arts '84, and N. G. Stewart, Arts '11, Sc. '15. The Class of Arts '96, of which "Ernie" Stewart was one of the most popular and active members, and which graduated with sixty-six members fifty-five years ago, has now dwindled in numbers to nineteen.

—Contributed.

Stewart—Superintendent of the Ontario Hospital South of St. Thomas, since 1948, Dr. Joseph S. Stewart. Med. '15, died suddenly on January 25, 1951. He served with the C.A.M.C. during the First World War. Following postgraduate work in the United States, he joined the Ontario Department of Public Health in 1924. He was superintendent at the Queen Street West Hospital in Toronto before going to Hamilton, Kingston, and then to St. Thomas. His wife, the former Myra F. Dyde, is a member of Arts '13.

Notes

1890-1900

Rev. Stuart Woods, Arts '96, Theol. '00, and Mrs. Woods, of Beamsville, Ont., celebrated their golden wedding anniversary on January 23.

1900-1909

Dr. J. O. Baker, Med. '08, Edmonton, was elected a governor of the American College of Surgeons at the fall meeting of the Clinical Congress of Surgeons held at Boston, Mass. Dr. Baker is a member of the Board of Trustees of Queen's.

Dr. A. A. Carr-Harris, Med. '01 (M.R.C.S. England, L.R.C.P. London), is resident doctor for the Abitibi Power and Paper Company at Auden, Ont.

Dr. W. H. Craig, Med. '09, Arts '11, has been practising in Western Canada since 1911, first in Saskatchewan and later in British Columbia, specializing in surgery and gynaecology. He has been retired since 1949 and living in Salmon Arm, B.C.

Mrs. Marion McLean Carr-Harris, Arts '06, is lecturing in French at the University of Western Ontario.

Dr. M. Y. Williams, Sc. '09 (Ph.D. Yale), retired as head of the Department of Geology and Geography at the University of British

Columbia last June and has been made professor emeritus. He is at present acting as a consulting geologist in Vancouver.

1910-1919

C. W. Butcher, Arts '17, principal of the high school in Paris, Ont., for twenty-four years, retired in June, 1949. He had taught for forty years, eight of which were before he graduated. Donald A. Smith, Arts '28, succeeded Mr. Butcher as principal of the Paris High school. He had been on the staff for twenty years.

Kenneth Clarke, Sc. '10, recently retired as assistant superintendent of the International Nickel Company's Copper Cliff concentrator, has been elected president of the Ontario Federation of Anglers and Hunters, an organization with 50,000 members. His three daughters, Elizabeth, Marion and Eleanor, are all graduates of Queen's.

Dr. Donald Dickie, Arts '10, who spent most of the past year abroad, is now living in Vancouver where her address is Apt. 204, 3416 Oak St.

L. E. Kendall, Arts '12, is with Bowater Lloyd Pulp and Paper Mills, Kemsley, Kent, England. He lives at 38 Park Drive, Sittingbourne.

Watson Kirkconnell, Arts '16, president of Acadia University, Wolfville, N.S., during 1950 received the honorary degree of Doctor of Political Economy from the Ukrainian Free University in Munich, and the honorary degree of Doctor of Laws from the University of New Brunswick.

Miriam MacTavish, Arts '18, is teaching in the high school at Almonte, Ont.

D. K. MacTavish, K.C., Arts '10, Ottawa, has been appointed regional chairman of the Canadian Citizenship Council Fund for 1951. The Council is a national voluntary organization which co-ordinates the work of scores of agencies concerned with the problems of citizenship.

G. W. Ritchie, Arts '10, is president of the Ritchie Cut Stone Company, 120 Bloor St. W., Toronto.

Dr. C. W. Topping, Arts '12 (Ph.D. Columbia), is professor of sociology at the University of British Columbia.

J. M. Wardle, Sc. '12, Ottawa, is at present chairman of the Northwest Territories Power Commission, and Dominion Member of the Eastern Rockies Forest Conservation Board.

T. O. Whillans, Sc. '17, Ottawa, has been appointed to the post of assistant commissioner of patents. Mr. Whillans has been with the Patent Office for the past thirty years.

G. G. Wilson, Sc. '19, is a materials handling engineer at 330 Somershire Drive, Rochester, N.Y.

1920-1929

W. W. Beaton, Sc. '26, is doing private consulting work in Noranda, Que. His address is 144 — 8th Street.

Mrs. J. Beldean (Muriel Wilson), Arts '28, recently received the degree of Bachelor of Arts in Education from Wayne University. She lives at 901 Fifth St., Wyandotte, Mich. and teaches in the grade schools there.

Mrs. L. R. Brennan (Doris Head), Arts '29, has been teaching chemistry and biology for the past eighteen years in the Welland High School. She was married in 1948 and she and her husband live in Ridgeville.

R. O. Campney, Arts '21, Vancouver, has been made parliamentary assistant to the Minister of Defence in the Dominion Government.

Dr. E. G. Claxton, Med. '29, Ogdensburg, N.Y., recently completed a course in obstetrics and gynaecology at the Polyclinic Hospital in New York and is now limiting his practice to that field.

G. R. Davis, Sc. '27, has been named as next general manager of the Ottawa Hydro-Electric Power Commission. He will take over the post sometime next summer.

Rev. D. J. Gaynor, Arts '29, has recently taken over his duties as minister of Park Street United Church, Chatham, Ont.

J. H. Halliday, Sc. '23, has been appointed to the post of plant engineer at General Motors of Canada, Oshawa. He joined General Motors in 1927 and has been assistant plant engineer since 1941.

Dr. S. A. Hayes, Med. '20, is in private practice in Port-of-Spain, Trinidad, specializing in obstetrics and gynaecology. He is director of the Champs Elysees Nursing Home.

J. R. Martin, Arts '24 (B.Paed. Toronto '32), has been with the Department of Education in Saskatchewan since graduation, first as science teacher and vice-principal in Assiniboia High School, next in the same capacities in Shaunavon High School and since 1937 as superintendent of schools with headquarters successively in Sturgis, Yorkton and Saskatoon.

Andrew Purdon, Com. '29 and his wife formerly Beatrice Second, Arts '29, are living at 490 Gordon Ave., Peterborough, Ont. Mr. Purdon is with the De Laval Company.

G. W. Read, Sc. '23, production manager for many years at General Motors of Canada, Oshawa, recently took over his new duties as manufacturing manager. He joined the company in 1926.

T. D. Slater, K.C., Arts '21, Kingston, has been re-elected unanimously as president of the Frontenac Law Association.

Paul Sykes, Com. '23, is Canadian Government Trade Commissioner at Colombo, Ceylon.

Roy E. Wagar, Arts '22, has been re-elected by acclamation for a further three-year period as a Montreal City Councillor. He is also a member of the Montreal Protestant Central School Board.

1930-1939

F. R. Archibald, Arts '33, is with Ventures Limited, 25 King St. W., Toronto.

R. A. Blay, Sc. '38, is at the head office of the Aluminum Company of Canada as assistant to the president.

C. D. Cummings, Sc. '36, has been appointed by W. and A. Gilbey Limited, Distillers, as representative for South-Eastern Ontario. His headquarters are in Kingston.

D. Ronald Campbell, Arts '34, is assistant director of civilian personnel, Department of National Defence, Ottawa.

R. G. Davidson, Sc. '35, of the Bell Telephone Company of Canada, has been transferred to Montreal where he is with the outside plant section of the chief engineer's department, eastern area.

Dr. Donald Fairbairn, Arts '38, (Ph.D. Rochester), is associate professor of Parasitology at Macdonald College, Que.

Rev. F. J. Jackson, Arts '38, Theol. '40, of Smithville, Ont., is at present studying at Immanuel College, Toronto, for his Master of Theology degree.

A. V. Johnston, Sc. '35, has been appointed chief engineer of the Canadian National Railways with headquarters in Montreal.

Mrs. W. J. Lackey (Grace McLennan), Arts '31, who took her nursing training at the Royal Victoria Hospital, Montreal, and received her R.N. in December, 1947, has been practising her profession in Vancouver for the past year and a half. She is living at 970 West 18th Ave.

Dr. James McCullough, Med. '30, is practising in Black River, N.Y.

J. D. McGhee, Arts '37, is on the staff of Earl Haig Collegiate Institute, Willowdale, Ont.

W. E. McLaughlin, Arts '36, has been appointed manager of the Montreal Branch of the Royal Bank of Canada.

D. H. Munger, Com. '34, has been appointed assistant general auditor of the International Harvester Maquinas, S.A., with headquarters in Rio de Janeiro, Brazil.

Charles O'Reilly, Arts '32, Ottawa, was bereaved recently by the death of his mother.

H. F. Philbrick, Arts '39, of the Massachusetts Mutual Life Insurance Company, Springfield, Mass., has been promoted to the position of assistant actuary.

Geoffrey Glover, Arts '49, and **Mervyn Davis**, Arts '49, are completing work towards their master's degree in social work at the School of Social Work, University of British Columbia.

G. J. P. (Joss) Gordon, Arts '41 and '44, of the Bell Telephone Company, has been transferred from Montreal to Ottawa. He lives at 302 Wilbrod St., Apt. 4.

Keith Gordon, Sc. '45, was elected chairman of the Ottawa section, junior branch, Engineering Institute of Canada, at the recent annual meeting of the branch. **M. L. Narra-**

way, Sc. '47, was made vice-chairman.

Billie Griffin, Arts '50, is teaching in Acton, Ont.

R. S. Haffidson, Sc. '49, is chief engineer for Consolidated Beattie Mines, Duparquet, Que.

L. A. Harvey, Sc. '50, has joined the staff of Canadian Arsenals Limited, explosives division, Valleyfield, Que.

W. K. Hastey, Sc. '40, is assistant paper mill superintendent for the Consolidated Paper Corporation, Belgo Division, Shawinigan Falls, Que.

P. H. Hennessy, Arts '48, teaches in the high school at Petrolia, Ont.

Major J. S. Hitsman, Med. '44, is officer Commanding Camp Borden Station Hospital.

J. G. Hoba, Sc. '40, formerly with the Ford Motor Company, recently accepted a position with Kelsey Wheel Company, Windsor, Ont., as assistant chief engineer. He is chairman of the Border Cities Branch of the Engineering Institute of Canada.

Shirley Hodgins, Arts '49, spent a year as a research assistant in cytology in the biology department of Brown University, Providence, R.I. Since last June she has been on the research staff of the Department of Physiology, headed by Dr. H. C. Wiggers at Union University, Albany Medical College, New York.

**SPUN
ROCK
WOOL**

(Reg'd)

A resilient, long-fibered insulation made from molten rock. Proof against Fire, Vermin, Vibration and Corrosion. Recommended for cold-storage; sound-proofing and acoustical treatments; all industrial purposes up to 1000 F. Made in standard forms for home insulation; exported in bulk form.

Spun Rock Wool, Ltd.

THOROLD, ONTARIO

J. Buss, Sc. '19

C. R. Buss, Sc. '27

G. S. Jewell, Sc. '50, is radio engineer in the transmission and development laboratory of the Canadian Broadcasting Corporation, Montreal.

W. G. Johnston, Sc. '45, received his Ph.D. from M.I.T. during the past year.

K. L. Keller, Sc. '48, has been in Hamilton for the past year in the metallurgical department of the Steel Company of Canada.

Celine Kelly, Arts '50, is attending the Ontario College of Education, Toronto.

R. P. Keyes, Com. '49, is cost accountant for the Johns-Manville Company, Asbestos, Que.

D. W. Kincaid, Arts '48, is high-school assistant in Latin on the staff of the Collegiate Institute and Vocational School in Brockville, Ont.

L. R. Kinlin, Com. '48, has been employed since last summer as accountant and office manager for R. D. Werner Company (Canada) Limited, Oshawa, Ont.

B. G. Law, Arts '49, is teaching in the high school at Durham, Ont. He and his wife, formerly Ruth Ives, Arts '48, spent the past summer teaching on the Indian Reservation at Waswanipi in Northern Quebec.

O. T. Lehne, Sc. '49, has been a postgraduate student at City and Guilds College (Imperial College of Science and Technology), London, England, since 1949. Last year he was awarded a diploma of membership of the Imperial College for his thesis on "The Metal Lens in Microwave Radiofilm". He is at present studying radar.

K. H. Lendon, Arts '50 and his wife, formerly Deborah Jean Pierce, Arts '50, are living at 2524 Maryland Ave., Baltimore, Md. Mr. Lendon is studying for his Ph.D. at Johns Hopkins University.

L. D. Laventure, Sc. '48, is maintenance supervisor in the fluoride division of the Aluminum Company of Canada, Arvida, Que.

H. A. Lee, Sc. '49, is doing postgraduate work in geology at the University of Chicago.

D. G. Leith, Sc. '48½, is cost engineer with Fraser Brace Engineering Company, St. Joseph de Sorel, Que.

Dr. J. H. Lindsay, Arts '42, Med. '48, is practising at Britannia Beach, B.C.

R. S. Lockeberg, Sc. '40, was recently appointed controller of Canadian Ingersoll-Rand Company, Montreal.

L. M. Lyne, Sc. '42, of E. B. Eddy Company, Hull, Que., is now chairman of the Ottawa Valley Branch of the Technical Section, Canadian Pulp and Paper Association. He is also vice-chairman of the local section of the Chemical Institute of Canada.

P. J. McCafferty, Sc. '50, is with the Abitibi Power and Paper Company, Smooth Rock Falls, Ont.

Mrs. R. L. McCormick (Anne Latimer), Arts '40, (B.L.S. Toronto) moved to Essex, Ont., last November and is head librarian of the Essex County Library Co-Operative.

E. E. McCullough, Arts '49, is teaching history in Sir George Williams College, Montreal.

Dr. W. A. L. McDonald, Med. '41, moved from Guelph to Trenton, Ont., last November where he is doing private practice, specializing in general surgery.

Grant McKay, Sc. '49, of Canadian Industries, has been transferred to Montreal where he is in the nylon division.

Donald R. MacKenzie, Arts '43, received his Ph.D. last year from the University of Toronto. He is now working as a research chemist at the Atomic Energy Project, Chalk River, Ont.

Vincent Massey, Arts '49, has been appointed to the staff of the Ontario College of Education as instructor in French and Spanish in the University of Toronto Schools.

D. L. Matthews, Sc. '49, is in the optics section of the National Research Council, Ottawa, working on photographic optics.

Louisa Moisley, Arts '50, is librarian at the Normal School in Hamilton, Ont.

Kenneth A. Moon, Sc. '47, is doing postgraduate work at the Massachusetts Institute of Technology towards his Ph.D. in physical chemistry.

Donald Moreton, Sc. '45, has been transferred from Canadian Industries cellophane plant at Shawinigan Falls, Que., to the nylon division in Montreal.

Harold A. Moulds (extramural), has been named chief administrative officer of the United Nations Commission in Eritrea.

Dr. L. A. Page, Sc. '44, has been appointed assistant professor of physics at the University of Pittsburg.

A. D. Perry, Sc. '49, is in the chief architect's branch, Department of Public Works, Ottawa.

E. T. Pherrill, Arts '47, and J. M. Ramsay, Arts '48, are on the staff of the Earl Haig Collegiate Institute, Willowdale, Ont.

John Prideaux, Arts '49, is now on the teaching staff of the Peterborough Collegiate Institute.

J. T. Provan, Sc. '46, is on the staff of the Aluminum Company of Canada Limited, Kingston.

Mary E. Putnam, Arts '48, is teaching in London, Ont., on the staff of Sir Adam Beck Collegiate Institute.

H. A. Quinn, Sc. '41, received his Ph.D. from Cornell University last May.

Dr. Roger Reed, Arts '40 (M.D. McGill) is professor of bacteriology at Dalhousie University, Halifax.

C. L. G. Robinson, Sc. '48½, is with the Canadian Blower and Forge Company, Kitchener, Ont.

D. M. Rogers, Com. '49, of Canadian Industries Limited, is now sales representative for the nylon division, Toronto.

D. B. Scrivens, Sc. '46, resigned from the Spruce Falls Power and Paper Company last November and is now with Taylor Instrument Companies, Rochester, N.Y., as application engineer.

L. H. Shibley, Sc. '44, is in the Department of Transport, Civil Aviation Branch, Architectural Section, Ottawa.

J. G. Simonton, Arts '40, is a partner in the firm Christenson and Simonton, Chartered Accountants, Calgary. He received his C.A. degree in 1947.

Mrs. G. R. Slemon (Margaret Matheson), Arts '47, lives at 30 Inglis Road, London W. 5, England. She is supply teacher with the Middlesex County Council.

J. Carman Smith, Sc. '47, is with New Brunswick International Paper Company, Dalhousie, N.B.

J. E. Somppi, Com. '43, has been transferred from the Winnipeg branch office of International Business Machines Company to the Windsor branch office, as electric accounting machine manager there.

Dr. J. J. Stanton, Med. '41, completed his D.P.H. course at the University of Toronto last year and has joined the Nova Scotia De-

partment of Public Health. He is at present completing a year's work in Tuberculosis at the Nova Scotia Sanatorium, Kentville, N.S.

J. H. Stitt, Sc. '48, is in the Department of Public Works, Ottawa.

P. L. Strigner, Sc. '48½ and '49, is textile chemist for Summit Dyeing Company, 471 Adelaide St. W., Toronto.

R. W. "Bob" Surgenor, Com. '48, has passed the final examinations of the Institute of Chartered Accountants of Ontario. He is with Cabeldu Motors Limited, Ottawa.

Norma Timlin, Arts '45, is librarian at the Normal School, Peterborough, Ont.

R. R. Tink, Sc. '46, has received his M.Sc. degree from the University of Saskatchewan and is now studying for his Ph.D. at McGill. He is living at 4708 Grosvenor Ave., Montreal.

Capt. David Veitch, Sc. '48, has been posted from Vancouver to R.C.S.M.E., Chilliwack, B.C.

Rev. G. L. Vogan, Arts '48, Theol. '50, is doing postgraduate work in theology (Old Testament Exegesis) at Westminster College, Cambridge University, England.

Bruce F. Vowles, Arts '40, Drummondville, Que., was bereaved by the sudden death of his father, Rev. F. J. Vowles, minister of the United Church of Canada, Elma, Ont., on February 5. He was a graduate of the University of Toronto and had been in the active ministry for thirty-five years.

George Lilley.

MUSIC FESTIVAL

Queen's Symphony Orchestra, under the direction of Dr. Graham George, won the above trophies in the Rotary International Music Festival competition at Kingston. Also among the winners were the Pipe Band, Pipe Band dancers, and the Madrigal Singers.

STUDENTS' FIFTH CENTENARY CELEBRATIONS

UNIVERSITY OF GLASGOW

By E. M. Howarth, Arts '49, and Miss Joan Torgeson, Arts '51

QUEEN'S was represented at the Students' Fifth Centenary Celebrations of the University of Glasgow in January by two alumni now studying in the Old Country: E. Michael Howarth, Arts '49, and Miss Joan Torgeson, Arts '51. Mr. Howarth is at Oxford on a Rhodes Scholarship, while Miss Torgeson is on an exchange scholarship at St. Andrews. The following account of the Celebrations is a report, in part, sent in to the Alma Mater Society by Mr. Howarth and Miss Torgeson.

E. Michael Howarth

The Celebrations were entirely a student show. The faculty and the senate of the University were very much in the background. Their turn will come in June when the King and Queen will

visit Glasgow and the honorary LL.D.'s will be conferred. On this occasion, however, the students of Glasgow University were hosts to the students of seventy sister universities. The delegates numbered 125, of which forty-nine were from overseas. The only other Canadian university represented was McGill, whose founder, James McGill was a student, though not a graduate, of Glasgow University. McGill showed appreciation of its founder in a very practical manner by financing the trans-Atlantic air journey of its delegate, Boris Gardavsky. You may be interested to know that the University provided two-thirds, and the student council one-third, of the cost.

The sub-committee with which we had most contact was the Hospitality Committee under the able and cordial direction of Bill Dunsmuir. In addition to arranging for the hotel accommodation, feeding, transportation, and entertainment of the delegates during the Celebrations proper, Mr. Dunsmuir's committee made it possible for those of the overseas delegates who were able to come to spend the week preceding the Celebrations in the home of a Glasgow student. In my opinion this was undoubtedly one of the happiest thoughts of the whole programme. My wife and I were the guests of a Scots couple, both students at the University, for a most interesting and enjoyable week, the high-point of which was the traditional Scottish celebration of Hogmanay.

During the Celebrations, the hotel bills, and the like, were looked after by our hosts, so that the only expense incurred by the delegates was their transportation to and from Glasgow. In order to finance these and other expenses the Committee conducted a private campaign amongst graduates and friends of the University, and were successful in raising £3,000. Of this amount, £1,000 was donated by the City Council which indicates that "Town and Gown" relations, while not always sweetness and light in the past, are currently harmonious.

The programme consisted of a series of major events which all the delegates were requested to attend, interspersed with a large and varied programme of entertainments and activities which provided interest and amusement designed to suit every taste—high-brow, low-brow, and no-brow! The main functions included the following:

Thursday, Jan. 4—Reception to Delegates, University Union.

Friday, Jan. 5—Civic Reception by the Lord Provost and Magistrates of Glasgow, City Chambers.

Saturday, Jan. 6—Torchlight Procession.

Sunday, Jan. 7—Commemoration Service in Glasgow Cathedral.

Monday, Jan. 8—10:30 a.m. Installation of Rector and Rectorial Address.

2:00 p.m.-4:00 p.m. Opening Session of Inter-Universities Debate.

5:00 p.m. Debate Dinner.

7:00 p.m.—12:00 p.m. Debate.

Tuesday, Jan. 9—10:30 a.m. Delegates Present Fraternal Greetings.

8:00 p.m.-1:30 p.m. Commemoration Ball in City Chambers.

The supporting programme included conducted tours of the University; a bus trip to Loch Lomond; visits to a Whisky Distillery, a tartan factory, and John Brown's Clydeside shipyard where the famous Ocean Queens were built. Further evidence of the co-operation which the Committee received from the student body was given in the presentation, by the various cultural groups, (drama, poetry, music etc.,) of their major undertakings during the Celebrations. The Poetry Society's presentation of T. S. Eliot's *Murder in the Cathedral*, staged in the impressive atmosphere of Glasgow's own Cathedral, came in for much favourable comment. Lest you should suspect that the programme had a rather pronounced cultural bias, I must mention that these efforts by groups, which the Students' Handbook lists under the general section, "Airs and Graces", were offset by a Glasgow-Oxford rugger match, and inter-university boxing competition, a swimming meet, a regatta, and, last but not least, a "scavenger hunt"!

Of the main functions I would like to mention two, namely, the Debate and the Commemoration Ball. I don't

know if Queen's still has a Model Parliament, but it might be interesting to note one or two ways in which Glasgow's version differs from ours. The general procedure is much the same, but in common with most British (whoops, I almost said English!!!) universities, the debating technique is much better. I didn't think their overall command of subject matter too impressive, but their ability to score debating points is very marked. I was rather surprised at the general lack of heckling and interruption, but when I mentioned this, it was explained, rather apologetically, that the large number of visiting speakers and the consequently lengthened programme, plus the fact that a portion of the debate was broadcast, necessitated some sacrifice of high-jinks. One final point of interest—the participants, although largely drawn from the Arts and Law faculties, included a number of budding doctors and engineers.

My Queen's tam, which I wore on most non-academic and non-formal occasions, came in for much comment. (Usually favourable!) One slightly inebriated Glasgow citizen wrung my hand in the middle of the street and told me that it did his heart good to see someone who was still proud to wear the bonnet "wi' the touri on it," but I think most of the students thought it was something I had dreamed up for the occasion. I did my best, however, to let everyone know that we cherished the Scots traditions at Queen's. It usually provided a "surefire" topic of conversation, but the reactions were not always just what I expected. For example, I told one man that we had a pipe-band at Queen's, and he was suitably impressed, but when I went on to say that we even had girls in the pipe-band. That did it!

"My God! What is the world coming to?" "Women in a pipe-band!"

It seems that the Scots have no objection to women playing the pipes, or even to women's pipe bands, but for

women to play in the same band as men—well “Isn’t anything sacred anymore?”

I liked: the scarlet gowns which Glasgow’s students wear, and the absence of year jackets, faculty jackets, and other assertions of minor loyalties—the special robes of office worn by student officials taking part in ceremonies in their official capacities, viz, gowns with suitable insignia—the ribbon and medallion which the presidents of student councils wear with evening dress—the impromptu sing-songs and bull sessions—the varied and appropriate gifts which some universities sent in honour of the occasion, e.g., an ebony carving from West Africa; a “friendship” drinking bowl from Norway; a university history and other books from Princeton; a traditional Quebec wood-carving from McGill—the “Gaudeamus”, a universal student’s song, with hymn-like qualities, apparently familiar to all European students—the warm warmth of our welcome—the infectious enthusiasm of our hosts—Glasgow university—Glasgow.

In this short report I have tried, rather inadequately I fear, to give you some idea of the way in which Glasgow’s students celebrated the Five Hundredth Birthday of their University. You will agree, I am sure, that when they decided to celebrate, they didn’t do things by halves, but I would be giving you entirely the wrong impression if I failed to stress that, underlying the whole gamut of festivities, there was a sincere and thoughtful feeling of appreciation and thanksgiving. Appreciation of the foresight, courage and efforts of the pioneers and those who came after. Thanksgiving for the Providence which has enabled the Lamp of Learning to burn here, uninterruptedly, for five hundred years. To these emotions of appreciation and thanksgiving should be added the feeling of hope—hope that this University, which can name such men as Adam Smith, Lord Kelvin, and Joseph Lister among its famous sons,

will continue to inspire a respect for learning and enlarge its field of usefulness to all mankind.

Miss Joan Torgeson

There is in Scottish universities a tradition of rowdiness at academic assemblies. Even at conservative old St. Andrews the academic procession is always greeted by whistles, noise-makers,

tin pans, and a rousing chorus of “The Animals Came in Two by Two”. But a Rectorial is the noisiest occasion of all because the Rector is nominated, elected, and installed by the students themselves. During the week preceding his election, classes are practically abandoned, days are devoted to publicity stunts and nights to paint jobs and raids. By the time the successful candidate is installed the rivalry is forgotten, but the excitement is not.

Fortunately Rector MacCormick expected the worst, but we, as “honoured guests,” were totally unprepared, and it was only after we were seated on the platform that we realized what a dubious honour it was. Before the entrance of the university and city dignitaries, we found ourselves the main target for the rolls of paper, fireworks, bags of flour, ripe fruit, rotten eggs, and other sundry articles with which the students massed below and above us had the forethought to arm themselves. Motor horns, sirens, bells, trumpets, bagpipes, ricketties, shouting, stamping and singing created an ear-splitting uproar that continued for most of the ceremony.

For us, this situation soon ceased to be really amusing. The African and Indian faces behind us were from the first a study of mystified consternation; Americans could hardly believe their

eyes and ears; English delegates tended to look rather patronising. But the French delegate in front of me entered fully into the spirit of the occasion, leapt for the missiles as though they had been basketballs, and returned them to the audience with appropriate remarks in rapid-fire French. Thus protected, I escaped with a light sprinkling of flour, but Mike Howarth beside me was hit by a tomato and a bag of flour at an early stage of the proceedings.

The barrage thickened when the City Fathers and University officials entered in their velvet and ermine gowns, and when the Lord Rector himself appeared on the platform he was submerged beneath a welter of streamers and heavy artillery and almost deafened by a unanimous roar of "We want the Stone". For some days the newspapers had been speculating on the possibility of the Stone of Scone's appearance at the installation, in spite of Dr. MacCormick's disclaim to any knowledge of its whereabouts. The Glasgow Police Chief in charge of inquiries into the missing stone and other interested spectators had come to the ceremony in the hope of seeing it presented to "King John", as MacCormick has been nicknamed by his Scottish Nationalist followers. However, the Rector ignored the demands of the audience, insofar as it is possible to ignore the roar of three thousand voices, and plunged into his speech.

There was not the slightest let-up in the noise or the target-practice as MacCormick began to speak, and even we who were relatively close were unable to catch more than the occasional phrase. Ironically enough, the theme of the address, as we later discovered, was an exhortation that the "Free spirit of man should always be ready to rebel against organization" and against the strictures and controls of the modern state. The Rector's progress on this theme was hindered not only by the incessant clamour but by such interruptions as

a mock-athlete running in to present him with a lighted candle, a live duck being thrust on to the platform, two amateur trapeze artists crossing the auditorium on a rope suspended between the galleries, and an egg which, glancing off the Rector's sleeve, landed on the mortar-board of Chancellor Lord Boyd Orr. Two professors walked off the platform, their gowns streaked with egg yolk, but the other dignitaries remained, stoically dodging missiles.

The "ceremony" was cut short by Students' Representative Council President Donald Macmillan who apologized to the guests for the "unprecedented exhibition of hooliganism". However, in the opinion of most students, their conduct was little worse than at preceding rectorials, and the only unprecedented event was the president's apology. Nevertheless, they hoisted him good-humouredly on their shoulders and bore him from the littered paper-strewn hall.

The dry-cleaners of Glasgow and the janitors of St. Andrew's Hall must have worked overtime after the rectorial. The industry of the latter class was evident anyway, when we entered the Hall the next morning to present fraternal greetings from our universities to the University of Glasgow.

We made a colourful procession as we trooped through the silent auditorium into an anteroom. The fifteen or sixteen delegates chosen to speak on this occasion led the procession in order of the seniority of their universities, and the variety in their apparel was striking to see. Black and red gowns, with brilliant hoods and ribbons, native African and Asiatic costumes, trenchers and three-cornered mortar-boards, chauffeur-type caps, tams, and even a top hat filed into the front rows of the hall and then to the platform as one by one the delegates expressed their gratitude and well-wishes to the University which had entertained us so royally for the past five days. Some of the universities had sent tokens of their native culture,

and soon the platform table had become a display of glassware and pottery, ivory elephants and wood-carving, book-ends and books.

The speeches were as unique as the gifts and the speakers themselves. Oxford and Cambridge were poised personified; Paris sought, and found, the *mot juste*. Africa's eloquence and sincerity were inspiring; St. Andrews distinguished itself with a ten-minute oration in Latin. But in both wit and warmth the laurels fell to Mike Howarth, representing the Canadian Universities. His explanation that Queen's had been founded by Scottish Presbyterian ministers for the purpose of propagating more Scottish Presbyterian ministers was particularly enjoyed by the Scottish element, and he did succeed in the difficult task of expressing what the Glasgow Celebrations meant to us.

How difficult this task was has become more apparent in retrospect. The elaborate preparations, the scope and variety of the activities planned for us, the tireless energy of Convener Donald Macmillan and his associates, the real hospitality of our Scottish hosts and hostesses—all this was apparent from beginning to end of the Celebrations. But not until they were drawing to a close did the full force of what they had accomplished become evident. In just six days, personality seemed to

have predominated over nationality—we had somehow ceased to be “Denmark”, “Heidleberg”, “Princeton”, “Queen's” and had become Emil, Paul, Tom, Joan and Mike. At the Commemoration Ball, against a background of whirling ball dresses, high gilded ceilings, and potted palms, an African made small-talk with a peaches-and-cream-complexioned English girl, and a Scotsman twirled a French girl in an eightsome reel. And in the buffet a German and an American sat deeply engrossed in Scotch whisky and metaphysics.

New Steel Making Process
Developed By S. L. Gertsman

EXPECTED to boost the output of vital steel by the mills of North America, a new sulphur-removal process in steel making has been developed by a graduate of Queen's and a graduate of the University of Toronto on the staff of the Department of Mines at Ottawa. The Queen's man is S. L. Gertsman, Arts '39.

It is estimated that the process can increase Canada's 3,200,000-ton annual steel output by 10 to 15 per cent.

Mr. Gertsman graduated from Queen's with an honours B.A. degree in chemistry in 1939. He obtained his M.A. the following year. Mrs. Gertsman was Lillian Coplan, Arts '39.

Queen's and the Schools of Ontario

In response to the alarm expressed by some graduates that Queen's is losing her place in the schools of Ontario, Miss Jean Royce, Registrar, conducted an investigation. Later, she was able to say: "I am not at all sure that their pessimism is justified. I think we are holding our own fairly well as indicated in the table given below:"

PRINCIPALS

ALFIE PIERCE

WITH the death of Albert "Alfie" Pierce on February 13, Queen's lost a loyal supporter of long standing, a man who served the University with unswerving devotion for more than half a century.

Alfie had been around the campus so long that he had become a tradition in his own lifetime. His passing breaks a romantic link with the Tricolour's past athletic glories.

Alfie was given a funeral that was impressive in its simplicity and dignity. For two hours his body lay in state on the ground floor of the Gymnasium, flanked by floral tributes from his many friends. His long-time associates on the Athletic Board of Control staff stood guard as the lines of those who came to pay their last respects filed past.

St. James Anglican Church, where he had been baptized, and situated within a hundred feet of the Jock Harty Arena where he made his home, was well filled for the funeral service. As the congregation gathered Dr. H. L. Tracy played as Introit on the organ "Brother James' Air," "The Lord is Mindful of His Own," and "He shall Feed His Flock".

Canon J. D. Mackenzie Naughton conducted the moving and solemn ser-

vice for the burial of the dead. Rev. A. M. Laverty, University chaplain, also participated. At the conclusion of the service Dr. Tracy played Handel's "Largo" on the organ.

The pall-bearers were three ex-football captains, Al Lenard, Ross McKelvey, and Jim Charters, Captain-elect Sam Sheridan, and Alfie Pierce Trophy holders "Tip" Logan and Don Griffin.

The committal service was held at the graveside in the Church of England Cemetery at Cataraqui, at Alfie's own plot, near where his mother and sister were buried. The haunting strains of the Scotch lament, "Flowers of the Forest", were piped by Bandsman Dan Gorrie as the casket was lowered into the grave.

A nephew of Alfie's, Roland Dempster of Detroit, Michigan, son of a half-brother, David Dempster, attended the funeral service.

Death came peacefully for the grand old gentleman. He had suffered a stroke a few days previously, shortly after admitting some youthful hockey players to the Arena. He was taken to the hospital immediately but did not regain consciousness.

An annual ceremony at the opening of the football season was Alfie's toss of the ball to the captain of the Queen's football team, a ritual that was repeated before each home game.

It was also customary for two of the Levana cheer leaders to accompany Alfie across the field to the student section of the stands. Then the voices would be raised in the old yell, "What's the matter with Alfie?" "He's all right" "Who's all right?" "Alfie!" "Who says so?" "Everybody!" "Who's everybody?" And then followed the Queen's Gaelic war cry in full-throated intensity, as Alfie acknowledged the ovation with a shake of his hat at arm's length.

The football season just won't seem the same without Alfie around. He had been on the scene so long that he had become an integral part of it.

It was Guy Curtis, Queen's famed athlete of the past, who brought Alfie to the campus. He saw the well-built mulatto youth playing in the yard of the old Gordon Street School—where Ban Righ Hall now stands—laid his hand on the boy's head, and told him to come over to Queen's the next day. So, as mascot, Alfie Pierce entered upon his Queen's career. Most of the time since that day he spent in the employ of the University. For a time he worked at Finkle's livery in Kingston, but when that establishment burned down he made his home on the University grounds. In the winter he lived first at the Gymnasium, and later at the Arena, and in the summer he found shelter in the Stadium.

Alfie was an athlete of some stature in his own right. He played football and baseball and was a star lacrosse

player. He was still playing occasionally in his fortieth year. His rugged physique and hard head carried him through many a lusty battle with Prescott, Cornwall, Madoc, Tweed, and others of the old Eastern lacrosse teams.

Alfie's memories naturally centred most closely about the teams of his patron, Guy Curtis. In those days, each man provided his own playing-clothes, and the team usually presented a somewhat variegated appearance. No one wore headgear. Each player likewise provided his own boots and had the cleats put on at his own expense. Curtis on one occasion played in running-shoes with one Queen's and one green stocking, and once he played in stocking feet.

When Alfie was employed as a rubber, he was taken to the out-of-town games at the private expense of the players themselves. Yet Alfie's duties were more essentially those of mascot; for the huskies of those days usually considered a rub-down as beneath them, and except when suffering from a twisted muscle or other injury, men like Arthur Ross, Stewart Rayside, and Guy Curtis would change immediately after a game and leave the grounds.

At home the team played for several years on the campus running along University Avenue from Stuart Street. When the erection of Grant Hall and the New Arts Building cut off the end of this ground they played the other way, parallel to Stuart Street. Then the senior team moved to the old Athletic Grounds on Earl Street.

Originally the players had a small corner room in the Old Medical Building, with a punching bag, one ring from the roof to swing on, and one bar to jump over. There was barely space enough in the room to use even this limited apparatus. There was a little boxing there—Alfie being a frequent sparring partner of Alf Dean.

Over all this domain ruled Guy Curtis, czar of athletics. Principal Grant himself was more than once ordered off the practice field by Curtis speaking in the vigorous vocabulary of a hard-pressed coach. That did not prevent his dining with the Principal afterwards.

A few years ago the *Review* asked Alfie, "What was the most exciting game you remember?"

There was a pause, and then up out of the depths of his memory Alfie produced the match with Osgoode Hall in 1891, at Kingston.

That was the first year in which Queen's won the Dominion championship. She achieved that honour by finally defeating the M.A.A.A. team, but it was the semi-final game that was most outstanding in Alfie's estimation. again.

In the last fifteen minutes of play Queen's successfully withstood Osgoode's attempts to take advantage of the wind.

And in the final minute, the Tricolour and, at the end of the regulation time, the score was tied 9-9. The referee ordered an overtime period of fifteen minutes each way. Queen's had the wind, and soon added a point, but Osgoode shortly afterwards tied it up.

Osgoode Hall had overwhelmed the opposition in western Ontario and they came to Kingston with the reputation of being a formidable aggregation. As Alfie remembered it, Queen's and Osgoode battled it out on equal terms started to march up the field. Playing together, as football teams rarely did in those days, they forced their way to the Osgoode goal-line. Just before the whistle sounded, ending the game, the ball was kicked over for a single point. Queen's 11, Osgoode 10.

Alfie never did tire of telling of that great game and of that day of victory. "Wilson played well that day, and Curtis . . . And so did Ross—he always

HE DID ALL RIGHT

Long before we came to Queen's, Alfie Pierce had become a symbol of sportsmanship. He was a legendary figure in the early 30's and since that time an aura of tradition has grown around him, an aura that death cannot take away.

When we saw the tall, lean, figure limping slowly on to a football field we felt that we were not only seeing the man but the very spirit on which Queen's has been built. Next year and in the years that follow the thousands of Queen'smen who came to know him will feel his presence in Richardson Stadium. Alfie, the old stadium and the colours of Queen's are too much intertwined to ever be truly separated.

We should not feel great sorrow at his passing. In his tragically simple way he gave much more to this university than the intellects and the benefactors, the great athletes and the administrators can ever hope to give.

He gave not only life but his spirit to Queen's and it is right and just that he should have his rest.

One of his last public functions off the football field came last year at Colour Night, when he presented the Alfie Pierce Trophy to the outstanding freshman athlete.

We saw him the next night in a dressing room in Jock Harty Arena. A man congratulated him on his appearance of the previous evening.

Alfie turned to the man and asked him, in his peculiarly husky voice:

"Did I really do all right?"

Yes, Alfie, you really did all right.

—*Queen's Journal*.

played well—and Irving . . .” That was like Alfie. He mentioned the stars, and they became a roll-call of the whole team. No one could play badly. Not on that team and on that day. “Yes, perhaps Wilson was the best that day, but so was Tom Scott and Curtis . . .”

It was either in that game or in the one immediately preceding it that Alfie distinguished himself by calling out, “He’s off-side, Mr. Referee! I saw him!”

In 1944, Mike Rodden, sports editor of the Kingston *Whig-Standard* and a former Queen’s player, prevailed upon Alfie to name his all-time all-star Queen’s team. Here was the selection: Centre half, Frank “Pep” Leadlay; left half, the late “Tout” Leckie; right half, Harry Batstone; flying wing, Dr. Frederick Etherington; quarterback, the late Johnnie Evans; inside wings, Jim Cranston and “Hank” Brown; middles, Dr. “Red” McKelvey and Eddie Elliott; out-sides, “Bud” Thomas and “Liz” Walker.

Alfie’s hoarse whisper and sparkling eyes as he told with admiration of the famous players of the past long will be remembered by Queen’s graduates in all parts of the world. And rarely did a day go by but some visiting alumnus called on him.

For many years Alfie had been a pensioner of the Athletic Board of Control, doing odd jobs when he was able. Since he suffered his first stroke more than two years ago, he had been largely in retirement, although he still managed to look after certain details.

Alfie’s age was always a matter of popular conjecture and estimates varied by as much as twenty-five years. But there was no doubt in Alfie’s mind. “I was born on the Queen’s birthday in 1874,” he told Sir Edward Peacock, Arts ’94, LL.D. ’41, last fall.

And when he died the records bore him out. He was born in Kingston on May 24, 1874. His parents were Albert and Margaret Pierce. He was baptized in St. James Anglican Church by the

rector, Rev. F. W. Kirkpatrick, on August 9, 1874.

As a boy he attended Gordon Street School, where Ban Righ Hall now stands. When he was twelve his father died, and three months later his mother also passed away. Alfie was cared for by a half-brother, ten years older than himself, until the latter moved away from Kingston.

Alfie was fifteen when Curtis picked him out as a mascot for the Queen’s team. From that day on Alfie was Guy Curtis’ man and he worshipped Curtis and gave him a devotion that was almost pathetic. In return, Curtis held his protege in high regard. In later years, when he returned to Kingston the first person he looked up was Alfie.

It has been said that Queen’s adopted Alfie, but a good case could be made for the statement that Alfie adopted Queen’s. Coaches and players might scintillate briefly and then fade from the scene, but Alfie, the invincible, marched proudly on, the symbol of Gaelic perseverance and indomitable courage. In Alfie’s book Queen’s lost no prestige in adversity and they would live to win another day.

It just won’t seem the same without old Alfie around.

TRIBUTES

WITH the passing of Alfie Pierce there has gone from the Queen’s community a man who was known and loved by generations of students for the past half century. The football field will be different without Alfie. He knew the men, and remembered them when they came back. There were few who returned to Queen’s for a visit who did not want to call on Alfie, and get a word of affectionate greeting in his deep, throaty voice. Somehow, we feel that a very real part of Queen’s has gone, and graduates all over the world will hear with deep regret of the

passing of a man for whom there was a very real feeling of affection.

—*Principal Wallace.*

Alfie was a very fine character and a most faithful servant. We will miss him terribly.

—*Charles Hicks, Secretary of the Athletic Board of Control.*

During the past six months I have visited a good number of alumni branches in various parts of Canada and the United States. On every occasion I have been asked about "Alfie" by graduates who obviously held him in affectionate regard. His picture on the screen in the illustrated talk on Queen's would always bring spontaneous applause.

—*J. A. Edmison, Assistant to the Principal.*

Some sixty years ago as manager of Queen's Rugby Club, my attention was drawn to a bright-eyed, curly-headed negro boy who was enthusiastically a follower of Queen's. Given an op-

portunity, with unfailing loyalty he followed her fortunes, never faltering in his defiant faith. In the days of her success he was happy; in days of misfortune, Queen's was down only to rise again triumphant. His simple devotion won the respect, the admiration of us all. Alfie, like Curtis, became a tradition. Little did he realize the void his going would make. No one will fill his place. Some may occupy it.

—*W. F. Nickle, K.C., Arts '91, Kingston.*

Football and athletics at Queen's have lost something with the passing of Alfie. As a student and in the later years, Alfie was as much a part of Queen's to me as the buildings and the football teams. I just cannot imagine a practice or a game without him.

—*Frank Leadlay, Sc. '25, Kingston.*

Alfie always was tops in the books with all of us. We appreciate his loyalty in triumph or in defeat.

—*Prof. Frank Tindall, head football coach.*

SIR EDWARD PEACOCK AND ALFIE

Many graduates on returning to the campus made a call on Alfie. In the above picture is shown Sir Edward Peacock, Arts '94, LL.D. '41, having a chat with his old friend.

Alfie was a loyal supporter of Queen's, a strong friend of all Queen's people.

—Prof. D. M. Jemmett, chairman of the Athletic Board of Control.

Queen's to him was home and we all regret his leaving—may his loyalty and humility become lasting traditions on this campus.

—Prof. F. L. Bartlett.

I remember Alfie when I was playing football in 1887-'88-'89. Alfie was a little boy who was then playing with the team, and he grew up with it. Guy Curtis took a fancy to Alfie and helped him along. Alfie knew all the older players by their first names and they all liked him. He was a kindly soul and had a great affection for students and for the University.

—J. M. Farrell, K.C., Arts '89, LL.D. '47. Kingston.

With a heart full of regret I read of the death of Alfie Pierce, who even before my time and the great Queen's teams of the early nineties, had won for himself a place in the hearts of all loyal sons of Queen's. His loyalty to the team and to the college was always an inspiration to those who carried the colours of Queen's on the football field, and he now will rest on the old Ontario Strand which for all these years has nourished the dreams of Queen's men to achieve victory with good sportsmanship.

—Charles B. Fox, Arts '95, St. Louis, Mo.

Alfie Pierce deserved those worthy tributes. He was a link with all our past at Queen's.

—Dr. Dennis Jordan, Arts '08, Med. '10, Toronto.

In common with Queen's graduates everywhere I feel a real pang of sorrow that Alfie is no more. He is worthy of a place among the benefactors of Queen's.

—Dr. Wallace Troup, Med. '24, Ottawa.

The *Journal* containing the final tributes to Alfie was interesting but very sad reading.

—J. B. Stirling, Arts '09, Sc. '11.

The name of Alfie Pierce will be a legend at Queen's.

—H. I. Marshall, Sc. '41, Ottawa.

I suppose like all Queen's men I had thoughtlessly expected that old Alfie would go on indefinitely as the integral part of Queen's that he certainly became.

—A. R. Winnett, Arts '34, Toronto.

I knew Alfie from almost the first day I entered Queen's and ever after when he saw me he quacked, "Hello, Jim!" He was a definite part of Queen's and we all liked him.

—Dr. James Wallace, Arts '98, Theol. '01, Med. '20, Renfrew.

When I entered Queen's, Alfie was a lad of twenty-one. He was a lacrosse player, but he loved to hang around Queen's rugby squad. I played six years on the soccer teams, for which Alfie had no love. The dressing room was then in the basement of the "tool house", and many a dressing down we "sensation men" got for stealing all the hot water from the "rugby men". Later as coach of the hockey team, Alfie was my right-hand man, and a more loyal and trustworthy one did not exist. I never heard him say a mean thing about any player at Queen's and I doubt whether anyone has been as uniformly liked by the thousands who have passed through her halls.

—Dr. M. B. Baker.

It seems hardly believable that a man who seemed old when I was a tiny child could have lived so long, but it seems less believable that a person could return to Queen's and not find Alfie Pierce.

—A. C. Givens, Arts '21, Toronto.

I have often heard Guy Curtis bawl Alfie out as he did only his closest friends, and no one enjoyed that special attention more than Alfie! . . . It is a significant situation that a leading Canadian university should continue to retain such conspicuous connection with and pay such respect at the last to one with Alfie's whole background which

was so different from that of any student. I doubt if it could have occurred at any of the other universities.

—A. H. Brown, Arts '96, Ottawa.

I have known Alfie Pierce for over sixty years. He was an institution at Queen's. His knowledge of the fine points of athletics was always the equal of the players or the coaches. His honesty and loyalty to Queen's was never surpassed by any student.

—J. S. Rayside, Arts '94, Montreal.

What a wonderful tribute was paid to him by the University! Such a thing could only happen at an institution like our own. The *Journal* story of his lying in state, of his funeral, and of the tributes of so many old friends was deeply moving. I saw much of Alfie while I was at Queen's from 1909 to 1913, having been active in hockey circles. I was manager of the hockey team. Alfie, of course, was always around the Gym.

—S. H. McCuaig, K.C., Arts '13, Edmonton.

Alfie will be missed wherever Queen's men gather and lucky indeed are those athletes who experienced at first hand Alfie's friendship and enduring interest in them.

—Prof. J. F. Edwards.

We'll never get anyone to take Alfie's place. He was a part of Queen's. He was always in our corner.

—Harry Lampman, captain of the basketball team.

Dr. Graham George Appointed Chairman Of University Concerts

DR. GRAHAM GEORGE, associate professor of music, has been appointed chairman of the University Concerts committee in succession to Dr. H. L. Tracy who recently resigned. Dr. Tracy will continue as a member of the committee.

John Chance of the Endowment Office will assume the duties which Dr. Tracy also fulfilled in looking after ar-

rangements at Grant Hall on concert nights. Miss Kay Healey will continue as secretary of the Committee, and Dean A. Vibert Douglas will continue in charge of stage decoration for concerts.

DR. G. E. SHORTT, ARTS '15 HAS REMARKABLE CAREER

CRIPPLED in childhood, Dr. G. E. Shortt, Arts '15, handled the Easter seal campaign in aid of crippled children in Edmonton, Alberta.

Born in Kingston, Ontario, the son of Dr. Adam Shortt, Arts '83, and Mrs. Shortt (Elizabeth Smith), Med. '84, Dr. Shortt was run over by a street car at the age of ten and lost both legs below the knees. Refusing to accept his handicap, he learned to skate, swim, ride, and engage in other competitive sports successfully.

After finishing his university course at Queen's, he enlisted as a private in the 77th Battalion in August, 1915—probably the only man ever to be accepted by a combatant unit while wearing two artificial legs. He was promoted to sergeant, and later commissioned, proceeding overseas as captain and paymaster of an artillery brigade.

After the war he continued an active career as an English civil servant in London; editor of a financial weekly newspaper in Montreal; credit manager of the General Motors Corporation in Detroit; and Canadian government trade commissioner to Holland. He followed this by two years of journalism, study, and travel in Europe before returning to take a B.Sc. degree at McGill and a Ph.D. at the University of Michigan.

Dr. Shortt then joined the Canadian civil service and has served in several departments with distinction. He was awarded the Order of the British Empire for his work with the prices board during World War Two.

Athletics

Queen's Shares Boxing Title With McGill Mittmen

BY winning three out of four bouts on the final programme of the boxing meet in Montreal in February, Queen's earned a tie with McGill for the Intercollegiate championship. Each recorded thirteen points, with University of Toronto and the Ontario Agricultural College tied for the runner-up position, with seven points each.

The boxers who brought new laurels to Queen's were Gary Smith, at 130 pounds; Bob Sweet, 135; and Bill Thompson, 155. Thompson had the satisfaction of successfully defending the title he won last year, Queen's only boxing championship.

The Tricolour victory was all the more notable in that the team was composed of only seven men, there being no representative in the heavyweight division.

DICK ERWIN
Winner of Alfie
Pierce Trophy

Sports Shorts

WINLESS in six starts, the senior basketball team finished in the league cellar but deserved a much better fate. Four of the games were lost by four points or less . . . The junior hockey team won the junior city hockey league title . . . The Queen's Combines won the senior city competition . . . The Golden Gaels finished in second place to Varsity in the Intercollegiate round robin tournament for the Bronze Baby . . . The wrestling team failed to win a single title in the tournament at London. Ike Lanier and Bobo Penner reached the finals . . . The girls' badminton team finished in a third-place tie with Western . . . Dick Erwin, Arts student from Syracuse, N.Y., has been awarded the Alfie Pierce Trophy as the outstanding freshman athlete of the year. Dick played on the senior basketball and the intermediate football team . . . Harry Lampman, captain and centre of the senior basketball team, has been chosen as the most valuable player by his teammates . . . Nick Speropoulos was selected as the most valuable player on the intermediate football team . . . Science '52 won the Bews Trophy, symbolic of the intramural sports competition championship.

Tricolour Places Second In Intercollegiate Ski Meet

QUEEN'S finished in second place, a close thirteen points behind Laval University, in the Intercollegiate ski meet held at Ottawa in February.

The Tricolour team consisted of Jack Durrell, Frank Wood, Bert Wootton, Weldon Green, and George Konantz. Queen's took top honours in the downhill event, with Wood's being the individual winner. Wood went on to win the combined downhill and slalom, in which the Queen's team finished first. Bert Wootton won the jumping, with the two longest jumps of the meet.

- *Around the Campus* -

5,000 Tour University

AN estimated 5,000 attended the Open House on February 3, when the student body and the general public were given an opportunity to see behind the scenes of the University. Two hundred students served as guides and another three hundred participated as demonstrators of the various exhibits. Four tours were available, ranging from a general cross-section of the campus to specialized trips through the Medical and Science buildings, and all proved popular. Among the visitors were parents of students, many of whom came long distances for the occasion, and members of the Board of Trustees. A welcome feature was a baby-sitting service in Muir House where graduate nurses looked after the offspring of tired mothers.

Students were in complete charge of the project and planned and carried out all the details. The convener was Bob Blair, Sc. '51, Bolton, Ontario.

Graduating Classes Entertained

Members of the graduating class of 1951 were the guests of the Board of Trustees at two Graduation Dinners held in Wallace Hall Feb. 15 and 20. Principal Wallace served as chairman at both functions and replied to the toast to the University. Other speakers included J. Alex Edmison, assistant to the Principal, who described the need of the University for alumni support, and H. J. Hamilton, alumni secretary, who outlined the operations of the General Alumni Association. The proper atmosphere for the occasion was established through the efforts of a quartette who sang several

songs from the Queen's Revue of recent years. A highlight of the programme was the toast to the University, presented at the first dinner by Ross McClelland, Arts '51, Leaside, Ontario, and at the second, by Bob Wheelan, Sc. '51, Toronto, Ontario.

Twelve Receive Tricolour Awards

For valuable service to the University in non-athletic, extra-curricular activities, twelve students have been named to the Tricolour Society this year: Miss Helen "Bubs" Benger, Arts '51, Port Arthur, Ont.; Pat Courage, Sc. '51, Port Colborne, Ont.; Jim Fogo, Sc. '51, Ottawa, Ont.; Doug Geiger, Med. '52, Toronto, Ont.; Alec McKinnon, Med. '52, Sudbury, Ont.; Bob Montgomery, Arts '52, Toronto, Ont.; Bruce Odell, Arts '51, Wellesley Hills, Mass.; Howard Sexsmith, Med. '52, Kingston, Ont.; Eric Toller, Arts '51, Ottawa, Ont.; Harry Walker, Arts '51, Moncton, N.B.; Bob Wheelan, Sc. '51, Toronto, Ont.; Frank Woodruff, Sc. '51, Ottawa, Ont.

Guild Presents "Harvey"

Before three capacity crowds, the Drama Guild presented the Broadway hit, *Harvey*, as the major production of the second term. Pete Macklem, Arts '53, Kingston, was outstanding in the role of Elwood P. Dowd. He was given strong support by Joyce Beggs, a freshette from Peterborough, Ont., in the role of his sister, Veta.

Here and There

Through the generosity of the Rector, Dr. L. W. Brockington, two Eagle-Lion films were shown to the students free of charge during February. They were

Passport to Pimlico and *The Perfect Woman* . . . Doug Dobson, Arts '54, Peterborough, Ont., has been elected president of the Jazz Club . . . Students in Politics took a trip to Ottawa in February, visiting a session of Parliament . . . The Science Formal deficit of \$215 has been met by a per capita levy of 27 cents on all Science students . . . Herb Ferguson, Sc. '54, Maxville, Ont., won the annual freshman piping contest, with Pete McClure, Med. '56, North Bay, Ont., a close second . . . The Queen's Symphony Orchestra, the Pipe Band, and the Madrigal Singers carried off top honours in their respective classes at the Rotary International Music Festival Competition at Kingston . . . Bob Crandall, Com. '51, Moncton, N.B., has been awarded a Lord Beaverbrook Overseas Scholarship by Mount Allison University. He will attend the School of Economics of the University of London . . . Dr. B. K. Sandwell, editor of *Saturday Night*, was the guest speaker at the Aesculapian Society meeting on February 23 . . . The Athletic Board of Control has an estimated surplus for the year of \$9,000. Most of this comes from the financially successful football season . . . The Alma Mater Society is facing

a possible deficit of \$2,100 for the year's activities . . . A regional conference of the Canadian University Press was held at Queen's during February, with five member papers represented . . . Dick Johnson, Med. '55, Windsor Ont., was the grand prize winner at the annual salon of the Queen's Camera Club . . . Amid the exotic trappings of the Far East, the Levana Formal was held in the Grant Hall on February 9. Miss Margaret Campaigne, Arts '51, Niagara Falls, Ont., was the convener . . . Ron McLaughlin, Sc. '51, Windsor, and Lloyd Kusak, Sc. '50, Blenheim, have been awarded Rotary International Fellowships valued between \$1800 and \$3000. Only six of these Fellowships are awarded for the whole of Canada.

Ontario Psychological Association Holds Conference At Queen's

QUEEN'S was host to the Ontario Psychological Association at its annual meeting held in the Students' Memorial Union on February 2 and 3. The conference was sponsored by the Department of Psychology and Dr. Julian M. Blackburn, Department head, was chairman of the conference arrangements committee. Queen's students who assisted Dr. Blackburn were Joseph Patton, Arts '50, Sombra, Ont.; William Nelson, Arts '51, St. Anns, Ont.; and Archie MacKinnon, Glammis, Ont. University speakers on the programme included Principal Wallace, J. Alex Edmison, Dr. Blackburn, Prof. Laura Bowyer, B. W. Henheffer, and Joseph J. A. Patton.

To Receive Honorary Degree

PROFESSOR of Canadian and colonial history and head of the Department of History at Queen's, Dr. Reginald G. Trotter has been named as one of three Canadian professors who will receive honorary degrees during the 500th anniversary celebrations of Glasgow University next June.

MARGARET CAMPAIGNE
Convener, Levana Formal

At the Branches

Monthly Luncheon Meetings Prove Successful In Toronto

THE Toronto alumni branch has continued its policy of holding monthly luncheons in downtown Toronto, to which speakers had been asked to speak on current topics. The meetings have been held on the first Tuesday of each month, and have been well attended.

Speakers who have participated in the programme this year and their subjects are as follows:

Dr. Gordon Bell, director of Shadow Brook Health Foundation Limited—"Orientation to Problem Drinking."

H. A. Mowat, member of the executive of the United Nations Association, Toronto branch—"Some Factors in the United Nations Crisis."

A. R. Haskell, general manager, Toronto Better Business Bureau—"Fighting Fraud in Business."

Dr. C. C. Goldring, director of education, City of Toronto—"Some Educational Moats."

H. G. Young, general manager, Western Area, Bell Telephone Company—"Some Problems of Microwave Transmission."

Dr. W. F. Lougheed, economist, Canadian Bank of Commerce—"Testing Time for Canadian Economy."

To Honour Principal

A testimonial dinner to Principal Wallace has been planned by the Toronto alumni branch on Friday, April 20. The event will take place in the Sheraton Room of the King Edward Hotel. A preliminary notice has been mailed out to the alumni in the Toronto area, asking them to make the occasion worthy of the man in whose honour it is being given. "Dr. Wallace retires this year, after fifteen years as Principal of Queen's University. It is indeed a privilege for us to be able to pay our respects to Dr. Wallace at this time," the notice reads.

The committee in charge of the luncheon programme consisted of N. M. Rogers, Arts '43, and N. E. Butler, Com. '30, as co-chairman; and W. D. Alford, Sc. '41, J. C. Ingram, Arts '28, and W. R. Richmond, Com. '47.

J. J. Harpell Guest Of Honour At Montreal Alumni Meeting

A DOCUMENT of historic interest was given to Queen's for the University archives by J. J. Harpell, Arts '01, Ste. Anne de Bellevue, Quebec, at a dinner held in the University Club in Montreal on March 1.

The document was a printed copy of the addresses delivered at a banquet in honour of Chancellor E. W. Beatty and Principal R. Bruce Taylor in Montreal on April 8, 1919, and given by the Queen's University Alumni Association of Montreal.

Speakers whose remarks are included in the brochure were Dr. John Macnaughton, Chancellor E. W. Beatty,

J. J. HARPELL

Karsh.

Principal Taylor, Vice-Principal C. E. Moyse of McGill, Mr. J. A. Woodward of the Trades and Labour Council, Lieut.-Col. R. W. Leonard, president of the Engineering Institute of Canada; Mr. W. C. Good, Canadian Council of Agriculture.

In making the presentation of the booklet, Mr. Harpell spoke in reminiscent vein of the occasion. He had been president of the Montreal group and chairman of the dinner, and he had many interesting stories to tell. He also recounted a number of anecdotes about his student days at Queen's, which the *Review* hopes to publish as an article.

Present at the dinner were the members of the Montreal Executive, Mr. J. B. Stirling, vice-president of the General Alumni Association, and J. A. Edmison and H. J. Hamilton, representing the University.

Prof. J. L. McDougall Describes Value of Railroads

THE railroads as a significant factor in the fuel development of Canada in war or peace was made the topic of an interesting address given by Prof. J. L. McDougall at the February meeting of the Kingston alumnae held in Ban Righ Hall.

Since the railways cannot pay their way and continue to give full employment, it is essential that money be spent to maintain their vital services, said the speaker.

"Canadians should not complain of having to pay for service without which the country could neither survive nor expand," said Prof. McDougall.

K. C. Alumni Given Instruction In Mysteries Of Curling

ON Friday, March 9, Kent County Branch held a stag at the Chatham Curling Club, with George Hood, Sc. '43, and J. H. D. Wilson, Sc. '22, acting as instructors. Eleven members from

Wallaceburg, Chatham, and Merlin tried the roaring game and declared it both amusing and interesting. Another "go" is planned for March 21. Plans for the election of new officers were made at that time and consideration is to be given to a mixed dinner and bridge in April.

Miss Marie Stock Addresses Hamilton Alumnae Branch

MEMBERS of the Hamilton alumnae branch spent a delightful evening at the home of Mrs. G. S. Otto (Irene Toole), Arts '15, 91 Balsam Ave. South, when Miss Marie Stock, Arts '26, assistant professor of Romance Languages at McMaster University, gave an informal talk on her trip to Europe last summer.

Miss Stock spoke most vividly of her impressions of France, Switzerland, and Italy, with special reference to Zurich, Switzerland, where she attended the International Conference of Federation of University Women.

The speaker was introduced by Miss Anne Smith, Arts '22. She was thanked on behalf of the meeting by Miss Evelina Thompson, Arts '38, president of the Hamilton alumnae branch.

Refreshments were served by the social committee, with Mrs. J. T. Cloke (Frances Hayward), Arts '41, presiding at the coffee table.—I. F.

Drama Guild Produces "Harvey" For Belleville Audience

UNDER the auspices of the Belleville and District alumni branch, the Drama Guild's production of the Broadway success, *Harvey*, was put on in Belleville on February 14 before an audience of eight hundred and was given an enthusiastic reception.

Commented the Belleville *Intelligencer*: "... they romped through the dizzy comedy like veterans. Out of thin air they managed to create a big white rabbit like magic, and by the end

of the first scene, Elwood P. Dowd's boon companion was a firmly established factor . . . For a first run, however, the production was amazingly impressive, and the illusion created by the players was brilliant."

Annual Meeting Postponed

Originally scheduled for April, the annual meeting of the Queen's University Alumnae Association has been postponed until early October. It will be held in London, Ontario.

Rev. A. M. Lavery Addresses Ottawa Alumni Meeting

AN immediate effort to "magnify the profession of teaching as a profession second to none in the service of God and man and to exalt the teacher as one who affects eternity" was called for by Rev. A. M. Lavery, University chaplain, at the annual dinner meeting

of the Ottawa branch. The meeting was held in the Chateau Laurier on February 7, with 150 in attendance.

Mr. Lavery told his audience that "a lofty idea of education must have a very high view of the teacher". He said that not enough was being done for the teachers of today. If Canada was to be led by men "who see life steadily and see it whole, who know their responsibilities under God and among men, there will have to be among us a far more profound appreciation of the importance of the teacher," he said.

Dinner was followed by an enthusiastic sing-song led by Miss Wilhelmina Dowler, Arts '49, with George Perrin, Arts '48, as cheerleader, and H. Gibson Caldwell, Arts '16, Com. '22, at the piano. After the sing-song, several solo numbers were rendered by Miss Allison Clark, accompanied by Mrs. Colin Clarke.

OTTAWA ALUMNI ANNUAL DINNER

Head table guests, front row, left to right: Miss May Burdett, Mrs. G. B. McGillivray, Mrs. Howard Ferguson, Mrs. W. C. Clark, Mrs. M. McHugh, Mrs. N. B. Davis. Back row: G. B. McGillivray, Dr. W. C. Clark, Howard Ferguson, Rev. A. M. Lavery, N. B. Davis, M. McHugh.

Presiding was the branch president, Norman B. Davis, Sc. '11. Head table guests included G. B. McGillivray, McGill Graduates' Society, and Mrs. McGillivray; Miss May Burnett, president Ottawa alumnae; M. McHugh, University of Western Ontario Alumni Association, and Mrs. McHugh; Howard Ferguson, University of Toronto Alumni, and Mrs. Ferguson; Dr. W. C. Clark, and Mrs. Clark, and Mrs. N. B. Davis.

Illustrated Talk On Queen's Given To Montreal Alumni

AN illustrated talk on "Queen's Through the Years" was given by J. Alex Edmison, assistant to the Principal, and H. J. Hamilton, alumni secretary, at the meeting of the Montreal alumni held in the Ritz Carlton Hotel on March 1.

As the old-time pictures were projected on the screen, comments from the crowd were invited. Of particular interest were the group pictures showing Alfie Pierce, and the pictures of some of the present members of staff.

Also shown were movies of some of the football games of the twenties.

In the business part of the meeting, John Corbett, Sc. '33, gave a report on behalf of the Quarterback Club. B. W. Burgess, Sc. '44, was in the chair.

Dr. Barbara Rooke Speaks On Rev. Edward Coleridge

A MEMBER of the Department of English at Victoria College, University of Toronto, Dr. Barbara Rooke, Arts '40, was the guest speaker at the March 6 meeting of the Kingston alumnae in the Ban Righ Hall Common Room.

Dr. Rooke spoke on the Rev. Edward Coleridge, nephew of the poet, Samuel Taylor Coleridge. For her material she drew on Edward's diary, written when he was a young man, and a notebook, *Biographia non Literaria*, written at Eton College in 1876. Further information came from letters to and from the

famous uncle, and from family recollections.

Miss Jean Royce, Arts '30, introduced the speaker. The branch president, Mrs. W. S. Brooke (Clara Farrell), Arts '24, was in the chair.

Montreal Alumnae Hold Annual Bridge Party

THE annual bridge party of the Montreal alumnae was held on March 12 at the N.D.G. Y.M.C.A. The alumnae turned out in force, wearing spring finery topped by pretty bonnets. The highlight of the evening was the distribution of door prizes by the president, Mrs. G. R. Woolsey (Florence Munro), Arts '22.

* * *

As a money-making scheme, the Montreal alumnae undertook to sell tickets in January for the production of "The Bridge", a Canadian drama by Joseph Schull, directed by Charles Rittenhouse. This play was presented by the Trinity Players in Trinity Memorial Hall. A Queen's theatre party was arranged for the evening of January 25. The play was excellent, and the evening was a social as well as a financial success.

* * *

The chicken dinner at the University Women's Club, scheduled for February 19, had to be cancelled as a result of the flu epidemic rampant in Montreal at that time.—I. D. R.

Lt.-Col. A. L. Brady Appointed To General Eisenhower's Staff

CANADA'S intention to fulfill her offer to send ground forces to Europe was underlined recently by appointment of a lieutenant-colonel as a staff officer at General Eisenhower's supreme headquarters in France. He is Allen L. Brady, Arts '40.

Colonel Brady enlisted with the R.C.A. in 1941, and served in North Africa and Italy with distinction. Twice wounded, he was awarded the D.S.O.

Alumni News

Births

Annis—On September 1, 1950, at the Ottawa Civic Hospital, to Dr. C. A. Annis, and Mrs. Annis (Margaret Fenton), Com. '39, a daughter.

Bennetts—On June 27, 1950, at Hamilton, New Zealand, to Mr. Paul Bennetts and Mrs. Bennetts (Katherine Archibald), Arts '40, a daughter.

Cameron—On March 6, in Montreal, to D. C. Cameron, Com. '46, and Mrs. Cameron (Anne Paynter), Arts '47, a son (Donald Alexander).

Corbett—In Grace Hospital, Ottawa, on February 17, to Nelson Corbett, Com. '29, and Mrs. Corbett, a son.

Delahaye—At the Kingston General Hospital, on March 10, to Dr. D. J. Delahaye, Med. '50, and Mrs. Delahaye (Mary Walker), Arts '49, a son.

Ellis—On February 14, at the Kingston General Hospital, to Major W. H. Ellis, Sc. '39, and Mrs. Ellis (Evelyn Brown), Com. '40, a son (Robert Roy).

Goldstein—On February 13, at the Ottawa Civic Hospital, to Dr. Arnold Goldstein, Med. '49, and Mrs. Goldstein, a son (Elliott Paul).

Johnson—On March 7, at the Ottawa Civic Hospital, to Dr. D. S. Johnson, Med. '47, and Mrs. Johnson, a daughter.

Lea—At the Ottawa Civic Hospital, on January 5, to Edgar R. Lea, Sc. '45 and Mrs. Lea (Marian E. Davis), Arts '47, a daughter (Stephanie Ruth).

Loney—On January 2, at the Weston Hospital, Weston, Ont., to D. E. (Ted) Loney, Sc. '50, and Mrs. Loney, a daughter (Christine Ann).

Macdonnell—At Windsor, Ont., on February 27, to Scarth Macdonnell, Arts '34, and Mrs. Macdonnell, a daughter.

Millikin—On February 21, at Sensenbrenner Hospital, Kapuskasing, Ont., to D. E. Millikin, Sc. '47, and Mrs. Millikin, a daughter (Brenda Louise).

Moulds—On September 3, 1950, to Dr. Godfrey Moulds, Med. '42, and Mrs. Moulds, a daughter.

Merritt—On March 10, at the Kingston General Hospital, to Dr. R. I. Merritt, Med. '50, and Mrs. Merritt, a son (Richard Isaac "Rickey").

Milliken—On February 23, at the Regina General Hospital, to R. A. Milliken, Arts '40, and Mrs. Milliken, a daughter (Laurie Taylor).

Murray—At the Kingston General Hospital, on March 14, to J. Lyman Murray, Arts '20, and Mrs. Murray, a daughter (Elizabeth Terry-Jane).

Nash—At the Private Patients' Pavilion, Toronto General Hospital, on March 2, to F. T. W. Nash, Com. '43, and Mrs. Nash, a son.

Neale—On February 16, at the Mountain Hospital, Hamilton, Ont., to R. R. Neale, Arts '49, and Mrs. Neale, a son (Robert Nelson).

Paynter—On February 13, in Montreal, to Austin Paynter, Arts '47, and Mrs. Paynter, a daughter (Mary Lynn).

Peart—On August 21, 1950, at the Ottawa Civic Hospital, to Dr. A. F. W. Peart, Med. '40, and Mrs. Peart, a son.

Phippen—On March 11, at the Private Patients' Pavilion, Toronto General Hospital, to Mr. John G. Phippen and Mrs. Phippen (Isabelle Malcolm), Arts '44, a daughter.

Porter—On February 19, at the American British Cowdray Hospital, Mexico City, to Mr. Arthur G. Porter and Mrs. Porter (Annette Fryer), Arts '43, a son (John Graham).

Picton—At the Kingston General Hospital, on February 27, to William Picton, Arts '49, and Mrs. Picton, a daughter.

Rabb—In Pontiac Community Hospital, Shawville, Que., on March 15, to Dr. H. R. Rabb, Med. '31, and Mrs. Rabb, a daughter.

Ramsay—On February 19, at Kitchener-Waterloo Hospital, Kitchener, Ont., to D. C. Ramsay, Arts '50, and Mrs. Ramsay, a son.

Scally—At the Ottawa Civic Hospital, on February 12, to R. J. Scally, Sc. '48½, and Mrs. Scally, a daughter.

Snook—On April 11, 1950, to Mr. J. W. Snook and Mrs. Snook (Dorothy Heartz), Sc. '46, of Truro, N.S., a son.

Stone—On February 9, in Paris, France, to J. H. Stone, Com. '48, and Mrs. Stone (Christine Berry), Arts '48, a daughter.

Webber—On March 4, at the Ottawa Civic Hospital, to Major M. H. Webber, Sc. '48, and Mrs. Webber, a son.

Marriages

Agnew—In First St. Andrew's United Church, London, Ont., early in March, Marion Pearl Young to William Herbert Agnew, Sc. '47.

Dunlop-Parkinson—On February 24, in Chalmers United Church, Kingston, Nancy Lilla Parkinson, Arts '46, to Dr. Harold Wallace Dunlop, Med. '43, Kingston.

Heeney—On February 17, in Queen Street United Church, Kingston, Patricia Margaret O'Shea to Delmer Arthur Heeney, Se. '50.

Hollinger—On September 23, 1950, Loraine Grace Snell to Dr. Donald Manley Hollinger, Med. '47. They are living at 609 Colborne St., London, Ont., while Dr. Hollinger is taking a year in biochemistry at the University of Western Ontario.

Large-Pratt—On September 6, 1950, in Grand Falls, Newfoundland, Esme Lenore Pratt, Arts '49, to William Large, Sc. '51. They are living at 188½ Union St., Kingston.

Leach—Recently in Trinity Anglican Church, Cornwall, Ont., Pamela Jane Morris to Dr. James Eldon Kerr Leach, Med. '44. They are living at 110 Gloucester St., Ottawa.

McCaffrey—In March, in the chapel of Grace Church-on-the-Hill, Toronto, Helen Emily McCaffrey, Com. '45, to Mr. Robert Frederick Ramin, of Williamsport, Pa. They are living in Toronto.

McGinnis—On March 10, in Kingston, Harriette Gardiner Folger to Thomas Alexander McGinnis, Sc. '08, Kingston.

McLaren—On September 16, 1950, in St. Paul's Episcopal Church, Englewood, N.J., Mrs. Charlotte Bertische Stimpson to Dr. Walter Wallace McLaren, Arts '99, retired professor of economics at Williams College, Williamstown, Mass. They are living in Pasadena, Calif.

Malloch—In St. Bartholomew's Church, Ottawa, on August 4, 1950, Frances Mary Malloch, Arts '39, daughter of E. S. Malloch, Sc. '10, and Mrs. Malloch, to Patrick Hampshire, of London, England.

Marcus—On December 2, 1950, in Agudath Achim Synagogue, Ottawa, Eileen Shirley Beiles to Dr. David Moses Marcus, Med. '50. They are living in Kingston.

Thomas—On March 3, in Morgan Memorial Chapel, Queen's University, Barbara Ann Olmsted to Herbert Edwin Thomas, Med. '56.

Viner—On March 11, in Agudath Israel Synagogue, Ottawa, Ruth Macy to Joseph Viner, Com. '48. They are living in New York City.

Deaths

Alderson—Internationally-known mining engineer, Willon Percival Alderson, Sc. '12, died in Bermuda on January 24, 1951, at the age of sixty-seven. After leaving Queen's in 1912, Mr. Alderson became general manager of the Motherlode Gold Mine Company, British Columbia, 1913-14, and then general superintendent of the Hollinger Consolidated Gold Mines Limited, 1915-16, after which he went into private consulting practice. Until last year he had been president and managing director of the Macalder Mines Limited in Kisumu, Kenya Colony, British East Africa. He had discovered the Macalder Gold Mines and organized Macalder Mines Limited, shortly after going to British East Africa, in 1933, where he was engaged extensively in exploring and big game hunting expeditions. He was at one time associated with Alderson and McKay, Incorporated, in Montreal, and with the Towa-

gamac Exploration Company Limited. Among the survivors are two brothers and three sisters.

Charters—Chief electrical engineer for the Windsor Hydro Commission and later the hydro division, Windsor Utilities Commission, Dalton Edmund Charters, Sc. '15, died in the Hotel Dieu Hospital, Windsor, Ontario, on August 25, 1950. He was sixty-one years of age.

Cope—Secretary-treasurer of A. Cope and Sons Ltd. of Hamilton, Ontario, one of Ontario's largest general contracting firms, Herbert Leon Cope, Sc. '32, was killed near St. Catharines, Ontario, on February 26, 1951, when struck by a light dairy truck. Mr. Cope was in St. Catharines to inspect a new trunk sewer project on which his firm was planning to make a bid. He is survived by his wife, two children, two brothers and five sisters.

Hall—A physician in Cornwall, Ontario, for almost twenty-five years, Claude M. Hall, Med. '20, died at his home on February 24, 1951. He had been ill for several months. Dr. Hall was house surgeon at Strathcona Isolation Hospital, Ottawa, for a short time after graduation and then practised at Lancaster and at Mountain Station before going to Cornwall. He is survived by his wife, one son and two sisters.

Hills—An honour graduate in medicine in 1898, Dr. Walter Henry Edward Hills, died at his home in Edmonton, Alberta, on January 31, 1951, at the age of eighty-four. He moved to the prairie provinces in 1912. During the First Great War he served with the Canadian Medical Corps and then took postgraduate work at Harley Street Heart Hospital, London, England. He is survived by his wife, one son, four daughters, a brother, and a sister.

Hutton—A general practitioner in Brantford, Ontario, Dr. Robert Lyle Hutton, Arts '05 (M.D. Toronto), died on January 30, 1951, at the age of seventy. Dr. Hutton practised in Rosthern, Saskatchewan, from 1906 to 1914. During the First World War he was a captain in the R.A.M.C., serving in Gallipoli and the Mediterranean area. In 1918 he did postgraduate work at Edinburgh University, becoming a Fellow of the Royal College of Surgeons. Returning to Canada, he started a practice in Brantford, where he was for many years coroner and chief surgeon for the Massey-Harris Company.

Kirkpatrick—A member of Arts '92 and a well-known insurance man in Kingston, Charles S. Kirkpatrick, died at his home on February 28, 1951. A native of Kingston, he opened his insurance and customs brokerage business on Clarence Street after taking his B.A. from Queen's in 1893. Surviving are his wife, a son, Clare (Arts '35) of Kingston, and a sister.

The Third Side To The Triangle

The flow of capital funds into useful employment is essentially the result of a triangular relationship.

On one side, the fiscal needs of a relatively few government and municipal bodies, private or public companies create the demand for such funds to advance their operations. On another side the supply accumulates in the hands of a great many individual investors and investing institutions who seek to employ it profitably.

Bringing the two together on mutually satisfactory terms—the third side to the triangle—is the function of this firm through the underwriting, marketing and distribution of stocks and bonds. For over thirty years this has been our business.

Macdonell—A former teacher in Glengarry County, John Alexander Maedonell, Arts '21, died in Alexandria, Ontario, on February 4, 1951, at the age of fifty-seven. After graduating from Queen's in 1921 he taught school for many years in the Glengarry district, resigning last year owing to ill health. Surviving are two brothers and seven sisters.

McKelvey—Orthopedic surgeon and a member of the Portland, Oregon, clinic since 1938, Dr. Gilbert Johnston McKelvey, Arts '30, Med. '32, died February 27 at Minneapolis, Minnesota, following an operation. Dr. McKelvey was born at Kingston, Ontario, in 1906, and was educated in the schools of that city. As a student at Queen's he was prominent in athletics, playing for the senior football and hockey teams. He was captain of the football team in 1931. He also held many executive positions, including membership on the Alma Mater Society executive. After graduation, he interned in Montreal. From 1934 to 1938 he filled several posts at Johns Hopkins Hospital, Baltimore, Maryland. He became affiliated with the Portland clinic in 1938. During World War Two he was an orthopedic surgeon in the army medical corps, with the rank of lieutenant-colonel. Dr. McKelvey was on the staffs at the University of Oregon medical school, Doernbacher Hospital for Crippled Children, and the Multnomah County Hospital and St. Vincents Hospital. He wrote numerous articles on orthopedic surgery for national medical journals. He belonged to many medical organizations and was treasurer of the Western Orthopedic Association and president of its Oregon chapter for 1950. Among the survivors are his wife, two sons, a sister, Mrs. O. A. Carson, and two brothers: Dr. J. L. "Red" McKelvey, Arts '23, Med. '26, and R. G. McKelvey, Sc. '32.

Reid—A widely-known legal expert and authority on international and constitutional law, Robert A. Reid, LL.B. '12, died in Toronto on February 18, 1951. He had practised law in Toronto for more than thirty years. Mr. Reid was a graduate of Dalhousie University as well as Queen's. His written interpretations of international and constitutional issues were closely followed by the legal profession. Surviving are three sisters.

Robertson—The former Ethel Georgene Minnes, Arts '99, wife of Prof. J. K. Robertson, head of the physics department at Queen's, died at her home in Kingston on February 8, 1951, after an illness of some months. After leaving Queen's Mrs. Robertson trained at the New York Presbyterian Hospital, and then worked in Montreal for a year. She was married in 1915 and had lived in Kingston ever since. Among the survivors is a daughter,

Ethel Lorraine Robertson, Arts '38, now at Cambridge University, England.

Taylor—Former principal of University College, University of Toronto, and professor of Oriental languages, Dr. William Robert Taylor suffered a heart attack and died in his sleep on February 24, 1951. An outstanding Bible scholar and an authority on the Old Testament, Dr. Taylor was presented with an honorary D.D. degree by Queen's in 1934. Among the survivors are his wife, a son, and a daughter.

1890-1899

Dr. F. C. Hagar, Med. '95, has re-opened his office at 7128 Sunset Blvd., Hollywood, Calif., for general practice. Dr. Hagar has been in California since 1924. He practised in Portland, Ont., for several years after graduation and later operated a private hospital in Ottawa for ten years before moving to the West coast.

Carol Grenfell, Mrs. G. E. Story (Edith Malone), and Mrs. H. L. Ströh (Amelia Brown), all of the class of Arts '98, recently held a reunion dinner in Los Angeles, Calif.

1900-1909

Dr. A. G. Curphey, Med. '07, has been appointed Honorary Colonel of the Jamaica Battalion, Headquarters Caribbean Area.

H. V. Finnie, Se. '06, has been president of Ampere Electric Limited, St. Catharines, Ont., since 1928. Before that he had been chief engineer for the Canadian Crocker Wheeler Company.

A. D. MacDonald, Arts '08, is on the staff of the T. Eaton Company, Limited, Winnipeg.

Dr. J. F. Ellis, **Dr. G. M. Reid**, and **Dr. Edward Sheffield**, of the class of Med. '03, are retired and living in Victoria, B.C. **Dr. William Workman**, of the same class, is also retired and living in New Westminster.

1910-1919

W. M. Armstrong, Se. '17 and '20, of the Canadian National Railways System, who since 1942 has been general manager of the Canadian National Telegraphs, was recently promoted to the position of assistant vice-president in charge of personnel. Mr. Armstrong entered the railway service as an assistant engineer with the Grand Trunk arbitration in 1920. Three years later he joined the bureau of economics of the Canadian National Railways and since that time has advanced steadily with the company.

Burton Asselstine, Se. '11, is district manager for the Commercial Oil Company Limited, Belleville, Ont.

Dr. W. J. Dunlop, Arts '12, who retires in July after thirty-two years as head of the Department of Extension, University of Toronto, was honoured on March 11 when approximately 350 men and women from the educational and business worlds gathered in the Great Hall of Hart House to pay tribute to his work and achievements. Dr. Sydney Smith, President of the University, was one of the principal speakers on the occasion.

J. W. Edwards, Arts '16, principal of the high school in Ridgetown, Ont., for many years, has been granted the honorary degree of Doctor of Laws by the University of Western Ontario in recognition of his contributions in the educational field. His school is recognized as one of the most progressive in the province.

D. E. Keeley, Sc. '10, has retired as superintendent of the McIntyre-Porcupine Mine, and is acting as a consulting engineer in South Porcupine.

Mrs. E. A. Naylor (Leita E. Arnold), Arts '13, has moved from Wheatley to Essex, Ont.

M. J. Rodden, Arts '14, Kingston, was bereaved by the death of his mother, Mrs. Bernard Edward Rodden, at Mount Forest, Ont., on February 12. She had just recently celebrated her eighty-ninth birthday.

Dr. E. L. Sabine, Arts '17 (Ph.D. Chicago), has retired from teaching at Ball State Teachers College, Muncie, Indiana, and is now living in Vineland, Ont., where he plans to do extensive gardening.

1920-1929

C. E. Appleyard, Sc. '24, is on the staff of the Collegiate and Vocational Institute in Kitchener, Ont.

R. A. Blakely, Sc. '28, Montreal has been appointed supervisor of administration planning for the Bell Telephone Company of Canada.

D. A. Cameron, Sc. '22, is with the Alliance Paper Mills Limited, Merriton, Ont., as control superintendent.

L. D. Clark, Sc. '29 and Mrs. Clark (Daisy Aspinall), Arts '27, have moved from Toronto to Easton, Penn., where Mr. Clark is assistant professor of mining engineering at Lafayette College.

Frances Evans, Arts '25, teaches in the high and vocational school in Timmins, Ont.

Kathleen Farlinger, Arts '25, is teaching in the collegiate institute in Brockville, Ont.

Harold McLeod, Sc. '24, chief of the mining, metallurgical and chemical branch of the Dominion Bureau of Statistics, has been given an acclamation as president-elect of the Professional Institute of the Public Service.

C. E. McLurg, Com. '29, is employed by the Algoma Steel Corporation Limited, Sault Ste. Marie, Ont.

Dr. A. N. Morphy, Med. '26, is Medical Director of the Mississippi State Board of Health with headquarters at Gulfport. He had formerly practised in Smiths Falls, Ont.

Dr. H. S. Murphy, Med. '28, practises obstetrics and gynaecology at 282 North Washington St., Falls Church, Virginia.

Dr. J. J. O'Reilly, Med. '24, Victoria, B.C., was bereaved by the death of his mother, Mrs. Edward O'Reilly, at her home in Toronto on February 24.

Mrs. A. L. Scace (Jean Simmons), Arts '26, Toronto, Mrs. Harold Evans (Bessie Simmons), Arts '28, Niagara Falls, W. N. Simmons, Sc. '36, and Gladys Simmons, Arts '32, Kingston, were bereaved by the death of their father, Mr. Andrew G. Simmons, of Kingston, on February 27.

J. A. Strong, Com. '26, has been appointed Canadian Consul-General at Boston. Mr. Strong joined the Trade Commissioner Service in 1927 and has served in Liverpool, England, Panama, Buenos Aires and New York. In 1947 he became Ambassador to Peru and in 1949 was given special duties at External Affairs headquarters in Ottawa.

**SPUN
ROCK
WOOL**

(Reg'd)

A resilient, long-fibered insulation made from molten rock. Proof against Fire, Vermin, Vibration and Corrosion. Recommended for cold-storage; sound-proofing and acoustical treatments; all industrial purposes up to 1000 F. Made in standard forms for home insulation; exported in bulk form.

Spun Rock Wool, Ltd.
THOROLD, ONTARIO

J. Buss, Sc. '19 C. R. Buss, Sc. '27

A. T. Jordan, Sc. '42, is mine superintendent, Wheat Julia Mine, O'okiep Copper Company, South Africa.

Henry Janzen, Sc. '48, is research assistant to Dr. J. A. Gray at Queen's and at present in charge of the operation of the new Synchrotron.

W. F. B. Kennan, Sc. '47, who joined the Canadian Blower and Forge Company, Kitchener, Ont., after graduation, later spending some time on a training course with the parent company, The Buffalo Forge Company, has been transferred to Vancouver as salesman under Mr. J. C. Thompson, representative of the firm in that city.

MORE CANADIANS EVERY DAY!

Plain and Cork Tip

W. J. Keough, Sc. '48½, is with Imperial Oil Limited, Sarnia, Ont.

T. J. Kew, Sc. '48½, is design engineer in the maintenance subdivision of the Ford Motor Company, Windsor, Ont.

Dr. D. W. Lim, Med. '47, is practising at Kelowna, B.C.

T. A. McLaren, Com. '49, has been employed by the General Motors Acceptance Corporation, White Plains, N.Y., since graduation.

Sylvia McNab, Arts '50, is assistant librarian at the Etobicoke Public Library, Toronto.

Lieut. F. J. McNaughton, R.C.E.M.E., Sc. '49, is stationed at MacDonald Camp, MacDonald, Man.

Dr. Melvin Malen, Med. '47, is senior psychiatrist at the Brooklyn State Hospital, Brooklyn, N.Y. He is also president of the Brooklyn State Hospital Psychiatrist Forum.

John Marshall, Arts '50, teaches in the high school at Shelburne, Ont.

D. N. Miller, Sc. '44, of the McColl-Frontenac Oil Company, has been promoted to lubrication engineer (selling) in Windsor, Ont.

Agnes Anne Miocich, Arts '51, is teaching in the high school at Cobden, Ont.

Rev. H. J. Miller, Arts '41, Theol. '43, of Sexsmith, Alta., is treasurer of the Alberta Conference of the United Church of Canada.

Dr. W. O. Murphy, Med. '46, is in general practice at Smiths Falls, Ont. He was formerly in Long Branch.

A. D. Moore, Sc. '45, is at present research assistant and graduate student at Stanford University, Calif.

J. R. Nixon, Sc. '49, is Ontario County Engineer with headquarters at County Buildings, Whitby, Ont.

Sybil Orr, Arts '47, who graduated from the Winnipeg General Hospital after taking

her degree at Queen's, and who later spent some time on the staff of the sanatorium at Fort San, Sask., recently sailed for Europe where she expects to spend a year visiting in England, Wales and on the Continent.

Dr. P. B. Percheson, Med. '43, has been with the Moose Jaw Clinic, Moose Jaw, Sask. since 1947. He is an anesthetist.

Terence Podolsky, Sc. '49, is in the Department of Geology, Massachusetts Institute of Technology, Cambridge, Mass.

J. G. Potter, and his wife, formerly Marjorie Howie both of Arts '41, recently moved to Toronto where Mr. Potter is now with Weather Information and Forecasts, Malton Airport.

Mary Potts, Nursing '49, has joined the staff of the Kingston Public Health Department. After leaving Queen's Miss Potts graduated from the Royal Victoria Hospital, Montreal, and spent some time with the Victorian Order of Nurses in Lachine.

D. E. Rivington, Sc. '48½, is doing post-graduate work at the University of Toronto.

Ian Robertson, Arts '50, and Mrs. Robertson (Eyre Heyniger), Arts '49, are now at Loomis School for Boys, Windsor, Conn., where Mr. Robertson is teaching history.

Dr. J. E. Ross, Med. '45, is doing post-graduate work in obstetrics and gynaecology at the Vancouver General Hospital.

M. K. Rukavina, Sc. '48, is town engineer at Kapuskasing, Ont.

J. E. Sampson, Arts '42, a Kingston lawyer, was recently elected president of the Kingston Young Progressive Conservative Association.

D. L. Seymour, Sc. '42, is in the Engineering and Construction Service of the Department of Citizenship and Immigration, Ottawa.

Elizabeth Stewart, Arts '48, teaches Latin and mathematics in the high school at Winchester, Ont.

AWARDED GOLD MEDAL

Presentation of a gold medal for "outstanding accomplishment to the nation" was made to Gen. A. G. L. McNaughton, LL.D. '41, by Col. L. F. Grant, B.Sc. '26, at the annual meeting of the Professional Engineers of Ontario.

“AND GLADLY TEACH”

A portion of an address by Norman Miller, Arts '10, to a group of Queen's graduates attending the meeting of the Ontario Educational Association in Toronto, March 28, 1951.

This is a family party and my remarks will have to do with our membership in the great family of teachers and, to a less extent, with our membership in the family of Queen's people. In this connection I have been recalling some of my own teachers and former high-school colleagues. I was fortunate in the teachers under whom I sat in the small four-teacher high school in the town of Aylmer. They gave me a liking for school and for the subjects which I studied there.

Particularly do I cherish gratitude to the teacher of English and modern languages. Her name was Gladys Story, a graduate of Queen's of the year 1901, trained under Cappon and Watson and Macgillivray. She made me like Shakespeare, Wordsworth, and Tennyson and she made me like French. One often hears it said that an intensive study of a play of Shakespeare destroys one's liking for the play. I did not find this true. If I were asked for a criterion by which to judge the value of a teacher's work, my yardstick would be, not what proportion of his pupils does he get through the final examinations, but does he make his pupils like the subject which he teaches. If he teaches Latin, do his pupils like Latin; if he teaches Algebra, do his pupils like Algebra? It is possible for a teacher to be effective in getting pupils through examinations in such a way that the reaction of the pupils when they are finished with the course is "Thank heaven, I will never have to look at that subject again". I believe that Miss Story made most of her pupils like the subjects she taught.

Many years later, in conversation with the late Dr. Rogers, then Deputy Minis-

ter, I remarked that I was fortunate in my teacher of English in school, Gladys Story. He replied: "You may well think yourself fortunate; she was one of the best teachers in the province". Before coming to Aylmer she had taught in Dutton, where one of her pupils was the late Minister of Education, Duncan McArthur, who always held her in very high regard. She finished her career in the Humberside Collegiate Institute in Toronto. Incidentally, I think Miss Story may have had something to do with Duncan McArthur's going to Queen's as well as with my own.

To pursue further this case of study of teaching, let me refer to some of your former teachers at Queen's. At the time of our centenary ten years ago a volume was prepared called *Some Great Men of Queen's*. To the six names in this book—Grant, Watson, Cappon, Dupuis, Jordan, and Shortt—you will mentally add others of your own teachers. I have asked myself what, if anything, was characteristic of most of the outstanding teachers of Queen's in the first century of her history. Was it their scholarship which made the greatest impression, or the brilliance of their lecturing, or the liberalism or cosmopolitanism of their views? As I mention each of these qualities, some name will probably come to your mind of one whom you associate with the quality named. To my mind, however, the most pervasive characteristic of the staff during the first hundred years was a less spectacular and more human one. It was the recognition that they were dealing with human beings, moulding human character, and passing on the spark of enthusiasm for the things of the human

spirit. It is in this light that I judge a man like Dupuis, who was my own teacher, Dean Goodwin, A. P. Knight, MacClement, Matheson, W. C. Baker, to mention only a few examples from those who are gone. And it is for this reason that I accord them a high place in the annals of Queen's.

One hears and reads much discussion nowadays about the decline of the humanities in modern education. It seems to me, however, that humane studies are more a matter of the teacher than of the subject. Goodwin's teaching of Chemistry, MacClement's teaching of Biology, and Jordan's teaching of Hebrew were humane studies as well as Cappon's teaching of English and Morison's of History. Moreover, the idea of education as an opportunity for service, which these men not only taught but exemplified by their own work, is surely a part of the explanation of the fact that Queen's has contributed so many members to the teaching profession, as well as of the loyalty which we claim to be a feature of our heritage. (I was told that a certain graduate of another university, whose wife was a Queen's graduate, gave it as his observation that Queen's was not a university, it was a disease. Making allowance for the figure of speech, I think we may accept the compliment and I believe that the disease is still epidemic at Queen's and that students continue to catch it during their four years in Kingston.)

This same human quality of the staff accounts in part for another characteristic in which Queen's may claim to be almost unique among universities—the complete absence of Greek-letter fraternities. Whether or not these fraternities serve a useful purpose in other institutions in which they exist, I am not disposed to argue. But the fact is that Queen's students have never been willing to tolerate bonds which place some students at a disadvantage compared with others, and which run the

risk of replacing or diminishing the bond which makes all Queen's men one fraternity. As you probably know, a student on his first registration now signs a card to the effect that he will not become a member of any externally affiliated fraternity.

In the early days of Queen's—say until about 1910—a major function of the Arts faculty was the training of teachers. With the development of the country and the demand for services brought about by this development and by two world wars, this is no longer the case. For one thing, there has grown up in the Arts faculty a department of Commerce, giving its own degree, and this has proved attractive to a large number of students. Graduates in Arts are now competed for by industry, by the government services, the defence services, the insurance companies, the graduate and professional schools, as well as by teaching. It is also to be remembered that, since 1910, other universities in Ontario have expanded their Arts faculties and have entered the teaching field in larger numbers.

Those of us who have at heart the interests of the teaching profession as well as of Queen's are anxious that a fair number of our students of the right quality should take up teaching as a career and should eventually be your successors in the schools of the province. In this connection a bit of team work seems to be called for—on your part to direct to us students with ability and enthusiasm, and on our part to put before these same students when they graduate the opportunities and the challenge of a career in teaching. In connection with the guidance of students toward teaching, I have often wished for a more desirable publicity for our profession in the public press. Except during Education Week, the main items concerning teachers which are featured in the press have to do with strikes or disputes between teachers

and school boards in one city or another. It might be a worth-while activity of the Teachers' Federation to publicize the fact that relations between teachers and school boards are, by and large, marked by harmony and co-operation.

It is important for those of us who are advising students regarding a career to be clear as to what the real rewards of teaching are. Fortunately the financial rewards are becoming more adequate but it is not my purpose here to emphasize this aspect. For you all know that there are other rewards. I sometimes think that of all professional persons the teacher, when he comes to retirement, has the most enduring satisfactions as he passes in review the years of his work and the generations of students whom he has known and taught. Any teacher who has watched the glow come over the face of a pupil as his mental horizon enlarges and some little fragment of the world's experience falls into its proper place in his mind knows the satisfaction of which I speak. Who, more than the teacher, has the right to say, with Ulysses, "I am a part of all that I have met".

You may object that I am idealizing our profession and that by far the greater part of our work is routine and humdrum. We cannot always live on the heights. But surely the measure of a teacher is his ability to suffuse even routine work with the romance of discovery, of pushing into the unknown sea "whose margin fades forever and forever when I move". "Nothing in education" said Henry Adams in his autobiography "is so astonishing as the amount of ignorance it accumulates in the form of inert facts". This is the challenge of teaching—to make education something very different from an accumulation of inert facts. The danger to a teacher is not that he may often fall short of his ideal—we all do that—but that he may lose sight of his ideal

and be content to carry on his work on the low level of drudgery.

Rules of grammar and formulas of algebra contribute their quota to the vision which we try to call up in the minds of our students but we must not lose sight of the vision and think only of the rules. It is of course necessary frequently to emphasize the duty and the necessity of patient and persistent endeavour:

Does the road wind upward all the way?

Yes, to the very end.

Does the journey take the whole long day?

From morn to night, my friend.

But there are also times when, forgetting duty, we can rely on what Wordsworth called "the genial sense of youth" and make our appeal for the pure joy of learning and discovery and such moments are to be prized above all else. If these moments seem to you to be disappointingly rare, I give you this bit of consolation. It is a remark which I came across in something of Sir Richard Livingstone's to the effect that "the most important results of a good teacher's work are those that he is never likely to see".

In speaking some time ago to a group of teachers of mathematics, I had occasion to mention the role of the teacher, as I do now. It will simplify my task to quote a paragraph or two of what I said to them. The source of the quotation will explain the reference in it to mathematics.

Felix Klein (an eminent German mathematician and educational reformer) is responsible for the statement that teaching is a function of two variables, the subject and the pupil. This dictum implies an ideal teacher. In this imperfect world I would add a third variable, the teacher. What does the pupil remember from his mathematics courses after twenty years? One answer, whether we like it or not: he remembers us, his teachers. How often

does it happen that, when adults reminisce about their school days, their talk is mainly of their teachers! How important, then, that the impression made by a teacher's personality should be such as to impress the importance and dignity of his subject and its value as a part of our cultural heritage! Whether the residue in the adult's mind from his study of mathematics has associations which are pleasant or unpleasant, inspiring or dull, depends, as much as anything, on the personality of the teacher.

I have just referred to one great teacher. I refer now to another. When his pupil, anxious to arrive at the value of what he was learning, demanded: "What do I get from learning this?", the teacher told a servant: "Give him a penny since he must make a profit from what he learns". There is a moral in this story but I have never thought that this impatient answer was given in one of Euclid's most inspired moments. A greater teacher than Euclid gave a more significant answer. His disciple also was in a hurry to grasp the core of his teaching and demanded: "Show us the Father and it sufficeth us". You remember the answer; it illustrates my point about the importance of the teacher and his personality. The answer was: "Have I been so long a time with you and have you not seen the Father?".

NINE MEMBERS ELECTED TO UNIVERSITY COUNCIL

Four new members and five retiring members were elected to the University Council in the annual elections which closed on March 31. These Councillors will hold office until 1957.

The new members elected by the graduates are: Judge Walter Little, Arts '28, North Bay, Ontario; James A. Richardson, Arts '43, Winnipeg, Man.;

J. A. Hannah, Arts '26, Med. '28, Toronto, Ontario; and J. R. Matheson, Arts '40, Brockville, Ontario.

Re-elected members are: J. E. McAskill, Med. '14, Watertown, N.Y.; C. D. Wight, Sc. '28, Ottawa, Ontario; Anne Sedgewick, Arts '37, Ottawa, Ontario; E. M. Patton, Com. '26, Montreal, Que.; and Mary McCallum, Arts '16, Smiths Falls, Ontario.

THELMA-ANNE McLEOD AWARDED MARTY MEMORIAL

Thelma-Anne McLeod of Regina, Saskatchewan, has been awarded the \$1,400 Marty Memorial Scholarship by the Queen's Alumnae Association, it has been announced by Dr. Mildred Nobles of Ottawa, award committee chairman.

MISS McLEOD

The scholarship is awarded to a woman graduate of Queen's who holds the Master of Arts degree, and is for further graduate study in any field.

Miss McLeod graduated from Queen's in 1950, with an honours B.A. in English and History. She is presently taking post-graduate study at Bryn Mawr College.

She intends to continue her studies in English literature, leading to the Ph.D. degree, her special field being the eighteenth century, with particular reference to critical theory. This work will be a continuation of the study she is making this year of criticism of Restoration comedy in the *Tatler* and the *Spectator*.

Miss McLeod is a sister of the late Squadron Leader H. Wallace McLeod, D.F.C. with bar, D.S.O. At the time of his death he was second-ranking Canadian ace, having destroyed twenty-one planes in the Second World War.

NEW BUILDING ERECTED FOR TECH SUPPLIES NAMED IN HONOUR OF DR. A. L. CLARK

The "Old Mill" or "Tech Supplies" as it has been known more recently, has finally disappeared. It was torn down this fall, and in its place is now rising a traditionally Queen's limestone building, Clark Hall. The new building, named after Dr. A. L. Clark, Dean Emeritus of the Faculty of Applied Science, will house Tech Supplies and the Science Club Rooms.

The official opening of the new building is to be on October 13, the week-end of the McGill-at-Queen's Football game and it is hoped that the Science years will be persuaded to hold their reunions on this week-end.

One large, bright room, with twelve huge windows and two entrances, the new store will be a great improvement over the old. The counter, instead of running from end to end of the store, will curve about six feet from the north wall to give more room. It will also contain a 15-foot glass show case opposite the front door. Instead of the improvised frame book-shelves of the old Tech Supplies, the new store will contain regulation dark green steel shelves standing at right angles to the counter, with storage space beyond.

A. M. Bradburn, who has managed the store since 1929, is to come into his own with a large office and new furniture. However, the greatest innovation is to be a lounge for the girls who work in the store. They certainly deserve it.

The new Science Club Rooms on the second floor of Clark Hall, including a lounge approximately 41 feet by 28 feet, office, committee room, study, ping-pong room, and a room for the Ham Radio Club, should be modern, bright and comfortable. Eaton's of Toronto, who did the Students' Memorial Union, have been asked to decorate them. They should be a vast improvement over the dingy lounge and ping-pong room situated behind the old Tech Supplies, and containing little besides a few hard chairs, a table, a radio and a magazine rack.

How to finance their new project is the problem of the undergraduate engineers! Clark Hall is a gift to the University from the Engineering Society but Society funds cannot cover the cost of decorating the Club Rooms. Six thousand dollars is required for this purpose. Science '51 has promised \$1,000, and there will be a levy on all Science undergrads next fall. The boys are hoping that some kind alumni will surprise them with the remaining amount.

Clark Hall will be a far cry from the "Book Store" opened in a room in Fleming Hall in 1909. Professor G. J. Mackay gave us the history of the store in an article in the Engineering Proceedings of 1935.

The "Book Store", known for many years as the Technical Supplies Department,

began business in a small way in the fall of 1909. For a number of years it was under the direction of a succession of student-managers. This lack of continuity in management proved so unsatisfactory that the undertaking went from bad to worse and by 1920 was insolvent.

Something drastic had to be done. The Service Control Committee was organized by the Engineering Society. It was constituted much as it is at present. This Committee engaged a permanent manager. The Service Control Committee as it is now constituted comprises the following members: Chairman—the Dean; Staff—two professors; Secretary—Secretary of the Engineering Society; Fourth Year—President and First Vice-President of the Engineering Society; Third Year—Second Vice-President of the Engineering Society, and one other student; Second Year—one student.

The first permanent manager of the "Book Store" was Mr. G. C. Monture, Sc. '21. Mr. J. S. McDonell followed him until 1929 when Mr. A. M. (Brad) Bradburn took over and has given efficient service ever since.

When Mr. Monture was appointed manager, the "Book Store" was conducted in a room in Fleming Hall. It was subsequently shifted about at brief intervals from pillar to post; a room in the Old Medical Building, until that building went up in smoke; a narrow space under Convocation Hall, in the Old Arts Building; a room in the basement of Carruthers Hall, until that was required for laboratories; then its own little building across the driveway from Nicol Hall, until that became an eyesore beside the stately Miller Hall; and finally it reached the "Old Mill", the building which has just disappeared.

In April, 1946, it was felt that the University would soon be tearing down the Old Mill and that plans should be started for a new building. A Building Fund was established from the profits of the store over a number of years. In March, 1949, the Service Control Committee asked permission to erect a new building on the site of the Old Mill. A sub-committee was appointed to meet with the Building Committee of the University, but the proposal to build on the site of the old store was not favourably received. Tentative plans were drawn up for presentation

to the architects, who were requested to submit two preliminary sketches, one of a building of 80,000 cubic feet, two storeys high, the other of a building of

TEARING DOWN THE OLD MILL

100,000 cubic feet. The smaller building was decided upon, and this was approved by the Board of Trustees.

The site committee of the University proposed that the building be placed in front of the Jock Harty Arena, but as close to the Hydraulics Laboratory as possible. The sub-committee of the Service Control Board were opposed to this since it was felt that the beauty and architectural possibilities of the structure would be lost. It was finally decided to build back of Fleming Hall, with the front of the building facing the Gordon Hall wing. Tenders were called for the middle of July. All bids were well in excess of the amount stipulated by the Service Control Committee. It was decided to postpone construction for one year.

In December, 1949, the Service Control Committee again asked permission of the Board of Trustees to build on the site of the old store. In March, 1950, this site was approved by the Trustees and tenders were again called. In September, 1950, the tender of M. Sullivan and Son was accepted. The final cost is expected to be in the neighbourhood of \$95,000.

Clark Hall will be a gift to the University from the Engineering Society. A Queen's crest is to be engraved in stone above the front entrance to the

building and four plaques are to be placed on the outside wall depicting engineering education and practice.

\$100,000 GIFT PROVIDES CHAIR IN PSYCHIATRY

A gift of \$100,000 from the will of the late Mrs. D. W. Stewart has been announced by Principal Wallace. The gift will establish and maintain the Stewart Chair of Clinical Psychiatry.

In the announcement, Dr. Wallace said: "Mrs. D. W. Stewart of Renfrew, Ontario, who died in January, 1950, left provision in her will for the establishment of a fund of \$100,000 to be known as the Stewart Fund, the net income from which was to be used to establish and maintain a chair to be known as the Stewart Chair in Clinical Psychiatry. It was hoped the facilities which the Department of Health of Ontario has in this district would be available to the occupant of the chair.

"Mrs. Stewart had for several years before her death paid to Queen's the interest on this fund for the support of psychiatric teaching in this area, and in close co-operation with the Ontario Hospital and the Mental Health Clinic. This has given great stimulus to the teaching of psychiatry at Queen's. The agreement has now been completed for the transfer of the fund to the University, and it is a fitting time to make acknowledgment of this very generous gift."

Receive Guggenheim Awards

Three of the nine Canadians named as winners of 1951-52 fellowships awarded by the John Simon Guggenheim Memorial Foundation have a Queen's connection: Dr. Joyce Hemlow, Arts '38, assistant professor of English at McGill; Dr. E. G. Berry, Arts '36, associate professor of classics, University of Manitoba; Dr. H. E. K. Henel, professor of German at the University of Wisconsin and formerly of Queen's.

NEW SALARY SCALE ANNOUNCED FOR STAFF

Announcement of a new and higher salary scale for members of the University teaching staff and senior administrative officers was made recently by the executive committee of the Board of Trustees.

Under the new scale, heads of departments receive \$6,000 to \$6,500 a year or over in individual cases; deans of faculties receive \$1,000 additional; professors, \$5,000 to \$6,000 and over in individual cases; associate professors, \$4,250 to \$5,000; assistant professors, \$3,500 to \$4,250; and lecturers, \$2,000 to \$3,500.

The announcement was accompanied by a statement: "The executive of the Trustees of Queen's University, at a recent meeting, decided that the salaries of teaching and senior administrative staff be increased by \$500 (absorbing the bonus of \$10 per month) as from Jan. 1, 1951, except in the case of recently appointed members to whom smaller increases were given. This action was taken to meet the increased cost of living. Recommendations as to annual increases and promotions would be made to the Trustees in the individual cases, as heretofore, at the regular time."

To Use Carnegie Grant of \$6,000 For Mathematics Library

A grant of \$6,000 has been made by the Carnegie Corporation of New York to Prof. R. L. Jeffery, head of Queen's Department of Mathematics. The grant will be used over a three-year period to obtain back numbers of mathematical periodicals and to strengthen Queen's mathematical library for inter-library loan service. This is part of Professor Jeffery's programme to make Queen's the headquarters for mathematical research during the summer months.

PATRICK ANDERSON MACDONALD

SENIOR QUEEN'S GRADUATE DIES AT AGE OF 94

For many years head of the seniority list of living Queen's graduates, Patrick Anderson Macdonald, Arts '76, died in Misericordia Hospital, Winnipeg, Manitoba, on April 3. He was ninety-four years of age.

Mr. Macdonald was born in 1857 at Gananoque, Ontario. His early education was received in the model school of Toronto and in the grammar schools of Gananoque and Kingston. He obtained the degree of Bachelor of Arts from Queen's in 1876.

After four years in the study of law, Mr. Macdonald was admitted to the bar of Ontario in 1880. In the same year, he left his native province to go to Winnipeg, and was admitted to the Manitoba bar. In his early private practice he was associated with several prominent barristers of the time.

Mr. Macdonald was appointed referee and master of the Court of King's Bench in 1888, and continued this service for a number of years. Later, he was made a police magistrate.

In 1908 he was appointed chairman of a board of conciliation to adjust differences between the Canadian Pacific Railway and the machinists of the company and other workmen.

In 1915, he was named by the Norris Government as the public utilities commissioner in Manitoba to succeed Mr.

P. A. MACDONALD

Justice H. A. Robson. That post he held for six years. In 1922 he retired to private life.

Mr. Macdonald maintained an active interest in sports throughout his lifetime. As a student at Queen's he played on the football team. He is credited with having drawn up a set of regulations which made it possible for Queen's to play Varsity, which had not been possible before because of the lack of uniformity.

Mr. P. A. Macdonald

Mr. P. A. Macdonald was the kind of man whose ideas and way of life symbolized much that is good and enduring in the community.

He was a true type of the pioneer Scotch stock in eastern Ontario—erect of body and clean of limb, strong of mind and firm in principle. He arrived here in the early 1880's when Winnipeg was emerging from its role of pioneer hamlet and fur-trading post to become a large business centre serving the rapidly growing west.

The young lawyer possessed qualities suited to a pioneer community. He had a highly original and constructive mind and a capacity for hard work which soon earned him a high place in the community. His colleagues knew him as a young man of shrewdness. Worldly wisdom was not lacking in his judgments, but he was firmly straightforward, a quality that earned the respect even of opponents. Perfectly loyal to his friends, he held throughout his lifetime their deep affection.

—Winnipeg Free Press.

He was the founder of the Assiniboine Curling Club in Winniipeg. He is said to have brought the first hockey stick to Winniipeg and he helped to form a hockey club from which later developed the Victorias and Winniipeg hockey team.

Canoeing, cricket, and golf also shared in his enthusiasm. He was one of the founders of the Winniipeg Rowing Club and was later honoured with a life membership.

While at Queen's, Mr. Macdonald was instrumental in establishing an officers' training course. When the rebellion of 1885 broke out he immediate-

ly volunteered and served with the cavalry.

At the time of his death, Mr. Macdonald was a member of the honorary advisory board of the Canadian National Institute for the Blind and a life member of the Board of Governors of the Winniipeg General Hospital.

The funeral was held on April 5. Rev. Hugh McLeod, Arts '18, LL.D. '43, officiating. One of the honorary pallbearers was Dr. D. H. Laird, Arts '98, LL.D. '45, and Dr. Edmund Berry, Arts '36, was an active pallbearer.

Among the survivors are a daughter and a son.

Valuable Notebooks Added To Medical Archives

At the instigation of Dr. Dennis Jordan, Arts '08, Med. '10, Brigadier Douglas H. Storms of Toronto has presented to the Douglas Library for the medical archives two notebooks compiled in 1885-86 by his father, Dr. Douglas G. Storms, a graduate of '86 from the Royal College of Physicians and Surgeons affiliated with Queen's University.

The first book includes lecture notes on Obstetrics from October 7, 1885, to February 8, 1886; the second contains notes on Gynecology from October 30, 1885, to February 19, 1886. Both are exercise books measuring 6½ inches by 8 inches, bound in boards, and containing about 200 ruled pages. The handwriting is clear, and the ink only slightly faded. An index is supplied to the notes on obstetrics.

When Dr. Storms was a medical student there were eight doctors on the faculty under Dr. Fife Fowler as President. The Professor of Obstetrics and Gynecology, whose lecture notes Storms transcribed, was Kenneth F. Fenwick, M.A., M.D., M.R.C.S., an oil portrait

of whom now hangs in the Old Arts Building. The notes are historically interesting as they indicate the most advanced medical theory and practice of sixty-five years ago. Much of what was then taught still remains standard practice, but even a layman suspects something old-fashioned in the prescription for insane patients after childbirth: "Give hot whiskey to cause sleep"!

"To Dr. Jordan and Brigadier Storms, the Library is indebted for these two interesting relics of the past," says H. P. Gundy, librarian.

Three Graduates Hold Reunion In Hotel Room In Australia

A small but select reunion was held recently in Room 609 of Menzie's Hotel, Melbourne, Australia, when O. R. Woermke, Sc. '39, D. L. Rigsby, Sc. '40, and D. J. Appleby, Sc. '41, managed to meet together briefly. They had flown the Pacific with Canadian Pacific Airlines, touching at San Francisco, Honolulu, Canton Island, and the Fiji Islands. Woermke and Appleby returned by the same route but Rigsby continued on around the world to England, and back across the Atlantic.

Introducing the staff

DOUGLAS S. ELLIS

By Julia Ettinger, Arts '47

“DOUG” S. ELLIS was born in Cobourg, Ontario, on March 16, 1885, and moved to Kingston in 1893 when his father became Principal of the Kingston Collegiate Institute. He remembers when the only buildings to be seen at Queen’s were the present Principal’s Residence and the Old Arts Building on the lower campus; and an old drill shed on the upper campus, approximately where the chemistry building now stands (on what was then military property). And he remembers Alfie Pierce when he first became mascot of the Queen’s teams. “Doug” entered Queen’s in 1903, graduating with an honour B.A. in mathematics in 1907, an M.A. in 1908 and a B.Sc. in Civil Engineering in 1910.

In his book, *The First Fifty Years*, Dr. A. L. Clark says,

D. S. Ellis, was demonstrator in physics when I came to Queen’s in 1905 and I remember the impression of him that I formed at that time. He never fumbled. His physics labs were always clear and correct. This has remained unchanged as the years have passed. After graduation in Arts he was lecturer in mathematics for a few years. When Macphail left with his Field Company, Ellis was asked to take over classes in civil engineering. This work he carried on for a few weeks, when he was called with Malcolm to take the second contingent of Engineers to Ottawa for training before proceeding overseas. After the war, he was given leave of absence to attend Cornell Graduate School. He then returned to Queen’s fully committed to the Civil Engineering Department. He immediately began to develop the work in hydraulics, in an old tumble-down building beside the new power plant on the water front. This building had one very great advantage, an unlimited supply of water, right at hand. Indeed this water seemed to be on the point of swallowing up the building, so insecure were the foundations. When the

new gymnasium was built, hydraulics was moved in 1931 to the basement of the old gymnasium.

With the exception of Professor J. K. Robertson (who retires this spring), Dean Ellis has been lecturing at Queen’s longer than any other member of the staff.

“Doug” was one of the original members of the Fifth Field Company established at Queen’s in 1909 for undergrads. He was Major in command of the Company from 1921-1926, when he became Lieutenant-Colonel in command of the 3rd Divisional Engineers.) These men made up two sections or half of the Sixth Field Company of Engineers which arrived in France in September, 1915, with Doug Ellis as Captain and second in command. “Ed” Baker, now head of the National Institute for the Blind belonged to this company. When a bullet blinded him, Captain Ellis was one of the men who brought him out.

That Captain Ellis’s work with the Sixth Field Company was appreciated is shown in a letter taken from Karl Weatherbe’s book *From the Rideau to the Rhine and Back*:

20th April, 1916

M. S. Mercer, Maj-Gen.

Cmdg. 3rd Canadian Division

C.R.E.

2nd Canadian Division,

On the departure of the 6th Field Co., C.E. from this Division to rejoin you, I should like to let you know how much the work of all their officers and men is appreciated. When they came to us, there was a tremendous amount of work to be done and all the engineering in the whole division front fell to the 6th Field Co., C.E., to whom it was only possible to give the assistance of troops more or less untrained in the work they were to do. In spite of this they carried on the work without a

hitch and left the line in an infinitely better condition than they found it. The past month has been a very strenuous period for all ranks of the 6th Field Company but they all showed themselves most anxious to do their best and always with a good grace, in spite of all troubles. Every man considered the work before himself.

To Major Malcolm and Captain Ellis I am particularly indebted for the assistance they gave me personally in organizing the work for the first time in this Division.
20th April, 1916.

T. V. Anderson,

Lieutenant-Colonel,

C.R.E. 3rd Canadian Division.

In February, 1917, Captain Ellis became Major Ellis, first in command of the 6th Field Company. In 1917 and 1918 he was mentioned in dispatches; and in 1918 he was awarded the D.S.O. For a year after the war he remained in England as Brigade Major attached to Headquarters Units, and as Chief Instructor of the Canadian School of Military Engineering, during which time he was raised to the rank of Lieutenant-Colonel.

He returned to Queen's in 1919 along with Bill Wilgar, Sandy Macphail and Lindsay Malcolm—"the four colonels". They all belonged to the Civil Engineering staff. Wilgar, Macphail and Malcolm all picked up their work as professors while "Doug" Ellis applied for leave to attend Cornell University for a year where he took his M.C.E. He then returned to Queen's. In 1941 he became head of the Civil Engineering department and in 1943 Dean of the Faculty of Applied Science.

Just before Dr. A. L. Clark retired as Dean of the Faculty of Science he was called into the Principal's office to suggest a successor to himself. He mentioned "Doug" Ellis as his main choice. Leaving the Principal he bumped into "Doug" Ellis and had a chat with him about it. Dr. Clark told him that he would have to learn to control that temper, and the reply was, "Temper! I haven't a temper." It is one of the things for which he is most noted. When people speak of Dean Ellis they always grin and say, "Of course, you know he

has a quick temper, but flaring up quickly it is over almost immediately and it covers a heart of gold." Time and again he has flared up at a student for doing some idiotic thing and then has turned around and helped him out of the scrape. That gruffness is one of the first characteristics that becomes apparent and it is one of the characteristics which endears him to his friends.

His elder son describes his life in this way,

Consulting Work:

- (a) Chairman of the Board on the Strait of Canso Crossing.
- (b) Has done consulting work in Hydraulic Engineering for the Ontario H.E.P.C.

Home Life:

- (a) Hobbies: wood working
metal working
amateur astronomy
painting.
- (b) Foibles: talking to himself when preparing a speech.

Pride and Joy:

The reputation of Queen's engineers throughout the Dominion.

As a consulting engineer Dean Ellis worked for the Ontario Hydro Electric Power Commission for a number of years and then for the Ontario Government

D. S. ELLIS

on a hydraulics study in connection with the Moira River. During World War II he was a member of the War-time Bureau of Technical Personnel, a job which took him to Ottawa approximately once a week. And for the last two years he has been chairman of a Board of three engineers appointed by the federal government to study the most effective means of crossing the Strait of Canso from the northern tip of Nova Scotia to Cape Breton Island. Dean Ellis has built a working model of the strait and the surrounding terrain in his laboratory.

Of his hobbies one can discover very little. There are two interesting table lamps in his office as examples of his wood working ability. A number of people have mentioned the telescope that he has built himself, even grinding his own lenses. And he loves to paint. When he was ill in the hospital he occupied a room which Dr. Orr had just left and because Dr. Orr liked the scene from the window, Dean Ellis did a painting of it.

To "Foibles: talking to himself when preparing a speech", Dean Mackintosh has added that Dean Ellis does not enjoy listening to speeches. He is always agreeable to a dinner—"as long as there are no speeches."

At the mention of the Dean of the Faculty of Science those engineers, who are his "pride and joy", recall with a friendly grin the picture of a heavily-built, white-haired man with a strong mixture of intelligence, understanding and kindness written in the lines of his face, and a definitely choleric temperament.

Postgraduate Course Held

The Department of Obstetrics of the Faculty of Medicine recently held a postgraduate course which was attended by eleven doctors of the Windsor area, headed by Dr. R. B. Robson, of Walkerville.

Filmstrip Premiere Features Luncheon Held For Teachers

World premiere of the filmstrip, "The University Way," was a feature of the luncheon held in Malloney's Art Gallery in Toronto on March 28. The luncheon was put on for the Queen's graduates among the secondary school teachers in attendance at the conference of the Ontario Educational Association. Approximately one hundred were present.

Dr. Norman Miller, professor of mathematics, spoke on "Queen's" in a highly interesting manner. His remarks are printed in part as the leading article in this issue. Dr. Miller was introduced by R. E. K. Rourke, Arts '27, and was thanked by W. P. Ferguson, Arts '08.

J. A. Edmison, assistant to the Principal, explained that the purpose of the meeting was to express appreciation for the support that Queen's graduates in the teaching profession had always given the University. He asked for continued aid in keeping the name of Queen's before the students in the high schools.

The filmstrip will be offered to schools with the compliments of the University as an additional aid to the programme of counselling and vocational guidance. It was prepared by J. H. Stewart, Arts '31, of Oakwood Collegiate Institute, who served as chairman at the luncheon.

QUEEN'S STUDENTS DOMINATE ONTARIO RESEARCH AWARDS

Twenty-one of the seventy-four research scholarships awarded by the Research Council of Ontario this year have come to Queen's, the highest number given to any university.

Top Queen's winner is D. G. Wilson, Oakville, awarded one of the three \$1,000 scholarships. The other awards included seven \$900 scholarships, six \$700, and seven \$600.

REMARKS OF STUDENT SPEAKERS SHOW QUEEN'S SPIRIT STILL ACTIVE FORCE ON CAMPUS

To those of the Old Guard who think that the Queen's Spirit could not possibly be as strong today as it was in their day it may be interesting to read some of the remarks of student speakers at recent University functions.

In proposing the toast to Queen's at Colour Night, Jim Charters, Med. '52, of Hamilton, captain of the senior football team last year, spoke in part as follows:

"It is with a deep sense of gratitude that I reflect upon my years at the college. I know that each of you can take a moment, and each in your own way, to appreciate all she has done. She has imparted to each of us some of her stability. And goodness knows, in the contemporary scene men and women of stability are required. She has shown us that with greatness there can be humility, for she has heaped her praise upon such humble men as Alfie Pierce. But through it all, she has instilled in each of us an intense feeling of pride. A pride that gives rise to our tremendous Queen's Spirit—the spirit that binds together the faculty, the students, the administration, and the alumni. It's this same spirit that allows her to send 80 per cent of her undergraduates two

hundred miles to a rival college to see one of her athletic teams in competition, win, lose, or draw, and there isn't another school on the North American Continent that can say that!

"What is Queen's future? I believe that it is dependent upon you and me. I believe that it is dependent upon our acceptance of our responsibilities towards ourselves and towards her. Wherever we go, whatever we do, we shall carry the name of Queen's men. We must never let her down! For, when and if we are fortunate enough to have children that come to Queen's, she must still be known as not the biggest, merely the best!"

Bob Wheelan, Sc. '51, Toronto, president of the Engineering Society, expressed similar sentiments in proposing the toast to Queen's at the dinner given to the graduating class by the Board of Trustees. Said Mr. Wheelan:

"Our primary purpose in coming here to Queen's was to learn the basic principles of the engineering profession. It is a matter of developing orderly patterns of thought and working habits, and of being introduced to the starting points leading to the solution of problems we will meet in our professional lives.

"But to say that these technical skills are all that we have gained from our years at Queen's would be to state less than the facts. To say that, except for these skills we leave her unchanged from what we were when we came is to ignore what are perhaps more subtle and abstract but nonetheless vital developments within ourselves. Our thinking has matured in ways that the passage of years alone leaves unexplained. Our sense of values, our standards of ethics, our personal habits and deportment have all changed in varying degrees and each change was for the better.

JIM CHARTERS

"The friendships which we have found here are closer, stronger, and more lasting than would have been the case were the individual submerged in the mass of a larger, more impersonal university. And as well as making friends among ourselves we have all become friends of the university. For Queen's has become to us an entity, and to become a fast friend of another calls for an intimate knowledge of the other. And we have an intimate knowledge of Queen's. From the Sanitary Labs and the Boiler House to the Gymnasium and the Union, from the Arena to the Stadium we know her, our Alma Mater.

"So often, when we have a friend whom we admire and respect, we try to copy some of the qualities for which that friend is admired and respected. We try to think and act in a manner which merit the approval of that friend. So our continuing friendship with Queen's will follow us through the years to come and will influence our lives in ways which other universities would not and could not have done."

Copies Of Official History Are Still Available

A few copies of D. D. Calvin's *Queen's University at Kingston* are still available and may be obtained at the special price of \$1.00 by writing to the Queen's Post Office or the Alumni Office.

This book was written in celebration of the centenary of Queen's University in 1941, and relates the struggle for existence which followed the foundation and the final emergence of Queen's as a full-grown Canadian university.

Goes To U. of T.

Dr. John Hamilton, professor of pathology at Queen's, has been appointed head of the Department of Pathology in the University of Toronto Medical School.

FOUR QUEEN'S ENGINEERS TO STUDY IN BRITAIN

Of the thirty-eight graduate and undergraduate engineers from Canadian universities selected for study in the United Kingdom, four are from Queen's: A. J. Williams of Ottawa, F. W. Slingerland of Kingston, G. R. Sinclair of Windsor, and W. G. Breck of Kingston. As the first recipients of Athlone fellowships, they will get free passage to Britain, a maintenance allowance, and tuition fees paid to study engineering in British industry, universities, and research laboratories for two years.

DR. AND MRS. R. C. WALLACE ARE GUESTS OF HONOUR

Dr. R. C. Wallace, who retires this summer after fifteen years as Principal of Queen's, and Mrs. Wallace were guests of honour at two functions held recently at the University. At a dinner given by the Queen's Newman Club and the Newman Club Alumni of Kingston, Dr. Wallace was presented with the published works of Cardinal Newman and Mrs. Wallace was given a bouquet of roses. At a tea held by the Queen's School of Nursing, Dr. Wallace was presented with a silver cigaret box.

Dr. M. R. Bow Honoured For Service To Health Council

In recognition of a quarter-century of loyal service to the Dominion Council of Health, Dr. Malcolm Ross Bow, Arts '08, Med. '11, was recently presented with a silver tray inscribed as follows:

Malcolm Ross Bow, M.D., D.P.H., Deputy Minister of Public Health, Province of Alberta. Your colleagues honour your 25 years of loyal service to the Dominion Council of Health and your outstanding contribution to Public Health progress in Canada, January, 1951.

The presentation was made by the Hon. Paul Martin, minister of National Health and Welfare, at a dinner in honour of the members of the Dominion Council of Health held in Ottawa.

-Around the Campus-

Co-ed Heads A.M.S.

For the second time in the ninety-one years of existence of the Alma Mater Society, a co-ed has been elected president. Miss Rosemary "Bobby" Bartlett, Arts '52, Kingston, will head the student government next year. Vice-president is George Ainslie, Arts '52, Toronto. The complete slate of members of the executive is as follows:

ROSEMARY BARTLETT

Levana—Pat Purvis, Ottawa; Rosemary Bartlett, Kingston; Norma Miller, Kingston; Engineering Society—Al Lee, Peterborough; Joe Labuda, Hamilton; Bob Beddie, Prescott; Medicine—Dean McEwen, Metcalfe; Stan Hagerman, Belleville; Hugh Cameron, Ottawa; Arts—Mike McInnis, Iroquois; George Ainslie, Toronto; Ian Stewart, Toronto; Theology—Bob Blair, Ottawa. In addi-

tion the executive will include D. R. Gordon of Montreal, editor of the *Journal*, and Bill Thompson of Cornwall, athletic stick.

Court Fines Students

Pleading guilty to the charge of unlawfully entering Matheson House, one of the women's residences, between the hours of 12.05 and 4.00 a.m., and creating a disturbance, four students were fined \$25 each by the A.M.S. Court in Grant Hall on March 12. Chief Justice Ken Parkinson, Sc. '51, Thornbury, Ontario, handed down the decision before an audience of several hundred undergraduates. Consideration was given to the fact that the students had not molested any of the residents of the house and that an immediate apology had been made to the Dean of Women. Warning was given that a much more severe penalty would be imposed on future offenders.

Here and There

Under the convenership of Tom Draper, Med. '55, Jamaica, New York, Colour Night on March 9 was an outstanding success. Both the dinner in Wallace Hall and the dance in Grant Hall were a sell-out, and a substantial profit was realized . . . The Alma Mater Society will have a deficit of approximately \$900 for the year's operations. An effort will be made to have the students' interests fee raised . . . Dick Johnson, Med. '55, Windsor, was awarded the grand prize in the annual salon of the Camera Club . . . Emmett T. Cleary, Med. '53, Lunenburg, has been elected president of the

Newman Club . . . President G. P. Gilmour of McMaster University was the featured speaker at the annual Baccalaureate Service on March 4 . . . Mike Humphries, Arts '52, Quito, Ecuador, will be president of the Drama Guild for next year . . . This year's A.M.S. Lecturer, John Fisher, CBC commentator, spoke on "Canada" before a capacity audience in Grant Hall on March 15 . . . The Glee Club and Orchestra presented Henry Purcell's opera, *Dido and Aeneas*, on March 1 and 2 . . . Don Griffin, Sc. '53, Peterborough, was named to the Intercollegiate all-star basketball team, and Harry Lampman, Arts '51, Hamilton, to the second team . . . Don Connor, Med. '53, Washington, D.C., is the new presi-

dent of the Basketball Club . . . Star football player, Bobo Penner, Arts '51, Fort William, suffered the loss of an eye when he broke his glasses in the finals of the intramural handball tournament . . . The I.S.S. campaign in January raised \$857.38. Total receipts for the year were \$1,190.02 . . . J. C. Adams, general counsel of the Central Ontario Industrial Relations Institute, spoke on "Recent Arbitration Decisions" at the Commerce Club meeting on March 14 . . . Queen's placed fourth in a field of seventeen in the international intercollegiate downhill slalom race at Snow Ridge, New York . . . Ken Higginson, Arts '52, Hawkesbury, has been elected president of the Commerce Club. He succeeds R. G. Souch of Oshawa.

Millar, J. Macdonnell, N. McPherson, Miss L. Bennett, D. Strachan, C. F. Hamilton, J. Kelloch. Insets: F. A. McRae, J. W. Campbell.

At the Branches

Varied Programme Presented

At Toronto Smoker And Meeting

Queen's men gathered in high spirits on St. Patrick's Eve for the annual meeting and smoker of the Toronto branch held at the National Club.

The toast to the University was proposed by one of its outstanding graduates, Col. E. A. Baker, Sc. '15, LL.D. '40, founder and director of the Canadian Institute for the Blind. In his reply, Rev. A. M. Lavery, University chaplain, spoke of recent developments on the campus, further strengthening the ties which bind Queen's alumni to their alma mater.

During the meeting, E. C. Collyer, Sc. '23, was elected honorary president, and N. E. Butler, Com. '30, president. John Buss, Sc. '19, retired from the post of treasurer after serving in that capacity for six years, his place being taken by J. K. Fletcher, Com. '48.

In taking over the chair, Mr. Butler paid tribute to the work done by the retiring president, J. H. Stewart, Arts '31, and other members of the executive committee who have given many years of valuable service.

Reference was made to the increasing value of the Jarvis Street office. Mr. Butler drew attention to the Queen's listing in the telephone directory to facilitate the use of the office by anyone wishing to get in touch with the alumni in the city.

The university was represented by J. A. Edmison, assistant to the Principal, Rev. A. M. Lavery, and Head Football Coach Frank Tindall, who made an apt reply to the question: "What happened last year and what is going to happen next year?"

A tuneful interlude featured a peripatetic accordionist and a chorus of "Oil Thigh" under the jaunty leadership of Pat Stewart, Arts '11, Sc. '15. Comic patter by a converted Scottish entertainer added to the general levity, which was well maintained by the remarks of Al Dekdebrun, quarterback of the Dominion champion Argonauts team. After a showing of the film of last year's Grey Cup finals, the assembly adjourned to the lounge for more informal pursuits.

The committee in charge of this event consisted of J. C. Ingram, Arts '28, chairman; Johnny Munro, Arts '38, Charlie Peck, Arts '39, Jim Grant, Med. '47, and Rupe Helmer, Arts '32.

Branch Officers, 1951

N. E. BUTLER
President, Toronto

K. W. MITCHELL
President, Calgary

C. F. FOSTER
Secretary, Sudbury

G. D. DIES
President, Belleville

Ellwood Butler, Com. '30 Heads Toronto Alumni Branch

N. Ellwood Butler, Com. '30, was elected president of the Toronto alumni branch for the ensuing year at the annual dinner and smoker held at the National Club on March 16. Mr. Butler succeeds J. H. Stewart, Arts '31.

The complete slate of officers is as follows: honorary president, Ernest Collyer, Sc. '23; past president, Mr. Stewart; president, Mr. Butler; vice-presidents, C. C. Peck, Arts '39, John Buss, Sc. '19, J. S. Dewar, Sc. '41, John Munro, Arts '38; treasurer, J. K. Fletcher, Com. '48; secretary, Graham Whidden, Com. '44.

Committee—W. D. Alford, Sc. '41, J. A. Brown, Sc. '44, T. A. Brown, Sc. '48, A. A. Calvin, Arts '31, J. M. Court-right, Sc. '41, A. P. Clark, Arts '40, J. I. D. Dinwoodie, Com. '48, M. A. Gill, Sc. '47, Dr. J. P. Grant, Med. '47, R. E. Helmer, Arts '32, Dr. H. W. Henderson, Med. '47, J. G. Hird, Com. '48, W. F. Light, Sc. '49, J. L. McLennan, Arts '29, T. A. McEwan, Com. '50, N. C. Morris, Com. '48, W. R. Richmond, Com. '47, N. M. Rogers, Arts '43, C.

E. Sheppard, Com. '32, W. H. Slinn, Sc. '16, J. G. Smith, Sc. '44, and G. O. Toller, Arts '49.

Miss Caroline Mitchell Heads Kingston Alumnae Branch

Miss Caroline Mitchell, Arts '26, was elected president of the Kingston alumnae branch at the annual meeting held in Ban Righ Common Room on April 3. Miss Mitchell succeeds Mrs. W. S. Brooke (Clara Farrell), Arts '24.

Other officers were appointed as follows: first vice-president, Miss Melva Eagleson, Arts '25; second vice-president, Miss Diana Blake, Arts '45; secretary, Miss Dorothy Taylor, Arts '41; programme, Miss Eleanor Smith, Arts '46; press representative, Mrs. P. W. Davey (Shirley Geiger), Arts '47; social convener, Mrs. C. H. R. Campling (Laura Miller), Arts '46; membership, Miss Adele Fitzgerald, Arts '48. The report of the nominating committee was brought in by Miss May L. Chown, Arts '11.

Presentation of reports and the showing of two films were also highlights of the programme.

MONTREAL ALUMNI EXECUTIVE MEETS

At the meeting of the Montreal branch executive held in honour of J. J. Harpell, Arts '01, the following were present—front row, left to right: J. B. Stirling, J. E. Connor, E. A. Thomas, J. J. Harpell, G. R. Maybee, E. M. Patton, D. C. Cameron. Second row: R. K. Thoman, J. Turner, J. A. Edmiston, B. W. Burgess, H. J. Hamilton, R. W. Jones, W. H. Stevenson, C. J. Scott, B. P. Mordy.

Alumni News

Births

Agro—On March 31, at the Mount Hamilton Hospital, Hamilton, Ont., to Dr. Charles Agro, Med. '41, and Mrs. Agro, a son.

Baird—On February 26, in Kingston, to J. A. Baird, Med. '54, and Mrs. Baird, a son (James Charles).

Beaupre—On February 6, at the Kingston General Hospital, to Capt. L. R. Beaupre, and Mrs. Beaupre (Margaret Hossie), Arts '37, a daughter (Andrea Patricia).

Betts—On March 15, at the Ottawa Civic Hospital, to Capt. C. H. Betts, Sc. '43, and Mrs. Betts, a daughter.

Billings—At the Kingston General Hospital, on March 21, to Major G. M. Billings, Sc. '36, and Mrs. Billings (Mary Graham), Arts '39, a son (George Michael).

Bronskill—On March 18, at the Grace Hospital, Ottawa, to E. E. Bronskill, Com. '48, and Mrs. Bronskill (Helen Armstrong), Com. '48, a son (Richard Eric).

Chadsey—On January 10, at the Grace Hospital, Ottawa, to T. A. Chadsey, Arts '49, and Mrs. Chadsey, a son (Douglas Samuel).

Bryant—In Winnipeg, on December 11, 1950, to J. W. Bryant, Com. '49, and Mrs. Bryant, a son (James David).

Courtright—At St. Paul's Hospital, Vancouver, on March 20, to J. M. Courtright, and Mrs. Courtright, a son (Stephen Michael).

Christie—On March 30, at the Private Patients' Pavilion, Toronto Western Hospital, to J. M. Christie, Arts '32, and Mrs. Christie (Margaret Sanderson), Arts '34, a son (Brien Henry).

Creighton—In Winnipeg, on December 18, 1950, to R. F. Creighton, Com. '50, and Mrs. Creighton, a daughter (Janet Eleanor).

Conlin—On March 28, at the Women's College Hospital, Toronto, to J. B. Conlin, Arts '46, and Mrs. Conlin, a daughter.

Darling—On March 12, at the Hotel Dieu Hospital, Kingston, to Mr. C. M. Darling and Mrs. Darling (Mary Brophy), Arts '34, a daughter (Margaret Christine).

France—On August 17, 1950, to K. A. France, Med. '54, and Mrs. France, Kingston, a son (Kenneth John).

Gussow—On March 21, at Midland Memorial Hospital, Midland, Texas, to Dr. W. C. Gussow, Sc. '33, and Mrs. Gussow (Margaret Robinson), Arts '37, a son (James Frederick Robinson).

Hay—On October 26, 1950, to Dr. A. W. Hay and Mrs. Hay (Eleanor Louise Clarke), Arts '39, of Madison, N.J., their third son (John Schenck).

McCracken—In Grace Hospital, Vancouver, on March 27, to Mr. J. S. McCracken, and Mrs. McCracken (Isabel McQuade), Arts '45, a son (Grant David).

McKerracher—On April 6, at Mount Hamilton Hospital, Hamilton, Ont., to H. F. McKerracher, Arts '46, and Mrs. McKerracher (Doreen Denyes), Arts '46, a son (Robert Fairbairn).

Moriarty—On April 5, at Calgary, Alta., to Dr. E. J. Moriarty, Med. '44, and Mrs. Moriarty, a son.

Motherwell—On April 4, at Rosamund Memorial Hospital, Almonte, Ont., to G. W. Motherwell, Arts '37, and Mrs. Motherwell, a daughter.

Mark—On November 29, 1950, at Sudbury, Ont., to D. O. Mark, Arts '47, and Mrs. Mark, a son (Barry John).

Myers—At the Hotel Dieu Hospital, Kingston, on March 26, to J. A. Myers, Sc. '49, and Mrs. Myers, a son (Michael Keeley).

O'Dette—On March 30, at the Hotel Dieu Hospital, Kingston, to J. H. O'Dette, Sc. '44, and Mrs. O'Dette, a son (Brian Paul).

Poole—At the Kingston General Hospital, on April 2, to Mr. Werk Poole and Mrs. Poole (Alice Holmes), Arts '42, a daughter (Nancy Alice).

Ross—On March 22, at St. Mary's Hospital, Timmins, Ont., to C. B. Ross, Sc. '42 and '47, and Mrs. Ross, a daughter (Mary Barbara).

Sanders—On March 30, at the Memorial Hospital, St. Thomas, Ont., to Mr. A. Lawrence Sanders, and Mrs. Sanders (Mary Stock), Arts '43, a daughter (Nancy Joan).

Watson—On December 23, 1950, at St. Joseph's Hospital, Maniwaki, Que., to Mr. Russell Watson, and Mrs. Watson (Irene Anniss), Arts '40, a daughter (Kathryn Anniss).

Marriages

Bovey—At Fort Lewis, Washington, recently, Jacqueline Labelle, of Montreal, to Capt. Kenneth Frederick Bovey, Arts '49. They are living in Vancouver.

Deaths

Alguire—One of the few women to study medicine in the nineteenth century, Annie Belle (McCallum) Alguire, died in Belvidere,

Illinois, on October 8, 1950, at eighty-two years of age. She attended Queen's in the session of 1890 and then transferred to the University of Toronto, from which she graduated. After practising in Gananoque for two years she went to the U.S.A. with her husband, who predeceased her in 1935.

Bernstein—A popular doctor in Cochrane, Ontario, Barney Bernstein, Med. '40, died suddenly on March 16, 1951. After graduating from Queen's in 1940, he interned in the Kingston General Hospital. In 1941, he joined the R.C.A.M.C., but once overseas was lent to the R.A.M.C., with which he served in India and Burma. Discharged with the rank of captain, he did some postgraduate work at Edinburgh before returning to Canada in 1945. After serving for a short time in Halifax Military Hospital, he returned to Cochrane to practise with his brother, Dr. Phillip Bernstein, Med. '34. He leaves his mother, one sister, and two brothers.

Bibby—A specialist in radiology, Dr. Kenneth Adams Bibby, Med. '32, died at the Victory Memorial Hospital, Waukegon, Illinois, on March 22, 1951. Graduating from Queen's in 1932, he did postgraduate work in Boston City Hospital, three years at the Pittsfield Hospital, Pittsfield, Massachusetts, five years at French Hospital, New York City, and two years at St. Joseph's Hospital, Victoria, B.C., before going to Waukegon. He leaves his wife, one daughter, and two sisters, Mrs. H. L. Thoman (Florence Bibby), Arts '33, Hamilton, Ont., and Mrs. Tweed Samis (Kathleen Bibby), Arts '25, Toronto, Ont.

Cordingley—Curator of the Theodore Roosevelt collection in the college library of Harvard University, Nora E. Cordingley, Arts '10, died in New York on March 14, 1951. Graduating from Queen's in 1910 Miss Cordingley attended Library School and then worked in the New York Public Library, in the Library at Columbia University, New York, and in the State College of Agriculture Library, Ames, Iowa before going to the Roosevelt memorial association.

Donnelly—At the age of forty-one, Francis Regis Donnelly, Med. '36, died suddenly at

Massey, Ontario, on August 20, 1950. Graduating from Queen's in 1936, he interned at the Hotel Dieu Hospital, in Kingston, and did postgraduate work in New York. He practised in Chesterville and Tweed in Ontario. He served with the R.C.A.M.C. at Owen Sound and Ottawa during the early years of the war. In 1942 he joined the staff of the Sudbury Clinic where he remained for a year before starting his practice in Massey. He is survived by his wife and two sons.

Heeney—A member of Arts '98, Rev. Thomas Francis Heeney died at his home in Woodstock, Ontario, on February 9, 1951. After his ordination in 1901, he served in Lansdowne, Ontario, and then in Basswood and Eden, Manitoba. Returning to Ontario he held charges at Blind River, Callander, Elmwood and Crawford in Grey County, from which he retired in 1937 to Woodstock, Ontario. He is survived by his wife and three sisters.

Herald—A retired physician who had lived at Herald's Bay on Shuswap Lake opposite Canoe in British Columbia, for forty-four years, Dr. Dundas Herald died in the Salmon Arm General Hospital in February. After

graduating from Queen's with an M.D. in 1891, he practised in Vancouver, Langley, in the Fraser Valley, in the Cariboo, and in Medicine Hat, Alberta. In 1906 he purchased his property on Shuswap Lake and turned to farming. He is survived by his wife, two sons and one daughter.

Kerr—A member of Arts '07 and Med. '22, Dr. Thomas Kerr, died recently in the Kingston General Hospital, following a long illness. After graduating in Medicine, he went to Saskatchewan until his health began to fail about seven years ago, when he returned to Ontario. He had been in Portsmouth for nearly a year before his death. He is survived by his sister and one niece.

Lavell—Widow of Judge H. A. Lavell, Arts '88, the former Mary M. Chambers, Arts '91, died in Toronto, Ontario, on March 19, 1951. After her marriage she lived for twenty years at Smiths Falls, Ontario, where her husband was a lawyer. They returned to Kingston in 1914 when Judge Lavell was appointed to the bench of Frontenac County. For the last eight years her home had been in Toronto. She leaves one daughter, Mrs. G. M. Sutherland (Doreen Lavell), Arts '22, Toronto, Ontario, and two sons, W. S. Lavell, Arts '28 of St. Thomas, Ontario, and R. M. Lavell, Arts '29, Com. '30, Detroit, Michigan.

McCarthy—A member of Med. '03, Dr. James H. McCarthy of Corona, New York, died on March 26, 1951. He began to practise in Corona in 1906, and was affiliated with the Flushing Hospital and St. John's Hospital, Long Island, N.Y. He retired eight years ago. Among his survivors are a brother, Dr. D. M. McCarthy, Med. '03, Brooklyn, N.Y., and two nephews, Dr. W. D. McCarthy, Med. '30, and Dr. J. B. McCarthy, Med. '35, also of Brooklyn, N.Y.

McGrath—A physician in Poughkeepsie, New York, since 1932, John Joseph McGrath, Med. '30, died in his office on March 17, 1951, following a heart attack. After graduating from Queen's in 1930 he interned at St. Francis Hospital in Poughkeepsie, New York, and at St. John's Hospital, Riverdale, Yonkers, before starting his practice in Poughkeepsie. He leaves his wife, three children, three brothers, one of who is Joseph McGrath, Com. '27, of Montreal, and two sisters.

MacKinnon—Pastor of First St. Andrew's Church, London, Ontario, for thirteen years, Rev. Dr. John Y. MacKinnon, Arts '11, Theol. '15, died on March 21, 1951. Leaving Queen's in 1915 he went to St. John's Church, Halifax, where he remained for eight years. He then served at Zion Church, Brantford, Ontario, before moving to London. He had been a member of the committee working for union

between the United and Anglican churches. He was an executive member of the General Council of the Church, a member of its board of colleges and secondary schools and a director of the Alma College Board, St. Thomas, Ontario. He leaves his wife, the former Eilcen Wright, Arts '12, four daughters and five grandchildren.

Millman—Prominent in the medical profession in Oshawa, Ontario, since 1931, Dr. William Stevens Millman, Med. '30, died suddenly in his office on March 18, 1951. After graduating from Queen's with his M.D., C.M. degrees in 1930, Dr. Millman took a year of postgraduate work at the Hamilton General Hospital. He then went to Oshawa where he became associated with the Oshawa Clinic as a partner of Dr. O. G. Mills.

Morden—A member of Arts '88, and a former principal of the Napanee Collegiate, Dr. Gilbert Walworth Morden died in the Prince Edward County Hospital on March 7, 1951, at the age of eighty-three. After taking his B.A. with honours in 1888, he taught in Napanee and Picton for some years. He then took postgraduate work at Pennsylvania University in Philadelphia and then studied for his doctorate in Germany. Returning to Canada he was on the staff of the Manitoba Agricultural College as professor until 1914, when war broke out. During World War I, Dr. Morden was technical adviser at a factory in Derby, England, which manufactured cellulose acetate used in treating airplane wings. He remained in England for a number of years after the war, and then returned to Canada. For a period before retirement he served as principal of the high school at Sydenham, Ontario. He was the last surviving member of his family.

Purvis—Past President of the British Columbia Medical Association, George Stuart Purvis, Med. '16, died on July 21, 1950, in the Vancouver General Hospital. He served with the Canadian Medical Corps in World War I, in Egypt, and later in England. He had been in New Westminster, B.C., for about thirty years. He is survived by his second wife, one son, and two daughters.

Roy—President and general manager of the Napanee Iron Works, Edmund Wallace Roy, Sc. '22, died at Delray Beach, Florida, on March 28, 1951. Graduating from Queen's in 1922 he was employed by the Crocker Wheeler Company of St. Catharines, Ontario. He returned to Napanee to work with his father and on his death in 1944 took over the complete management. As a member of the local school board he spearheaded the efforts which led to the opening of two new public schools recently in Napanee. He is survived by his wife and one daughter.

REV. DR. SHORTT

Shortt—The Very Reverend James Sinclair Shortt, Arts '94, died suddenly in Kincardine, Ontario, on March 5, 1951. He obtained the sessional scholarship in philosophy in his second year at Queen's and graduated with first class honours in classics in 1894. After two years in the mission fields of Western Canada he returned to Queen's to take his M.A. in political science in 1897. Mr. Shortt then entered theology and the following year won the Leitch Memorial Scholarship, a three-year award for postgraduate study abroad. In 1900 and 1901 he attended New College, University of Edinburgh. Returning to Canada in 1902 he became minister of the Presbyterian Church at Davisburg, Alberta. From 1908 to 1910 he was assistant minister at Knox Presbyterian Church, Calgary, Alberta, and from 1910 until 1917 he was minister of St. Andrew's Church, Innisfail, Alberta. In 1917 he became minister of St. Andrew's Church, Olds, Alberta, and clerk of the Synod of Alberta. In 1924 he returned to Ontario as minister of St. Andrew's Church, Barrie, remaining in this parish until 1941. During this time he was elected Moderator of the Synod of Toronto and Kingston and in 1932 he received an honorary D.D. degree from Queen's. Leaving Barrie in 1941 he assumed the pastorate of High Park Presbyterian Church, Toronto, until he retired to Kincardine in 1944. Dr. Shortt was a brother of the late Dr. Adam Shortt of Queen's. He is survived by his wife, a daughter and a son.—Contributed.

Walker—Driving broadside into a train at Hagersville, Ontario, John Elwood Walker, Med. '37, was killed on March 6, 1951. Graduating from Queen's in 1937, Dr. Walker worked on the staff of Yonkers Hospital in New York City and Binghamton Hospital, Binghamton, New York, before starting a practice in Port Colborne, Ontario, in 1941 and then in Simeoe, Ontario, in 1946. He leaves a wife and three children.

Notes

1890-1900

R. W. Anglin, Arts '97, and Mrs. Anglin, of 379 Greer Road, Toronto, were at home to their friends on April 10 in celebration of their golden wedding anniversary. Their son, Arnold Anglin, Arts '27, and his wife motored

THE ROMANCE OF THE CANADIAN CANOE

By John Murray Gibbon. The story of the Canoe in Canadian history—a deluxe gift book with over 60 beautiful illustrations, including 4 colour plates. This is a book which canoeists the world over will treasure. It is also a uniquely Canadian book, ideal for sending overseas. \$5.00.

MANITOBA ROUNDABOUT

By Lyn Harrington. The first full-fledged travel book on Manitoba. The colourful North, the Arctic, the fringes of civilization are in this book: Indians, prospectors, Mounted police, also horticulturists, the muskrat and beaver industry, the Delta Marsh Duck Research Station. Winnipeg and other well-known places come to life under the author's excellent description. With forty magnificent photographs by Richard Harrington. \$3.50.

THIS IS NEW BRUNSWICK

By Jessie I. Lawson and Jean M. Sweet. The authors tour New Brunswick, visiting Fredericton, Saint John, St. Stephen, St. Andrew's, the Passamaquoddy Islands, the Chignecto Isthmus, the Gaspé Coast. Profusely illustrated with photographs and full of the charm of the Maritimes. \$3.50.

THE RYERSON PRESS
TORONTO

from Havana, Cuba, for the occasion; and their daughter, Mrs. Donald R. Baker, and her husband were with them from Vancouver. Mr. Anglin taught for ten years after graduation and was then with the Ontario Department of Education for thirty-seven years as registrar and high-school inspector. He retired six years ago.

1900-1909

Dr. Lawson P. Chambers, Arts '04 (Ph.D. Harvard), and Dr. T. S. Duncan, Arts '03 (Ph.D. Johns Hopkins) are retiring next July as full-time staff members at Washington University. Here's The Information you need on CONCRETE construction

Engineers, students, contractors, architects, home owners . . . all are welcome to free literature covering specific requirements. Whether building a bird bath or bridge, pigpen or grain elevator, modest home or apartment block, we offer a range of booklets giving information on the uses of concrete in every type of construction. Supplementing these is a long list of booklets published by the Portland Cement Association. Write to us for information on *your* building problems.

DR. W. A. MACKINTOSH

PRINCIPAL-ELECT

DR. W. A. MACKINTOSH APPOINTED PRINCIPAL

SUCCEEDS DR. R. C. WALLACE SEPTEMBER 1

Appointment of William Archibald Mackintosh, C.M.G., M.A., Ph.D., LL.D., F.R.S.C., as Principal and Vice-Chancellor of Queen's University, effective September 1, was announced by Mr. J. M. Macdonnell, chairman of the Board of Trustees, May 19. Dr. Mackintosh will be the first Queen's graduate to hold the post of Principal in the 110 years of the University's history. He will also be the first in at least ninety years to advance from the teaching staff to head the University.

He succeeds Dr. R. C. Wallace, since 1936 Queen's distinguished Principal and Vice-Chancellor, and senior university head in Canada, who reaches the retiring age of seventy years this summer. The announcement came as a birthday gift for Dr. Mackintosh, who celebrated his fifty-sixth birthday on May 21.

Dr. Mackintosh has been widely recognized as an outstanding economist, educator and administrator. Other universities have sought him as their head, but his heart is with Queen's. He was honoured by the King with the C.M.G. for his services to the Allied cause in World War II. He is a Ph.D. of Harvard, an LL.D. of Manitoba University, a Fellow of the Royal Society of Canada. He is Vice-Principal of Queen's, Dean of the Faculty of Arts, and Director of the School of Commerce and Administration.

From a Scottish Presbyterian background, Dr. Mackintosh continues this tradition at the university which was founded in 1841 by the Presbyterian Church, although since 1912 it has been non-sectarian.

He has been with Queen's for thirty-nine years as student, instructor and senior officer, and is known and beloved by a host of graduates and undergraduates.

Dr. Mackintosh was born at Madoc, north of Belleville, in 1895. He was the son of a pioneer Ontario educator, Inspector William Mackintosh, and the youngest child in a family of seven. His preliminary education was obtained at Madoc High School and St. Andrew's College, Toronto.

Entering Queen's at seventeen, he was an outstanding student, though no

recluse. At twenty he graduated with an M.A. and was double medallist in history and political science. He was also president of his year, played rugby and soccer, and won the university "Q" for being the college fencing champion.

With teaching in his blood, he spent the summer months between terms as an instructor in rural Saskatchewan schools where he learned at first hand about prairie problems. After graduation he taught for two years at Brandon College.

In 1920 Dr. Mackintosh returned to Queen's as assistant professor of economics and advanced rapidly in his department. He was named head of the department as Sir John A. Macdonald professor of political and economic science in 1927. Carrying on the tradition of Skelton, who founded the School of Commerce, he kept it from becoming a narrow technical school by maintaining close relationship with the Faculty of Arts and insisting on the importance of broad principles.

During the early part of the depression Dr. Mackintosh made one of his great contributions to the Canadian economy when under the sponsorship of the American Geographical Society he directed and co-ordinated a vast research project on the prairie provinces. In this nine-volume study, economists, historians, sociologists, geologists and geographers worked together under his

guiding hand to produce a Canadian classic.

Though he has never been a permanent civil servant, Dr. Mackintosh from the outset of his career has worked for successive federal administrations. He was associated with the late Arthur Purvis on the National Employment Commission and played a part in the work of the Rowell Sirois Commission.

With the outbreak of World War II he went on loan to the Canadian Government. It is impossible in brief space to do justice to his widely-varied activities in this period, but here is a brief summary:

He was special assistant to the deputy minister of finance from 1939 to 1944 under Rt. Hon. J. L. Ilsley. From 1944 to 1946 he was director general of economic research, department of reconstruction and supply, headed by Rt. Hon. C. D. Howe. For several months in 1945 he was acting deputy minister of finance when Dr. W. C. Clark was ill. He was also head of various delegations including the Canadian technical delegation at Bretton Woods conference, and he served on numerous delegations to Washington, London and the United Nations. Recognition of his wide experience and skill as a negotiator was clearly shown by the federal government when Dr. Mackintosh was named government mediator in the railway strike last summer.

Dr. Mackintosh in 1928 married the former Jean Isobel Easton of Renfrew, Ont., a 1926 Queen's Bachelor of Commerce. They have one daughter, Alison.

The Principal-elect is long in thought and usually deliberate in speech, with a clear, logical mind, deep insight, and a wide knowledge of men and affairs. In his rare leisure time he likes to go fishing. Affable in manner, he has a rich vein of wit and humour and a great fund of anecdotes about interesting personalities he has known. He wears extremely well, and those closest to him speak the most highly of him.

The humanity of the man, his sympathy and depth of understanding, are an emotional balance for his strength of intellect, making him warm-hearted as well as brilliant.

Recognizing the outstanding calibre of Dr. Mackintosh, the universities of Australia have invited him to give a series of lectures beginning in June. While there he will make a first-hand study of the universities of the island continent.

One of the most striking tributes to Dr. Mackintosh is paid by his friend and colleague of long standing, Principal R. C. Wallace, who said:

"Dr. Mackintosh has won his place, not by assertiveness—for he is a modest man—but by sheer ability and by qualities of personality. He wins from those who are associated with him in any capacity not only respect and loyalty, but affection. Probably his saving grace of quiet humour, and his imperturbability under all circumstances, contribute something to the place which he has won among his colleagues. There is a saneness and a wisdom on which one feels one can rely, no matter how difficult may be the issue of the moment.

"Queen's may look forward to great days ahead under the guidance of Dr. Mackintosh, who contains in himself prestige as a scholar, wisdom as an administrator and great understanding," said Dr. Wallace.

New Literary Magazine Started By Staff Members

Under the name of the *Cataraqui Review*, a new literary magazine will begin publication shortly with Prof. Arnold Edinborough as editor, and Prof. George Whalley as associate editor.

Professor Edinborough states that the *Review* is designed as an outlet for critical articles which will interpret established literature to the contemporary world, and bring new fiction and poetry to its notice.

WORLD BUILDING

Principal Wallace's Address to the Graduating Class at Spring Convocation for the Faculty of Applied Science and the School of Commerce and Administration, May 19, 1951.

May I offer the congratulations and good wishes of all of us at Queen's to you on achieving this recognition of the success of your labours. You have had heavy courses. The place you have reached today you could not have reached without a hard climb. Today you have a breathing space, to get your wind, and to look around. In the few words that I have to say, I want to help you in your survey of the view that lies ahead of you.

You have a practical turn of mind. You translate into action the ideas and plans that have been elaborated by yourselves or others. You have been well trained to do so. You will give a good account of yourselves. But it is not of this that I would speak. I want to discuss with you, in the few minutes at my disposal, three ways in which you may build to the stature of your own personality, and to the benefit of the world at large.

You deal with materials. But you will find in life that ideals, and hopes and dreams form a greater part of the lives of all of us than do materials. It will be well for you to follow the interests that you have already acquired, and acquire new interests, in the things of the mind and the spirit. For it means much to be able to retire from the pressure and strain of the day's work into a world that is timeless and rich in treasures of all the ages—the world of the mind and the spirit of man. In literature, in history, in philosophy, in art, in music, in many fields of human endeavour you may reach out into the far horizons. You will come back greatly refreshed from these journeys of the human spirit.

We live in a country that is building in the non-material sense. The bonds are being strengthened between the French-speaking and the English-speaking peoples of Canada. You can do much in your professional contacts to make the bonds still more secure. For we shall have a richer and more humane culture in Canada when we draw from both sources—the Latin and the Anglo-Saxon. They complement each other, and add a variety and a quality which Canada as a unified nation needs. As you go out and in across Canada in your own work, you will keep in mind a mission of understanding that you are specially fitted to perform.

This Canada of ours, presenting two great cultures which we have been able in part at least to assimilate into one, can play, and is playing, no insignificant part in the direction of world affairs. Many of you will have experience far outside the boundaries of this country. You will have to deal with people of other languages and other ideals in the course of your professional activities. Many from your professions have become

Principal R. C. Wallace

A new formal photograph of Principal Wallace has been presented to the University by the Class of Arts '49. The 20 by 24-inch portrait, taken by Karsh of Ottawa, is handsomely framed with a five-inch natural coloured wood border. The sterling silver plaque on the frame is simply inscribed: "Robert Charles Wallace, Principal Queen's University 1936-51. Presented by Arts '49." The portrait is to be hung in the Douglas Library. The Class also has given a number of prints to Dr. Wallace for his personal use.

The committee in charge consisted of Stewart Fyfe (Chairman), Bill O'Hara, Mrs. C. W. Baugh (Elspeth Wallace), Willie Dowler, Cynthia Smith, Mike Howarth, Don Chown, Keith Crouch, Sylvia Mackenzie, and John Chance.

great world builders. There is no task in constructive engineering more important today than to build bridges of understanding across the gulfs that separate mankind. It will come slowly. But it will come if we persist, and do not despair. You, in your own fields, and with your constructive vision, can do very much to that end.

May you be good builders in your day-by-day activity. May you also build for the deeper things of the mind and the spirit, for in them we live and have our being.

We wish you well as you go out.

THE INTEGRATED LIFE

Principal Wallace's Address to the Graduating Class at Spring Convocation for the Queen's Theological College, the Faculty of Arts, and the Department of Physical and Health Education, May 19, 1951.

May I join with my colleagues in rejoicing with you this day. Life consists of a series of achievements with long intervals in which it would seem that little is accomplished. This is your day of achievement to which you have come through persistence and hard work. It is well to have such days. They give one a respect for oneself, and an incentive to go on. They inspire courage, and courage is a quality greatly to be desired in a world to which you now go out.

Your college days are behind you. You look back on their passing with regret. But your minds are on the days ahead. I do not intend to speak to you about the professions or vocations which you intend to enter. Queen's has done what it can to give you the necessary foundation on which you will build. I would speak to you rather about the life that you are to live, for it is more important than the profession that you are to follow.

My theme is the integrated life, the life in which all the forces that play on it from within or from without are so directed and controlled that a clear and consistent path is followed through life. If you achieve this mastery, it will be said of you that you can be depended on. For you will have made your personality felt by your unswerving devotion to certain principles which seem to guide your lives. And there is not much that can be said better of anyone than that they can be depended on. For the world needs people who are firm as a rock, not to be dislodged even by the fiercest storm. There are many that are helpless and rudderless, cast about by this wind of doctrine and by that. Greatly to be desired in our time is a steadiness of direction. It is for you to give it.

You may ask why I place this commission in your hands. You have been given no courses to that end. You have not been told in so many words that that is your goal. In so many words, no. But both your university and you have failed if throughout your time here you have not had to exercise discrimination, judgment, evaluation, and intellectual analysis. You have been, or you should have been, good workmen rightly dividing the word of truth asunder. You have had to exercise these qualities on facts, on theories, on hypothesis, and on works of imagination. In a word you have learned, or should have learned, wisdom. Wisdom,

the critical faculty, is needed to separate the real from the specious, the true from the false. It is this ability to get at the truth that is the mark of any man or woman to whom his university has been more than a mere name.

But wisdom and discrimination are not enough. Courage and determination are needed. When you see your way, you are expected to take it and go forward. For wisdom is fruitful when it results in action. The world calls for the doers of the word, not hearers only. The dynamic personalities are those who make their impact through action. You are descendants of pioneer people. Action is in your blood.

A clear, discriminating mind, warm emotions under firm control, a will to do—these are the elements of an integrated life. Queen's has set you on your way. May you pursue it without flagging to the end.

And may life give for each one of you a full measure out of the richness of her store.

We wish you well.

539 OBTAIN DEGREES AT SPRING CONVOCATION

TWO CEREMONIES REQUIRED FOR OCCASION

Five hundred and eighty-nine names were added to the roster of Queen's graduates this spring. The degrees were granted at the 110th Spring Convocation in Grant Hall on May 19.

Because of the length of the graduation list, Convocation was divided into two ceremonies, one in the morning for the Faculty of Applied Science and the School of Commerce and Administration and one in the afternoon for Queen's Theological College, the Faculty of Arts, and the Department of Physical and Health Education. The Hall was filled to capacity on both occasions.

Morning Convocation

At the morning ceremony 296 were granted degrees: M.Sc. 17; B.Sc. with honours, 29; B.Sc., 207; M.Com., 1; B.Com., 42.

Honorary degrees were presented to Sir James Hamet Dunn, president of Algoma Steel Company Limited; John Bertram Stirling, president of E. G. M. Cape and Company; and William Percy Dobson, director of research for the

Hydro Electric Power Commission of Ontario. The first two received LL.D's, while Mr. Dobson was granted a D.Sc. Principal Wallace presented the candidates for honorary degrees to Chancellor Dunning with the following citations:

SIR JAMES HAMET DUNN—"Who has made a very significant contribution to the progress of the mining and metallurgical industry of Canada and who has recognized, in a very practical way, the assistance that Queen's University is giving to that industry."

JOHN BERTRAM STIRLING—"A man of high standing in the construction industry of Canada and a loyal and devoted son of this University."

WILLIAM PERCY DOBSON—"A man who is responsible for significant and far-reaching research in the development and transmission of electrical power."

Speaking on behalf of the recipients of honorary degrees, Mr. Dobson addressed the graduating class, emphasizing the necessity for high moral

MORNING CONVOCATION GROUP.

Front row: Sir James Hamet Dunn, Chancellor Dunning, Dr. J. B. Stirling. Back row: Dr. W. P. Dobson, Principal Wallace.

standards and continued education. Conditions in the world are discouraging, he said. Yet, there never was a time when the forces for good have been so aggressive and militant.

Mr. Dobson said that he believed that civilization is on the threshold of a better future. "And its future depends upon you and your generation."

In his remarks, Principal Wallace said that there was no task in constructive engineering more important today than to build bridges of understanding across the gulfs that separate mankind. "It will come slowly," he said. "But it will come if we persist, and do not despair. You, in your own fields, and with your constructive vision, can do very much to that end."

Afternoon Convocation

At the Convocation in the afternoon 293 received degrees: B.D., 3; M.A., 24; B.A. with honours, 52; B.A., 203; B.P.H.E., 11.

Honorary degrees were granted to seven men and women: LL.D.—Walter Peter Ferguson, Principal of Danforth Technical School, Toronto; Adelaide

Louise McLaughlin (Mrs. R. S. McLaughlin), Oshawa; Muriel Sprague Richardson (Mrs. J. A. Richardson), Winnipeg; John Kellock Robertson, retiring head of the Department of Physics at Queen's; D.D.—Rev. Andrew Ian Burnett, St. Andrew's Church, Ottawa; Rev. James Andrew Lyttle, United Church superintendent of home missions for Northern Ontario, North Bay; Rev. George Telford, St. Andrew's Church, Oshawa. Principal Wallace presented the recipients for honorary degrees to Chancellor Dunning with the following citations:

ANDREW IAN BURNETT—"Born and bred in Scotland, who is making a contribution of deep value to the religious life of this country, both in his preaching and pastoral ministration."

JAMES ANDREW LYTTLE—"Who has done sterling service for his Church in administering the mission fields in our northern territory."

GEORGE TELFORD—"Who has won for himself a place of significance in his ministrations in the pulpit and among his people."

WALTER PETER FERGUSON—"A graduate of this University, who has achieved a commanding position in the field of technical education."

ADELAIDE LOUISE McLAUGHLIN—"Who has done much by her wise and sympathetic guidance to forge the link between home and school, and will long be held in special regard by the women students of Queen's University."

MURIEL SPRAGUE RICHARDSON—"Wise and discriminating, at one time a member of the teaching profession, at the helm of a great business enterprise, and a generous friend to this University."

JOHN KELLOCK ROBERTSON—"Who has done great service to this University not only as a scientist of high standing, but as a lover of humane learning."

Dr. Robertson, speaking on behalf of all recipients of honorary degrees, remarked on the importance of freedom in the operation of a university. He said that Queen's professors had complete freedom in the conduct of every course given. Canada owed much to

the contribution made by Dr. Wallace to the university and to "our national life." "Of these," said Dr. Robertson, none is of greater importance than his insistence at all times that freedom is the life blood of the university."

In his remarks, Principal Wallace stressed the value of the integrated life, "the life in which all the forces that play on it from within or from without are so directed and controlled that a clear and consistent path is followed through life."

"If you achieve this mastery, it will be said of you that you can be depended on. For you will have made your personality felt by your unswerving devotion to certain principles which seem to guide your lives. And there is not much that can be said better of anyone than that they can be depended on," said the Principal.

Fitting tribute was paid to Dr. Wallace at the close of the ceremonies by Mr. J. M. Macdonnell, chairman of the Board of Trustees, and Dr. L. W. Brockington, rector.

AFTERNOON CONVOCATION GROUP

Front row, left to right: Dr. J. K. Robertson, Principal Wallace, Dr. Adelaide Louise McLaughlin, Chancellor Dunning, Dr. Muriel Sprague Richardson, Dr. R. S. McLaughlin. Second row: Miss Jennie Weir, Vice-Principal Mackintosh, Rev. Dr. J. A. Lyttle, Rev. A. I. Burnett, Dr. W. P. Ferguson, Rev. Dr. George Telford, Principal Kent, J. M. Macdonnell. Third row: Dean Ettinger, Rev. A. M. Lavery, Miss Jean Royce, Miss Zaidee Horsall, M. C. Tillotson, F. L. Bartlett, Mayor C. A. Curtis, Dean Douglas.

Chancellor Dunning, Principal Wallace, B. W. Burgess, Col. R. D. Harkness, Rev. I. A. Montgomery.

ALUMNI PAY TRIBUTE TO DR. AND MRS. WALLACE

RETIREMENT OF PRINCIPAL MARKED BY LARGEST BRANCHES

Hundreds of alumni and friends of the University paid tribute to Dr. R. C. Wallace, on the eve of his retirement as Principal of Queen's, and to Mrs. Wallace, at functions arranged by the Montreal, Toronto, and Ottawa branches.

Montreal Medal Dinner

At the Montreal meeting, held in the Queen's Hotel on April 12, Principal Wallace was presented with the Montreal Medal "for meritorious contribution to the honour of Queen's." Presentation was made by Col. R. D. Harkness, Sc. '13, and the Medal was conferred by B. W. Burgess, Sc. '44, president of the branch.

In his Medal address, Principal Wallace said that the area of freedom is narrowing down in the world, and mentioned the university as one place where freedom must be maintained. He emphasized the importance of freedom of speech, freedom of thought, and freedom of action in the life of a university, and, he said, he has always considered "Queen's the freest of all free universities."

Principal Wallace added that he had "no use for the pessimism that is often found among older people."

"In the forty-two years that I have been in Canada," he said, "the optimists were always closer to the truth."

The Montreal Medal, established in 1939, has been previously awarded to the following "Makers of Queen's": Dr. Alexander Macphail, Dr. John Matheson, J. G. Bews, Dr. W. E. McNeill, Dr. L. J. Austin, Dr. P. G. C. Campbell, Prof. D. M. Jemmett, Dr. A. L. Clark, Richardson family, and Dr. M. B. Baker.

Chancellor Dunning spoke briefly, congratulating the branch on their choice for the medal and for the manner in which they had arranged the presentation. Other speakers included H. J. Hamilton, alumni secretary.

B. W. Burgess presided at the dinner meeting, which was attended by 150. Grace was said by Rev. I. A. Montgomery, Arts '06.

The committee in charge was headed by D. C. Cameron, Com. '46, assisted

by the following members of the executive: W. H. Stevenson, Sc. '46, J. E. Conner, Com. '47, Jesse Turner, Sc. '37, R. W. Jones, Com. '43, E. K. Aboud, Sc. '40, C. J. Scott, Sc. '35, and B. P. Mordy, Arts '44, Com. '47.

Before the meeting, a small reception was held with Principal and Mrs. Wallace as guests of honour.

Toronto Testamonal Dinner

Toronto alumni turned out 300 strong to honour the Wallaces at a dinner in the King Edward Hotel on April 20. The Queen's family thus assembled expressed appreciation of the Principal's fifteen years at the University with the gift of a radio and record player and a collection of records, and brilliant evening pin to Mrs. Wallace.

In a moving address, Dr. Wallace said, "Two years ago when I planned to retire as Principal of Queen's. I hoped to leave this university to my successor—as farmers used to say on handing their lands on to their sons, in the farming community where I grew up—in good heart."

"Everything has changed since then—not only for Queen's but for all universities in Canada. It is to be hoped

that there will be federal, as well as provincial aid forthcoming, in their financial struggles to carry on."

The presentation to the Principal was made by N. E. Butler, Com. '30, president of the branch, who served as chairman and toastmaster.

The presentation to Mrs. Wallace was made by Mrs. M. L. Selkirk (Claire Reynolds), Arts '18.

The principal was introduced to the gathering by J. M. Macdonnell, Arts '04, LL.D. '42, who described him affectionately as "Wallace of Queen's." The toast to the University was proposed by Dr. B. K. Sandwell, LL.D. '42, former rector, and response was made by J. A. Edmison, assistant to the Principal.

The programme included music by an instrumental trio, vocal solos by Eric Treadwell, community singing of Queen's songs, with Miss Kathleen Elliott, Arts '26, at the piano. Grace was said by Rev. A. D. Matheson, Arts '12.

Ottawa Reception

Another 300 were on hand for the reception held for the Wallaces at the Chateau Laurier on the evening of May

OTTAWA RECEPTION

Mrs. C. G. W. Bird, Principal Wallace, Mrs. Wallace, Miss E. May Burnett, N. B. Davis, C. G. W. Bird.

4. At this happy gathering the guests of honour were presented with a painting by A. Y. Jackson, LL.D. '41, titled "Blue Sea Lake Road, Gatineau, Quebec."

A large Queen's crest covering the easel was removed by C. G. W. Bird, Sc. '46, and Dr. R. L. Nesbitt, Med. '37, who unveiled the specially painted oil, depicting a typical rural Quebec scene.

An arm bouquet of beautiful red roses was presented to Mrs. Wallace by Miss E. May Burnett, Arts '21.

The presentation of the painting was made by Dr. L. W. Brockington, LL.D. '48, rector of the University, who charmed and amused his audience in his own inimitable style. Speaking of the duties of a principal to raise funds, Dr. Brockington said Dr. Wallace had done a fine job in making "the kings of industry pay alimony to the Queen's of learning."

In his remarks, Dr. Wallace said he liked to believe that students acquired something more than an education at Queen's. It was that spirit and comradeship exemplified by the large gathering of former Queen's men and women at the reception.

Dr. Wallace said he saw through the years a great sense of values and of reality evident in young people in university. He had enjoyed every day of his association with young people and if he had an opportunity he would choose no other life than to be associated with university people.

In the receiving line at the reception were Dr. and Mrs. Wallace, N. B. Davis, Sc. '11, president of the branch, Miss E. May Burnett, C. G. W. Bird, convener, and Mrs. Bird (Jean Graham), Arts '47.

On the reception committee were C. G. W. Bird, Dr. R. L. Nesbitt, P. E. H. Brady, Arts '41, Miss Edith Whyte, Arts '49, Miss E. May Burnett, R. M. Winter, Arts '26, George Perrin, Arts '49, N. B. Davis, and H. I. Marshall, Sc. '41.

SEVEN AWARDED TESTAMURS BY THEOLOGICAL COLLEGE

Seven graduates in Theology received testamurs at the 110th annual Convocation of Queen's Theological College on April 27. Convocation Hall was filled to capacity for the occasion.

The graduates were C. G. Beckel, Kingston; W. C. Burgess, Ottawa; H. W. B. Ilsey, Montreal, Que.; E. I. Johnston, Moulinette; J. C. Lethbridge, Perth Road; R. K. Shorten, Harrowsmith; G. H. Wilms, Swift Current, Sask.

"The world is seeking sincerity," said Principal Wallace in his address to the graduating class. He said there were probably things about which they were in doubt, but if they were true to themselves they would be true to the people they served.

"An honest statement of one's faith is needed," he said, "and you will win young people by this approach. They are sceptical of the sincerity of many who profess the Christian faith.

"Remember that you and your message will be judged less by what you say than what you do. Live sincerely the things that you preach.

"Intellectual powers mean much in the pulpit but moral and spiritual qualities mean more in the pastoral care of the flock," said Dr. Wallace.

Rev. Dr. H. A. Kent, principal of Queen's Theological College, and Rev. Dr. H. W. Cliff, minister of Cooke's United Church, also spoke to the graduates.

Principal Wallace Receives Nineteenth Honorary Degree

Principal Wallace received an LL.D., his nineteenth honorary degree, from the University of Alberta on May 16. He was the principal speaker at the ceremony. The previous day he gave an address at the formal opening of the Rutherford Library at the same university.

OCTOBER 20 WILL BE REUNION WEEK-END

Reunion week-end this year will be the occasion of Fall Convocation and the Queen's-Varsity game on October 20, it was decided at the semi-annual meeting of the Board of Directors of the General Alumni Association on May 19.

Installation of Principal

Since the decision regarding October 20 was made, the University administration has decided to make use of the occasion for the installation of the new Principal, Dr. W. A. Mackintosh. Present plans call for Autumn Convocation, at which the installation ceremony will take place, for Friday afternoon at 3 p.m. There will be a dinner in Wallace Hall in the evening at 7 o'clock for the delegates and specially invited guests, followed by a University Reception in Grant Hall at 9.30.

Under the Dix Reunion Plan, forty-two classes are scheduled to return this fall. Included are the classes of '01, '03, '04, '05, '06, '22, '23, '24, '25, '26, '41, '42, '43, '44, and '45.

Any class may hold a reunion at any time, of course, and several not in the official group are already making arrangements. In this category are the classes of Science '11, Science '21, and Medicine '36. The 6th Field Company is also planning a get-together.

Some of the classes may prefer to hold their reunion on the week-end of one of the other home football games—McGill at Queen's, on October 13, and Western at Queen's, on November 10. For the Science alumni, the October 13 date might prove more suitable as it will feature the official opening of the new Technical Supplies Building, Clark Hall.

Official Reunion headquarters will be in the Students' Memorial Union. Registration will take place in the spacious

common room, and the entire building will be at the disposal of the returning graduates.

For many classes, reunion preparations are well under way. To celebrate their twenty-fifth anniversary, the '26 groups are making extensive plans. Alex Edmison is acting as general chairman and has booked the LaSalle Hotel as headquarters for the gatherings of Arts, Medicine, and Science '26.

Events already planned or under consideration, in addition to the football game and Fall Convocation, include the University Reception, Alumni Luncheon, annual meeting of the General Alumni Association, fall meetings of the University Board of Trustees and Board of Directors of the General Alumni Association, Class Dinners, the Football Dances, and the Sunday Service. A general Reunion Dinner is also planned for Saturday evening in the Students' Union for those classes who have been unable or who do not wish to have their own individual function.

Guides will be available to point out new features on the campus. Recent additions include the Union, the extension to Gordon Hall, McLaughlin Hall, Clark Hall, and the extensions to Ban Righ Hall.

Class officers who would like further information and assistance in planning their reunions are asked to get in touch with the Alumni Office. The staff will prepare class lists and give whatever other help may be needed.

Miller Medal Awarded To Dr. J. E. Hawley

Award of the Willet G. Miller Medal to Dr. J. E. Hawley, chairman of the Department of Geological Sciences at Queen's, has been announced by the Royal Society of Canada.

By this plan each class returns 4 times in a cycle of 19 years, always with other classes of its generation at College. The 25th and 50th anniversaries are also observed.

Follow your own class through its reunions. This fall's Reunion, October 19-21.

QUEEN'S FAMILY NOW NUMBERS 13,177

There are now 13,177 living graduates of Queen's, it was reported at the semi-annual meeting of the Board of Directors of the General Alumni Association held in the Students' Memorial Union on May 19. The number of deceased graduates is 3,205.

By faculties the graduates are distributed as follows: Arts, 7,276; Science, 3,581; Medicine, 1,858; Commerce, 832; Theology, 97 (this figure does not include those who have graduated with testamurs); Nursing, 25; Health and Physical Education, 5; honorary, 171. Of these, 668 hold degrees in more than one faculty.

The report of the Employment Service showed that the demand for University graduates this year surpassed every previous year. Most in demand were engineers, with mechanical and civil engineers heading the list. Summer jobs had been equally plentiful.

R. N. Bassarab and Dr. H. W. Dunlop, both of Kingston, were named as alumni representatives on the Athletic Board of Control for a two-year term.

A committee will be set up to study the financial position of the Association. This committee is to be named by Dr. J. E. McAskill of Watertown, New York, president of the Association, who was in the chair.

Present were C. R. Buss, Thorold; W. A. Dawson, Hamilton; G. D. Dies, Belleville; C. H. Drew, Hamilton; D. G. Geiger, Toronto; D. A. Gillies, Arnprior; Dr. J. E. Hammett, New York City; J. C. Ingram, Toronto; Dr. S. F. Leavine, Kitchener; Judge Walter Little, North Bay; Dr. J. E. McAskill, Watertown, N.Y.; D. W. Stewart, Jr., Renfrew; J. B. Stirling, Montreal; Dr. Wallace Troup, Ottawa; R. M. Winter, Ottawa; Mrs. D. W. Boucher, A. C. Hanley, M. N. Hay, Dr. C. H. McCuaig, Miss Mary Macdonnell, Ian MacLachlan, Dr. W. A. Mackintosh, Dr. J. H. Orr, and H. J. Hamilton, all of Kingston.

University Policies Discussed By Council

Discussions of various matters of University policy was a highlight of the annual meeting of the University Council held in the Students' Memorial Union on May 18. Chancellor Charles A. Dunning presided.

R. O. Campney, M.P., Vancouver, British Columbia, was elected representative of the Council on the Board of Trustees.

Dr. S. M. Polson and J. M. Farrell, K.C., Kingston, were re-elected to the Council's executive committee.

Dr. W. A. Mackintosh reported on the afternoon session, and reports were received from various University officers.

John R. Matheson, Brockville, was given an ovation when he paid moving and eloquent tribute to the influence of Principal and Mrs. R. C. Wallace on the campus during the past fifteen years.

Dr. and Mrs. Wallace lost their only son shortly after coming to Queen's, he said, and after this tragic bereavement they had "adopted thousands of the students." In the serene atmosphere of the Principal's home "we learned Christian values. The personal influence of Principal and Mrs. Wallace has made a lasting impression on many students of my generation," he said.

Memorial Window Dedicated In Gananoque Church

Dedicated to the memory of the late Rev. C. E. Kidd, Arts '03, Theol. '07, and Mrs. Kidd (Mary Youngson), Arts '98, a memorial window was unveiled in St. Andrew's Presbyterian Church, Gananoque, Ontario, on May 13.

The window, depicting the Good Shepherd, bears the following inscription: "To the Glory of God and in Loving Memory of the Reverend Charles Edward Kidd, Minister of this Church from 1916-1949, and his Wife, Mary, Erected by the Congregation, Family, and Friends—1951."

At the Branches

Mrs. M. L. Selkirk Elected President Of Toronto Alumnae

Mrs. M. L. Selkirk (Claire Reynolds), Arts '18, was elected president of the Toronto alumnae branch for the ensuing year at the annual meeting held at the Alpha Gamma Delta House on March 15. Mrs. Selkirk succeeds Miss Bessie Billings, Arts '25, who presided.

Other officers were appointed as follows: honorary president, Mrs. G. H. Ross (Isabel Bryson), Arts '05; first vice-president, Mrs. G. E. Johnston (Anne Elizabeth Beers), Arts '16; second vice-president, Miss Janet Craig, Arts '47; third vice-president, Miss Stella Campbell, Arts '24; recording secretary, Mrs. Marsh Jeanneret (Beatrice Mellan), Arts '37; corresponding secretary, Mrs. Ross Fines (Mae Cameron), Arts '29.

Guest speaker was Dr. J. Callaghan, who was introduced by Miss Margaret Armstrong, Arts '37. Dr. Callaghan spoke on his experiences as a government medical officer in the Arctic, and illustrated his remarks with pictures. The address was greatly enjoyed.

The sum of \$50 was voted for the purchase of a cerebral palsy treatment table and \$250 for the Ban Righ Hall Furnishing Fund. The presentation of

reports was made by the chairmen of the various committees.

Refreshments were served by the social committee at the conclusion of the meeting.

Ottawa Alumnae Vote \$250 To Ban Righ Furnishings Fund

Miss E. May Burnett, Arts '21, was re-elected president of the Ottawa alumnae at the annual meeting held in the Chateau Laurier on May 4.

Others elected were: vice-president, Mrs. Frank Fortune (Gertrude Best), Arts '23; secretary-treasurer, Miss Dorothea Graham, Arts '35; membership convener, Miss Ruth Dixon, Arts '49; councillors—Miss Barbara Michael, Arts '49, and Miss Bertha Chalmers, Arts '40. The report of the nominating committee was brought in by Mrs. A. G. Taylor (Edith May Culbert), Arts '19.

It was agreed to send \$250 to Kingston toward the furnishings of the extensions to Ban Righ Hall.

After the business meeting, the members attended the annual meeting of the Ottawa alumni branch and the reception given in honour of Dr. and Mrs. R. C. Wallace.

Principal Wallace Entertained By Edmonton Alumni

A dinner meeting was held by the Edmonton branch on May 15 in honour of Dr. R. C. Wallace.

Approximately sixty guests attended the dinner, which was held in Metropolitan United Church Hall. Rev. R. E. Vipond, Arts '36, Theol. '39, vice-president of the branch, served as chairman. Other head-table guests were Dean and Mrs. J. Macdonald, representing the University of Alberta, Dr. M. R. Bow, Arts '08, Med. '11, and Mrs. Bow, Mrs. S. W. Dyde (Jennie Farrell), Arts '88, Mrs. Vipond (Dorothy Jean Harlow), Arts '39, and G. P. Eligh, Com. '39.

The rafters shook with the echo of old Queen's songs, led by Mr. Eligh, assisted at the piano by Mrs. F. W. Y. Wootton (Christina Dyde), Arts '14. Dean Macdonald welcomed Dr. Wallace on behalf of the University of Alberta and recalled some incidents of the days when Dr. Wallace was president of that university. Dr. Wallace was introduced by Mr. Eligh, and the appreciation of the group was expressed by Dr. Bow.

The following slate of officers was elected for the ensuing year: honorary president, Dr. Wallace; president, Rev. R. E. Vipond; vice-president, P. L. P. Macdonnell, Arts '40; secretary-treasurer, G. P. Eligh.

Niagara Peninsula Branch Hears J. A. Edmison

"Queen's Through the Years" was the subject of an illustrated address given by J. Alex Edmison, assistant to the principal, at the spring dinner dance of the Niagara Branch, held in the Welland House, St. Catharines, on April 27. Approximately 150 were in attendance. The president, A. E. Smith, Sc. '34, was in the chair.

In his remarks, Mr. Edmison told of recent developments at the University

and of plans for the future. He mentioned particularly the need of support for the alumni maintenance fund.

The pictures shown included groups of early years, campus personalities, and University buildings. H. J. Hamilton, alumni secretary, contributed to the accompanying dialogue, and various alumni also participated.

The speaker was introduced by E. W. Henderson, Sc. '05, who was also responsible for many of the dinner arrangements. Thanks were expressed by M. F. Pummell, Arts '32.

A sing-song was led by E. B. Jay, Arts '41, accompanied by Miss Lamoine West, Arts '32, at the piano. Music for the dancing was provided by Charles Muscato and his orchestra from Niagara Falls.

University Librarian Speaks To Belleville Branch

H. P. Gundy, librarian at Queen's, spoke on "Pioneers in Canadian Journalism" at the annual spring dinner of the Belleville and District branch held in the Sunday School Hall of St. Andrew's Presbyterian Church in Stirling on May 18.

The address provided an interesting insight into early Canadian life. Mr. Gundy's remarks were illustrated with actual copies of some of the early newspapers, from which the speaker read a few choice and amusing news items of the day.

Mr. Gundy was introduced by J. L. Good, Arts '29, principal of Stirling High School. He was thanked by D. G. Burr, Arts '36, of Belleville. G. D. Dies, Sc. '43, president of the branch, was in the chair.

In addition to the toast to the King and the University, toasts were also proposed to the University of Western Ontario, University of Toronto, and University of London, representatives of which were present.

WINDSOR ALUMNI MEETING

H. J. Hamilton, Miss May Connerty, Bob Proudfoot, J. A. Edmison.

Queen's Night In Windsor Attracts Large Group

Friday, April 13, had no superstitious overtones as far as Windsor alumni were concerned for that was the night they elected to hold their annual meeting. One hundred and twenty-five were on hand for the gathering at the Norton Palmer Hotel and a rousing time was had by all.

Commented the *Windsor Star*: "One of the smallest schools in the Canadian intercollegiate world, Queen's has always been noted for having more than its share of enthusiasm and college spirit.

"That spirit was exemplified last night when alumni members made the air beautiful or hideous—depending on the onlookers' own choice of university—with traditional Queen's yells.

"*Oil thigh na Banrighinn, A Banrighinn gubrath* had scarcely stopped echoing when *Swe-de-le-we-dum-bum* took over the vocal stage. Between times, the strains of *On the Old Ontario Strand, My Boys* could be heard."

The spirited sing-song was led by J. E. Somppi, Com. '43, with A. B. Harris, Sc. '47, providing the piano accompaniment.

"Queen's Through the Years" was the title of an illustrated address given by J. Alex Edmison, assistant to the Principal. Assistance in dialogue was given by H. J. Hamilton, alumni secretary. The speaker was introduced by Miss May Connerty, Arts '25, and was thanked by Ted Bjerkelund, Sc. '49.

Grace was said by Rev. G. E. Wood, Arts '19, Theol. '23.

Officers for the ensuing year were elected as follows: honorary president, J. C. Bonham, Sc. '15; president, J. D. Hedley, Com. '48; vice-president, Dr. J. M. Young, Arts '02, Med. '04; secretary, L. C. Clarke, Arts '40; Arts representative, Miss Helen Wright, Arts '49; Commerce, J. E. Somppi, Com. '43; Divinity, Rev. G. E. Wood, Arts '19, Theol. '23; Levana, Gladys Munnings, Arts '32; Medicine, Dr. W. D. Clare, Med. '40; D. A. Sinclair, Sc. '45.

Dr. Norman Miller Speaks At Huronia Annual Meeting

The importance of the teaching profession as a career was described in graphic fashion by Dr. Norman Miller of the Mathematics staff at Queen's at the annual meeting of the Huronia branch held in the Terrace Room, Orillia, on April 24.

Dr. Miller was introduced by H. D. L. Goodfellow, Arts '40, Orillia. D. H. McGill, Arts '14, Orillia, expressed the thanks of the gathering.

In the election of officers, Miss Jessie Richmond, Arts '26, Orillia, was returned as president. Other officers appointed were as follows: vice-president, Neil T. McDonald, Sc. '23, Barrie; secretary-treasurer, Ross McKay, Sc. '23, Orillia; directors—Dr. J. R. Parrott, Sc. '16, Midland; Dr. P. A. Scott, Med. '24, Barrie; Dr. N. J. B. Wiggin, Med. '45, Beaverton; H. B. Allison, Arts '46, Gravenhurst; Murray Cameron, Arts '15, Huntsville; and D. H. McGill, Arts '14, Orillia. Mr. McGill was named as chairman of the membership committee.

Approximately fifty were in attendance from Orillia, Gravenhurst, Huntsville, Beaverton, Barrie, and Midland. Dr. P. B. Rynard, Med. '26, the retiring president, was in the chair.

Grace was said by Rev. J. A. MacInnes, Arts '20. Mr. MacInnes also proposed the toast to the University, and Murray Cameron, Arts '15, responded.

H. J. Hamilton, alumni secretary, spoke briefly with relation to the endowment campaign. The meeting decided to launch a personal canvass in the district in the near future.

Famous Industrial Engineer Speaks At Montreal Meeting

The human element is most important in any situation, whether in industry or the home, Dr. Lillian M. Gilbreth, famous industrial engineer, said at the open meeting sponsored by the Mont-

real alumni in the Mount Royal Hotel on May 8.

Dr. Gilbreth stressed the growing part teamwork played in modern living. Best exemplified in her opinion is the work being done with disabled persons. It was not merely a matter of one or even two persons dealing with their problems, but everyone from the architect to the social service worker, she pointed out.

The speaker was introduced by C. J. Scott, Sc. '35, programme chairman.

Ottawa Alumnae Hold Party To Raise Funds For Ban Righ

The Ottawa alumnae held a successful bridge and tea at Trinity Church Hall on April 7, with more than 300 members and friends present.

The purpose of the event was to raise funds for furnishings for the new extension to Ban Righ Hall. Mrs. Norman Miller (Grace Jeffrey), Arts '14, of the Kingston branch, brought news about the progress of construction of the building.

The president, Miss E. May Burnett, Arts '21, welcomed the graduates and friends and thanked them for their enthusiastic support. The hall was decorated with Queen's colours, under the direction of Miss Barbara Michael, Arts '49, assisted by Miss Moira Robertson, Arts '41, and Miss Thelma Rowe, Arts '51.

Miss Wilhelmina Dowler, Arts '49, was in charge of the candy sale, assisted by Miss Isobel Burnett, Miss Edith Whyte, Arts '49, Miss Dorothy O'Brien, Arts '50, and Miss Sylvia Mackenzie, Arts '49. Many prizes were donated by local merchants and the executive, and they were drawn for under the direction of Miss Marion Reid, Arts '49, Com. '50.

Other alumnae in charge included Miss E. May Burnett and Miss Dorothea Graham, Arts '35, conveners, and Mrs.

Norman Sanders (Jennie Shields), Arts '14, Mrs. Frank Fortune (Gertrude Best), Arts '23, Mrs. P. E. H. Brady (Jean Nesbitt), Arts '42, Mrs. R. W. MacLean (Margaret Davis), Arts '37, Mrs. T. K. Waddell (Jean Govan), Arts '20, Miss Jean Burrows, Arts '37, and Miss Marion Cameron, Arts '49.

Prof. K. G. Crawford Guest Of London Alumni

Quality in municipal government was stressed by Prof. K. G. Crawford, head of the Institute of Local Government at Queen's, at the annual meeting of the London branch held at the University of Western Ontario on April 27. Approximately sixty were in attendance. The president G. W. McCracken, Arts '28, was in the chair.

The will to fight for a country depends upon what the people think of the system of government under which it operates, said Professor Crawford. Confidence in the institutions of govern-

ment, not of any particular party, and the quality of the results citizens individually get, are the two most important factors.

The speaker was introduced by Dr. H. R. Kingston, Arts '08, Principal of University College and dean of Arts and Science at Western.

The toast to Queen's was proposed by J. B. Slack, Arts '44, who admitted that his alma mater was neither the largest nor oldest university in Canada. But its measure in worth ranked high, he pointed out.

Officers for the ensuing year were appointed as follows: honorary president, Dr. W. A. Mackintosh; president, J. O. Hughes, Com. '29; vice-president, M. H. Wilson, Sc. '34; second vice-president, Mrs. W. R. Alder (Beatrice Helmkey), Arts '18; secretary-treasurer, J. B. Slack, Arts '44; Councillors—W. A. Spencer, Com. '32; Dr. K. C. Falkner, Med. '36; D. D. C. McGeachy, Sc. '40; Mrs. D. E. Parnell (Dorothy Matheson),

Prof. J. A. Corry Addresses Northern Saskatchewan

An account of Queen's University today was made the subject of an interesting address given by Prof. J. A. Corry at a meeting of the Northern Saskatchewan branch held at Lynebrooke Inn, Saskatoon, on May 9. Forty-four were in attendance.

Professor Corry spoke on the staff's new "trade union" organization, the new public relations department, the problems of operating a university in the days of declining revenues and increasing costs, and the building programme.

The speaker was introduced by the president, Mrs. B. M. Wakeling (Kathleen Jarvis), Arts '34, and was thanked by J. L. McKinnon, Arts '15. Mrs. Corry was also a guest at the meeting.

The Queen's colours were effectively carried out in the table decorations. In charge of arrangements was Mrs. A. B. MacDonell (Kathleen Harkness), Arts '27.

One graduate commented: "We are glad to have had Professor Corry with us even for an hour or so. [We feel that we have kept in touch and that we are more enthusiastic Queen's people than we were before his visit."

P. E. H. Brady Succeeds N. B. Davis As Ottawa Alumni President

P. E. H. Brady, Arts '41, was elected president of the Ottawa branch at the Chateau Laurier on May 4. Mr. Brady succeeds N. B. Davis, Sc. '11, who presided at the meeting.

Other officers elected were as follows: honorary president, Dr. W. C. Clark, Arts '10, LL.D. '35; honorary vice-presidents, Hon. Justice C. A. Cameron, Arts '13, Rev. W. H. Cramm, Arts '96, Theol. '00, Dr. Florence Dunlop, Arts '24, A. E. MacRae, Sc. '14, Dr. Wallace Troup,

Med. '24; vice-presidents, Dr. J. C. Whyte, Med. '30, and Miss E. May Burnett, Arts '21; secretary, K. S. Wynkie, Arts '46; treasurer, S. A. Cowtan, Sc. '50;

Committee—Dr. A. E. Ault, Arts '24, B. G. Ballard, Sc. '24, Miss Jean Burrows, Arts '37, H. G. Caldwell, Arts '16, Com. '22, Dr. G. T. Carson, Med. '41, Miss Wilhelmina Dowler, Arts '49, H. I. Marshall, Sc. '41, M. J. MacKinnon, Sc. '32, M. L. Narraway, Sc. '47, Dr. R. A. Starrs, Med. '27, Mrs. T. K. Waddell (Jean Govan), Arts '20, R. M. Winter, Arts '26, Miss Edith Whyte, Arts '49. George Perrin, Arts '49, is an *ex officio* member. Miss Dora Helmkey, Arts '18, and R. F. Wilson, Arts '40, were named as auditors.

The report of the nominating committee was presented by Dr. L. D. Wilson, Med. '28. The agenda included the presentation of other reports, after which the meeting adjourned for the reception in honour of Dr. and Mrs. R. C. Wallace.

Montreal Alumnae Meet

The Montreal alumnae held a luncheon at the University Women's Club on April 28, which was followed by the annual meeting. Each member of the executive submitted a report.

Queen's Yell Greets Speaker At S.A.E. Meeting In Windsor

When W. H. Paterson, Sc. '34, chief engineer of the Toronto Transportation Commission, recently addressed a meeting of the Society of Automotive Engineers, he broke a lot of new ground. It was the first time a Queen's engineer had been the main speaker and it was unique for a civil to be in that situation anyway. It was also undoubtedly the first time the speaker at an S.A.E. meeting was greeted with the Queen's yell. Leading in the yell were such staunch supporters as C. G. Showers, Sc. '23, W. J. Fletcher, Sc. '10, Joe Hoba, Sc. '40, Clarke Walton, Sc. '15, J. C. Bonham, Sc. '15, and J. H. D. Wilson, Sc. '10.

Alumni News

Births

Beaudry—At the Ottawa Civic Hospital, on May 25, to R. J. Beaudry, Sc. '44, and Mrs. Beaudry, a son (John Edward).

Berry—On April 23, at the Noranda Memorial Hospital, Noranda, Que., to J. G. Berry, Sc. '43, and Mrs. Berry (Eleanor Stewart), Arts '41, a daughter.

Bradford—On April 14, at Victoria Hospital, London, Ont., to A. A. Bradford, Arts '41, and Mrs. Bradford, a daughter (Wilma Ruth).

Campagnola—On May 1, at Mount Hamilton Hospital, Hamilton, Ont., to G. Campagnola, Sc. '50, and Mrs. Campagnola, a son (Brian Joseph).

Campling—On May 1, at the Kingston General Hospital, to Charles Campling, Sc. '44, and Mrs. Campling (Laura Miller), Arts '46, a daughter (Barbara Grace).

Carthew—On April 15, at St. Michael's Hospital, Toronto, to C. W. Carthew, Sc. '45, and Mrs. Carthew, a daughter.

Christie—At the Kingston General Hospital, on May 18, to Parlane Christie, Arts '42, and Mrs. Christie, a son (Gordon David).

Collins—At the Hotel Dieu Hospital, Kingston, on May 10, to Norton Collins, Arts '40, and Mrs. Collins, a daughter.

Crawford—On May 7, at the Toronto Western Hospital, to Dr. J. S. Crawford, Med. '39, and Mrs. Crawford, a son.

Coupland—On May 5, at Swindon, England, to Capt. K. L. F. Coupland, Sc. '48½, and Mrs. Coupland, a daughter (Carolyn May).

Donald—On April 29, in Toronto, to J. L. Donald, Sc. '48, and Mrs. Donald (Betty Taylor) Arts '49, a son (Douglas Nugent). Mrs. C. D. Donald (Fannie Nugent), Arts '13, and Mrs. A. G. Taylor (Edith Culbert), Arts '19, are the grandmothers. The late Dr. Alexander Nugent, Arts '97, Med. '99, is a great grandfather.

Dow—On May 4, at the Kingston General Hospital, to Dr. E. W. Dow, Med. '50, and Mrs. Dow, a daughter (Cheryl Dianne).

Eades—On April 24, at Pontiac Community Hospital, Shawville, Que., to George Eades, Com. '39, and Mrs. Eades (Betty McCready), Arts '39, a daughter (Ruth Elizabeth).

Eby—On May 14, at Misericordia Hospital, Haileybury, Ont., to J. G. Eby, Sc. '39, and Mrs. Eby, a son (John Clifford).

Edmison—At the Kingston General Hospital, on April 21, to J. A. Edmison, Arts '26, and Mrs. Edmison, a daughter (Nancy Helen).

Fraser—On April 28, at Brooks Hospital, Rainier, Alta., to Rev. D. R. Fraser, Arts '48, Theol. '50, and Mrs. Fraser, a daughter (Donna Lee).

Gribble—On April 19, at the Catherine Booth Maternity Hospital, Montreal, to F/O W. F. Gribble, Sc. '50, and Mrs. Gribble (Sheila M. Orr), Arts '49, I.R. '49, a son (Peter William).

Jarvis—On April 16, at Rochester, N.Y., to J. G. Jarvis, Sc. '45, and Mrs. Jarvis, a daughter (Barbara Doreen).

Lachance—At the Ottawa Civic Hospital, on May 8, to K. E. Lachance, Sc. '47, and Mrs. Lachance (Verna McClure), Arts '49, a son (Robert Keith).

McCracken—On March 27, at Grace Hospital, Vancouver, to Mr. J. S. McCracken and Mrs. McCracken (Isabel McQuade), Arts '45, a son (Grant David).

Taylor—On April 28, in St. Joseph's Church, Ottawa, Gladys McKinstry to Joseph Charles Taylor, Sc. '51.

Deaths

Cody—Clergyman, educationist, administrator, and a distinguished speaker, Dr. Henry J. Cody, D.D. '03, died at his home in Toronto on April 27, 1951. Graduating from the University of Toronto and then from Wycliffe College with first class honours he remained at Wycliffe as a lecturer and, later, professor in church history and systematic theology. Almost from the outset his lectures were popular and he came into public demand as a special preacher in many pulpits. When he left Wycliffe in 1899 to go to St. Paul's he retained his love of education. He was founder and part-time lecturer at both Ridley and Havergal colleges and was associated for more than fifty years with the University of Toronto in many administrative capacities. In later years he was invited to preach sermons before the King and Queen in the Royal Chapel of Buckingham Palace, and at the opening sermon of the League of Nations Conference at Geneva in 1926. During the First World War he entered more actively into public life. During the thirty years after the war he had countless posts with widely varying organizations and he won honorary degrees from more than a score of universities in Canada, the United States and Britain, as well as in France and Italy. In 1932, on the retirement of Sir Robert Falconer, Dr. Cody became president of the University of Toronto. In 1944 he was elected chancellor of the University and on his retirement from this position in 1947 he was granted the title of president emeritus.

Connell—A member of Medicine '02, James Victor Connell, M.D., C.M. (Queen's) L.R.C.P. & S. (Edinburgh), L.R.F.P.S. (Glasgow), died in the Kingston General Hospital on Saturday, April 28, 1951, after a protracted illness. After graduating from Queen's Dr. Connell took post-graduate surgical training in Edinburgh, New York, and London. He practised in Indian Head, Saskatchewan, from 1904 to 1913 and then moved to Regina where he had an extensive surgical and consulting practice. In 1937 he was forced to give up his surgical practice because of failing health, although he was able to carry on quietly for

several years. Since 1943 he had been a complete invalid, confined to the Kingston General Hospital. Dr. Connell is survived by one son, a daughter, three brothers, among whom are Dr. W. T. Connell, Med. '94, of Kingston, and F. M. Connell, Sc. '06, of Toronto, and by one sister.

Cooper—A past president of the University Women's Club and a member of Toronto's Queen's Own Chapter, I.O.D.E., Mrs. Agnes Massie Cooper, seventy-seven, wife of Col. John A. Cooper, died in Toronto on May 12, 1951. She graduated from Queen's University in 1896, and had been a resident of Toronto since her marriage fifty-four years ago. Survivors include her husband, one daughter, and three sons.

Coulter—Well-known throughout Kent county where he had practised as a physician and surgeon for thirty years, Dr. James Walter Coulter, Med. '15, died in Chatham, Ontario, on May 3, 1951. While studying at Queen's during the First World War, he became a member of the Queen's Contingent and later rose to the rank of major in the Royal Army Medical Corps. He served as medical officer for the Kent Regiment for many years and was the physician for the county jail and the Canadian National Railways. He is survived by his wife, two sisters, four brothers, and by two sons, Dr. Patrick T. Coulter, Med. '43, of the Mayo Clinic, Rochester, Minnesota, and Dr. Stuart G. Coulter, Med. '46, of Toronto.

Cutler—When his car plowed into the side of a New York Central freight train near Fort Erie, Homer G. Cutler, 24, Sc. '48½, was killed on April 6. He was driving to his home in Fort Erie from London, Ontario, where he worked as a mechanical engineer at the Canadian Comstock Company. Mr. Cutler was born at Fort Erie, attended public school and four years of high school at Ridgeway, then graduated from Fort Erie High School.

Greer—A member of Arts '09 and a graduate in Medicine of the University of Toronto, Lt.-Col. George Garnet Greer died in St. Catharines, Ontario, on April 4, 1951. A veteran of World War One, with overseas service, he remained on the permanent staff of the Army. He served as medical officer in Kingston and then in Toronto, until retiring in 1937. During his military service he was awarded the Military Cross and the Croix de Guerre with Palm. Dr. Greer moved to St. Catharines ten years ago. He leaves his wife, one son, and a daughter.

McEwen—A well-known public school teacher in Ottawa for almost forty years, John S. McEwen, Arts '95, died at his home

"Modern Tools of Science"

Canadian Laboratory Supplies

LIMITED

TORONTO

WINNIPEG

MONTREAL

in Ottawa, Ontario, on April 24. Mr. McEwen was principal of Connaught School for twenty-seven years, until his retirement in 1935. Prominent for his active participation in church work, he was latterly an elder of Parkdale United Church. Among the survivors are his wife, one son, Dr. H. D. McEwen, Arts '26, of the Queen's staff; one daughter, two brothers, and two sisters.

McKechnie—Former Deputy Minister of Education for Saskatchewan, Dr. John H. McKechnie, Arts '01, died at his home in Toronto on May 3, 1951. After graduating from Queen's in 1901 he taught in Ontario schools until 1910, when he went to Saskatchewan as a school inspector. Six years later he was appointed assistant principal of the Regina Normal School, and in 1922 he was made chief inspector for the public and high schools of Saskatchewan. In 1934 he became Deputy Minister of Education, serving in this office for ten years. He leaves his wife, one son, and a sister, Mrs. John McAskill, Arts '09, Kingston.

Phillips—A member of Arts '52, Gordon George Phillips, thirty-one, died in the Kingston General Hospital on May 7, 1951. An R.C.A.F. veteran of World War II who saw service in Africa and Italy, he entered Queen's in the fall of 1948. He is survived by his parents, Mr. and Mrs. Weston Phillips of Ocean Falls, British Columbia, and four brothers. Funeral service was held in the Morgan Memorial Chapel by the University Chaplain, Rev. A. M. Laverty, assisted by the Rev. W. Franklin Banister, of Chalmers Church, Kingston.

Pilkey—A member of Med. '22, Dr. J. H. Pilkey, died in London, Ontario, on April 2, 1951. After leaving Queen's he studied in Scotland, graduating from the Royal College of Surgeons in Edinburgh in 1926. Return-

ing to Canada he practised at Hanover, Ontario, until 1944 when he joined the staff of Westminster Hospital, in London. He leaves his wife, the former Cora Messer, Arts '21, and a brother, Rev. P. T. Pilkey, Arts '10, of Winnipeg, Man.

Rayside—One of the most colourful athletes who ever represented the Tricolour, J. Stuart Rayside, Arts '94, died in Montreal, Quebec, on March 23. As a student at Queen's, Mr. Rayside was a contemporary of the famous Guy Curtis and starred on both the hockey and football teams. He was a member of Dominion championship teams in both sports. After leaving Queen's he played with the Kingston football team and later with the Ottawa Rough Riders. Mr. Rayside was a son of the late James Rayside of Lancaster, Ontario, former M.P. for Glengarry. He had been prominent in the lumber business in Montreal. He was also a former director of the Canadian National Railways. Mrs. J. C. MacGillis, a sister, is the last surviving member of the family. A sister, Miss Edith Rayside, O.B.E., Arts '96, died on December 20, 1950. His wife predeceased him three years ago. At the funeral, which was held at Lancaster, Ontario, the University was represented by J. B. Stirling, Arts '09, Sc. '11, LL.D. '51, vice-president of the General Alumni Association, and a member of the University Council and the Board of Trustees.

Robinson—A minister of the gospel for more than forty years, Rev. George David Robinson, Arts '07, died in the General Hospital at Regina, Saskatchewan, on November 19, 1950. His ministry included six years at Leeds City, south of the border, and thirty-five years in Manitoba and Saskatchewan. He took postgraduate studies and qualified for his M.A. and B.D. degrees at the University of Manitoba. He had also completed the long extramural course for his doctorate. Sur-

viving are his wife, four sons, three daughters, one brother, and five sisters.

Trotter—Head of the Department of History, Dr. Reginald George Trotter died at Kingston, Ontario, on April 7. The James Douglas professor of Canadian colonial history at Queen's, Dr. Trotter was a frequent contributor to historical studies in Canada. He was a former president of the Canadian Historical Association, and a fellow of the Royal Society of Canada, which in 1949 awarded him the Tyrrell Medal. Born in Woodstock, Ontario, Dr. Trotter received his early education at Wolfville, Nova Scotia, and graduated from Yale University in 1911. Following post-graduate studies at Harvard University leading to the degree of doctor of philosophy, he lectured in history at Harvard, Boston, and Stanford universities, before joining the Queen's staff in 1924. He is the author of a number of books on Canadian history. He had been a leading figure in the Canadian-American Conferences which were held at Queen's and St. Lawrence universities prior to World War Two. Among the survivors are his wife, two sons, Bernard Trotter, Arts '46, and Hale Trotter, Arts '52, and two sisters.

Notes

1890-1899

L. F. S. Holland, Sc. '98, treasurer of the Placerville Gold Mining Company, California, has been made a member of the Legion of Honor of the American Institute of Mining and Metallurgical Engineers in recognition of his fifty years continuous service as a member.

do special work with the Department of National Production, steel division, Ottawa.

Mrs. George Hale (Mary Conner), Arts '45, was bereaved by the death of her father, Mr. Ralph Conner, at St. Michael's Hospital, Toronto, on May 10.

D. J. M. Heap, Arts '48, who has just completed a course at the Montreal Diocesan College and was recently ordained into the ministry, has been appointed rector of the Kazabazua, Aylwin and River Desert charge.

Thelma-Anne McLeod, Arts '50, winner of this year's Marty Memorial Scholarship, has also won a fellowship at Radcliffe College for study in English.

A. S. Miller, Com. '47, of the Bell Telephone Company of Canada, has been transferred from Toronto to London. He is living at 29-A Beaconsfield Ave.

Rev. W. L. Morden, Arts '48, Theol. '49, has begun his active ministry as assistant minister of First St. Andrew's United Church, London, Ont.

P. T. Nash, Sc. '45, formerly with Canadian

Industries Limited, Kingston, has joined the staff of M. G. Butler and Company, mill supplies, Windsor, Ont., as sales engineer.

J. A. Patton, Arts '50, has been awarded an assistantship in chemistry at the University of Illinois, Urbana, valued at \$1200 plus tuition.

Walter Runge, Sc. '44, has taken a position with Dominion Electrohome Industries in Kitchener, Ont.

D. A. Sloan, Sc. '41, is development engineer for Canadian Exploration Limited, Salmo, B.C.

Ethel Stewart, Arts '48, is welfare worker and teacher to the Loucheux Indians at Fort McPherson, N.W.T.

J. R. O. Walli, Sc. '50, was awarded the president's gold medal by the Canadian Institute of Mining and Metallurgy for the best student paper of the year. It was entitled "The Geiger Counter and its Use in Uranium Prospecting."

C. E. Warren, Sc. '48, is with Fluorspar Limited, St. Lawrence, Nfld.

Association of Professional Engineers

PROVINCE OF ONTARIO

More than 9000 Professional Engineers, and over 3000 Graduate Engineers in Training and Undergraduate Engineering Students comprise the Association.

The Association is empowered by an Act of the Legislature of Ontario to grant to qualified persons the right to use the title "Professional Engineer" and a license to so practise in Ontario.

A minimum of one year's experience satisfactory to the Council of the Association is required before a graduate may obtain professional standing. This period is covered by recording as a Graduate in Training.

The permanent staff of the Association stands ready to assist the members and recorded graduates and undergraduates, in any manner that will benefit the individual or the Profession as a whole.

Complete information may be obtained by writing to the Executive Director.

Hamilton Alumni Presentation

K. F. Ettinger, Arts '13, presents Principal Wallace with silver candelabra on behalf of the Hamilton alumni branch. The presentation was made during the course of a dance held at the Grimsby Inn in June. The president, Dr. F. M. Young, was in charge of the programme. Also in attendance were J. A. Edmison, assistant to the Principal, and H. J. Hamilton, alumni secretary.

Campus Scene

EXCERPTS FROM THE "PRINCIPAL'S REPORT"

THE University is now settling down to a more normal routine than has been experienced since the beginning of the last war. The numbers of students are manageable, and the staff has the opportunity to do better teaching, and to engage as well in a serious way in investigations and research. Only in relatively few cases is the load of teaching such as to prohibit independent study and investigations. The average age of the members of the staff is considerably lower than it was fifteen years ago, and there is—or should be—the vigour and enthusiasm of middle age or more youthful years. There will always be a controlling factor in the wisdom and judgment of the older members. But vigour and drive are needed, and for these qualities one must rely more particularly on the younger men and women.

Salaries

The rapid rise in the cost of living has raised at Queen's, as elsewhere, the need for adequate remuneration to meet the mere expense of living. The problem for the trustees was all the more difficult in that the student registration is decreasing, and will decrease still further next year. Much thought was given to the matter, and until a decision

could be reached a bonus of \$10 per month was given to all who were on the payroll of the University. When decisions were finally reached in March, it was agreed that the teaching staff and the senior administrative staff should receive an increase of \$500 (absorbing the bonus as from January 1, 1951, with the exception of those who had been appointed in the last year, or at most, in the last two years. In these cases a somewhat smaller increase was given. Increases as from the same date were given to library and office staffs. The representatives of the union to which the maintenance staff belongs negotiated for conditions of pay and work for that staff with the Treasurer and the Superintendent of Maintenance, and their recommendations were submitted to the Board for decision. The Provincial Government, by an increased grant, assisted in meeting this increased expenditure, which in total amounted to \$147,000, without taking into account regular annual increases of approximately \$15,000. It was felt, in common with other universities in Ontario and Quebec, fees would have to be increased beginning with the 1951-52 session, but by a small amount as was consistent with maintaining, if possible, a balanced budget.

The new salary scale is as follows:

Lecturer	\$2,000 — 3,500
Assistant Professor	3,500 — 4,250
Associate Professor	4,250 — 5,000
Professor	5,000 — 6,000*
Head of Department	6,000 — 6,500*
Deans	1,000 additional

* and over on special recommendation in individual cases.

These levels are from \$800 to \$1,200 lower than those of the University of Toronto as put into effect there on July 1, 1951. It has been pointed out, however, that regular increases have been given year by year at Queen's, and consequently the median salary is much nearer the maximum in each particular grade than in the University of Toronto. In any case, it did not seem possible, with the funds at the disposal of the trustees, to go further at the present time. Doubtless there will be further opportunities to deal with the scale in the light of circumstances as they may arise.

The Board of Trustees of Queen's University decided at the May meeting in 1951 to increase student fees as from September 1951. This action was found to be necessary in order that the increase in salaries and in cost of equipment and materials could be met. The general increase was approximately 15 per cent overall, with certain modifications in particular cases. It was con-

sidered inadvisable, for example, to increase fees for graduate studies at the present time. Other universities have found it necessary to increase fees by at least the amount which Queen's has decided on, and in some universities the increase is considerably greater. It was with considerable reluctance that this action was taken, but in the light of the financial situation no other action seemed possible. It is hoped that a reasonable sum can be set aside in order that students in financial difficulties may be assisted by loans or bursaries.

Public Relations

Over a year ago there was a conference at Queen's University under the auspices of the University Council on the matter of public relations. It was felt at that time that more active steps should be taken to maintain good public relations between Queen's University, the alumni and the public at large. When possible, and when time permitted, the Principal or some other member of the staff had visited communities, met the alumni and addressed the students of the high school, and otherwise made what contacts were available. It was thought that a more systematic programme should be set up. Mr. J. A. Edmison was appointed Assistant to the Principal with responsibility for endowment and public relations; Mr. John Chance was appointed his assistant; and Mr. D. G. Dewar was appointed in charge of publicity. The results are making themselves felt. The newspapers of the province—and far outside—have had much information in article and in picture about Queen's University. Graduates of Queen's who are teachers in Ontario schools met for luncheon at the time of the Ontario Educational Association gathering in Toronto in Easter week to hear about Queen's from Dr. Norman Miller, in order to encourage them to advise students to come to Queen's. A film strip has been prepared for the use of the

New Tools for Research

The reproduction of documentary material by microphotographic processes has enabled us to acquire research resources difficult if not impossible to obtain in their original form. We have secured on microfilm a set of the Losley manuscripts in the Folger Shakespeare Library, Washington, D.C., and by special arrangement with the Public Archives of Canada we are obtaining microfilm copies of the Sir Wilfrid Laurier papers.

—*Librarian's Report.*

Benefactions During 1950

The grants, gifts and bequests, from other than government sources, received by Queen's from January 1, 1950, to December 31, 1950, are recorded below in summary form.

Sources and Allocation

Alumni to —		
Alumni (M)	\$ 76,718.77	
Endowment	49,541.52	
Scholarships, etc.	21,474.84	
Other Projects	19,842.40	
	-----	\$ 167,577.53
Student and Alumni Organizations —

Scholarships, etc.	689.00	
Other Projects	852.13	
	-----	1,543.13

		\$ 169,120.66
Other Individuals and Organizations —		
Alumni (M)	80.00	
Endowment	163,561.98	
Scholarships, etc.	26,779.29	
Other Projects	691,901.76	
	-----	882,323.03

		\$ 1,051,443.69

While the grand total is approximately the same as in 1949, there has been a falling off in the gifts to Alumni (Maintenance) of about \$40,000. This fund is of prime importance in that it allows the Board of Trustees to meet pressing immediate needs. Intensive work is indicated to reach the 9,500 Queen's graduates who either did not honour their pledges in 1950 or who have given nothing to the University at any time. It is considered that this annual canvas should be made at the local level, under the sponsorship of the local branch of the General Alumni Association of Queen's University. Special endowment committees have now been set up, under these auspices, in Toronto, Montreal and Ottawa, and negotiations are proceeding satisfactorily in many other Queen's centres. Mr. John Chance, B.A., is closely associated with these endowment activities.

schools and alumni gatherings showing scenes taken at Queen's University. And invitations to address meetings come in in numbers beyond the capacity of the staff to meet. There is every expectation that this systematic programme will give results not only in warm relationships but in financial returns as well. For Queen's will continue to need the assistance that alumni and friends can give. It is not possible to carry on on fees, government grants and interest on investments alone. It means much to have well informed and sympathetic alumni. It means much to

have generous-minded men feeling well disposed to this University because of the contribution that they know the University is making to Canadian life. The Faculty of Applied Science has adopted a plan which may have far-reaching significance. There has been appointed, as advisory committee to each department, a committee of three engineers or scientists, chosen in each case with special interest in the department concerned. While two of the three in each department would be graduates of Queen's, the third will have graduated from another university. The

advisory committee and the staff of the department concerned meet for consultation, and out of that consultation valuable hints may come with reference to modification of courses, and other matters pertinent to the welfare of that department. The chairman of the combined groups is Mr. Norman F. Tisdale of Pittsburg, Pennsylvania, who has shown enthusiasm in developing the plan. It may mean much in public relations at Queen's. It may mean much in keeping the departments abreast of newer developments, newer discoveries and newer inventions. One can only express gratitude to those who are willing to give of their time in this way for the benefit of Queen's University.

Student Life and Activities

Veterans who served in the last war are now a minority in the student body—not more than 600 in a student population of approximately 2300. The passing of the veterans has changed the atmosphere of student life. It cannot be expected that young men and women fresh from high school will look at university life in the same way as those who have gone through the experiences of war, are married, and have children growing up. It is good to know that much of the tradition for steadiness and application which the veterans built up still remains, but instructors have felt that there has been less indication of hard work in the freshman year than they had seen when the classes were made up mainly of veterans. This criticism does not apply to the senior years, nor to the administrative abilities which students assume in connection with their extracurricular activities. But when the whole student body is once more the direct product of the high schools, it may be necessary to see to it that somehow there be a leaven, such as the veterans have provided these last five years, to leaven the whole lump with a sense of dignity, responsibility

and maturity. It is much to ask of young people, full of enthusiasm and energy. But it is a training for life that universities should assist in providing.

There have been constructive efforts by the students in the year now under report. Following a series of articles in *Queen's Journal* on the courses and the teaching in the Faculty of Arts, a committee of students was set up to explore the matter further with students and staff. This committee issued their findings in the form of a report, which is constructive and helpful to staff and students alike. If and when the recommendations are implemented, a considerably greater expenditure in providing additional staff would have to be called for. That can not be done under present conditions. But there are other recommendations which might be acted on without much, if any, additional expense. It is helpful to find that students are giving thought to the quality of their own education. The fact can never be lost sight of, of course, that only by hard work and application can any real education, whether in arts or in the professional schools, be won. What staff and curricula do is to stimulate and direct. It is the student who determines whether he will acquire a liberal education.

The degree to which the students' paper—*Queen's Journal*—should be independent of the direction of the Alma Mater Society, which appoints the editor and underwrites the deficits, is an old and still unsolved problem. It has come up again during this last year, and the executive of the Alma Mater Society has formulated some rules for guidance in this delicate matter. It will be the part of wisdom not to place restrictions on the editorial policy of the paper, if it is the desire to develop vigorous and frank opinion on the campus. That at least has been the consistent attitude of the Principal of the University to the *Journal* and its editor.

\$ 30,000 Trust Gift To Queen's

The valuable assistance that several prominent Queen's graduates gave to the Ottawa Ladies College during the depression of the 1930's was recognized in a \$30,000 trust gift to Queen's University. Dr. Campbell Laidlaw, Arts '02, Med. '07, and C. F. Elliott, are shown on behalf of the Ottawa Ladies College presenting the gift to A. E. MacRae, Sc. '14, a member of the Queen's Board of Trustees.

In Appreciation

It would be ungracious in this, my last report to the Trustees as Principal of Queen's University, to fail to express my grateful thanks to the Trustees, to the staff, to the students and to the alumni for affording my wife and myself fifteen very happy years in service of Queen's. There has been understanding, and co-operation, and enthusiasm for the highest interests of the University and of education, that has made these years a memorable period in our lives. One cannot help feeling that there must be something intrinsically fine about Queen's to foster such a spirit of co-operative loyalty. Not that Queen's has fully attained. There is a long road yet to travel. But there is something of the

atmosphere of a real university here; and for that all Queen's people are profoundly grateful.

It would be a task beyond my power to speak of all who have helped greatly during these years. Their name is legion. I shall content myself with a word of thanks to one who retires when I do. Miss Anglin, my secretary, has helped me over many difficulties. I want her to know that her wisdom and tact have smoothed the way more often than she herself realizes. I am truly grateful.

It will be a real pleasure to hand over the reins to Dr. W. A. Mackintosh, whom the Trustees have chosen as my successor, and whose prestige extends far and wide. Queen's will be in exceedingly good hands.

Goodbye

Miss Anglin

MARY R. ANGLIN—secretary, confidant, and adviser to Queen's principals since Feb., 1919—was honoured by a host of friends and associates at a dinner held at the La Salle Hotel on June 22.

Miss Anglin will retire at the same time as Principal Wallace, on September 1, after thirty-two years' continuous service as private secretary to three principals.

Thirty-three sat down to the dinner, a token group of the hundreds of friends who honoured her on her approaching retirement. Principal Wallace was chairman of the informal, happy gathering, and Miss Anglin was radiant as she received the best wishes of her friends, and responded to them graciously in her maiden speech.

Miss Jean Royce, registrar, presented her with a beautifully inscribed gold watch and a cheque on behalf of her friends. J. Alex Edmison, assistant to the Principal, presented her with a specially-bound book containing letters of appreciation from the three principals she had served, as well as other mementos of the occasion.

Principal Wallace read letters from Miss May Chown and M. C. Tillotson, who were unable to be present, and

telegrams from Chancellor Dunning, J. M. Macdonnell, chairman of the Board of Trustees, and Dr. J. B. Stirling, a trustee and vice-president of the General Alumni Association.

Letters from the three principals, Dr. R. Bruce Taylor, Sir William Hamilton Fyfe, Dr. R. C. Wallace, and from Dr. W. E. McNeill, vice-principal emeritus, who was unable to attend because of illness, were read by Mr. Edmison.

Dr. Taylor wrote: "She knew everything; she has been brought up not only in Kingston but in Queen's and she never gave me away, never interfered; was always a perfect model in the way that she satisfied enquirers without ever telling them anything."

Dr. Fyfe: "My imagination boggles at the thought of Queen's without her. I hope she will come in time to appreciate the pleasures of retirement and will find time to reflect what a vast number of Queen's people of all ages remember her with grateful affection."

Dr. Wallace: "We go out together, and a new regime will begin. I could not wish for anything better or happier than that the principal's office may be protected and directed with the same devotion and wisdom, and inviolacy as it has been my lot to enjoy under the ministrations of Mamie Anglin."

Dr. McNeill: "She had large knowledge of the University in all its ways. She knew what was behind the news. Yet she was self-effacing. She was of that select and noble company who mind their own business and nobody else's. She did the duty that lay nearest . . . Goodby, Miss Anglin. By the like of you a most important part of the world's work is done. In your modest, pleasant, achieving way you have been a notable person in *The Story of Queen's*. Better still, you have been held in affection by all who knew you."

Chancellor Dunning: "I cannot express briefly how much I shall miss her kindly attention and forethought for me through the years. Queen's will not be quite the same without her efficient care."

Mr. Macdonnell: "We all know how much Miss Anglin has done, and in how many ways, to keep things running smoothly as secretary to three principals. She has told me she has had the three best bosses in the world, but I know they all thought they had the best secretary."

Mr. Stirling: "I am reminded on the eve of your retirement of our long and happy family associations under the aegis of Queen's, starting in 1880 when William G. Anglin and James A. Stirling registered as freshmen in Medicine. I wish for you many years of happiness on the active list of the alumnae."

Among those present for the occasion were Dr. and Mrs. Wallace, Mrs. W. A. Mackintosh, Dr. W. T. Connell, Dr. and Mrs. W. Ford Connell, Dean and Mrs. G. H. Ettinger, Dean and Mrs. D. S. Ellis, Col. T. A. Kidd, Miss Mary Kidd, Miss Jean Royce, Miss Bessie Stewart, Dr. John Orr, Prof. and Mrs. T. V. Lord, Mrs. W. B. Robertson, Miss Agnes Percival, Dr. Hilda Laird, Miss Mary Macdonnell, Miss Phyllis Knight, Miss Jessie Dyde, Miss Helen Ireland, Miss Helen Uglow, Miss Melva Eagleson, J. A. Edmison, H. J. Hamilton, D. J. Dewar; and, from Montreal, Miss Anglin's sister, Mrs. Richard Horsey, and brother, D. G. Anglin, and Mrs. Anglin.

Left to right: Miss Anglin, Principal Wallace, Mrs. Mackintosh.

TO MISS ANGLIN

With respectful affection and gratitude

Who tutored me when I was new
And whispered to me Who was Who
And told me what I ought to do,
When all was tanglin'?

Who polished off the office chores
And saved me from intending bores
By saying I was out-of-doors?
Miss Anglin.

Who intercepted rude abuse
And sent my critics to the deuce
And taught me—for my private use—
The art of wanglin'?

Who was it who beguiled with chaff
My office hours, and made me laugh
With juicy tales about the staff?
Miss Anglin.

When roystering "studes" went on a spree
Or Trustees kept on bothering me
Who soothed my nerves with cups of tea,
When they were janglin'?

Who gave me low-downs on the Deans
And told me what Na-Banrighinn means
And who were Grand Old Men of Queen's
Miss Anglin.

ENVOI

My dear, you'll never know what peace is
With all those grandnephews and nices
You'll work yourself to bits and pieces

And who can blame 'ee?
But all the safes in all the Banks
And all the Army's largest tanks
Could never carry all the thanks,
I owe you, Maimie.

William Hamilton Fyfe.

SCHOLARSHIP DESIGNED TO STIMULATE AND PROMOTE SERIOUS THOUGHT IN DEMOCRATIC CHRISTIAN LEADERSHIP

Valued at \$100, a scholarship has been established by A. E. MacRae, Sc. '14, Ottawa, former president of the General Alumni Association, to stimulate and promote more serious thought in democratic Christian leadership. The award is available to a student leaving the Glebe Collegiate Institute, Ottawa, and proceeding to any faculty at Queen's.

It is the belief of the founder that mature leaders should be able to state the fundamentals of democracy and Christianity in easily understood practical terms so that progress in the field of personal relations of individuals and nations may match the amazing progress made in meeting the physical needs of society during the past thirty years.

"The record, since World War I, shows that tremendous progress has been made in meeting the physical needs of society," said a University spokesman. "This was primarily owing to the fact that leaders placed major emphasis on the idea of applied or industrial research, that is, the application of known knowledge of natural laws to the production of useful physical things. Society thus obtained great values from what was inert knowledge.

"In a few short years a positive Nazi leadership almost conquered the world and left much of it in chaos and ruin. Currently, a few leaders who deny Christian concepts and enslave the individual are leading towards a third world war. The knowledge given to their followers is not inert. It is vitally active in leading them on the way the leaders wish to go.

"Something is wrong with democratic Christian leadership. Surely leaders, in all fields of education in particular, should be able to make the way each individual must follow so clear and attractive that war may be avoided in the settlement of differences. While knowledge of natural law remained in

scientific language that few could understand, the common man derived little benefit from it. Knowledge of democracy and of Christianity should be reducible to language which the common man can readily understand and apply in his daily duties and know that if he does not apply it and help others to do so both he and they must suffer. The rules governing the practice of democracy and Christianity are as positive and vital as those for the field of production of the physical necessities of life."

Candidates will be required to obtain an average of at least 66 per cent in a minimum of five subjects of Grade XIII (departmental examinations). The recipient will be selected by a committee consisting of the Principal of Glebe Collegiate Institute, three members of his staff selected by him, and the president of the Ottawa alumni branch.

State Hospital Pavilion Named In Honour of Dr. J. A. Pritchard

The Pritchard Pavilion at the St. Lawrence State Hospital, Ogdensburg, New York, has been dedicated as an enduring tribute to Dr. John A. Pritchard, Med. '03. Dr. Pritchard was senior director of the Hospital from 1939 to 1949, when he retired because of ill health.

At the dedication ceremony an oil portrait of Dr. Pritchard and a plaque bearing witness to his administrative ability were unveiled. The ceremony was followed by a reception.

After graduation from Queen's Dr. Pritchard joined the staff of the Long Island-Brooklyn Hospital. In 1933 he went to St. Lawrence and five years later he transferred to the Binghamton State Hospital. From 1921 to 1930 he was assistant physician at St. Lawrence, and for nine years after that he was superintendent of Buffalo State Hospital. He returned to St. Lawrence in 1939.

New Appointments To The Staff

Dr. B. W. Sargent has been appointed head of the Department of Physics from September 1, succeeding Prof. J. K. Robertson, who is retiring to England. Dr. Sargent is assistant director, in charge of physics, at the Atomic Energy Project, Chalk River, Ont. He is recognized as an outstanding authority on atomic energy research and has served as a Canadian delegate at clarification conferences on atomic energy held by the United Kingdom, United States, and Canada.

Dr. Robert H. More has been named to succeed Dr. John H. Hamilton as professor and head of the Department of Pathology from July 1. Dr. More comes to Queen's from McGill where he was Professor of Comparative Pathology. He has wide experience in teaching and research, and has served in the University of Toronto, Cornell University Medical School, New York Memorial Hospital, and at the Women's General Hospital and the Royal Victoria Hospital, Montreal.

ALUMINUM COMPANY PRESENTED WITH PLAQUE

Presentation of an engraved plaque by Queen's University to the Kingston Works of the Aluminum Company in recognition of services to married veteran students in the early postwar period was made at an informal but impressive ceremony recently.

Chancellor Dunning and Principal Wallace represented the University, while Fraser W. Bruce, vice-president and sales manager of the Aluminum Company Limited, Montreal, received the plaque on behalf of the president,

R. E. Powell. M. N. Hay, works manager of the Kingston plant, presided, and in attendance was a large group of superintendents and foremen together with representatives of employee groups.

The inscription on the plaque reads: "Queen's University places on record its appreciation of the kindness of the Aluminum Company of Canada Limited in providing in Kingston living and dining-room facilities for married veteran students of Queen's and their wives during the years 1946-47, 1947-48, 1948-49. Hon. C. A. Dunning, Chancellor. R. C. Wallace, Principal."

FORTY-EIGHT AWARDED MEDICAL DEGREES

PRINCIPAL WALLACE OFFICIATES AT LAST CONVOCATION

Forty-eight medical students and seven nurses of the Faculty of Medicine and the School of Nursing graduated at the ninety-ninth Convocation of the School of Medicine on June 2.

Honorary degrees of Doctor of Laws were given to Dr. Donald W. Cameron, Ottawa, Ontario, and Dr. William J. Knox, Kelowna, British Columbia. Both are graduates of Queen's.

Speaking to the graduates, Dr. Cameron, Canada's deputy minister of health, referred to the challenge of social security in the medical field. He stated that for those entering public service today the need was to find ways of ensuring the fair distribution of an increasingly complicated and expensive system of medical care in a society also increasing in complexity.

"There is need for men and women who are willing to equip themselves

for jobs in administrative medicine and who do not think in clichés or who do not flinch and turn away when they hear the terms, "health medicine" or "state medicine." The need in government, as in every walk of life, is for men and women with imagination, intellectual curiosity, and the urge to create," he said.

In a brief address to the graduates, Dr. Wallace told the doctors to retire in their spare hours, or even minutes, into the "richly furnished rooms of your own minds filled with the treasures of the past and the wealth of the present. You will obtain solace and refreshment," he said, "and that will be yours if you cultivate some field of mental interest unconnected with your daily work. You will escape the moment from the bonds of time in a realm that is timeless. You will come back new men," he said.

Shown on the steps of Kingston Hall after the Medical Convocation are Dr. W. J. Knox, Principal Wallace, and Dr. G. D. Cameron. Dr. Knox and Dr. Cameron received the honorary degree of Doctor of Laws at the ceremony.

CONTRIBUTIONS AMOUNTING TO \$7,000 TO BE USED FOR E. L. BRUCE MEMORIAL RESEARCH SCHOLARSHIP

Approximately \$7,000 has been contributed to the University for the E. L. Bruce Memorial Fund.

The income from this fund will be used to establish a permanent annual scholarship at Queen's to be known as the E. L. Bruce Memorial Research Scholarship.

Proceeds of the fund and remission of graduate fees for the year will be awarded to a graduate student in the geological sciences. The award is open to students from any university, but is to be held at Queen's. The holder of the scholarship will be expected to give tutorial or other service in the Department of Geological Sciences equivalent to the amount of graduate fees.

The nomination committee will consist of the head of the Department of Geological Sciences and a member of the Department to be named by him, the Principal and Treasurer of the University, and Dr. F. J. Alcock of the National Museum of Canada, Ottawa.

Contributors to the fund to date include: C. G. Bruce, A. N. Miller, H. A. Quinn, R. J. Merrill, Herbert Thomas, J. M. Allen, Dr. J. M. Harrison, Dean D. S. Ellis, H. A. and Mrs. Graves, Dr. H. J. Fraser, J. F. Henderson, Dr. and Mrs. Norman Miller, C. R. Buss, Dr. B. R. MacKay, Dr. N. S. Beaton, Dr. G. H. Bertram, D. G. and Mrs. Geiger, W. G. Wegenast;

Murray Watts, D. A. Gillies, W. W. Cummings, Dr. E. A. Collins, C. S. Longley, Harold Morrow, R. L. Coleman, Roy Brehaut, James Hill, Dr. J. Greig, J. C. Gill, E. C. Gould, H. I. Marshall, Dr. W. S. McCann, Douglas Wright, E. L. Longmore, J. H. Evans, Fraser Reid, W. S. Jenkins, B. I. Nesbitt;

W. H. Losee, Dr. G. A. Harcourt, J. E. Jerome, K. Aldrich, Beatrice Carr, Prof. Paul Kerr, K. C. Rose, D. M. Giachino, David Keyes, Dr. William and

Mrs. Gussow, Dr. G. G. Suffel, Patrick Hamilton, Robert Hart, K. M. Ralston, A. H. Honsberger, W. E. White, Roy Pountney;

D. F. Hewitt, Dr. H. W. Fairbairn, M. L. Keith, G. A. Russell, Dr. W. A. Bell, Dr. G. M. Wright, P. H. Taylor, Dr. Norman Bowen, J. G. Field, G. R. Webber, P. E. Auger, W. R. Sutton, A. W. Jolliffe, R. W. Spence, Jack Silman, R. W. Johns, D. E. Keeley, George Furse, Dr. R. D. Macdonald, R. W. Warren;

Dr. F. J. Alcock, Hudson Bay Mining and Smelting Company, Falconbridge Nickel Mines, Eldon Brown, Dr. C. E. Cairnes, C. K. Leith, G. S. Hume, Dr. A. Knopf, Consolidated Mining and Smelting Company, Mrs. Ruth Stevens, W. F. James and B. S. Buffan, C. A. Burns, Prof. G. B. Langford, A. P. Beavan, Dr. K. A. Clark, Dr. E. L. Evans, Hollinger Consolidated Gold Mines, Ventures Limited, G. E. Cole.

Receives Literary Award

Dr. Donalda Dickie, Arts '10, Vancouver, British Columbia, has been awarded the Governor-General's literary award in the juvenile class for 1950. The award was for *The Great Adventure*, a history of Canada.

Athletics

So you think you have troubles? Listen to Head Football Coach Frank Tindall's tale of woe!

Sixteen are missing from last year's squad. In addition, many of the more promising players on the intermediates who were being counted on as replacements failed to make the grade at the spring examinations. And Andy Mullan, assistant coach for the past two years, will not be able to carry on.

Those lost to the Tricolour include Captain Sam Sheridan, Jack Sisson, Tip Logan, Hal McCarney, Gary Lewis, Hank Simola, Pete Salari, Rod Montrose, Bob Cole, Bill Burgess, Doug Woolley, Murray Bulger, Bobo Penner, Moe Richardson, and Des Clements. Former Captain Jim Charters is in final-year Medicine and says he won't be turning out.

Of the intermediates, Eddie Klym, Brian Timmis, and Dick Irwin will not be eligible. Jack Zwirewich, Ron Suksi, who played part of last season with the seniors, and Bob McIntyre have to pass a few "supps" before they can qualify.

Senior players who will be back are Ross McKelvey, Don Ball, Jack Roberts, Eric McIlveen, Don Griffin, Dennis

Fleming, Don Bahner, Billy Bell, Harry Lampman, Walt Waddell, and John Varcoe. Of these, only three are linemen.

Coach Tindall can field a half-line that will compare favourably with any in the league. But he is short on experienced linemen and outside wings, plus a quarterback who can pass and run plays. That's all.

So, fellow alumni, if there are any promising students in your community who can play a line position, you can do the old school a good turn by selling them on the idea of coming to Queen's.

FOOTBALL SCHEDULE

- Sept. 15—O.A.C. at Queen's (exhibition)
- Sept. 22—Queen's at McMaster (exhibition)
- Sept. 29—Balmy Beach at Queen's (exhibition)
- Oct. 6—Queen's at Western
- Oct. 13—McGill at Queen's
- Oct. 20—Toronto at Queen's
- Oct. 27—Queen's at Toronto
- Nov. 3—Queen's at McGill
- Nov. 10—Western at Queen's

JOHN VARCOE

DENNIS FLEMING

WALT WADDELL

These three are the only linemen of last year's squad available to Coach Frank Tindall.

ADDS INTERESTING FOOTNOTE TO ATHLETIC HISTORY

In recording the death of A. E. Lavell, Arts '91, the *Review* mentioned that Dr. Lavell "was largely responsible for the composition of the Queen's Gaelic yell."

This statement receives strong support from Sir Edward Peacock, Arts '94, LL.D. '41. Writing from London, Sir Edward says:

"I took part in the yell question, and Alf was really the father and mother of it. He got the right words; got the Cape Breton Highland men to work out their meaning in a Gaelic that would make a good yell, then at the Alma Mater Society he got us all trying it, and by his enthusiasm soon transformed a disorganized set of opinions into the keenest enthusiasm for the yell. It has remained that of the University ever since and, is, in my opinion, the most effective of all Canadian university yells."

Sir Edward adds an interesting footnote about another of A. E. Lavell's efforts, "so very characteristic of his enthusiasm and practical determination. The football field in those days lay between the old Arts Building and the street which separates the Queen's property from that on which stands Ban Righ Hall.

"There was no barrier to keep the crowd off the football ground and in an exciting match they often invaded it. After one such match there were protests by the opponents, and there was very severe comment in the Toronto press and an indication that there might be a protest to the authorities against matches being played on the Queen's ground.

"The match for the following Saturday was with Varsity—very important. Alf set to work on Monday morning, collected enough money to get posts and scantling, and at the same time gathered a group of us who were willing to do the actual work of installing the fence

and borrowed enough tools for the purpose. The post holes were a back-breaking job, but the work was done, and on Friday evening both sides were fenced off properly, though rather roughly, and the match took place next day without any interference."

SCIENCE GRADUATES TO HELP COUNCIL

Formed about a year ago, the Advisory Council for Engineering has already made its influence felt in the Faculty of Applied Science.

Norman F. Tisdale, Sc. '19, chief engineer of the Molybdenum Corporation, Pittsburgh, Pennsylvania, is chairman of the Council. The latter is composed of twenty-five Canadian and United States engineers, leaders in their professions.

In a message to all Science graduates, Mr. Tisdale expressed his gratitude to those who had sent in suggestions aimed at improving or extending the work of the Faculty. "We would welcome more such suggestions," said the chairman. "After all, this work is yours as much as that of the committee."

Mr. Tisdale pointed out that the Council sub-committees, one for each Faculty Department, will meet from time to time. Graduates will be asked to take part in the discussions, and it is hoped that they will participate when the opportunity arises.

"We are establishing a new service in various communities where there are high schools or collegiate institutes to give advice to the young men who are thinking of entering the engineering profession," Mr. Tisdale told the *Review*. "If you are asked to perform this duty we hope you will accept. Your knowledge of the work, of the locality, and probably of the boys themselves will be of inestimable value to the lads and to the University.

"Some time spent on this sort of work will be of tremendous assistance to all concerned," Mr. Tisdale pointed out.

REUNION

In

1951

Editor's Note: This cartoon appears by courtesy of George Lichty and the Chicago *Sun-Times* Syndicate, and was originally part of the regular comic feature "Grin and Bear It."

With the 1951 Reunion scheduled for October 19-21, the cartoon is strictly apropos. Any resemblance between the singers caricatured and Queen's alumni is quite intentional. We all do fairly well on the "Oil Thigh Na Banrighginn," but some of the other words do not come as readily to mind.

"Old Alma Mater-r-r, HmMMM de-duu-u-u classic halls, Frmmmm
 aa-aaa-a-a ivied walls, Grmmmm ba-laa hopes and fears, Brmmmm
 dee-dmm after years, Alma Mater thee-e-e..."

PROGRAMME

Friday, October 19

Afternoon—Registration, and Visiting the University and Hospitals
 Fall Convocation and Installation of Dr. W. A. Mackintosh as Principal
 Evening—University Dinner for Dr. W. A. Mackintosh in Students' Union
 University Reception in Grant Hall

Saturday, October 20

Morning—Registration, and Visiting the University and Hospitals
 Fall Meeting, Board of Directors, General Alumni Association
 Annual Meeting, General Alumni Association
 Iron Ring Ceremony for Science Graduates
 Afternoon—Queen's-Varsity Football Game
 Evening—Reunion Dinner, Students' Union
 Class Dinners
 Fall Meeting, Board of Trustees
 Reunion Dance, Grant Hall
 Football Dance, Gymnasium

Sunday, October 21

Morning—Religious Service, Grant Hall

Welcome . . . Reunion Classes

ARTS AND MEDICINE '01

It hardly seems possible, but fifty years have elapsed since you were the lords of all you surveyed on the Queen's campus, in the days of "Geordie" Grant. There have been tremendous changes in the physical plant but none at all in the prevailing spirit of the place. We will be proud of the opportunity to show you around!

MEDICINE '03-'04-'05-'06

There is a whole new group of Medical buildings for you to look over, as well as many new facilities in the local hospitals. But, more important, your reunion will give you a chance to renew old friendships.

ARTS '03-'04-'05-'06

Remember how that august body, the Arts Concursus Iniquitatis et Virtutis, kept discipline among the students? The Court still operates, but it has no jurisdiction over the alumni, so you may feel free to behave as fancy dictates.

SCIENCE '03-'04-'05-'06

Your classes were small in number, but the amount of spirit you generated and the scope of the enterprises you engineered were memorable. From Queen's you went out all over the world and the reputation of the Science Faculty is due in no small measure to the success you made of your profession. There's a big welcome on the mat for you at Queen's!

ARTS '22-'23-'24-'25

The Chicken Coop is no more and the co-eds now live in cloistered residences. No longer is the Levana war cry heard in the land, a shortcoming you could easily rectify. So, come on back all you "fussers" and belles of yesteryear.

MEDICINE '22-'23-'24

After more than a quarter of a century you doctors deserve a good holiday. To what better purpose could you put a long week-end than to return to the campus where you spent such happy times in the Twenties?

ARTS-MEDICINE-SCIENCE '26

With Alec Edmison looking after the details, it is little wonder that the Twenty-Fifth reunion of these classes is expected to make history. Headquarters will be the La Salle Hotel, where many have already booked accommodation. The plans include a dinner at the Hotel on Saturday evening, and the new Principal is expected to attend.

SCIENCE '22-'23-'24-'25

Of special interest to these classes will be the new Tech Supplies Building, Clark Hall, and the Synchrotron in Ontario Hall. There will also be an Iron Ring ceremony you may wish to attend.

ARTS '41-'42-'43-'44

Pat Brady, Hugh Black, Don Webb, and Bud Bolton are acting as party whips for the reunion of these classes. When you hear from them, send in a prompt reply that you will be on hand. We'll be seeing you!

MEDICINE AND SCIENCE '41-'42-'43-'44

Some of you have yet to see an Intercollegiate football game. Here is a chance to remedy that situation and, at the same time, see the kilted pipe and brass band of which the students are so proud and which owe their splendid appearance to the foresight of some of the members of Science '41.

To the members of the above classes: In a few instances it has not been possible to find people who have the time or the inclination to serve as reunion organizers. Please accept this as a warm invitation to attend the Reunion festivities.

At the Branches

Wins Reg Barker Trophy For Third Consecutive Year

If Stu Mills, Sc. '21, isn't the best golfer among the Toronto alumni, at least he has the best claim to the title. For the third consecutive year he won the annual Reg Barker Memorial Trophy Competition, held at St. Andrew's Golf Club on June 22.

This year the tournament was nearly rained out. Only twelve were on hand to brave the downpour, and of these only seven persevered to the finish. Twenty-eight turned up for the turkey dinner afterward.

The committee in charge consisted of Walter Light, Sc. '49, Graham Whidden, Com. '44, Johnny Munro, Arts '38, Ernie Collyer, Sc. '23, Charlie Peck, Arts '39, Al Clark, Arts '40, Jim Brown, Sc. '44, Ernie Benevides, Arts '43, and George Toller, Arts '50 (chairman).

Renfrew County Branch Given New Lease on Life

Dormant for some time, the Renfrew County branch was rejuvenated at a meeting held in the Renfrew Golf Club on July 17. Thirty-five were in attendance.

The president, D. W. Stewart, Sc. '23, was in the chair and explained the purpose of the meeting. H. J. Hamilton, alumni secretary, outlined the aims and purposes of the General Alumni Association and referred to the record of achievement of the Renfrew branch. Joining in the discussion afterward were J. E. Lindsay, Arts '45, B. C. Craig, Sc. '42, Dr. J. D. Stewart, Arts '29, S. M. Chown, Arts '22, and Dr. James Wallace, Arts '98, Theol. '01, Med. '20.

It was agreed that the next meeting would be held in Pembroke in the fall.

The executive is as follows: president, D. W. Stewart, Sc. '23; secretary-treasurer, Mrs. D. M. Aikenhead (Ruth Fraser), Arts '45; representatives: B. C. Craig,

Sc. '42, and Mrs. J. H. Box (Florence Elliott), Arts '14, Arnprior; Mrs. P. J. Bailey (Ivon Bresnahan), Com. '41, and Dr. L. G. Reid, Med. '39, Pembroke; Mrs. M. McCormick (Mary Elizabeth Mills), Arts '41, Eganville; H. B. Megill, Sc. '35, Haley's Station; Dr. J. D. Stewart, Arts '29, Deep River; J. E. Lindsay, Arts '45, and Dr. H. L. Handford, Med. '40, Renfrew.

Younger Ottawa Graduates Hold Successful Picnic

Sunny weather favoured the Ottawa picnic which was held for the more recent graduates at South March, about fifteen miles south of Ottawa, on June 16. Approximately sixty were in attendance, complete with bathing suits and box lunches.

Softball games, but mostly sunning and swimming, occupied the picnickers' time. After lunch the party was invaded by a family of ducks which cleaned up the crumbs.

In the evening, after the married couples had taken the young ones home to bed, a camp fire was built. A sing-song was well under way when it started to rain, quickly breaking up the party.

The committee in charge consisted of Max Narraway, Sc. '47, George Perrin, Arts '49, and Ken Wynkie, Arts '46.

Branch Officers, 1951

P. E. H. BRADY
President, Ottawa

Rev. R. E. VIPOND
President, Edmonton

Dr. Isabel MacInnes Honoured By Vancouver Alumnae

Mrs. C. B. Huyck (Olive Boyd), Arts '13, entertained the Vancouver alumnae at tea on June 2 when special tribute was paid to one member, Dr. Isabel MacInnes, Arts '08, who received an honorary degree from the University of British Columbia.

New officers for the coming year were appointed as follows: honorary president, Mrs. D. Buchanan; president, Miss Esther Harrop, Arts '16; vice-presidents, Mrs. C. W. Topping (Marjorie Ellis), Arts '20, and Mrs. S. J. Schofield

Dr. Isabel MacInnes

Dr. Isabel MacInnes, Arts '08, was made the recipient of an honorary degree, Doctor of Laws, at the Spring Convocation of the University of British Columbia. The citation read:

"Dr. Isabel Stewart MacInnes, Professor Emeritus of German in the University of British Columbia. After a brilliant course of studies that brought her to the M.A. degree, and beyond, in English, French, German, and History, at Queen's University, Professor MacInnes took her Doctor of Philosophy degree at the University of California. Her activity as a university teacher in Vancouver dates from the year 1911, when she became an instructor at McGill University College, the institution that was to be, four years later, our University of British Columbia. In her teaching Professor MacInnes combined, as few are able to do, acute perception with lucid and systematic expression, thoroughness in all things with a never-failing sense of proportion, and the high austerity of the scholar with the considerate kindness of the true humanist. In spite of two World Wars that rent our civilization asunder, she never lost sight of that essential greatness, inherent in the German people, which is beyond the power of a Hohenzollern to destroy or of a Hitler to corrupt. Her entire career as scholar, teacher, and administrator has been illuminated by the maxim of the great poet of Germany, 'Without haste, without rest', and no less by his other maxim, 'Let man be noble, rich in helpfulness, and kindly of heart.'"

(Florence Tait), Arts '12; secretary, Mrs. A. W. Brodie (Mary Shearer), Arts '17; treasurer, Miss Maud Anderson, Arts '24.

Principal Guest of Honour At Kingston Annual Meeting

"There is in Queen's some of the very real values that belong to a true university," Principal Wallace told the Kingston alumni at the annual dinner meeting on June 20. "Queen's has gone a long way in fields fundamentally important," he said.

Principal Wallace was guest of honour at the meeting, held in the Cataraqui Golf and Country Club. He was introduced by D. L. Rigsby, Sc. '40, and thanked by Prof. A. V. Corlett, Sc. '22.

In the election of officers G. O. Walker, Com. '41, was returned as president. Mr. Walker succeeds R. N. Bassarab, Sc. '47.

Others appointed were as follows: first vice-president, W. W. Farrell, Com. '35; second vice-president, Dr. J. J. E. Baker, Med. '34; secretary, R. A. Maguire, Sc. '45; treasurer, D. G. Workman, Sc. '46; executive—J. G. S. Billingsley, Sc. '48, J. G. Chance, Arts '49, D. M. Chown, Arts '49, Gelindo De Re, Com. '48, Dr. S. M. Polson, Arts '05, Med. '10, J. F. A. Smythe, Sc. '49, M. J. Waite, Sc. '31.

In the golf tournament, which preceded the meeting, the low gross shield was won by Dr. J. E. Gibson, Arts '37, Med. '40, with 77. The low net prize was won by Dr. G. W. Mylks, Arts '27, Med. '29, with 68. Hidden hole prizes were won by J. F. Edwards, Arts '37, and H. J. Hamilton, Arts '32. Dr. L. N. O'Connor, Med. '43, won the dinner prize.

In the absence of the president, Past President D. L. Rigsby, Sc. '40, served as chairman. The prizes were presented by D. J. Day, Arts '23.

The committee in charge consisted of J. G. Chance, Arts '49, W. C. Newman, Arts '39, and H. J. Hamilton, Arts '32.

J. A. Edmison Guest Speaker At Winnipeg Meeting

J. Alex Edmison, assistant to the Principal, addressed a special meeting of the Winnipeg branch at the University Women's Club on June 7. Mr. Edmison showed slides depicting early Queen's classes, teams, and buildings, as well as contemporary scenes.

The audience of fifty men and women expressed its congratulations to Mrs. James A. Richardson, who was granted the degree of Doctor of Laws at Queen's 1951 Convocation, and to Dr. E. G. Berry, Arts '36, who received a 1951-52 Guggenheim fellowship.

The following resolution, made by Dr. Berry and seconded by Dr. D. H. Laird, Arts '98, LL.D. '45, was passed:

The Winnipeg alumni of Queen's University wish to express their regret at the impending retirement of Principal and Mrs. Wallace, who, during the last fifteen years, have done so much for Queen's University and have guided the growth of the University through a trying war and postwar period. They wish also to express their appreciation for their warm interest in the work of the Alumni Association and their particular interest in the Winnipeg alumni because of the Wallaces' connection with Winnipeg. We wish them many years of happiness in Kingston.

C. E. Joslyn, Sc. '16, proposed the following resolution, which was seconded by S. A. Searle, Com. '47, and passed:

The Manitoba Branch of Queen's University Alumni Association wishes to record its pleasure and satisfaction in the appointment of Dr. W. A. Mackintosh as Principal of Queen's. We believe Dr. Mackintosh to be eminently suited for this important position by reason of his fine personal qualities, his excellent academic training and experience, and his outstanding contribution to high government policy and administration. Our satisfaction is enhanced by the fact that Dr. Mackintosh is a graduate of Queen's and a member of the staff for many years, hence Queen's will benefit from the composite loyalty of student, professor, and principal.

It is the wish of the Manitoba Branch that this resolution be sent to the Secretary of the General Alumni Association for presentation to Dr. Mackintosh.

PETERBOROUGH MEETING OCTOBER 16

J. C. Macfarlane, K.C., Arts '11, vice-president of the Canadian General Electric Company, will be the speaker at the Peterborough alumni branch annual meeting at the Kawartha Country Club, Peterborough, on October 16. Mr. Macfarlane is a member of the Queen's Board of Trustees and is a past president of the General Alumni Association and past chairman of the Endowment Committee.

L. G. Williams Elected President of Lakehead Branch

Lloyd G. Williams, Sc. '49, of Port Arthur, was elected president of the Lakehead branch at a meeting held June 8 in the Flamingo Club.

Other officers elected include: vice-president, T. N. McClenaghan, Sc. '47; secretary, R. G. Adams, Sc. '49; treasurer, F. A. Perttula, Sc. '46; social conveners, Campbell McGregor, Arts '47, and Miss Mary Balanchuk, Arts '49; executive—Rev. G. H. Wilms, Arts '50, Dr. M. H. Schultz, Med. '47, Miss Margaret MacLeay, Arts '43, and Miss Joan Hebden, Arts '48.

More than sixty members heard J. Alex Edmison, assistant to the Principal, review the past and present of the University by means of coloured slides.

Mr. Edmison showed pictures of the earliest buildings and the outstanding sports figures and campus personalities through the years. His remarks were accompanied by interjections from members of the audience as they recognized persons and places they had known.

J. R. Lawrence, Arts '42, retiring president, conducted the meeting. Mr. Edmison was introduced by W. G. Wegenast, Sc. '47, who reviewed briefly the speaker's career and interests. Mrs. L. G. Williams (Nancy Welton), Arts '50, moved a vote of thanks to Mr. Edmison.

M. J. Armstrong, Arts '29, proposed the toast to the University, and Dr. R. G. Miller, Med. '37, and Campbell McGregor, Arts '47, conducted a sing-song.

Since they wore duplicate suits at the age of five, these twin brothers—Walter Elmer Shales and William Elmo Shales—have led parallel lives. Each obtained an M.A. degree at Queen's in 1913. After teaching careers of twenty-nine years, Walter, head of the science department at Central Collegiate, London, Ontario, and William, head of the science department at Beck Collegiate, London, retired at the end of June. In the boyhood picture, William is at left. In the other picture Walter is at left as he discusses plans to spend at least part of his retirement fishing with his brother.

Dr. W. R. Conn Host At Annual Picnic

Forty-five alumni and relatives enjoyed a leisurely and happy afternoon at the annual picnic of the Middle-Atlantic branch held on the farm of Dr. W. R. Conn, Arts '32, near Dublin, Pennsylvania, on June 3.

The chief topics of discussion at the brief business meeting were the recent Queen's campaign for funds and the plans for the annual dinner to be held in November.

The Medical Faculty was represented by Dr. C. T. C. Nourse, '08, and Dr. John Lansbury, '26, Philadelphia; Dr. A. B. Dixon, '39, Baltimore, Md., and Dr. G. E. Flanagan, '23, of Myerstown, Pa. Arts' graduates included James Judge, '28, and Mrs. Judge (Helen Shangraw), '29, North Wales, Pa., Mrs. L. D. Clark (Daisy Aspinwall), Arts '27, Easton, Pa., Mrs. H. J. Creech (Marie Hearne), '30, Orelan, Pa., and Dr. W. R. Conn, '32. Science graduates present included Prof. C. W. Simmons, '20, of Lehigh University, Bethlehem, Pa., Prof. L. D. Clark, '29, of Lafayette, Easton, Pa., N. C.

Cooper, '22, Wilmington, Del., Edward Fox, '41, Neshaminy, Pa., H. S. Campbell, '28, Bryn Athyn, Pa.

Among the visitors were the daughter and son-in-law of Mr. and Mrs. Judge, and Dr. Bailey, brother of Dr. R. W. Bailey, Med. '04, who moved to Jamaica two years ago, and Mrs. Bailey.

The Eric Holdens Entertain Graduates and Their Families

Several London area graduates of the first half of the '40's met in a family picnic at the home of Eric Holden, Sc. '44, and Mrs. Holden (Mary Carmichael), Arts '45, Lambeth, on June 10.

Included in the group were: D. D. McGeachy, Sc. '40, Mrs. McGeachy (Donalda Campbell), Arts '42, and their children, Lynn and Joan; Lawrence Sanders and Mrs. Sanders (Mary Stock), Arts '44, and their children, John and Nancy; J. B. Slack, Arts '44, Mrs. Slack (Kathleen Swinton), Arts '39, and their daughter, Mary Jane; Gordon Jarvis, Sc. '43.

Hamilton Alumnae Hold Successful Summer Tea

The Hamilton branch of the Queen's alumnae closed its season's activities with a summer tea held at the home of Mrs. R. N. Dobson (Norma MacRostie), Arts '37, Port Nelson, on June 16.

A large number were on hand to enjoy the tasty food and beautiful surroundings. The guests were received by the president, Miss Evelina Thompson, Arts '38, and the hostess, Mrs. Dobson.

The tea table was attractively arranged with bowls of pink peonies and pink candles. Pouring tea were Miss Anne Smith, Arts '22, Mrs. G. S. Otto (Irene Toole), Arts '15, Mrs. H. G. Medhurst (Helen Talcott), Arts '25, and Mrs. R. H. Bissell (Marjorie Dowsley), Arts '29.

Miss Ruth Hogarth, Arts '30, was in charge of the dining-room, with Mrs. H. F. McKerracher (Doreen Denyes), Arts '46, Mrs. D. A. Cooper (Marion MacAlpine), Arts '24, Mrs. J. M. McDonell (Marion Lawr), Arts '41, and Miss Olwen Davies, Arts '48, as her assistants.

Mrs. J. T. Barker (Isobel Shaw), Arts '38, Com. '39, was in charge of the food arrangements, assisted by Mrs. D. Campbell (Dorothy Southern), Arts '40, and Mrs. H. R. Tiers (Irene Mark), Arts '35.

Great credit must be given to the Burlington Queen's people for helping to make this such an enjoyable affair.

—J. F.

Queen's Golfers Make Good Showing In Winnipeg Tournament

Winnipeg grads of eastern universities got together for golf on July 9 at the Pine Golf Club near Winnipeg, and McGill wound up in possession of the "Old Ice Bucket", emblematic of the team championship.

Organized by G. S. Bacon and W. A. Neville, vice-presidents respectively of local McGill and Queen's alumni groups,

the field day attracted over twenty-five, and its obvious success augurs well for the establishment of an annual event.

Queen's finished a close second to McGill in the team competition—only 1½ strokes separating them. Toronto copped the low gross prize and McGill the low net. Queen's was represented by L. J. Crocker, Arts '26, D. B. Shaw, Com. '26, R. C. Brehaut, Sc. '26, Barry Manning, Arts '44, G. B. Osler, Arts '44, and J. W. Bryant, Arts '48.

W. A. Neville, Arts '38, spoke on behalf of the Queen's group at the dinner which followed the golf. J. P. Baker, Arts '44, assisted with arrangements.

University Treasurer Guest of Calgary Alumni

Forty members of the Queen's family in Calgary, including a number of undergraduates who were home for the vacation period, attended a meeting on June 1 at which M. C. Tillotson, University treasurer, was the guest speaker.

Mr. Tillotson spoke on "Education after Commencement," and also reported on the progress of the Endowment Fund. An enthusiastic discussion followed, and Mr. Tillotson gave some interesting facts about the University.

Reference was made to the fact that Miss Theresa Gauthier, who was present at the meeting, had won this year the second-year Medical scholarship.

E. B. Weir, Sc. '26, To Head Porcupine Alumni Branch

E. B. Weir, Sc. '26, was elected president of the Porcupine branch for the ensuing year, at the annual meeting held in Timmins on June 6. Mr. Weir succeeds D. W. Carriere, Arts '35.

Other officers elected include: vice-president, C. B. Ross, Sc. '47; secretary-treasurer, J. D. Elliott, Sc. '31; committee—W. B. Sparks, Arts '40, D. C. Van Camp, Arts '43, Mrs. Beatrice Cran, Arts '49, R. D. Lord, Sc. '38, A. M. Glenndinning, Sc. '40, R. M. Surtees, Arts '51.

The programme included showing the film strip, "The University Way," prepared by Queen's University for vocational guidance work in the secondary schools. Two films were also shown—one of songs by the Leslie Bell Singers, and the other, in beautiful colour, of the life of Tom Thomson.

Mrs. G. R. Woolsey Re-elected Head of Montreal Alumnae

Mrs. G. R. Woolsey (Florence Munro), Arts '22, was recently re-elected president of the Montreal alumnae for the ensuing year.

Others elected were as follows: first vice-president, Mrs. F. W. Judge (Bonnie McCloskey), Arts '45; second vice-president, Mrs. Higgerman; recording secretary, Mrs. D. C. Cameron (Ann Paynter), Arts '47; corresponding secretary, Mrs. L. J. Walker (Vivian McWhinnie), Arts '42; treasurer, Mrs. G.

A. Harkness (Marjorie Boehmer), Arts '48; programme convener, Miss Donna MacInnes, Arts '24; out-of-town membership convener, Miss Mona Morley, Arts '46; associate membership convener, Mrs. E. W. Niergarth; social conveners, Mrs. J. E. Conner (Lucette Hansen), Arts '45, Mrs. Rodney Bruce; representatives to Local Council of Women, Dr. Margaret Gibb, Mrs. A. P. Blackburn (Eileen Campbell), Arts '22; representative to Canadian Federation of University Women, Miss Elsie Macfarlane, Arts '30.

Edmonton Executive Meets

In honour of the visit to Edmonton of M. C. Tillotson, University treasurer, and Mrs. Tillotson, a dinner and social evening was held at the home of Dr. J. O. Baker, Med. '08, and Mrs. Baker, on June 6. Present were the members of the executive and their wives.

Prescott Doctor Celebrates Seventy-Fifth Birthday

Presentation of a travelling clock was made to Dr. Charles F. S. McPherson, Med. '96, on the occasion of his seventy-fifth birthday, at a surprise party staged by the Nurses' Auxiliary of Prescott, Ontario, on June 18.

With the exception of one year spent in postgraduate study in New York City, N.Y., Dr. McPherson has been practising in Prescott ever since graduation. He has also been actively engaged in public health and welfare services, with a record of more than fifty years as M.O.H.

Dr. McPherson comes from a family with many Queen's connections: two brothers, Dr. W. A. McPherson, Med. '91, and E. A. McPherson, Arts '00, and

a sister, Miss Hattie McPherson, Arts '97. Another sister, Edythe McPherson, Arts '06, married Dr. W. J. Taugher, Med. '06. In addition Dr. M. E. McPherson, Arts '27, Med. '29, is a nephew.

Research in Alcoholism Financed by Grant

Queen's has been given a provincial government grant of \$25,000 to finance research in alcoholism. This grant was a result of original discussions last year between Major John Foote, V.C., when he was vice-chairman of the Ontario Liquor Control Board, and J. Alex Edmison, assistant to the Principal at Queen's.

The research will be under the direction of Dean G. H. Ettinger, and Dr. J. M. Blackburn, head of the Department of Psychology.

Alumni News

BIRTHS

Abbott—On June 9 at the General Hospital, Port Hope, Ont., to Ross H. Abbott, Sc. '43, and Mrs. Abbott (Marian Mayhew), Arts '42, a daughter (Shelly Anne).

DEATHS

Asselstine—A member of Arts '04, Edward Blake Asselstine died at his home in Calgary, Alberta, on June 30, 1951. Mr. Asselstine took his B.A. degree from Queen's in 1904 and his M.A. in 1905. After graduation he went out west where he became principal of the Wetaskiwin public school until moving to Calgary as mathematics teacher in the Central High School. He retired from this position in 1948. Surviving are three daughters and two brothers.

Bertram—Third on the seniority list of Queen's graduates, Dr. Thomas Aimers Bertram, Med. '85, died at his home in Dundas, Ontario, on June 7. He was in his eighty-eighth year. As a student at Queen's, Dr. Bertram took a keen and active interest in campus activities and was the outstanding university athlete. After graduating with

honours in 1885 he took postgraduate work and was made a Licentiate of the College of Surgeons, University of Dublin. Returning to Dundas he commenced the practice of medicine and throughout the years of his service became the personal physician, friend, and counsellor of untold numbers of people in the district. He instituted many health services in the community. As Medical Officer of Health for more than forty years he brought in many reforms that were considered revolutionary at the time but are common practice today. He continued an active interest in sport, particularly as a runner, rifle marksman, curler, and bowler. He was chosen to represent Canada at Bisley in 1899 and won the Grand Aggregate and many other prizes. A member of Valley Lodge, A.F. & A.M., he recently received a Fifty Year jewel, in recognition of half a century of membership in the Order. Dr. Bertram is survived by his wife. An only son, A. S. Bertram, Sc. '12, was killed in the First World War.

Bissell—In his sixty-third year, Dr. Edgar Shewell Bissell, Med. '10, of Brockville, Ontario, died in the Kingston General Hospital on July 11. Dr. Bissell was born in South Augusta, Ontario, and received his early education at Brockville. He graduated from Queen's with his M.D., C.M. degrees in 1910. He served with the Canadian Field Ambulance in the First World War and with the Canadian Army Medical Corps as a Lieutenant-Colonel in the Second World War.

Campbell—A member of Medicine '89, Albert Laduc Campbell died in Bedford, Virginia, on May 19, 1951. Dr. Campbell was born at Madoc, Ontario, in 1865, and received his preliminary education in the schools of that community and at Albert College, Belleville. He entered Queen's in 1884 and graduated with his M.D., C.M. degrees in 1889. He practised in Jamestown, New York, for many years, before going to Bedford in 1942.

Campbell—A missionary in West Central Africa for thirty-two years, Elizabeth Victoria Campbell died on May 10, 1951 in Toronto, Ont., at the age of eighty-one. Miss Campbell graduated from Queen's with a B.A. degree in 1899. In 1902 she was appointed a missionary of the American Board of Commissioners for Foreign Missions and designated to the West Central Africa Mission for educational work. She had been retired since 1934. Among the survivors are two brothers and two sisters.

Cobb—Assistant city engineer in Kingston from 1921 to 1939, Clayton Edward Cobb,

died on May 29, 1951, at the age of sixty. After graduating from Queen's with a B.Sc. in 1921 he worked for the city of Kingston until 1939, when he became engineer with the Department of National Defence and was posted to Barriefield Camp, then Petawawa, and finally at the Dominion Arsenal, Lindsay, Ontario. In 1941 he joined the staff of the Dominion Construction Company for Defence Industries Limited, at Valleyfield, Que. In 1944 he went to Mexico as engineer on a road construction job. At the time of his death he was with the Sullivan Construction Company. He is survived by his wife, and three daughters, two of whom are alumni of Queen's, Helen, Arts '46, and Elizabeth, Arts '48.

Craig—After a lengthy illness, Dr. Wilfred Henderson Craig, Med. '09, of Salmon Arm, British Columbia, died in the Royal Inland Hospital at Kamloops on April 30. He was in his seventieth year. Dr. Craig graduated from Queen's with his M.D., C.M. degrees in 1909 and later took postgraduate studies in New York in gynaecology and general surgery. It was said of him: "Of the many excellent qualities he possessed as a doctor, the outstanding one was the tenacity with which he worked for the life of his patients." Dr. Craig took an active interest in all kinds of sport and for many years was a big game hunter. Among the survivors are his wife, a daughter, three granddaughters, and a brother, Dr. V. H. Craig, Med. '12. A son, Vernon, a medical student at Queen's, predeceased him in 1940.

Dempster—Author of several books on the study of X-ray treatment, Dr. James Herbert Dempster, Arts '99, died at Detroit, Michigan, on August 5, at the age of seventy-eight. Dr. Dempster obtained his B.A. degree at Queen's and then entered newspaper work. After serving as assistant editor of the London, Ontario, "Daily Advertiser," and as editor of the Windsor "Record" he enrolled at the Detroit College of Medicine. Graduating as a doctor in 1909 he became interested in roentgenology, a subject he taught for fifteen years at the Detroit College before it became part of Wayne University.

Driscoll—A native of Kingston, Ontario, James C. Driscoll, Arts '22, died on July 18, 1951. After leaving Queen's, Mr. Driscoll worked for the Canadian Shipbuilding Company in Kingston until his retirement three years ago. Among the survivors are three brothers and one sister.

Dunlop—After an illness of several weeks, John James Dunlop, Arts '15, died on July 7 at the Montreal Neurological Institute. He

was fifty-nine years of age. A member of the staff of Lisgar Collegiate Institute in Ottawa, Ontario, and principal since 1939 he was affectionately known as "Mr. Lisgar" to thousands of graduates. Mr. Dunlop interrupted his studies at Queen's to enlist with the Princess Pats in the First World War and was a member of the first Canadian contingent to sail for the European battlegrounds. He served with great distinction with his regiment and was seriously wounded, a disability which troubled him sporadically throughout his lifetime. On his return to Canada he resumed his studies at Queen's. In 1921 he was appointed to the staff of Lisgar Collegiate, and began a career that was to make him one of the Capital's foremost educators. A past president of the Ottawa branch of the General Alumni Association, he was a member of the University Council. He is survived by his wife, the former Margaret McArton, Arts '20, and two sons, including Bruce Dunlop, Arts '51.

Flemming—At the age of fifty-eight, Rev. John Teasdale Flemming, Arts '15, died in the parsonage at St. Mary's, Ontario, on February 1. After graduating from Queen's with his M.A. degree in 1915, Mr. Flemming joined the Canadian Engineers during the First World War. Later, with the R.F.C., he won the Military Cross. After the war he took postgraduate work at Edinburgh University. Returning to Canada he attended O.C.E., and in 1920 went to Honan, China, where he taught in the High Normal School, and later was principal of the Junior Theological College. He returned to Canada to enter the ministry and was ordained in 1926 at Winnipeg, Manitoba. After further service in Honan he took up pastoral work in Kingsville, Ontario. In 1949 he moved to St. Mary's. Surviving are his wife, and three sons by a former marriage.

Glass—Physician and president of the Hamilton Academy of Medicine, Dr. William Edgar Glass, Med. '35, died suddenly at Port Rowan, Ontario, on July 30. He was forty years of age. Dr. Glass was born at Hamilton, Ontario, and resided there practically all his life. After graduating from Queen's, where he had been a valued member of the senior football team, he took postgraduate studies at Montreal and London, England. During the Second World War he enlisted with the Fifth Field Ambulance, R.C.A.M.C., and was in the Italian campaign. He held the rank of Major on demobilization. Always interested in sports, Dr. Glass was club doctor of the Hamilton Tiger-Cats football team. He was a past president of the Hamilton branch of the General Alumni Association. Survivors include his parents and a sister.

Hammond—Head of the English department of Lawrence Park Collegiate, Toronto, Ontario, William G. Hammond, Arts '25, died of a heart attack on July 21, 1951, at the age of fifty-eight. He took a Pass B.A. degree from Queen's in 1925 and his honour B.A. in English in 1938. He taught at Chapleau and Monkton Public Schools before going to Toronto, where he taught at Riverdale Collegiate, Malvern Collegiate, and then at Lawrence Park. He is survived by his wife, one son, two daughters, and one sister.

Johns—A member of the class of Science '25, Charles D. Johns was stricken by a heart attack while horseback riding on July 11, and died shortly afterwards. He was fifty-two years of age. A native of Marmora, Ontario, Mr. Johns studied civil engineering at Queen's. In 1939 he went to Montreal to join the firm of Creaghan and Archibald, Limited. Six years later he was named manager of the firm. Survivors include his wife and two brothers.

Johnston—One of Ottawa's best known businessmen, Clifford M. Johnston, vice-president and secretary of Welch and Johnston, Limited, an automotive electric firm, died on May 25, 1951. Graduating from Queen's with an honour B.Sc. in electrical engineering in 1920, Mr. Johnston went to Ottawa where he started his business with Henry R. Welch. He was a member of the Engineering Institute of Canada, of the Professional Engineers of Ontario and was one of the few Canadian members of the Royal Photographic Society. He is survived by his wife, a daughter, and a son, Donald, Sc. '48, of Ottawa.

King—Retired B.C. Government engineer, John Linkison King, Sc. '07, died at his home in Burnaby, British Columbia, on July 7. He had served for more than twenty-five years with the Public Works Department in New Westminster, retiring in 1947. Mr. King was born at Edinburgh and moved to Canada at an early age with his parents. He graduated from Queen's with a B.Sc. degree in civil engineering in 1907. He worked on various land surveys in British Columbia at Fernie, Port Alice, and many other centres, before joining the Public Works Department. He was appointed assistant district engineer at New Westminster in 1925 and held that position until his retirement. Survivors include his wife, a son, and two daughters.

Logan—Associate professor of chemistry at Queen's. Dr. John Fremont Logan died on June 30 at the General Hospital, Kingston, Ontario. He was sixty-six years of age. Dr. Logan was born at Amherst, Nova Scotia. He obtained his B.A. and M.A. degrees at

Acadia University and his A.M. from Yale. After teaching a year at De Pauw University, Greencastle, Indiana, he served overseas with the second Canadian Siege Battery. On his return to Canada he obtained his Ph.D. degree from McGill University in 1923 and served on the staff there for two years. He came to Queen's in 1925 as associate professor of chemistry, lecturing in organic chemistry and biochemistry until his retirement in September of last year. Dr. Logan was particularly interested in forest conservation projects and one of these, at Barriefield, Ontario, is named after him. Among his survivors are his wife, a daughter, Heather Logan, Arts '48, and a brother.

Patterson—Manager of technical development for Merck and Company, Limited, Montreal, Quebec, Wilfred E. Patterson, Sc. '24, died suddenly in Edmonton, Alberta, on June 25, 1951, while on a business trip. After graduating from Queen's in 1924 in chemical engineering, Mr. Patterson worked for G. F. Sterne and Sons, Brantford, Ontario, for twenty years. In the early years of the last war he was associated with the Allied War Supplies Corporation and then joined Merck and Company in 1942. Mr. Patterson was responsible for the building of the first penicilin plant in Canada using the submerged fermentation technique, and was actively associated with the construction and initial operation of a streptomycin plant, the only one of its kind in this country. He is survived by his wife and two daughters.

Wood—A minister in eastern Ontario for many years, the Reverend George Cornwall Wood, Arts '08, died in Ottawa on April 28, 1951. After leaving Queen's Mr. Wood studied theology at Victoria College, then in Cobourg, Ontario. He served in many eastern Ontario and Quebec churches including Arnprior, Merrickville, Eardley, Aylmer, and Chelsea. He is survived by four sons.

Williams—President of Armalite Company, Limited, plating supplies, Lloyd Stephen Williams, Sc. '44, died at Toronto, Ontario, on July 29, after a brief illness. He was thirty-one years of age. A native of Viking, Alberta, he received his early education in various Canadian schools and in Durban, South Africa, where his father was stationed for six years. Mr. Williams graduated from Queen's in 1944 with an honours B.Sc. degree in chemical engineering. He was president of the American Electroplaters Society and a member of the Young Men's Canadian Club. Survivors include his wife, a son and daughter, his parents, and a sister.

NOTES

1900-1909

Rev. Dr. W. A. Beecroft, Arts '08, Theol. '13, D.D. '50, of Wingham, Ont., has been elected by three hundred delegates to the presidency of the London Conference of the United Church of Canada.

Dr. N. L. Bowen, Arts '07, Sc. '09, LL.D. '41 (D.Sc. Harvard, Ph.D. M.I.T.) of the Carnegie Institute of Washington, has been awarded the Roebling Medal of the Mineralogical Society of America. Dr. Bowen is the first physiochemical petrologist to win the award which is the tenth since the medal was established in 1937. Awarded for meritorious achievement in the Mineralogical sciences, the medal was given to Dr. Bowen for his outstanding application of physical chemistry to rocks and minerals. Dr. Bowen also recently received the honorary degree of Doctor of Science from Yale University.

Rev. F. W. Mahaffy, Arts '02, is minister of the United Church in Colborne, Ont.

Dr. John H. Stead, Arts '06, Mcd. '09, Oakville, Ont., was bereaved by the death of his wife on May 29.

Rev. Basil W. Thompson, Arts '08, and Mrs.

Thompson, Toronto, celebrated their fiftieth wedding anniversary on June 6. They were married in Renfrew in 1901. Dr. Thompson has served the Methodist and United churches in many centres in Canada, including Ottawa, London, and Kingston where he was minister of Queen Street United Church for fifteen years.

1910-1919

Col. E. A. Baker, Sc. '13, Toronto, has been elected first president of the World Council for the Welfare of the Blind, organized after two years' work by a special committee.

Mrs. H. W. Davis (Isabella Polson), Arts '10, has been elected vice-president of the newly-formed Canadian Council of Hospital Auxiliaries, representing women's hospital associations from all provinces in Canada except the Maritimes and Newfoundland.

Dr. R. O. Earl, Arts '14 (Ph.D. Chicago) and Mrs. Earl (Olga Somerville), Arts '14, have returned to Kingston after a year in Europe. Dr. Earl was on leave of absence from his position as head of the biology department at Queen's and went abroad to study a forestry problem. Dr. and Mrs. Earl travelled 13,000 miles by car across Europe.

Miss Esther Harrop, Arts '17, has received a Master of Library Science degree at the Western Reserve University in Cleveland, Ohio.

The Third Side To The Triangle

The flow of capital funds into useful employment is essentially the result of a triangular relationship.

On one side, the fiscal needs of a relatively few government and municipal bodies, private or public companies create the demand for such funds to advance their operations. On another side the supply accumulates in the hands of a great many individual investors and investing institutions who seek to employ it profitably.

Bringing the two together on mutually satisfactory terms—the third side to the triangle—is the function of this firm through the underwriting, marketing and distribution of stocks and bonds. For over thirty years this has been our business.

McLEOD, YOUNG, WEIR & COMPANY
LIMITED

50 King Street West, Toronto, Ontario

Offices at:

Toronto, Hamilton, London, Ottawa, Winnipeg, Montreal and New York.
Correspondents in London, England.

Members of The Investment Dealers' Association of Canada.

Dr. J. E. Hawley, Arts '18 (Ph.D. Wisconsin), received the Willet G. Miller medal for geology at the annual meeting of the Royal Society of Canada held at McGill University from June 3 to 5. The medal is given for outstanding contribution in the field of geology and is the top award for geology in Canada.

Dr. W. A. Mackintosh, Arts '16, (Ph.D. Harvard), Principal-elect of Queen's University, was elected president of the National Conference of Canadian Universities at the closing sessions of the annual conference early in June.

D. H. McGill, Arts '14, has retired as principal of the Collegiate Institute in Orillia, Ont. He held this position for twenty-five years. In honour of the occasion approximately five-hundred graduates and former students of the school attended a special dinner in the new gymnasium at which a presentation was made to Mr. McGill and his wife.

W. A. Newman, Sc. '11, delivered the annual Sir Seymour Biscoe Tritton lecture to the Institution of Locomotive Engineers held in London on May 25.

J. W. Strader, Arts '16, has been named principal of Lisgar Collegiate Institute in succession to J. J. Dunlop, Arts '15, who died several weeks ago. Mr. Strader has taught at the school for twenty-seven years.

Dr. Charlotte Whitton, Arts '17, Mrs. Frank Ryan (Kathleen Whitton), Arts '26, J. B. Whitton, Sc. '24, and S. L. Whitton, Com. '28, were bereaved by the death of their

mother, Mrs. John Edward Whitton, on July 2. Mrs. Whitton died in Renfrew where she had lived all her married life and where she was one of the most prominent citizens.

Mrs. Edna McCartney Page, Arts '19, has been made Commissioner of Affidavits for the Province of British Columbia.

J. T. THWAITES

J. T. Thwaites, Sc. '25, has been appointed manager of electronic research at Canadian Westinghouse Company, Hamilton, in charge of what is expected to be the largest laboratory of its kind in Canada. Mr. Thwaites was the first person in Canada to take a formal course in electronics and has the distinction of receiving three certificates of appreciation from the United States government for war-time service and achievement—the first civilian to be so honoured.

1920-1929

Bertha Bassam, Arts '22, associate professor of library science, University of Toronto, has been named director of the school in succession to Miss W. G. Barnstead who has retired.

Dr. Ernest Hess, Arts '25 (Ph.D. Yale), is with the fisheries division of the Food and Agriculture Organization of the United Nations. His headquarters are now at Viale delle Terme di Caracalla, Rome.

Dr. C. C. Lingard, Arts '29, of the staff of the Dominion Bureau of Statistics, has been made secretary of the Canadian Social Science Research Council. Dr. Lingard was also recently appointed editor of the Canada Year Book and the illustrated handbook "Canada."

PICKERING COLLEGE

A boys' residential school with an established reputation for serving the individual needs of each student. High academic standards, varied activities, and able counselling combine to develop character and to produce useful citizens. Matriculation and vocational courses. Bursaries available for deserving applicants. Write for illustrated booklet.

HEADMASTER
ROBERT E. K. ROURKE, M.A.
 NEWMARKET, ONT.

FALL TERM OPENS SEPT. 12th

Sadie Miller, Arts '27, has won a \$1500 scholarship granted on the recommendation of the Ontario Minister of Education which will enable her to study at the Sorbonne. Miss Miller, who is head of the Department of French at Fort William Collegiate Institute was taking work for her M.A. at Queen's when she won the scholarship.

Dr. H. R. Murphy, Arts '29, Med. '31, is practising in Fort William, Ont.

J. A. H. Paterson, Sc. '24, general manager of the Mining Corporation of Canada, was elected president of the Canadian Metal Mining Association at the annual meeting in June.

E. M. Patton, Com. '26, of the Bell Telephone Company of Canada, has been transferred to Toronto.

Dr. A. C. Plewes, Sc. '29 (Ph.D. McGill), professor and head of the chemical engineering department at the University, has been elected a councillor of the Chemical Institute of Canada.

Dr. Hugh Robertson, Med. '24, a member of the medical staff of Beck Memorial Sanatorium in London, Ont., since 1936, has been appointed superintendent of the Essex County Sanatorium, Windsor.

Rev. Dr. Gordon A. Siscoe, Arts '25, D.D. '37, secretary of the General Council of the United Church in Canada, recently received an LL.D. degree from Mount Allison University, Sackville, N.B.

Dr. Wallace Troup, Med. '24, associate medical director of the Metropolitan Life Insurance Company, was recently placed in charge of all the company's health and welfare activities in Canada.

Dr. W. G. Watt, Med. '29, formerly in Timmins, Ont., is now practising in Oshawa with offices at 2 Gordon Block.

1930-1939

Lt.-Col. J. R. Allen, R.C.O.C. Com. '38, has been appointed commandant of No. 26 Ordnance Depot, Ottawa.

Dr. W. E. Blair, Med. '30, Kapuskasing, Ont., was bereaved by the death of his wife on June 10.

N. E. Butler, Com. '30, is treasurer of A. V. Roe Canada Limited, Toronto.

Omer Chaput, Sc. '36, Montreal, and Hector Chaput, Sc. '41, Ottawa, were bereaved by the death of their father, Mr. Omer Chaput, a former chief translator with the Bureau of Statistics, in Quebec City on June 17.

Howard Conquergood, Arts '34, Toronto, has been appointed to the new post of educational and welfare director of the Canadian Congress of Labour. He previously held a similar post with the United Steelworkers of C.C.L.

Dr. Colin S. Dafoe, Med. '36, recently returned from England, has started private practice in thoracic surgery in Edmonton. Dr. Dafoe obtained his F.R.C.S. degree while

overseas with the British Army Medical Corps. Following six years as a surgical specialist in Africa and Yugoslavia, he took his training in thoracic surgery in Leicester and Stockholm.

M. A. Erickson, Sc. '36, is head of the experimental stress and strength analysis group of the research department of Dearborn Motors Corporation, the marketing organization for Ford Tractors and Dearborn Farm Equipment at Birmingham, Mich. Mr. Erickson had been formerly with the Chrysler Corporation from the time he graduated and was one of the two original men in the stress analysis department, becoming head of the department in 1946.

Major G. G. Fuller, Arts '34, has retired from the Foreign Service Department in

RIDLEY COLLEGE FOR BOYS

Ridley College for boys 8 to 18 offers high academic standards with the advantages of supervised residential life in modern buildings. Special attention is given to physical development and character building. A modern gymnasium, artificial ice rink and over 50 acres of playing fields provide year round recreational facilities.

Generous entrance scholarships and bursaries are available. For information and illustrated prospectus write the Headmaster, J. R. Hamilton, B.A. LL.D.

Applications are now being entertained for boys who will be ready to enter Ridley College in 1951 and later years. Fall term opens Sept. 11, 1951.

RIDLEY COLLEGE

FOUNDED 1889

ST. CATHARINES
ONTARIO, CANADA

Washington and is now professor of economics at Georgetown University. Major Fuller received his M.A. at Queen's in 1934 while American Consul in Kingston. He was originally a graduate of Yale.

Mr. and Mrs. George E. Johnston (Aline Savignac), Arts '31, and their children, David, Elizabeth, and Ainslie, have moved into their new home at 17 James Road, Lambton, Toronto 18.

W. H. McCutcheon, Arts '37, has been appointed general purchasing agent of Powerlite Devices Limited, Toronto.

Dr. Margaret McQuade, Arts '30 (M.D. University of Western Ontario), received the degree of Doctor of Philosophy cum laude in Psychiatry on June 3 at the Convocation of the University of Ottawa. She is studying psychiatry at present in England.

E. O. Magnusson, Sc. '33, is with Pacific Lime Company Limited, Blubber Bay, B.C.

Mrs. A. R. Menzies (Sheila Skelton), Arts '39, is in Tokyo where her husband is head of the Canadian liaison mission in Japan.

Dr. Hugh M. Munro, Med. '39, is on the staff of the State Sanatorium in Glen Gardner, N.J.

R. C. Pelletier, Sc. '30, has been appointed plant manager of the Canadian Carborundum Company at Niagara Falls, Ont.

Dr. L. A. Remus, Med. '34, is practising in Fort William, Ont.

G. R. Tottenham, Arts '37, has been promoted to the rank of Commander in the Royal Canadian Navy.

W. M. Rice, Sc. '30, who has been teaching for the past four years in Morden, Man., recently joined the staff of the high school in Prescott, Ont.

Group Captain H. E. Walker, Sc. '34, is director of mobilization planning at R.C.A.F. headquarters, Ottawa.

W. G. Ward, Sc. '35, is with the Hydro-Electric Power Commission of Ontario, stationed in Chatham, Ont.

Angus R. Wood, Sc. '34, has left the employ of Public Works of Canada and is now in the cost analysis department of the Ford Motor Company, Dearborn, Mich.

1940-1951

Dr. G. J. Ankenman, Med. '49, is practising at Ganges, Salt Spring Island, B.C.

Mary Jane Barclay, Arts '47, has returned to her home in Ottawa, after spending two years with the Canadian Embassy in Moscow.

R. H. Barnsley, Arts '44, formerly with Stanley Thompson and Associates, Golf Course and Landscape Architects, has withdrawn from this company to start his own private business in Guelph, Ont. Mr. Barnsley took a three-year course at the Niagara Parks Com-

mission School for Horticulture and was awarded a scholarship at the Royal Botanic Gardens in Kew, England. After leaving Queen's he served with the Royal Navy and later enrolled at Cornell University in the department of Ornamental Horticulture where he spent two years.

Lt.-Col. J. W. B. Barr, Med. '40, has been posted to the R.C.A.M.C. School at Camp Borden, Ont.

Earl Baxter, Arts '42, has been promoted to the position of chief statistician of the Board of Grain Commissioners for Canada. His headquarters are in Fort William, Ont.

J. R. Booth, Arts '46, has joined the staff of Algoma Ore Properties Limited at Sault Ste. Marie, Ont.

Frank Brodie, Arts '47, formerly associated with the law firm of Greenberg and Wright in Ottawa, has opened an office for private practice at 46 Elgin St., Ottawa.

F. D. Burke, Sc. '50, is with Canadian Arsenals Limited, Valleyfield, Que.

R. N. Clayton, Sc. '51, has been awarded one of the fourteen C.I.L. fellowships given by Canadian Industries Limited to twelve Canadian universities and colleges for the purpose of encouraging postgraduate work in chemistry and related fields.

H. L. Cook, Arts '48, Com. '49, is now systems representative for Moore Business Forms Limited in Halifax, N.S.

Cecil Cornwell, Arts '47, has been appointed assistant principal of Macdonald Public School in Kingston.

Dr. C. W. E. Danby, Med. '40, Kingston, was bereaved by the death of his mother, Mrs. F. W. Danby, on July 21.

Dr. Arliss Denyes, Arts '45 (Ph.D. Michigan), of the staff of Florida State University, recently spent a few weeks' vacation with her mother Mrs. R. F. Vair (Bessie Walsh), Arts '20, at Collins Bay, Ont., before leaving for the Queen's Biological Station at Chaffey's Locks where she is working this summer on a problem in ecology.

June Dougall, Arts '49, has been appointed to the staff of the Kingston Collegiate and Vocational Institute as teacher of girls' physical and health education.

J. V. Duncanson, Arts '50, is with Canadian Industries Limited, Windsor, Ont.

Major F. C. Egan, Med. '41, is serving in Korea as O.C. Canadian Field Surgical Team.

Dr. Margaret Elliott, Med. '48, is continuing her postgraduate work and is now at City Hospital, St. Louis 4, Mo.

J. K. Fletcher, Com. '48, is now comptroller for A. Kimball Limited, 187 Geachy St., Toronto.

Lieut. (S) F. R. Fowlow, Com. '50, has been appointed Supply Officer to H.M.C.S. "Atha-

baskan". His address is c/o Fleet Mail Office, Esquimalt, B.C.

W. L. Hayhurst, Sc. '46, recently graduated from Osgoode Hall. As gold medallist of the class he received the Chancellor Van Koughnet scholarship. He is shown above (left) with J. B. S. Southey, Arts '48, winner of the Silver Medal and the Christopher Robinson Memorial Scholarship.

Alden Gourley, Sc. '46, is with the Thermav Company, Orillia, Ont.

T. G. Greenlees, Sc. '48, is on the staff of the Department of Public Works, Dominion of Canada, 457 Richmond St., London, Ont.

Patrick Hamilton, Sc. '47, is with Kerr-Addison Gold Mines Limited, Virginiatown, Ont.

W. B. Iler, Com. '48, is market research director of the newspaper association, "Class A Weeklies of Canada."

M. G. Hickey, Arts '48, has graduated from Osgoode Hall and been called to the Ontario Bar.

Eric R. Immel, Arts '46, received the degree of Ph.D. at the University of California on June 16 and has accepted an instructorship in mathematics at the University of Wisconsin.

Dr. H. M. Jost, Arts '43 (M.D. McGill), is spending a year as resident in research and clinical cancer urological surgery at Columbia Presbyterian Medical Centre, New York.

Dr. H. G. Kelly, Med. '40, medical director of the arthritis and rheumatism clinic at the Kingston General Hospital, and lecturer in medicine at Queen's, has been awarded one of six grants for research given by the Canadian Arthritis and Rheumatism Society. Dr. Kelly has also been awarded a Life Insurance Medical Fellowship of \$3,500 by the Canadian Life Insurance Officers' Association. This is one of thirteen fellowships awarded annually and designed to assist medical schools in retaining outstanding research workers on their staffs.

E. R. Lea, Sc. '45, has been promoted to the position of mill engineer at the Gatineau, Que., plant of Canadian International Paper Company. Mr. Lea and Mrs. Lea, formerly Marian Davis, Arts '47, are now living at 191 Park Ave., Gatineau.

Dr. W. F. Lingard, Med. '47, since completing his internship at the Montreal General Hospital, has been in general practice at Lancaster, Ont. This year he is taking the

Player's Please

Plain and Cork Tip

McGill University Diploma Course in Surgery and will continue postgraduate training in surgery in the McGill University teaching hospitals.

Dr. W. R. Love, Med. '45, has started practice in Hamilton, Ont., as an eye, ear, nose and throat specialist.

R. E. McKay, Sc. '47, and his wife, formerly Maureen O'Riordan, Arts '48, have moved from Kitchener to London where Mr. McKay has been transferred by the Bell Telephone Company.

D. D. McLean, Sc. '43, is in the marketing department of the newly-formed Electronics Division of the Canadian Westinghouse Company in Hamilton, Ont.

C. W. Montgomery, Arts '49, is in the torpedo anti-submarine school at Halifax as an instructor lieutenant in the Royal Canadian Navy.

Evelyn Moulton, N.Sc. '50, has been awarded a Kellough Foundation Fellowship valued at \$2400 which will enable her to do postgraduate work at Columbia University in advanced nursing education.

H. D. Porter, Arts '47, is on the staff of Slater, Marshman and Campbell, barristers, London, Ont.

Wallace F. Read, Sc. '43, is employed as

research engineer with John Labatt Limited, London, Ont.

Dr. C. J. Reich, Med. '44, specialist in internal medicine, has opened an office in New Westminster, B.C., taking over the practice of the late Dr. G. S. Purvis, Med. '16.

G. L. Reist, Sc. '48, has been transferred from Area "B" Sarnia, to Area "D" Seaforth, as field engineer for Canadian Comstock Company, Frequency Conversion Division.

Ralph Reynolds, Arts '49, is in the foreign service division of the Department of External Affairs, Ottawa.

K. C. Rose, Sc. '45, has joined the staff of the Canadian Pacific Railway Company at Port Arthur, Ont., as a geologist in the Department of Industrial Development.

C. G. Saunders, Sc. '51, won the John Galbraith student award from the Engineering Institute of Canada in May for his technical paper on Stress Corrosion. Mr. Saunders is now with the Ontario Department of Highways.

J. W. Scott, Arts '48, and his wife, formerly Caroline Coghill, Med. '51, both graduated from Dalhousie this spring, the former with the degree of LL.B. and the latter with her M.D., C.M.

S. W. Sellars, Sc. '41, is process engineer for the Lummus Company, Madison Avenue, New York, N.Y. At present he is doing work for the company in Venezuela.

Mrs. Norman Sheppard (Kathleen McLean), Arts '46, of Cambridge, England, is home for the summer visiting her parents, Mr. and Mrs. S. C. McLean in Ottawa.

A. R. Smith, Sc. '42, is with Proctor and Gamble de Mexico, Mexico, D.F.

J. H. P. Smith, Sc. '50, is with the Tropical Oil Company in Bogota, Colombia.

F. H. Smuck, Sc. '41, is divisional engineer on the construction of the Sir Adam Beck Niagara Generating Station No. 2 at Niagara Falls, Ont.

Major G. W. Thompson, Sc. '41, chief instructor at the R.C.E.M.E. School, Barriefield, Kingston, for the past three years, has left that post for Valcartier, Que., to become deputy-assistant of mechanical engineering for the European brigade.

David M. Walker, Arts '50, has been appointed assistant talks producer, Prairie Region, of the Canadian Broadcasting Corporation.

Walter Wantola, Sc. '43, has joined the engineering staff of the Wallace Barnes Company in Hamilton, Ont.

D. H. Warren, Arts '50, has been appointed to the staff of the high school in Kemptville, Ont.

D. G. Warren, Arts '49, principal of Elgin Public School, has accepted an appointment as inspector of public schools in Middlesex East, with headquarters in London, Ont.

SPUN ROCK WOOL

(Reg'd)

A resilient, long-fibered insulation made from molten rock. Proof against Fire, Vermin, Vibration and Corrosion. Recommended for cold-storage; sound-proofing and acoustical treatments; all industrial purposes up to 1000 F. Made in standard forms for home insulation; exported in bulk form.

Family Party for

Dr. and Mrs. Wallace

HIGH tribute to Dr. R. C. Wallace, former Principal of the University, and to Mrs. Wallace was paid by five hundred members of staff, Board of Trustees, and University Council, at a formal reception in the Students' Memorial Union on September 28. It was a happy occasion, as the many friends of the Wallaces welcomed the opportunity to show their affection and respect.

On behalf of the General Alumni Association, Dr. J. E. McAskill, president, presented Dr. Wallace with an honorary life membership in the Association. J. M. Macdonnell, chairman of the Board of Trustees, presented the guests of honour with a chest of sterling silverware, a gift from the Trustees and University Council. Principal Mackintosh made the presentation of a grandfather's clock to Dr. and Mrs. Wallace, a gift from the staff. Mrs. J. M. MacDougall, president of the Faculty Women's Club, presented Mrs. Wallace with a bouquet of roses containing a merchandise certificate. Chancellor Dunning, who served as chairman of the happy gathering, presented a Queen's LL.D. gown and hood to Dr. Wallace, expressing the hope that he would wear it on many university occasions in the future.

Mr. Macdonnell paid tribute to Dr. Wallace as a man who was always ready to assist anyone engaged in any useful work or worthy enterprise. Mrs. Wallace, he said, was just the sort of woman the wife of a principal should be. He re-

marked that it was misleading to speak of Dr. Wallace's retirement, for the former principal had recently taken a plane trip to Alaska on behalf of the federal government, is being sought to serve the provincial government in another matter, has been made a director of the Ryerson Press, and is interested in a host of other activities. The sterling which he presented was a token of the quality that the Trustees and Council had admired in the former principal, he said.

The members of the administration and teaching staffs, many of whom had worked under Dr. Wallace for the fifteen years he was in office, had always been proud to have him represent them, said Principal Mackintosh. His unremitting care in the interest of the University

and the people who worked under him, the support he had given every single worthy person on the staff had been appreciated by them, he said. He paid tribute to Mrs. Wallace as a gracious hostess and for the assistance she had given the Principal.

Dr. McAskill said that Dr. Wallace had been a true friend of Queen's graduates. He had never hesitated to seek their advice on matters of policy. His office door always stood open and he always had a few moments to spare for graduates visiting the campus. Of the many calls on his time none received a higher priority than those that came from alumni groups.

"It is the wish of the Board of Directors of the General Alumni Association to present Dr. Wallace with an honorary life membership," said Dr. McAskill. "This is an honour not lightly regarded by the Board. In twenty-five years of existence only a few such memberships have been granted."

In a brief speech of thanks, Mrs. Wallace paid tribute to Canada as a wonderful country in which to live. Sometimes, she said, she thought those born in Canada did not realize how wonderful it was. In the forty years she and Dr. Wallace had lived in Canada, they had met with kindness everywhere. Since they were not leaving Kingston on retirement, she added, the function was not an unhappy occasion, but the climax of lives which had contained a considerable amount of hard but satisfying work.

As Dr. Wallace stood up to voice his appreciation, the happy crowd rose in a spontaneous gesture of affection and respect. He was given an ovation that made the hall ring.

Thanking those who had spoken highly of him, Dr. Wallace begged permission to retain his own opinion of his successes and failures. As he looked back over the years, he said, it seemed the achievements had been small, as he

felt the "divine discontent" which is a part of anyone who aspires to work in education.

His own experience had taught him, he said, that there is a tremendous amount of good in everyone. The person who can make this spark glow and the one in whom it is made to glow both benefit, he added. This belief might stem from his own natural optimism, he admitted, but, nevertheless, he had found when he remembered this belief in dealing with people he had been successful and when he forgot it he had failed.

From his professional experience as a geologist he had learned to look at long periods of time. Many are now cynical about prospects for peace, but he was convinced progress will continue just as slowly as nature works, which is slowly indeed. To expect great changes in the short span of a lifetime is to be shortsighted, he warned. In conclusion, he offered his thanks to the alumni, trustees, council, and his fellow staff members at the University for their support during his tenure as Principal, and paid tribute to his wife for her assistance.

The guests were received by Dr. and Mrs. Wallace in the second floor common room. Refreshments were served in the McLaughlin Room and the first floor common room. Those who took places on the platform for the programme were Dr. and Mrs. Wallace, Chancellor Dunning, Principal and Mrs. Mackintosh, Mr. and Mrs. Macdonnell, Mrs. MacDougall, and Dr. McAskill. They were accompanied to the platform by Piper Dan Gorrie of the Queen's band.

Dr. W. E. McNeill and Dr. J. H. Orr served as co-chairmen of the committee in charge of arrangements. Associated with them were Mr. Macdonnell, M. N. Hay, Grant MacLachlan, Dr. L. W. Brockington, Dean Ettinger, Dean Ellis, Prof. J. A. Corry, Prof. Hilda Laird, Dr. S. D. Lash, Dr. A. C. Plewes, and Dr. G. W. Mylks, Jr.

NOMINATIONS SOLICITED FOR ELECTIONS

AS provided in the by-laws of the University Council that govern the elections of the administrative bodies of Queen's, graduates and graduate-benefactors of the University are hereby notified that nominations of candidates for election to these bodies are not sent out, except to the elected members of the University Council and to the non-graduate benefactors in the case of the Trustee elections.

Nominations to the Board by Graduates

Graduates of the University (except those who are elected members of the University Council, from whom nominations are solicited as stated above) may nominate two candidates for election to the Board of Trustees to succeed W. C. Clark, C.M.G., M.A., LL.D., Ottawa, Ontario, and D. D. Findlay, B.Sc., Carleton Place, Ontario, whose terms expire on March 31, 1952.

Messrs. Clark and Findlay are both eligible for re-election. No other member of the Board should be nominated, and no member of the University staff is eligible.

Nominations of Trustees by the Benefactors

Benefactors who have contributed \$100 or more to the University may nominate two candidates for elections to the Board of Trustees as follows:

(a) Under the Act of 1912 (General)—one Trustee to serve until April 5, 1956, in succession to Mrs. D. W. Boucher, B.A., M.Sc., Kingston, Ontario. Mrs. Boucher is eligible for re-election.

(b) Under the Act of 1916, providing for representation of the "School of Mining" (Special Science)—one Trustee to serve until April 5, 1955, in succession to A. E. MacRae, B.Sc., Ottawa, Ontario. Mr. MacRae is eligible for re-election.

No present member of the Board, other than Mrs. Boucher and Mr. MacRae, should be nominated, and no member of the University staff is eligible. Candidates must be nominated by five or

more electors in order to qualify. Nominations must be in writing, signed, and received by the Registrar of the University on or before December 31, 1951.

Nominations to the Council by Graduates

Graduates of the University may nominate nine candidates for election to the University Council to succeed the following members whose terms expire in 1952: H. G. Bertram, B.Sc., LL.D., Dundas, Ont.; C. R. Booth, B.Sc., Ottawa, Ont.; Dr. H. T. Ewart, B.A., M.D., C.M., Hamilton, Ont.; Francis King, K.C., M.A., LL.D., Kingston, Ont.; E. L. Longmore, B.Sc., Timmins, Ont.; L. A. Pierce, B.A., S.T.D., LL.D., Litt.D., Toronto, Ont.; Dr. S. M. Polson, M.A., M.D., C.M., Kingston, Ont.; Dr. James Wallace, M.A., B.D., M.D., C.M., Renfrew, Ont.; R. M. Winter, M.B.E., M.A., Ottawa, Ont.

Candidates must be graduates of Queen's and must receive five or more separate nominations in order to qualify. Nominations must be in writing (permission must be obtained from the nominee to allow his or her name to appear on the ballot paper), signed, and received by the Secretary of the University Council on or before December 15, 1951. The members elected will serve until March 31, 1958.

Dr. R. O. Earl Appointed Dean of Arts Faculty

Appointment of Dr. R. O. Earl, head of the Department of Biology, as Dean of the Faculty of Arts, was announced early in October by Principal W. A. Mackintosh. He succeeds Dr. Mackintosh in this office.

Born in Brockville, Ontario, Dr. Earl graduated from Queen's with his B.A. in 1914, and received his M.S. from Chicago University in 1923. He has been a member of the Queen's teaching staff since 1920. He served as acting Dean of the Faculty of Arts during World War II.

THE GEORGE RICHARDSON MEMORIAL STADIUM

By CHARLES HICKS, *Secretary*
Athletic Board of Control

DURING the war of 1914-18 a patrol of No. 2 Company, 2nd Canadian Infantry Battalion, set out from their front-line position near Dranoutre, France, to raid positions held by the German enemy. After hours spent in the dark, damp, penetrating cold of that night—February 9-10, 1916—the patrol became heavily engaged by the enemy. Two men were wounded slightly, but the officer leading the operation, Captain George T. Richardson, fell, mortally wounded, and died at 8 o'clock on the morning of February 10 at R. E. Farm. Captain Richardson was buried at Bailleul on Friday, February 11. The large number of soldiers of all ranks, including five general-officers, who attended the solemn burial service on the battlefield of a gallant officer, was expressive of the widespread sorrow felt for this truly brave and inspiring man.

Captain Richardson was a native of Kingston, a senior member of the great Canadian merchant firm of James Richardson & Sons Ltd. A graduate of Queen's University and an outstanding athlete, the Captain had attained prominence as a star of the football field and the hockey arena. His name today still stands at the head of the list of those football greats who have, down through all the years, scored touchdowns for Queen's.

George Richardson was an officer of the 14th Regiment P.W.O.R. of Kingston when the war started. Without hesitation and in spite of his extensive business commitments he joined the Kingston

contingent which left for overseas service within a few days after the outbreak of the war. During the long period of hard training at Valcartier and Salisbury Plains Captain Richardson became much loved and admired by his men. He kept himself always in first class physical condition and he saw to it that his command were all in A-1 condition and that their training was full and complete in every detail. His thought for the comfort and happiness of his men was an outstanding characteristic. From his own pocket he purchased 250 pairs of extra fine boots, enough for every man in the company. From him came weekly issue of cigarettes, tobacco and other comforts for his company. Men going on leave to England after months spent at the front were given "a little extra to spend" by the Captain. Then there was the time when he supplied his company with effective gas masks within a few days after the Germans had released the first gas cloud against the 3rd Canadian Brigade. His action was typical of the man. Realizing the danger of gas attacks, he moved quickly to provide the best possible protection for his company. Many, many were the instances of his kindly thought and financial outlay, easing the hard life of his front line infantrymen. But he was withal a strict disciplinarian; his slogan was "there's a job to be done and there's a right way to do it." By his leadership and courage he inspired his command so that at the time of his death his unit was outstanding as a fighting unit. This fact was recognized by the French Government who awarded Captain Richardson the "Legion of Honour".

Queen's Campus — George Richardson Memorial Stadium in the foreground

This then sets down, all too briefly, the memories of one who served with Captain Richardson during all his service in the war, memories that thirty-five years of passing time have not dimmed.

In 1921 Mr. James Richardson caused to be erected at Queen's, the "George Richardson Memorial Stadium" and on October 8, 1921, Mr. Richardson formally turned over the Stadium to the Athletic Board as a permanent memorial to his brother.

The bronze tablet erected on the wall of the Grandstand bears the following inscription.

Desiring to put on record in this Stadium, erected by his brother in his memory, the great love and honour in which they held him, the former comrades of Captain George T. Richardson, in the field of sport and in the field of war, have set up this tablet as a memorial to his love of truth, his chivalrous honour, and the high courage and devotion which filled his life and led him to his death, with the hope that in all who here contend in manly exercises his spirit may endure.

At this time we are remembering the thirtieth anniversary of the opening of the George Richardson Memorial Stadium, and that dwindling group of originals of No. 2 Co. 2nd Battalion C.E.F. like to hark back in reverent memory to the "Captain" whose memory the Stadium perpetuates.

FIVE DIRECTORS ELECTED TO ALUMNI BOARD

In the annual election of the General Alumni Association which closed on September 30, four retiring members were returned to the Board of Directors and one new member was elected.

Re-elected were Dr. C. H. McCuaig, Ian MacLachlan, G. C. Monture, and Dr. J. H. Orr. The newcomer to the Board is B. W. Burgess, of Montreal. A B.Sc. graduate of 1944, Mr. Burgess is technical assistant in the Technical Section of the Canadian Pulp and Paper Association. He is president of the Montreal branch of the General Alumni Association.

DEAN DOUGLAS

by JULIA ETTINGER Arts 47

A TALL, thin woman with dark hair worn in a bun which emphasizes a face, intelligent, sensitive and of fine understanding, Dr. A. Vibert Douglas is liked and respected by both students and friends. To the women students her outstanding characteristics are kindness and an ability to remain above petty thoughts and fussy ways; to her friends they are thoughtfulness and sensitivity to beauty.

Dr. Douglas is a Montrealer of Scottish, Irish, and Channel Island background. Her first years of schooling were in England in a small school in Sussex and in a Quaker school in London. On returning to Montreal she completed her public and high school education in Westmount. She then spent three years in honour mathematics and physics at McGill University studying under James Harkness, then head of the mathematics department, and Dr. H. L. Barnes and Dr. A. S. Eve in physics. A friend has said of her at this time,

looking at her bright, earnest, supremely intelligent face, I decided that there was somebody of no common mind. And in a short time I learned that the intellectual side was merely the complement to one of the finest characters I was, in my lifetime, to be privileged to encounter.

She was a fine athlete. At their island off Gananoque she and her brother became expert swimmers, and could handle any craft with skill. She played all the usual games well and I can see her now coming in well ahead, to win a walking race in the Royal Victoria College gymnasium with all of us shouting encouragement and satisfaction.

Then came the first Great War. One of the best debates that Delta Sigma put on was won by Alice Vibert Douglas, affirming, with an eloquence we held our breaths to hear, that in certain circumstances war was justifiable. 'Where there is no vision, the people perish.' An eccentric and dearly-loved classics professor, as severe a critic as ever was, was one of the judges, and declared that her speech, for so young a girl, was nothing short of remarkable, and ought to be published.

In 1915 Miss Douglas went overseas with her aunt, settling in London,

England, where she did statistical work for the Ministry of National Service, work for which she received an M.B.E. when the office closed in 1917. She saw the results of the first aeroplane raids over London, terrible enough in themselves, but merely a preliminary to the destruction wrought in the Second World War.

Returning to McGill in 1919 she completed her honour B.A. in mathematics and physics and then took her M.Sc. under Dr. J. A. Gray who came to Queen's soon afterwards. Miss Douglas was Dr. Gray's first post-graduate student. The following autumn Miss Douglas went to Cambridge to spend two years studying with Sir Ernest Rutherford in the Cavendish Laboratory and Professor A. S. Eddington at the Cambridge Observatory. During holidays in these years she travelled in Europe, going as far east as Austria and south to Naples. Two years passed quickly, however, and Miss Douglas returned to McGill to lecture in physics and astrophysics from 1923 to 1939. It was she who established the first undergraduate and graduate courses given in astrophysics at McGill University.

In the autumn of 1939, the day the Second World War broke out, Dr. A. Vibert Douglas came to Queen's as the Warden of Ban Righ Hall, and Dean of Women. It was two or three years before she did any lecturing in the winter session (she has always lectured to Summer School students) and then she was made Acting Professor in Astronomy and took charge of the astronomical work in both winter and summer school. This past year, Dr. Douglas was very pleased to tell me, she gave a seminar course in astrophysics to graduate students. It is the first course of this type to be given at Queen's.

Since taking her Ph.D., she has published about fifteen scientific papers on research in the spectroscopic magnitude of stars, and in the electric fields of stellar atmospheres. As well as this she has written articles on education

and on the advance in scientific thought for the *Atlantic Monthly* and for various university quarterlies.

As the Dean of Women, Dr. D. (as the students call her) keeps an eye on the 450 girls attending Queen's. If the professors have any complaints about the girls they come to Dr. Douglas; if parents want to know what their daughters are doing they write to Dr. Douglas. On the whole, however, she expects the girls to be adult enough to look after themselves and in almost all cases they are. All out-of-town freshettes are required to live in residence, if accommodation permits, so that during their first year they come to know their Dean, and although they are not apt to realize it, she keeps a firm hand on the wheel of their activities (through wardens in the annexes, through the Levana Council, and through the Levana Society). She has an excellent system of self-government in residence life, some of which was inherited from former deans and much of which has been innovated since 1939 owing to the gradually but continually changing outlook of the girls.

During the war Dr. Douglas had to organize the war service activities of the girls, both compulsory and voluntary. Courses in Home Nursing and First Aid were planned and in 1941 made compulsory for first year girls. In September, 1940, a Queen's Red Cross Unit was authorized and a workroom established in the Old Arts Building. As well as knitting approximately 400 articles and making a large number of padded quilts, this unit did hospital visiting and in 1940-41 organized a university women's training detachment, under Miss Marion Ross, as a Red Cross Corps. In 1942, a compulsory course in Air Raid Precautions was given, the following year a course in health and nutrition, and in 1944 a series of talks on UNRRA, on wartime research at Queen's, on food problems in Europe and on the readjustment of returning veterans.

Apart from her work as Dean of Women and as professor of astronomy, during the war, Dr. Douglas was a member of the committee on postwar problems of women, part of the government Commission on Reconstruction under the chairmanship of Mrs. R. E. McWilliams. Later she was a member of the Canadian Youth Commission under the direction of R. E. G. Davis, now director of the Welfare Council in Ottawa. This Commission published the series of books which include *Youth and Education*; *Youth and Recreation*. Following the war Dr. Douglas was President of the Royal Astronomical Society of Canada for two years, and from 1947 to 1950 she was president of the International Federation of University Women. The latter job took her to Europe for two weeks every spring in order to arrange the summer activities of the organization, and it meant that all three summers were spent visiting groups of university women in most of the countries of Western Europe.

Sensitive to beauty and to the feelings of others, Dr. Douglas gave us a picture of Europe as she saw it in 1949, in an article written for the *Queen's Review*. At the spring meeting in Paris two weeks before Easter, Sunday was a free day and Dr. Douglas described a visit to Notre Dame,

That morning I went to Notre Dame with a Queen's scholar . . . The 9.30 mass was concluding with magnificent organ music and choral responses in which the packed congregation, largely young men, devoutly took part. The sun shone through the stained glass of chancel and apse, and upon the people in the square outside the great west portal, waiting to surge in as the earlier congregation streamed out. The sun shone upon the Seine as it flowed past the Louvre, past the Tuileries gardens with fresh spring leaves and buds and early flowers, past the Quai d'Orsay and on out of sight under the many lovely stone bridges.

She described her feelings on returning to Denmark after a short trip in Germany with her niece.

We returned into friendly, forward-looking Denmark with mixed feelings, regret at leaving a lovely countryside and some people whom we like, relief at escaping from the cities, the debris, the sight of so many crippled and maimed men (you see more of such in two days in Hamburg than in a month in London), the ill-concealed hostility and with a sense of bewilderment in the face of so many and so great problems of human suffering and of a national psychology which avoids saying, "We brought this on ourselves" but rather asserts resentfully "How are the mighty fallen".

In her report on the Tenth Conference of the I.F.U.W. at Zurich, Switzerland, from August 5 to 12, 1950, Mary McCallum of Smiths Falls, Ontario sums up,

But one last word must form the conclusion, Canadian women could not help rejoicing over the wonderful leadership which the conference enjoyed in the President. It would be impossible to mention all that Dr. Douglas added to the meetings, but we shall all remember with gratitude and pride her efficient conduct of the business, her clear and pleasing voice, her clear insight, her gracious handling of some of the difficult situations and unfailing kindness to, and interest in, everyone.

Clear insight, unfailing kindness, and interest in everyone, along with a sensitive and understanding disposition are the attributes which have endeared Dr. D. to her students and friends. "For goodness, idealism and sublime simplicity she stands alone."

Mineral Rights

Queen's University has applied to the Federal Department of Mines for mineral rights to Kingston harbour where it is believed that deposits of magnetite—an iron ore—are buried.

Application was made as a result of work done by the Department of Geology at Queen's over the past six years. It has been known that there were ore deposits beneath the floor of the harbour. Lake vessels entering the harbour were unable to use their compasses owing to a strong magnetic disturbance. Only scientific exploration can prove positively that valuable iron ore deposits do exist, however.

From the McLAUGHLIN COLLECTION

By H. PEARSON GUNDY

University Librarian

AMONG the Canadian manuscripts in the historical collection presented to Queen's by Col. R. S. McLaughlin in 1948 is a group of letters from the Rowand family of Quebec to son Jack who, in 1876, was on a C.P.R. survey in Manitoba. Jack's grandfather, John Rowand, Sr., was a pioneer of the Canadian North-west, a Hudson's Bay factor, and founder of Fort Edmonton. Unfortunately none of his letters are included in the collection. But had he been alive in 1876 he would no doubt have enjoyed the family letters now at Queen's. The letters chiefly relate a near-scandal created by the alleged "elopement" of the Earl of Dunraven with Jack's two sisters, Sophie and Minna.

The story first broke in the New York *Sun* and was quickly picked up by the Canadian Press which discreetly suppressed the names without concealing the identity of the persons involved. The *Ottawa Free Press* for January 28, 1876, under the heading "Latest Escape", printed a telegraphic flash from Quebec stating that "a dashing young nobleman eloped with the daughters of one of our most eminent medical men". The item was copied by other Ontario and Quebec papers and proved a nine days' wonder until Dr. Alexander Rowand, through his solicitor the Hon. George Irvine, threatened a law suit. The *Free Press* then printed a categorical denial of the story as a rumour "utterly devoid of truth". It turned out that the "dashing young nobleman" had been married for seven years and was merely acting as chaperon to Sophie and Minna Rowand on a visit to their uncle,

Professor Nairne of Columbia College. Letters to the papers from the Earl himself and the Professor had soon exposed the story as the purest fabrication.

Not so easily dispelled was maternal indignation. Writing to her son Jack, Mrs. Rowand castigated the scoundrel who had perpetrated "this wicked piece of malice". "Your cousin, Tom Nairne," she asserted, "says he will never rest till he finds out the fiend who did this . . . so I hope the wretch won't escape punishment". With equal asperity she wrote a full account to her brother-in-law, the Hon. James McKay in Winnipeg.

Meanwhile Minna and Sophie were thoroughly enjoying their unexpected flurry of notoriety. To brother Jack, Minna wrote an exuberant letter. She and Sophie had never had such a delightful time in their lives. "As for that disgusting rumour in the newspapers about Lord Dunraven . . . it does not injure us in the least. In fact I am not sorry it has occurred for it only served to show us that we have really more friends than we expected."

There was only one shadow of disappointment—the "dashing young nobleman" took ill two days after they reached New York and "got up almost out of his bed to go back to England".

CLARK HALL

Named in honour of Dr. A. L. Clark, former Dean of the Faculty of Applied Science, Clark Hall will be officially opened on Saturday, November 10, at 11 a.m. Clark Hall is the new home of Tech Supplies.

Installation of New Principal

Installation Ceremony to take place at Fall Convocation, Friday, October 19, at 3 p.m.

ORDER OF PROCEEDINGS

Presentation of Delegates

Presentation of Principal-elect Dr. W. A. Mackintosh by J. M. Macdonnell, chairman of the Board of Trustees, to Chancellor C. A. Dunning, for installation

Inaugural Address by Dr. W. A. Mackintosh

Presentation of the following recipients of honorary degrees:

D.D.

Rt. Rev. Norman D. Kennedy, Moderator of the Presbyterian Church

Rt. Rev. C. M. Nicholson, Moderator of the United Church

LL.D.

Hon. Sir Alexander Clutterbuck, High Commissioner for the United Kingdom

President George P. Gilmour, McMaster University

Rt. Hon. J. L. Ilsley, Chief Justice of Nova Scotia

Rt. Hon. Vincent Massey, Chancellor of the University of Toronto

Hon. Dana Porter, Minister of Education for Ontario

Norman A. Robertson, Clerk of the Privy Council and Secretary to the Cabinet, Ottawa

Monseigneur Ferdinand Vandry, Rector, Laval University

Professor Jacob Viner, Princeton University

Dr. James Wallace, Renfrew

Dean George E. Wilson, Dalhousie University

Addresses by Hon. Leslie M. Frost, Prime Minister, Provincial Treasurer, and President of the Executive Council of the Province of Ontario; Dr. George P. Gilmour, President of McMaster University and President of the National Conference of Canadian Universities; and Rt. Hon. Vincent Massey, Chancellor of the University of Toronto and author of the Massey Report

A block of seats has been reserved for out-of-town alumni. Tickets may be obtained on application to the Alumni Office or to the Installation Committee. These tickets will be honoured up to 2.30 p.m., after which time the seats will be made available to the public.

Installation Dinner, 7 p.m., Wallace Hall, for delegates, recipients of honorary degrees, and members of staff. J. M. Macdonnell, chairman of the Board of Trustees, will be chairman, and the speakers will be the Rt. Hon. Louis S. St. Laurent, Prime Minister and President of the King's Privy Council for Canada; Dr. L. W. Brockington, Dr. W. A. Mackintosh, and Dr. R. C. Wallace

Buffet Supper, 7 p.m., Ban Righ Hall, for wives of delegates, wives of members of Council, and wives of members of staff.

University Reception, Grant Hall; 9.30 p.m., for alumni, delegates, members of the Board of Trustees, and University Council, and friends of the University to meet Principal and Mrs. Mackintosh. No individual invitations are issued for this reception.

Arrangements for the installation ceremony have been made by a committee appointed by the Board of Trustees to work in conjunction with the executive of the University Council, which consists of the Principal and the Faculty Deans, Ian MacLachlan, Dr. S. M. Polson, and J. M. Farrell. Dr. W. E. McNeill, Vice-Principal Emeritus, is chairman, and Dr. J. H. Orr, co-chairman, and the committee includes J. A. Edmison, Assistant to the Principal, and H. J. Hamilton, Alumni Secretary.

REUNION

Reunion Programme

Friday, October 19

Afternoon—Registration and Visiting the University

Fall Convocation and Installation of Dr. W. A. Mackintosh as Principal

Evening—University Dinner for Dr. W. A. Mackintosh in Wallace Hall (admittance by invitation only)

University Reception in Grant Hall

Meds Formal in Gymnasium

Saturday, October 20

Morning—Registration and Visiting the University

Fall Meeting, Board of Directors, General Alumni Association

Annual Meeting, General Alumni Association

Annual Meeting, Alumnae Association

Luncheon, Cafeteria-style, in the Students' Union

Afternoon—Queen's-Varsity Football Game

Evening—Reunion Dinner, Students' Union

Class Dinners

Fall Meeting, Board of Trustees

Reunion Dance, Grant Hall

Football Dance, Gymnasium

Sunday, October 21

Afternoon—Religious Service in Grant Hall, with Rt. Rev. Norman D. Kennedy, Moderator of the Presbyterian Church

NOTICE TO ALL ALUMNI

The proceedings of Fall Convocation, the Installation Ceremony, and the University Dinner will be broadcast over the Kingston radio station CKWS.

There will be a one-hour rebroadcast by the C.B.C. over a coast-to-coast hook-up on Sunday, October 21, at 4 p.m.

Athletics

Two wins in three starts were recorded by the senior football team in the pre-season exhibition schedule this fall.

Queen's knocked over Ontario Agricultural College 16-5 and McMaster University 7-3, and then lost a thrilling 25-24 decision to Toronto Balmy Beach.

It was the account of themselves in the game they lost that gave their supporters the most encouragement. Not too impressive against O.A.C. and somewhat lucky to get by McMaster, the Gaels showed their best against the more experienced Beachers from Toronto. In this game they scored four touchdowns and earned every inch of ground they gained in doing so.

For a team that had only nine players with previous senior experience and was generally regarded as the leading candidate for the cellar position in the Intercollegiate competition, that isn't a bad showing. The Tricolour has an alert and agile backfield, a talented pair of outside wings in Harry Lampman and Dick Harrison, two good quarterback prospects in Wally Mellor and Norm Dyson. But the biggest asset of all is a generous portion of the old "college try." The 1951 Queen's team has more hustle and spirit and enthusiasm than any since the war, and it is a well-conditioned unit, too. In the game with the Beaches it was surprising to see the number of visitors carried off the field while the lighter Queen's men escaped without injury.

Where the Tricolour is weak is along the line. This is not a surprising development when it is realized that only three of last year's squad are back—John Varcoe, Dennis Fleming, and Walt Waddell—and none of these was a regular. Head Coach Frank Tindall has had to convert backfielders into linemen and otherwise improvise. In his herculean task he has been given sterling

CAPTAIN HARRY LAMPMAN

support by Hal McCarney, outstanding line player on Queen's teams 1947-50, who has succeeded Andy Mullan as assistant coach.

In the game with Balmy Beach, the Queen's team raised the hopes of their supporters with their courageous and game display against heavier and more experienced opponents. For an exhibition game it was a thriller, with Queen's supplying some of the more dramatic moments.

The Tricolour touchdowns were scored by Mellor, McKelvey, and Lampman. The latter had himself his best day in a Queen's uniform, racking up two major scores and combining with Ross McKelvey for the most spectacular play of the game. With only minutes remaining in the game and the ball on Queen's 36, Dyson flipped a 30-yard forward to Lampman, who ran through, around, and over a horde of enemy tacklers, and then, as he was brought down by the last defender, tossed the ball to McKelvey, who ran another forty-five yards for a touchdown.

The Beaches scored four touchdowns themselves, their use of the forward pass being particularly effective. Two of their majors were registered when the re-

ceiver caught the ball behind the goal-line with no one within yards of him. All eight touchdowns in the game were successfully converted, the Beaches' margin of victory coming from a rouge in the fourth quarter.

In the season's opener against O.A.C., Queen's fully deserved their 16-5 victory, but they did not look overly impressive against this intermediate team. Early in the game the Aggies blocked a kick and fell on the ball for a touchdown. The Tricolour went ahead on a touchdown by Lampman and a convert by Mellor in the second quarter, and were never headed thereafter. Ross McKelvey's third-quarter touchdown moved the Gaels farther out in front.

Against McMaster, Queen's scored a touchdown in the first quarter with quarterback Don Griffin carrying the ball, and dominated the play throughout the first half. In the third quarter, however, Griffin sustained a broken wrist and was lost for the rest of the season, and with his departure the team bogged down. McMaster, desperately trying to prove their claim for senior Intercollegiate status, outplayed the Gaels, but failure to hang on to the ball cost them many scoring opportunities. As it was, all McMaster's points were scored on singles registered by Brian Timmis, who starred for the Queen's intermediates last year.

Sport Shorts

Under the direction of Jim Saylor, wrestling coach, a wrestling clinic will be held at Queen's on the morning of October 13 for high school students and service personnel within a fifty-mile radius of Kingston . . . The Queen's intermediates, known as the Comets, defeated R.C.E.M.E. soldiers 66-0 in an exhibition game at the Richardson Stadium on September 28 . . . Basketball practices start October 22. Available from last year's team are Harry Lampman, Jim Kelleher, Don Griffin, Rupert Gagnon, Don Connor, and John Elford.

THE BOOKSHELF

Influence of Sea Power

EMPIRE OF THE NORTH ATLANTIC. By Gerald S. Graham, Arts '24. Published by the University of Toronto Press—Saunders, Toronto, Ont.

Through sea power Britain built an empire. The turn of the twentieth century marked the decline of her unquestioned maritime supremacy, and an epoch came to an end.

The author points out, however, that as long as oceans remain common highways of communication between states, national strategy in time of war must still be directed towards closing those highways to enemy powers, and such control will still hinge upon the command of the sea. "So far as one can look ahead, command of the sea in time of war will remain for any great states an indispensable adjunct of security and offensive strength," says the author.

Formerly a member of the History Department at Queen's, Dr. Graham is now Rhodes Professor of History at the University of London, England.

Branch News

Highlights of Massey Report Given by Dr. H. M. Estall

Highlights of the Massey Report were made the subject of a most interesting address given by Dr. H. M. Estall of the Queen's staff at the meeting of the Belleville and District Branch on September 14.

The meeting was held at Lakeshore Hotel at the Sand Banks, near Bloomfield. Upwards of ninety were in attendance, to make this one of the most successful affairs ever held by this branch.

Dr. Estall told his audience that Canadians had every reason to feel proud that the government was far-sighted enough to appoint a Commission and that the latter did their job so thoroughly as to denote a generous future for Canadian culture. In his remarks the speaker paid special attention to the sections of the report dealing with education.

Dr. Estall was introduced by A. S. Robb, Sc. '36. He was thanked on behalf of the gathering by W. L. McDougall, Com. '28.

The toast to Queen's was proposed by Dr. J. H. Walmsley, Arts '12, Med. '14, who said that the University had the best wishes of her alumni everywhere, and asked that these sentiments be conveyed to Dr. R. C. Wallace and Principal Mackintosh by H. J. Hamilton, Arts '32, alumni secretary.

Dr. William Angus, Director of Drama at Queen's, spoke briefly, outlining the organization of the Drama Guild at the University. He promised to bring one or two productions of the Guild to the Belleville area during the coming year if suitable arrangements could be made.

An excellent sing-song was conducted by Sidney Owens, Arts '42. He was accompanied at the piano by Miss Elspeth Margaret Graham, Arts '49.

The business part of the meeting was conducted by G. D. Dies, Sc. '43, president of the Belleville branch, who also served as chairman of the dinner. The secretary's report was given by R. O. Benson, Com. '48, and the endowment report by W. L. McDougall, Com. '28. A nominating committee was selected consisting of A. S. Robb, Sc. '36, Dr. K. E. McQueen, Arts '27, Med. '30, and Dr. J. W. D. Cornett, Med. '46.

Regret was expressed that the secretary, R. O. Benson, Com. '48, was leaving the Belleville area to accept employment in Montreal. Walter Benger, Sc. '47, was appointed to fill out his term of office.

The committee in charge of this highly successful affair was headed by Dr. K. E. McQueen, Arts '27, Med. '30, Bloomfield.

Quebec Country Cousins Defeat City Slickers

The Quebec City and District branch developed a dual personality for the annual golf match this year, with the membership being split into two groups, the Country Cousins and the City Slickers.

The Country Cousins, composed of the members from Donnacona and Portneuf, put it all over the Slickers, to the tune of 506 to 512. This result, however, was owing to "some crazy manner of handicapping," reports a member from Quebec City.

The actual playing was done by four foursomes, and the scene of the competition was the Donnacona Golf Club. After the golf match the players and their wives adjourned to L'Auberge de L'Etang, two miles west of Donnacona, where a buffet supper was served. The proceedings included presentation of a number of prizes for such accomplishments as "the man with the most portly frame," etc.

Dr. Dennis Jordan, Arts '08, Med. '10, is shown with the portrait of his father, Rev. Dr. W. G. Jordan, D.D. '99, one of the great men of Queen's. A noted preacher, scholar, teacher, and author, Dr. Jordan, Sr., served on the staff at Queen's for many years. The portrait by Sir Wyly Grier hangs in Convocation Hall.

The major feature was the presentation to Mrs. C. G. O'Neill, wife of the branch president, C. G. O'Neill, Com. '33, of a large home-made cuspidor skillfully adorned with the Queen's colours. The presentation was made by G. E. Shipman, Sc. '24, captain of the Donnacona team. W. D. MacKinnon, Sc. '25, gave each of the ladies a set of six coasters made of Donnacona board.

The success of the affair was made possible in large measure due to the efforts of G. E. Shipman, Sc. '24, who secured the use of the golf course at no charge to the players.

Sudbury Dance Attracts More Than 100 Couples

The Sudbury branch held their first annual dance at the Idylwilde Golf and Country Club on September 7. Over 100 couples were in attendance.

The ball room was decorated in the school colours and each person present

was given a favour. During the course of the evening J. G. Ruthertford, Sc. '37, led a sing-song and school yells. Convener of the dance was Harvey Jarrett, Sc. '40, assisted by Don Munn, Sc. '50, Ted Foster, Sc. '48, and Allan Eldridge, Sc. '40.

Dr. F. M. Young Heads Hamilton Alumni Branch

Recently elected to office, the Hamilton executive for the ensuing year is composed as follows: past president, F. J. Veale, Sc. '23; president, Dr. F. M. Young, Med. '41; secretary, J. M. McDonell, Sc. '39; treasurer, E. A. Nelson, Arts '22; first vice-president, H. F. McKerracher, Arts '46; second vice-president, Dr. M. A. Weaver, Arts '39, Med. '42; Arts representative, Al Davenport; Engineering representative, J. D. Logan, Sc. '48; Medical representative, Dr. W. R. Love, Med. '45.

Anglers Show No Pity On Annual Fishing Party

Hay Bay was subjected to a gruelling attack by forty-five fishermen on September 8, on the occasion of the annual fishing party of the Kingston branch.

Starting in the early afternoon and continuing into the evening, the anglers thoroughly combed the east end of the bay, and if the majority of the fish had not taken the precaution to move out of the area a day or so before there might not have been a single survivor. As it was, there was only a token representation of the fish on hand, and these were quickly and ruthlessly taken captive.

The total catch when assembled included pike, pickerel, bass, sheepshead, mud cats, panfish of all descriptions, and even a few clams.

President George Walker, Com. '40, acted as arbiter in the various prize contests. Winners included Bill De Saussure, Jack O'Dette, Art Hyde, Gar Garwood, Herb Hamilton, Ken Smith, Doug Bews, Frank Miller, Bill Colborne, Bill Holdcroft. Kingston merchants who contributed prizes were Drury's Supplies, MacLachlan Lumber Company, Steacy's, James Richardson and Sons, Clarkson Electrical, Chown Limited, Patterson Motors, Capitol Theatre, Jackson Press, and Abramsky's.

The proceedings concluded with a buffet dinner served at Grove's Tourist Home. Convener in charge of the excellent arrangements was Matt Waite, Sc. '31.

QUEEN'S BENEFACTOR AIDS CANADIAN MEDICAL ALUMNI

A new foundation in the field of medicine endowed by more than \$1,000,000 has been established by R. S. McLaughlin, LL.D. '46, of Oshawa, Ontario.

The plan is designed to advance the health and welfare of the Canadian people, and will enable outstanding graduates of Canadian medical schools who intend to devote their lives, wholly or in part, to teaching, to benefit from the major centres of medical learning or research all over the world. Fellowships from the fund will be made available to selected graduates each year.

Widely known for his philanthropic acts, Mr. McLaughlin has been particularly generous to Queen's, where his gifts have amounted to upwards of \$1,000,000.

Principal's Report

Copies of the "Principal's Report" may be obtained on application to the Principal's Secretary, Queen's University.

PROF. W. E. HARRISON HEADS HISTORY DEPARTMENT

Appointment of Prof. W. E. Harrison as head of the Department of History has been announced. He succeeds Dr. R. G. Trotter, who died on April 7. Professor Harrison had been acting head of the Department for the past two years, owing to Dr. Trotter's illness.

Dr. A. R. M. Lower has been appointed to succeed Dr. Trotter as the James Douglas Professor of Canadian and colonial history.

Queen's Has Shared Him

A sad commentary on modern society is the too frequent isolation of brilliant academic minds from participation in public affairs. A notable exception is Dr. W. A. Mackintosh of Queen's, whose appointment as principal-elect of Queen's University at Kingston in succession to retiring Dr. R. C. Wallace has been roundly cheered by Canada's academic community.

William Archibald Mackintosh, C.M.G., M.A., Ph.D., has given his full talent to both public and academic affairs. A quiet, almost shy man, Dr. Mackintosh is totally undemonstrative. Yet he is recognized throughout the world as one of our ablest economists and one of Canada's best administrators.

—*Financial Post.*

Alumni News

BIRTHS

Alexander—On September 30, at the General Hospital, Brockville, Ont., to Ian M. Alexander, Com. '43, and Mrs. Alexander, a daughter.

Armstrong—On August 10, at the Ottawa Civic Hospital, to D. C. Armstrong, Arts '50, P. and H.E. '50, and Mrs. Armstrong (Katherine Kennedy), Arts '50, a daughter.

Barber—On August 12, at the Private Patients' Pavilion, Toronto General Hospital, to Mr. A. S. Barber and Mrs. Barber (Marjorie Grant), Arts '36, a daughter.

Bradley—On May 29, at Radford Community Hospital, Radford, Virginia, to R. A. Bradley, Arts '44, and Mrs. Bradley (Marion Edith MacRae), Arts '46, a son (Ralph Allan, Jr.). Dr. and Mrs. Bradley are now living at 904 Preston Ave., Blacksburg, Va.

Bresee—On August 21, at the Kingston General Hospital, to Cardwell Bresee, Sc. '50, and Mrs. Bresee, a son (Dwayne Lee).

Burnett—On September 30, at Greater Niagara General Hospital, Niagara Falls, Ont., to Mr. Robert Burnett and Mrs. Burnett (June Godkin), N.Sc. '49, a son.

Buss—On September 15, to C. R. Buss, Sc. '27, and Mrs. Buss, of Thorold, Ont., a son (Eric Paul).

Carson—At the Ottawa Civic Hospital, on September 10, to R. B. Carson, Sc. '39, and Mrs. Carson, a son (Barry Kenneth).

Caughey—On August 12, at the Ottawa Civic Hospital, to Dr. Gordon Caughey, Med. '37, and Mrs. Caughey, a daughter (Margaret Edith).

Clark—At Wellesley Hospital, Toronto, on June 26, to Kenneth S. Clark, Com. '50, and Mrs. Clark, a son.

Cloke—On June 18, at Mount Hamilton Hospital, Hamilton, Ont., to Mr. J. T. Cloke and Mrs. Cloke (Frances Hayward), Arts '41, a daughter (Margaret Gwen).

Coburn—On August 31, at the Western Division of the Montreal General Hospital, to W. N. Coburn, Com. '47, and Mrs. Coburn, a daughter.

Cockburn—On September 14, at the Ottawa Civic Hospital, to Dr. D. W. Cockburn, Med. '44, and Mrs. Cockburn, a son.

Crawford—On September 10, at the Toronto General Hospital, to Dr. J. S. Crawford, Med. '39, and Mrs. Crawford, twin sons.

Dalman—On July 3, at the Royal Victoria Hospital, Barrie, Ont., to Mrs. A. B. Dalman (Evelyn Wellwood), N.Sc. '48, former Nursing Sister of Camp Borden and Rockcliffe, and

the late FO. Albert Bruce Dalman, Sc. '49, a son (Albert Bruce).

Dennis—On May 19, in London, England, to Mr. W. C. Dennis and Mrs. Dennis (Frances Macdonell), Arts '45, a son (William Clinton II).

Devitt—On September 5, in the Private Patients' Pavilion, Toronto General Hospital, to Mr. W. D. Devitt and Mrs. Devitt (Peggy Thompson), Arts '43, a daughter (Patricia Margaret).

Ensor—On February 15, at St. Joseph's Hospital, Stamford, Conn., to Mr. Andrew F. Ensor and Mrs. Ensor (Joan Rayner), Arts '45, a son (David Burnham). Mr. and Mrs. Ensor are living at Knollwood Road, South Norwalk, Conn.

Follows—On September 10, at Syracuse, N.Y. Memorial Hospital, to Alan G. Follows, Sc. '44, and Mrs. Follows, a daughter (Christine Lynn).

Castle—On March 6, to Dr. H. E. Castle, Mcd. '45, and Mrs. Castle (Jean Munro), Arts '42, of Lakefield, Ont., a daughter (Susan Saraly).

Goldhamer—On June 15, to Mark Goldhamer, Arts '49, and Mrs. Goldhamer, a son (Brahm Harvey).

Goss—On September 20, at the Ottawa General Hospital, to Squadron Leader D. W. Goss, Sc. '49, and Mrs. Goss, a son (John Denys).

Gregoris—On August 27, at St. Joseph's Hospital, Toronto, to F. P. Gregoris, Arts '43, and Mrs. Gregoris, a son (Larry Robert).

Guest—On April 15, at the General Hospital, Sudbury, Ont., to Mr. Lloyd Guest and Mrs. Guest (Margaret Anderson), Arts '45, a daughter (Heather-Ann Margaret).

Hopkins—At the Saguenay General Hospital, Arvida, Que., on August 13, to Charles Hopkins, Sc. '49, and Mrs. Hopkins, a son (Stephen Willis).

Loynes—On May 21, at the Kingston General Hospital, to Dr. J. S. Loynes, Med. '45, and Mrs. Loynes, a daughter (Margaret Elaine).

McMichael—On September 14, at the Red Cross Hospital, New Liskeard, Ont., to R. G. McMichael, Arts '48, and Mrs. McMichael, a daughter.

McQuaig—On September 5, at Wellesley Hospital, Toronto, to J. H. McQuaig, Com. '36, and Mrs. McQuaig, a daughter.

Mackey—On September 14, at the Ottawa Civic Hospital, to Gordon D. Mackey, Arts '48, and Mrs. Mackey, a son.

Melville—At the Smith Clinic, Hawkesbury, Ont., on September 8, to J. K. Melville, Sc. '48, and Mrs. Melville, a son.

Merriman—At the Ottawa Civic Hospital, on August 21, to Dr. J. E. Merriman, Med. '47, and Mrs. Merriman (Hope Sully), Nursing '48, a son (Jeffrey Edward).

Merrill—On August 23, at the Ottawa Civic Hospital, to Dr. R. J. Merrill, Sc. '44, and Mrs. Merrill, of Thetford Mines, Que., a daughter.

Muir—At Grace Hospital, Windsor, Ont., on May 6, to W. W. Muir, Arts '38, and Mrs. Muir (Isabel Hope), Arts '37, a son (Andrew Carmichael).

Newman—On June 13, at the Kingston General Hospital, to F. S. Newman, Sc. '42, and Mrs. Newman, a son.

Price—On July 21, at Belleville General Hospital, to S. R. Price, Sc. '48, and Mrs. Price, a son (Donald Gordon).

Saunders—On May 24, at the Kingston General Hospital, to Allan J. Saunders, Com. '42, and Mrs. Saunders, a daughter.

Searle—In August, to Stewart A. Searle, Com. '47, and Mrs. Searle, of Winnipeg, a son (Stewart Augustus Searle III).

Sivers—On August 17, to Mr. J. W. Sivers, and Mrs. Sivers (Elaine Loa), Arts '45, of Montreal, a daughter.

Spence—On August 30, to Neville S. Spence, Sc. '36, and Mrs. Spence, of Toronto, a daughter.

Tetu—On June 20, at Samaritano Hospital, Sao Paulo, Brazil, to Hector Tetu, Sc. '42, and Mrs. Tetu, a son (Brian Philip).

Trotter—On August 24, at the Kingston General Hospital, to W. A. Trotter, Sc. '48½, and Mrs. Trotter, a son (Gordon).

Tyrrell—On July 24, at the Royal Victoria Hospital, Montreal, to Bruce W. Tyrrell, Sc. '43, and Mrs. Tyrrell (Carol Macnamara), Arts '46, a son (Roger Bruce).

Wolfe—On September 10, at Royal Jubilee Hospital, Victoria, B.C., to Dr. Pierre M. Wolfe, Med. '46, and Mrs. Wolfe, a son (Patrick Shane).

Baillie-Buck—On September 1, in the Anglican Church, St. Thomas, Ont., Sylvia Buck, Arts '51, to Ronald Archibald Baillie, Sc. '51. They are living in Montreal.

Barnes—On August 17, in Westboro United Church, Westboro, Ont., Mrs. S. Edith Watson, to Walter Earle Barnes, Arts '37.

Blair—On September 1, in All Saints Church, Winnipeg, Miriam Phipps Baker to Ronald Edward Blair, Arts '45 and '48, of Chicago.

Bradford—In the United Church, Lachute, Que., on August 18, Isabella Glenys Bradford, Arts '49, to Andrew Grant Wilson. They are living in Ottawa.

Cahn—In December, 1950, in Boston, Mass., Barbara Sack (Ph.D. Purdue), of Brooklyn, N.Y., to Arno Cahn, Sc. '46.

Charlesworth—On August 25, in Holy Trinity Anglican Church, Ottawa, Barbara Hyland to Donald Hector Charlesworth, Sc. '50. They are living in Madison, Wisc., where Mr. Charlesworth is continuing his studies towards his Ph.D.

Coo—In Blessed Sacrament Church, Toronto, in September, Joan Marie Hutchison to Robert Dudley Coo, Arts '49. They are living in Scarborough, Ont.

Coon—On September 1, at the home of the bride's parents, Elgin, Ont., Shirley Gwendolyn Coon, Arts '49, to Mr. Gordon Forster Murdock.

Cooper—In the Jewish Community Centre, Ottawa, on August 14, Helen Achbar to Jack Ross Cooper, Arts '48. They are living in Silver Springs, Maryland.

Crowson—On June 16, in Morgan Memorial Chapel, Queen's University, Isobel Jacob to Dr. Charles N. Crowson, Arts '41 (Ph.D. McGill 1949). They are living in Kingston.

Davidson—On August 18, in Fairmount-St. Giles United Church, Montreal, Joan Isabella Catherine Peachey to Duncan Brock Davidson, Arts '47.

Dean—On September 8, in Davenport Road Presbyterian Church, Toronto, Eleanor Wilma Todd to Keith Cleaver Weston Dean, Sc. '48, son of Dr. K. C. W. Dean, Med. '13, and Mrs. Dean, of Caledonia, Ont.

Donnelly—On September 3, in St. John the Apostle Church, Kingston, Mary Geraldine Arniel to John Francis Donnelly, Arts '50.

Fleming—On June 16, in the Church of St. Andrew and St. Paul, Montreal, Elizabeth Reid Mahood to Henry Arnot Theodore Fleming, Arts '47, son of A. A. Fleming, Sc. '08, and Mrs. Fleming, Quebec City.

Freeman-Allen—In Bridge Street United Church, Belleville, Ont., on June 16, Agnes Elinor Allen, P.H.E. '51, to Roger MacClement Freeman, Arts '51, son of Dr. Norman Freeman, Arts '15, Med. '22, and Mrs. Freeman (Gertrude Deadman), Arts '22, Battersea, Ont.

MARRIAGES

R. A. BAILLIE

MRS. BAILLIE

Gardner—In Runnymede United Church, Toronto, in September, Frances Patricia Pengelly to Frederick Richard Gardner, Sc. '47.

Gemmell—In St. Theresa's Church, Ottawa, in September, Norma Elizabeth Wickward to Lieut. Arthur Wilfrid Gemmell, Arts '50. They will live in Wainwright, Alta.

Harper-Potts—On August 25, in St. Mark's Church, Barriefield, Kingston, Mary Stewart Potts, Public Health, '49, to Leonard Henry Harper, Arts '50, Sc. '51, son of Dr. B. H. Harper, Med. '22, and Mrs. Harper, Moose Factory, Ont.

Horne-Dunwoody—In St. Jude's Anglican Church, Oakville, Ont., in September, Shelagh Ann Dunwoody, Arts '51, to Sidney John Souter Horne, Med. '53.

Jarvis—In Trinity Memorial Church, Montreal, in September, Anne Palamarek, of Edmonton, Alta., to Arthur Boyd Jarvis, St. '48.

Kelly—On May 19, in Smiths Falls, Ont., Aurea Anne Kelly, Arts '48, to Mr. Allan C. Rae (B.Eng. '48, McGill). They are living at 5624 Gatineau Ave., Apt. 2, Montreal, Que.

Welch—In St. Peter's Church, Toronto, on September 8, Elaine Patricia Holloway to David Williams Welch, Arts '49.

*The
Canadian Scene*

I MARRIED AN ARTIST

By Billy Button. This is a highly entertaining account of married life. Through lack of money and a suitable place to live, the young couple go from one amusing (and sometimes embarrassing) situation to another. The author is a daughter of the distinguished publisher, Mr. Henry Button. The illustrations are particularly attractive. There are twenty of them, very simple brush drawings in bold black and whites, by the artist she married. \$3.75.

NORTH POLE BOARDING HOUSE

As told by Elsie Gillis to Eugenie Myles. The story of a young wife who accompanied her meteorologist husband to Arctic Bay, a far north weather station. There is the voyage up on the famous *Nascopie*, with its interesting passenger list: Hudson's Bay personnel, Mounties, missionaries, doctors, dentists, eye specialists to look after the health of the Eskimos. The main part of the book is taken up with an account of life at Arctic Bay. Altogether a fascinating book. \$3.95.

'ROUND NEW BRUNSWICK ROADS

By Lilian Maxwell. Just off the press. A book on beautiful New Brunswick, written by one who knows the Province intimately. You are taken on a fascinating tour, visiting places of historic interest, including those connected with *New Brunswick's* famous sons: Rt. Hon. Andrew Bonar Law, Sir Charles G. D. Roberts, Lord Beaverbrook, Bliss Carman, W. F. Ganong, J. C. Webster, Theodore Goodridge Roberts, Francis Sherman and others. The book is illustrated with particularly beautiful photographs. \$3.50.

**THE RYERSON PRESS
TORONTO**

Wilson—On September 15, in St. John's Anglican Church, Ottawa, Marilyn Ann Shore of F/O Robert Harold Wilson, Arts '48, Com. '49. They will live at 400 Second Ave., Ottawa.

NOTES

1880-1900

Dr. Arthur R. Elliott, Med. '89, LL.D. '26, retired from active practice a few years ago and is now living in South Haven, Mich., where his address is Box 392, R.F.D. 3.

Dr. J. N. Patterson, Med. '90, is still in active practice in Burlington, Iowa, at the age of eighty-six. He is starting his sixty-first year in medical profession.

T. T. Bower, of the class of Med. '93 (Extramural 95-96) retired postmaster of Winnipeg, was a recent visitor in Kingston which he left in 1896. Mr. Bower spent ten years in Toronto before going to Winnipeg in 1906 where he was postmaster from 1921 to 1933. On the occasion of his retirement he was made a M.B.E. He spends part of the year in Winnipeg and part in St. Petersburg, Florida.

1910-1919

Dr. Alan M. Bateman, Sc. '10 (Ph.D. Yale), is the author of a new book, "The Formation of Mineral Deposits," published in August by John Wiley and Sons. Dr. Bateman, professor of Economic Geology at Yale University, is the author of "Economic Mineral Deposits," published by Wiley last year. He is also editor of the magazine "Economic Geology." His new book is a non-technical treatment of the origin of all mineral deposits.

Miss Flora Hamblin

On the eve of her retirement after thirty years as teacher and principal of the Avonmore, Ontario, High School, Miss Flora Hamblin, Arts '11, was honoured recently at a reception attended by more than 300 of her students, past and present, and well-wishers. Miss Hamblin's teaching career is noteworthy in that all of her teaching years were spent in the Avonmore School where for fifteen years she was principal of the school. At the reception Miss Hamblin was presented with a beautiful mahogany console radio-phonograph, a large selection of records, and an illuminated address.

Mrs. Roy Galway (Margaret Elmer), Arts '14, of Crockett, Calif., and Mrs. W. L. Ballentine (Grace Elmer), Arts '18, Toronto, and their brother, Major H. E. Elmer of the U.S. Army Medical Services, were bereaved by the death of their mother, Mrs. Horace E. Elmer, formerly of Kingston. She died on May 26 at Vellejo, Calif. Mrs. Ballentine was also bereaved on June 1 by the death of her husband.

Rev. Dr. F. S. Milliken, Theol. '17 (D.D. '46), minister of Stewarton United Church, Ottawa, was re-elected president of the Ottawa United Church Ministerial Association in June.

C. H. Nelson, Sc. '13, of the Ontario Department of Highways, who has been chief engineer of construction since 1949, was recently appointed chief engineer. Mr. Nelson joined the Department in February 1919, two months after returning from overseas service. He was nearing graduation at Queen's when he enlisted in August, 1914.

Mabel Roberts, Arts '17, and Dr. Lawrence P. Roberts, Med. '31, were bereaved by the death of their mother, Mrs. Patrick S. Roberts in Brockville, Ont., on August 5. Dr. L. Roberts Clow, Med. '46, is a grandson.

Dr. Charlotte Whitton, Arts '17, LL.D. '41, is the new Mayor of the City of Ottawa. She was chosen unanimously by the City Council to fill out the unexpired term of the late Grenville Goodwin. Dr. Whitton is the only woman mayor now in office in Canada.

THOROLD, ONTARIO

J. Buss, Sc. '19

C. R. Buss, Sc. '27

1920-1929

W. B. Airth, Sc. '26, has moved from Toronto to Calgary where he is with Ajax Petroleum Limited. His residence address is 1415 Prospect Ave.

B. C. Butler, Arts '27, Com. '28, for some years in charge of public relations for the Department of Trade and Commerce, was recently appointed Canadian Consul at Detroit, Mich.

J. A. Cameron, Arts '21, has retired from teaching and is now living in Bayfield, Ont.

Dr. D. R. Campbell, Med. '24, is superintendent of a hospital of the Department of Indian Affairs at Nanaimo, B.C.

Leslie Cleminson, Sc. '25, is general manager of Alaska Pine and Cellulose Limited, Vancouver, B.C.

Rev. D. K. Faris, Arts '21, Theol. '24, has been assigned to an important post in Korea under the United Nations. He has been appointed director of the technical assistance division of the United Nations Korean Reconstruction Agency. He left Vancouver for Korea on July 30. Mr. Faris became a missionary of the United Church in China in 1925 where he specialized in giving technical assistance to the rural communities in agriculture and health programmes. During the War he served as chaplain in the R.C.A.F. and later with UNRRA as liaison officer on the Yellow River project.

J. M. F. Geddes, Sc. '28, is now associated with C. J. Jeffreys, Consulting Engineer, 1115 Sherbrooke St. W., Montreal.

Abner Hulse, Arts '29, has been elected president of the Ontario Command of the Canadian Legion for the next two years. Mr. Hulse, who practises law in Aurora, Ont., served in the last war with the Canadian Armoured Corps.

J. L. McLennan, Arts '29, Toronto lawyer, has been appointed to the Ontario Supreme Court bench. He is following in the footsteps of his great-uncle, the late Hon. Mr. Justice James McLennan, Arts 1849, LL.D. '85, who, before his appointment to the Supreme Court of Canada, was a member of the Ontario Court of Appeal.

Rev. Donald MacInnes, Arts '22, Theol. '24, Moderator of the Synod of Hamilton and London, was recently installed as minister of Mount Zion Presbyterian Church in Ridgetown, Ont.

D. K. MacTavish, K.C., Arts '20, Ottawa, has been named chairman of the Federal District Commission to succeed Mr. Frederic E. Bronson who has retired on account of ill health.

Mace Mair, Arts '24, was recently appointed general manager of the Poster Advertising Association, 80 Richmond St. W., Toronto.

Dr. Austin J. O'Leary, Sc. '28 (Ph.D. Columbia), and Mrs. O'Leary returned to New York City at the end of September from an eight-month motor tour of Europe and North Africa. They report a most enjoyable trip, mentioning especially the extreme friendliness of the people they met everywhere in more than a dozen countries.

Edith Traves, Arts '29, has returned to her teaching work in Thorold, Ont., which she left in 1939 in order to attend the University of Grenoble, France. She spent the years 1939 to 1941 doing postgraduate work there and returned to Canada to join the Air Force. In 1948-1949 she completed her work at Grenoble and received the degree of Docteur ès Lettres.

Rt. Rev. W. L. Wright, Arts '26, has been Anglican Bishop of Algoma since 1944. He was ordained into the priesthood in 1927 and served in Toronto, Tweed and Hamilton before going to Sault Ste. Marie.

Roy E. Wagar, Arts '22, was unanimously re-elected to represent the Montreal City Council on the Protestant School Board of Greater Montreal for five years from July 1 last. Subsequently he was named chairman of the Building and Planning Committee of the Board.

1930-1939

Dr. Desmond Burke, Med. '32, Toronto, finished his twenty-ninth shoot at Connaught Ranges, Ottawa, in August. Dr. Burke, who as a member of the Canadian Bisley Team, brought the King's Prize to Canada in 1924 and won the King's medal eight times, this year won the Macdonald Shield in Ottawa and was in the running for the Governor General's Prize.

S. V. Burr, Arts '39, is chief geologist and engineer at Little Long Lac Gold Mines, Geraldton, Ont.

W. A. Clarke, Sc. '30, has been appointed assistant chief engineer in the Ontario Department of Highways. He joined the Department shortly after graduation.

Group Captain Paul Davoud, Sc. '34, was one of two distinguished R.C.A.F. fliers honoured recently at the Ottawa home of the Netherlands Ambassador to Canada when he received the Commander's Cross, Order of Orange Nassau.

D. R. Fidler, Com. '36, has been transferred to Edmonton, Alta., as secretary of the Manufacturers Life Insurance Mortgage Office.

D. A. H. Gillies, Arts '37, has been appointed principal of Mutchmor Public School in Ottawa.

Mrs. A. D. MacDonald (Jean Taylor), Arts '33, was bereaved by the death of her father Mr. C. E. Taylor, at Kingston, on August 30.

Dr. R. H. Ohlke, Med. '39, is on the full-time staff of Anaesthetists of the Royal Victoria Hospital, Montreal.

D. E. McTaggart, Sc. '34, is chemist for Reichhold Chemicals, Inc., New York. He lives at 105 Bedford Ave., Brooklyn.

Lt.-Col. G. H. Spencer, Sc. '39, has been promoted to the rank of acting colonel. He remains as director of weapons development, Army Headquarters.

1940-1951

C. H. Asquith, Sc. '49, is superintendent of the Lakefield, Ont., mill of American Nepheline Limited.

Elizabeth Augustine, Arts '47, is now employed at the First National Bank in St. Petersburg, Florida. She is living at 4545 — 13th Ave. North.

William Burgess, Arts '47, was ordained to the ministry of the United Church of Canada at Montreal on June 6.

J. M. Carter, Com. '51, is one of a group of university graduates from across Canada chosen to take a year's training course at Ford Motor Company of Canada, Windsor, Ont.

L. C. Clark, Arts '49, has won the R. V. LeSueur fellowship at the University of Toronto. Cameron Cumming, Sc. '47, will also

be doing postgraduate work at the University of Toronto next year on a Nadine Phillips fellowship.

Rev. A. T. Denholm, Arts '48, Theol. '49, was inducted as minister of the United Church, Haileybury, Ont., on September 11.

W. L. Hayhurst, Sc. '46, recently graduated from Osgoode Hall. As gold medallist of the class he received the Chancellor Van Koughnet scholarship. He is shown above (left) with J. B. S. Southey, Arts '48, winner of the Silver Medal and the Christopher Robinson Memorial Scholarship.

Player's Please

MORE CANADIANS EVERY DAY!

Plain and Cork Tip

Mona Eagley, Arts '50, Stanley Katz, Arts '48, and Vincent C. Massey, Arts '49, have joined the staff of Fisher Park High School in Ottawa.

Stewart Fyfe, Arts '49, is assistant to the City Clerk of Kingston.

Dr. J. I. Jeffrey, Med. '47, is continuing his postgraduate studies in orthopedic surgery. He is at present taking a course at Columbia University and from there will go to the fracture service at Presbyterian Hospital which is now combined with the New York Orthopedic Hospital. He has already passed Part I of the American Board of Orthopedic Surgery.

Muriel Jones, Arts '50, has joined the staff of the High School of Commerce, Ottawa.

Dr. J. E. Merriman, Med. '48, is spending a year in Boston, Mass., as a Research Fellow in Medicine at Harvard Medical School and is working at the Peter Bent Brigham and the Boston Lying-in hospitals.

Dr. J. A. Milliken, Med. '47, and his wife, formerly Peggy McCuaig, Arts '48, with their three children are living in Mineola, N.Y., while Dr. Milliken is doing postgraduate work in internal medicine as a resident at Bellevue Hospital, 4th Division. Dr. Milliken left his general practice in Renfrew on July 1.

Dr. Merlin Rae, Med. '43, who recently completed six years of postgraduate study in neurology and psychiatry, has begun private practice in Toronto.

Dr. W. A. Roy, Med. '49, is at the Civic Hospital, Ottawa, as senior interne in surgery. He was formerly in general practice at Fort William, Ont.

Dr. Cameron C. Stewart, Arts '43, Med. '51, and his wife, formerly Doris Anglin, Arts '43, are now living at 59 Forsyth Ave. S. in Hamilton. Dr. Stewart is interning at the Hamilton General Hospital.

M. Phyllis Valloton, Arts '48, is on the staff of the High School for Girls, Montreal, since her graduation, where she teaches French and Biology. In 1949 she received her First-Class French Specialist's Diploma (Prov. of Que.).

In 1950 she attended the Banff School of Fine Arts, including a trip to the West Coast before returning home via the North American States. This year she went to Cedar Croft "Summer Nature School", near Burk's Falls, Ont.

Joan Waddell, Arts '50, who took her library science degree at the University of Toronto last year, is now in the library of the Department of Agriculture in Ottawa.

R. C. Wheeler, Sc. '50, has been awarded an Imperial Oil fellowship for research in physical chemistry. The fellowship, one of four offered annually by Imperial Oil Limited to encourage postgraduate scientific research, is valued at \$1250 a year and may be held for a period of three years. H. W. Woodward, Sc. '49, has also been awarded a similar fellowship for research in geology.

Twelfth Principal

Dr. W. A. Mackintosh

INSTALLED IN A DIGNIFIED CEREMONY AT FALL CONVOCATION

WITH ceremony, pomp, and ovation, Dr. William Archibald Mackintosh was formally installed as the twelfth Principal of Queen's University at Fall Convocation in Grant Hall on the afternoon of October 19.

The proceedings took place before a capacity audience of official delegates, graduates, and students, as well as University Trustees, members of Senate, Council, and staff. Also on hand were forty-three representatives of sister universities in Canada and the United States.

Soon after Dr. Mackintosh began his inaugural address, the students in the gallery let go a barrage of confetti and paper streamers and raised a mighty Queen's yell. A trio of pigeons was loosed from the balconies to add to the confusion.

The demonstration lasted only a few moments but left no doubt in the minds of any privileged to be present that the new Principal was starting his regime with the warm, good wishes of the student body. It was a noisy manifestation of the affection and respect with which Dr. Mackintosh is regarded by all friends of Queen's.

Even the elements conspired to bless the occasion. After a heavy rainfall in the morning, the skies were still leaden when Convocation began. But shortly before Dr. Mackintosh donned the robes of office the sun came streaming through the stained glass windows of Grant Hall like a benediction.

It was a happy and auspicious occasion in the history of Queen's University. It marked officially the end of one era and the start of another. In Dr. Mackintosh Queen's now has her first Principal who was educated at Queen's and the first member of staff to achieve the presidency.

It was a long and colourful academic procession that filed its way from Kingston Hall into Grant Hall. As the procession neared the platform trumpets were heard from the gallery playing a processional fanfare composed for the occasion by Dr. Graham George, who was at the organ.

The ceremony began with the singing of the traditional hymn, "O God, Our Help in Ages Past," and prayer by Rev. Dr. H. A. Kent, Principal of Queen's Theological College. Dr. John Orr, co-chairman of the installation committee with Dr. W. E. McMeill, made the presentation of the delegates of other universities to Chancellor Dunning, who welcomed them and thanked them for their presence and good wishes.

Then came the impressive installation ceremony when J. M. Macdonnell, chairman of the Board of Trustees, presented Dr. Mackintosh to Chancellor Dunning and the latter administered the solemn pledge of office. Dr. Mackintosh repeated after the Chancellor the following words:

"I, William Archibald Mackintosh, promise to uphold the traditions and maintain the principles and purposes of

INSTALLATION CEREMONY

Chancellor Dunning shakes hands with Dr. Mackintosh as Dean Ellis robes the Principal.

Queen's University at Kingston as set forth by its founders and affirmed in its charter, and by all lawful means to defend its rights and promote its welfare, so help me God."

The Chancellor replied: "I declare you, William Archibald Mackintosh, duly installed as Vice-Chancellor and Principal of Queen's University and I call upon the Senior Dean to invest you with the robes of office."

Dean D. S. Ellis then robed the Principal.

In his inaugural address, Dr. Mackintosh stated his belief in a university as a society of scholars devoted to the education of the young and to the preservation and extension of human knowledge, in persons rather than methods of education, in honesty of mind, in the value of Queen's University as a private corporation and as a national university, and in its tradition of freedom and responsibility. After the ad-

dress, Dr. Mackintosh presented the twelve candidates for honorary degrees: *D.D.*

Rt. Rev. Norman Dougall Kennedy, Moderator of the Presbyterian Church.

Rt. Rev. Clarence Mackinnon Nicholson, Moderator of the United Church.

LL.D.

Sir Peter Alexander Clutterbuck, British High Commissioner to Canada.

George Peel Gilmour, President of McMaster University and of the National Conference of Canadian Universities.

Rt. Hon. James Lorimer Ilsley, Chief Justice of Nova Scotia.

Rt. Hon. Vincent Massey, Chancellor of the University of Toronto.

Hon. Dana Harris Porter, Minister of Education for Ontario.

Norman Alexander Robertson, clerk of the Privy Council and secretary of the federal cabinet.

Monsignor Ferdinand Vandry, Rector of Laval University.

Jacob Viner, professor of economics, Princeton University.

Dr. James Wallace, Renfrew.

Dean George E. Wilson, Dalhousie University.

A special citation was given for Dr. James Wallace, graduate of Queen's in Arts, Theology, and Medicine. Dr. Wallace was president of the Alma Mater Society in 1901 when the student body undertook the raising of funds for the erection of Grant Hall. He was given a tremendous burst of applause when he stepped forward to receive his honorary degree.

Congratulations to Queen's and to the University's new Principal and Vice-Chancellor were offered by three of the distinguished guests: Hon. Leslie M. Frost, Premier of Ontario, Dr. G. P. Gilmour, President of McMaster University and of the National Conference of Canadian Universities, and the Rt. Hon. Vincent Massey, Chancellor of the University of Toronto.

Premier Frost described the impressive list of qualifications brought by Dr. Mackintosh to the position of Principal—his interest in education, sympathy and understanding, interest in humanity and knowledge of the problems of men, his research, his sponsorship of unemployment insurance, his studies of federal and provincial relations, his services with the department of finance. The speaker also paid tribute to the outstanding record of Dr. R. C. Wallace, who preceded Dr. Mackintosh as Principal of Queen's.

Dr. Gilmour told the great assembly that all Canadian universities rejoiced in the selection of Dr. Mackintosh, who has served the public and Queen's well. He, too, paid tribute to Dr. Wallace who was, until his retirement, the dean of Canadian university heads.

In no country do universities mean more than in Canada, Mr. Massey stated, after offering his congratulations to the

Kennedy, and J. M. Macdonnell.

EXCERPTS

from the

INAUGURAL ADDRESS

I HAVE been here long enough to have known some of my predecessors and I am sensible of how much they and others whom I did not know have built into the fabric of this University. Indeed it would be very easy to create in myself a paralyzing sense of inadequacy of talent as I recall the great voice and fine presence of Daniel Gordon, the vast and curious knowledge of books and nimble mind of Bruce Taylor, the fine style and penetrating wit of William Hamilton Fyfe and, to mention one who for a brief but crowded period was Acting Principal, the swift decision and forthright judgment of J. C. Connell.

R. C. Wallace is not to be summed up in any brief phrases. I shall say this only, that I am acutely conscious of how careful has been his management, how persistent has been his search for men of the first class, how unrelenting has been his insistence on standards, how eloquent

and distinguished has been his representation of the University. He hands over a stewardship which he has kept faithfully, intelligently, and with great distinction. It has been an honour to succeed him and very difficult to match his footsteps.

* * *

[A university] is or should be a society of scholars (not too precious in their scholarship; "not too bright or good for human nature's daily food") devoted to the education, the presumably advanced education, of the young and the preservation and extension of human knowledge. It is a human institution continuing over the generations in its struggle to remove part of the penalty of man's mortality.

A university may well give the appearance of an ill-organized and inefficient institution (and it sometimes is). Efficiency in operation requires standardized material and standardized products. It is the indispensable assumption of a university that, whatever

Credo

As I turn to the future, I am greatly encouraged by the generous goodwill which has been shown toward me by my colleagues, by the graduates, students, and friends of the University. I believe in them and in the destiny of this institution.

That I should accept the appointment seems now less a matter of choice than of a minor sort of destiny.

We have here a notable tradition of freedom and responsibility which I am concerned to preserve and strengthen.

To be capable of honesty is the beginning of education. To have achieved honesty of mind is its essential and perfect fruit.

—W. A. Mackintosh

their similarities over the generations, one is concerned with unique human beings not properly subject to standardized or standardizing processes. One can proceed only experimentally hoping that if there is competence, insight, and genuine concern on the part of the teacher and if the student has come to the decision that it is important, some spark may ignite a mind and a personality. "The mind," said John Morley, "is not a vessel to be filled but a hearth to be lighted."

* * *

. . . I believe in persons, not methods. Nothing in education can take the place of the occasional glimpsing of the workings of a fine mind. Nothing can take the place of the evident pleasure of a master in some bit of excellence in a beginner's work.

One cannot master knowledge in general. One must master it in particular but with an awareness to the unfolding general pattern. It is well to know something about many things, but only in mastery is higher education attained.

* * *

If a person is to be considered even moderately educated he or she must be able to use at least one language with clarity, without ambiguity, and with

economy. If in addition it can be used with taste and distinction, so much the better. It is not easy to repair the deficiencies left by the home, the school, and the street. It is still more difficult to make really important in the minds of young people what has hitherto been classed as unimportant. Language is not merely a mode of communication. Over much of the field of knowledge language is the indispensable tool of thought. The heart may be too full for words but the mind can be only too empty or too confused for words. There is of course a danger here. The social menace of the inarticulate pales before that of those whose tongues outpace their thought and knowledge.

A person who bears the mark of education is one who can range freely far beyond his parish pump, whether that pump be in a great metropolis, the quiet countryside, a busy marketplace, or an ivory tower built of limestone. Man rises, at times, above the animal world not merely because he has a thumb which turns inwards, but because by communication and record he can experience the culture of many lands and be of all the ages. To move freely on the wings of the mind through time and space, to live in a larger neighbourhood—this is to transcend the limits of mortality and live more abundantly.

There is an often-expressed concern that university education may become too vocational in character. It is a concern which is well based but ill defined. Universities have always been vocational. A vocation is a big part of a person's life and universities cannot ignore life. None was more vocational than the mediaeval university. When men were educated to be gentlemen, being a gentleman was a vocation. The great art in teaching is to arouse consuming interest and the relating of knowledge to a vocation often arouses it. One cannot draw rigid and precise boundaries. I am sure Osler's bedside teaching was education at a high level. There is a clue in the oft-quoted words of Justice Holmes: "The business of a law school is not sufficiently described when you merely say it is to teach law or to make lawyers. It is to teach law in the grand manner and to make great lawyers."

* * *

Over the past thirty years Queen's University has been generously supported by the Government of the Province of Ontario, and not least by your administration, Mr. Premier, and it will share gratefully in the aid now being given by the Government of Canada. Increasing reliance on state support is in present circumstances inevitable. Queen's University is also in important degree dependent on private endowment. In form the University is a private corporation dedicated to the public good. I have always felt it important that she remain so. In the past few months I visited another commonwealth country, all of whose universities are wholly state institutions. I am strengthened in my belief. It is not that privately endowed universities are in any way better or more effective than state universities. It is that state universities are better and more effective institutions if there are also some privately endowed universities which can uphold the essential distinctions and freedoms of universities.

We have a tradition of students whose intellectual capacities are not matched by their financial resources. We look forward expectantly to the establishment of national scholarships and bursaries as recommended by the Royal Commission so wisely lead by Mr. Massey. I hope we can look forward still further to the day when no boy or girl who has clearly better than minimum entrance requirements and who thinks university education is important to the point of some sacrifice need be debarred by lack of financial means. University education is not for all but let us not forget to "look unto the rock whence we were hewn and to the hole of the pit whence we were digged." Long before English education emerged from mediaeval cobwebs, long before the people of the United States talked of universal education, long before Egerton Ryerson visited Prussia, the Scottish parish school and the not impossible path to the Scottish university were the glory of Scotland.

* * *

Queen's University, and all other universities true to their trust, are committed to the faith expressed in the motto on the University crest, so much better in the flowing English "appointed to be read in Churches" than in the terse Latin suited to heraldry:

Wisdom and Learning shall be the stability of thy times.

BON MOTS

A person may be impressively knowledgeable and yet uneducated. He may be ignorant of many things and yet be an educated person.

•

A university is not a reform school in which all the mistakes of parents and school teachers can be corrected.

•

The beauties of Frontenac County are a joy forever but not to a university treasurer.

—W. A. Mackintosh

THE TOAST TO QUEEN'S

Left to right: Mrs. W. A. Mackintosh, J. M. Macdonnell, Rt. Hon. Louis St. Laurent, Dr. R. C. Wallace, Mme. St. Laurent, Chancellor Dunning.

Installation Dinner

IN honour of the installation of Dr. W. A. Mackintosh as Principal of Queen's, the Chancellor, the Board of Trustees, and the University Council entertained the guests, delegates, representatives of the student body, and members of staff at a dinner in Wallace Hall on the evening of October 19.

Every seat in the Hall was filled for the happy occasion, and a small overflow group was accommodated in McLaughlin Hall. At the same time the wives were guests of the University, with members of the Faculty Women's Club acting as hostesses, at a buffet dinner in Ban Righ, where they heard the proceedings over a public address system.

The toast to the University was proposed by Rt. Hon. Louis St. Laurent, Prime Minister of Canada, who paid striking tribute to Queen's new Principal. He said:

"Of course none of us would have wanted to see a Queen's man chosen as Principal merely because he was a Queen's man. I believe, however, that I am in as good a position as anyone to know how great and how varied has been the public service Dr. Mackintosh has given to Canada. And I personally have reason to know how wise his understanding is. What is more, there is no one who has known him well who does not know how free that service has been of any suggestion of personal ambition."

Mr. St. Laurent said Dr. Mackintosh had not mistaken his vocation. "He is essentially a scholar and a teacher and I am sure most of us at this dinner feel that is what the head of a university ought to be."

Of the retiring Principal, Dr. R. C. Wallace, Mr. St. Laurent said:

"Dr. Wallace is, of course, pre-eminent as a scientist, but we all recognize that he is also prominent as a citizen." He

added, "It has been one of the continuing glories of Queen's that this university has always recognized that citizenship in the fullest sense is not only compatible with academic life, but is an essential of the full civilized life which every true university seeks to promote."

The Prime Minister, himself an honorary graduate of Queen's of 1930, paid tribute to some of the University's outstanding graduates. He commented on the fact that "a great many things in this country, and even beyond it, are run by Queen's men."

Mr. St. Laurent said that the government was planning to announce shortly a wholly non-discriminating method of offering federal aid to all institutions of university level in Canada. He said this new system of assistance was being worked out to make completely certain that federal aid will not be used to influence, even indirectly, the character or the functions of individual institutions.

Response to the toast was made by Dr. L. W. Brockington, Rector. He said it was his pleasure, and duty, to join with the undergraduates, whose representative he was, in welcoming Dr. Mackintosh—a truly fine gentleman. He also paid tribute to Dr. Wallace.

Of Queen's, the Rector commented that the University had no fraternities and no sororities. Then he corrected himself: "It has one fraternity. And that is brotherhood that without the key of wealth and any distinguishing mark of race or creed is open to all who seek and find within its walls true patriotism, a sanctifying passion for knowledge, the love of truth, and the hatred of intolerance and cruelty.

"It has one sorority," he continued.

"And that is a sisterhood of true women dedicated to the building of homes, the teaching of children, the nursing and healing of the sick, and all those compassions which have been throughout the ages the benediction of womankind."

Of the future, Dr. Brockington said: "In the years to come there will be new victories to win, new territories to explore, ancient enemies to march against. Let us hope that into this new world those who remember this place with thankfulness will take with them into our life and its work the sacred thirst for knowledge so often stimulated by those fountains, the unbought graces of life which are the reward of study and the crown of wisdom, never forgetting that reverence is the handmaid of knowledge and free discussion the life of truth and true unity in a nation."

Both Dr. Mackintosh and Dr. Wallace spoke briefly. The new Principal thanked his many old associates who had come to Kingston for his installation. He expressed his pleasure in the arrangements that had been made for the installation ceremonies and thanked all those who had helped to make them possible, particularly Dr. W. E. McNeill and Dr. John Orr.

Dr. Wallace brought the happy event to a close with an expression of gratitude for the years he had been privileged to spend at Queen's and for the fine co-operation he had received during his term as Principal. He made particular reference to Dr. W. E. McNeill, Vice-Principal Emeritus, and to Dr. Mackintosh. Of the latter he commented on the prestige the new Principal had brought to Queen's. He said that the faculty and students had trust and confidence in him because of his wisdom, sagacity and judgment.

J. M. Macdonnell, chairman of the Board of Trustees, served as chairman of the historic dinner in his usual capable manner. Grace was said by Dr. H. A. Kent, Principal of Queen's Theological College.

After the dinner the guests adjourned to the University Reception in Grant Hall. On the receiving line were Principal and Mrs. Mackintosh, Chancellor Dunning, and Mr. and Mrs. Macdonnell. Refreshments were served by members of the Kingston alumnae branch, under the direction of Mrs. J. W. Brooks.

GRADUATES GIVE \$249,000 TO FUND

In the two-and-three-quarter-year period that the endowment campaign has been in progress, over \$249,000 has been contributed to the Alumni Maintenance Fund, which is for current revenue with no strings attached, J. Alex Edmison, assistant to the Vice-Principal, told the annual meeting of the General Alumni Association on October 20.

To all funds, in the same period, the graduates have given over \$517,000. Mr. Edmison pointed out that these figures are more impressive when it is considered that, prior to 1949, the graduates rarely averaged more than \$30,000 a year to all funds. He said he was hopeful that the Alumni Maintenance Fund would exceed the \$75,000 budgeted for this year; more than \$60,000 has been paid in already.

Steps taken to collect overdue pledges include the work of permanent endowment committees, in such centres as Toronto, Ottawa, and Montreal, whose job it is to canvass both those who have not paid their pledges and those who

have never given to the University; persuasion of Queen's branches in all other areas to conduct a similar canvass; direct mail solicitation from Kingston of all graduates living in areas not served by a branch of the General Alumni Association. John Chance is actively associated with all three projects.

"Queen's, like most other institutions of like standing in both Canada and the United States, now has to 'sell' her graduates on the programme of annual giving," said Mr. Edmison. "This has not been easy elsewhere, and we can expect no miracles here. However, there have been many encouraging manifestations that this missionary campaign will have ultimate success."

Mr. Edmison expressed the thanks of the Endowment Office for the co-operation received from the General Alumni Association, its officers, and its branches.

Dr. J. E. McAskill, retiring president of the General Alumni Association, served as chairman of the meeting. He introduced the new officers: Dr. J. B. Stirling, President; Miss Mary White, First Vice-President; and M. N. Hay, Second Vice-President. Dr. Stirling then took over the chair.

DR. J. A. CORRY APPOINTED VICE-PRINCIPAL

PROFESSORS SMAILS, KNOX AND CURTIS GIVEN IMPORTANT POSTS

Appointment of Dr. J. A. Corry as Vice-Principal of Queen's was made at the meeting of the Board of Trustees on October 20.

Hardy Professor of Political Science in the Department of Political and Economic Science, Dr. Corry will continue in this post and in his teaching at the University.

In 1936 he came to Queen's from the University of Saskatchewan where he was professor of law. A former Rhodes Scholar, he is widely known as author of the text, "Democratic Government and Politics," and is a member of the C.B.C. board of governors. Dr. Corry holds the following degrees: LL.D.

(Sask.), B.C.L. (Oxon), LL.M. (Col.), LL.D. (Sask.), and is a Fellow of the Royal Society of Canada.

Three other appointments were also made by the Trustees:

R. G. H. Smail, professor of commerce, has been appointed Director of the School of Commerce and Administration.

F. A. Knox, professor of economics, has been appointed head of the Department of Political and Economic Science.

Dr. C. A. Curtis, professor of economics, has been appointed Sir John A. Macdonald Professor of political and economic science.

New President Elected

J. B. Stirling Heads Alumni

J. B. STIRLING, Arts '09, Sc. '11, LL.D. '51, Montreal, Quebec, was elected President of the General Alumni Association at the fall meeting of the Board of Directors held at the Students' Memorial Union on October 20. Dr. Stirling succeeds Dr. J. E. McAskill, Med. '14, Watertown, New York, who served for the past two years.

Miss Mary White, Arts '29, Toronto, Ontario, was elected as First Vice-President, and M. N. Hay, Sc. '23, Kingston, Ontario, was returned as Second Vice-President.

Elected as additional directors for a one-year term were M. J. Aykroyd, Sc. '15, Toronto, P. E. H. Brady, Arts '41, Ottawa, W. A. Dawson, Sc. '23, Hamilton, D. G. Geiger, Sc. '22, Toronto, and H. E. Searle, Sc. '22, New York.

The report of the Secretary-Treasurer showed that there were 3700 paid-up members of the Association, as of

September 30, 1951. This was a new high total and represented an increase of 4 per cent over the previous year.

Because of steadily rising costs, particularly in connection with the printing and distribution of the *Review*, the Association had an operating deficit of \$2,253 during the past year. After considerable discussion it was agreed that there should be an all-out effort to increase membership before the fees were raised. The Secretary was instructed to consult the branches regarding a possible fee increase, and, at the same time, notice of motion was given to increase the fees to \$4 a year.

Among the suggestions brought forward for the good of the Association was a recommendation from W. A. Dawson, Sc. '23, Hamilton, that consideration be given to regional meetings to provide branch presidents with an opportunity to meet together and exchange ideas. Notice of motion was given to implement this and other ideas brought out by Mr. Dawson at the spring meeting of the Board.

Tribute was paid to the splendid work of Dr. John Orr in connection with the Installation proceedings and with the erection and operation of the Students' Memorial Union. It was felt that steps should be taken to give Dr. Orr official recognition of his efforts.

D. G. Geiger, Sc. '22, Toronto, suggested that one of the activities of the Association might be to raise money for various items of equipment needed by the staff and which could not always be included in the departmental budgets. It was agreed that this recommendation might be passed along to the branches for their consideration and that a report be made at the spring meeting.

J. B. STIRLING

THE 1951 REUNION

From all over Canada and the United States hundreds of alumni came back to the Queen's campus for the annual Reunion festivities October 19-21.

The chance to meet with one's classmates after the passage of years is always a strong drawing-card, and this year there was a particularly interesting added attraction in the installation of the Principal, Dr. W. A. Mackintosh. The graduates and their friends welcomed the opportunity to witness the ceremonies and to greet the new head of the University.

Among the interested spectators were the two men who head the seniority list of living graduates: D. W. Stewart, Sr., Renfrew, and Judge A. Gray Farrell, Toronto, both members of the Class of Arts '84.

Ideal weather prevailed for the occasion. After a heavy rainfall Friday morning, the weather cleared and was perfect for the remainder of the week-end.

With the exception of the football game, in which Queen's was overwhelmed by Toronto, all scheduled events went off smoothly. In fact, judging from the comments which have reached the Alumni Office, the Reunion programme was the most successful of the postwar years.

Several hundred alumni were in attendance for the installation ceremony at Fall Convocation on Friday afternoon. A block of seats had been reserved in the gallery for out-of-town visitors and these were all filled. The graduates joined heartily in the lusty Queen's yell raised by the students when Dr. Mackintosh donned the robes of office.

At the Installation Dinner in Wallace Hall on Friday evening the alumni were represented by the members of the Board of Directors of the General

Alumni Association, including the presidents of branches or their representatives.

Several hundred graduates and their wives and friends attended the University Reception held in Grant Hall after the installation dinner. Here the visitors had a chance to meet the new Principal and his wife, as well as to renew acquaintances with old friends.

On Saturday morning, as well as during other available hours over the week-end, the graduates and their friends visited the University buildings. For many of them there had been so many changes since their day that they needed help to find their way around the campus.

REUNION PICTURES

1. Dr. D. W. Boucher, Principal Mackintosh, and W. M. Nickle, K.C.
2. Mrs. Norman McLeod (Mary Johnston), Miss Mary Rowland, Miss Bessie Billings, and Miss Belle Elliott.
3. Science dinner on October 13: Mrs. Perry Borden, Perry Borden, Mrs. J. H. Ramsay, J. H. Ramsay, A. S. Thomas, Mrs. A. S. Thomas, W. M. Goodwin, Mrs. W. M. Goodwin. In the background may be seen Dr. A. L. Clark and N. B. Davis, chairman.
4. J. Alex Edmison, chairman of the highly successful '26 reunion, and Mrs. Edmison.
5. Lady Irene Dunne, Sir James Dunne, Dr. G. C. Bateman, and Sir Alexander Clutterbuck.
6. Dr. James Wallace, Austin Cross, Dr. Dennis Jordan, and Mrs. Austin Cross.
7. Wilfred Eggleston, Mrs. F. C. Hamil, Mrs. Wilfrid Eggleston, and F. C. Hamil.
8. Frank "Pep" Leadlay, Dr. Hank Brown, and Dr. Harry Batstone.

INSTALLATION DINNER GROUP

Principal Mackintosh, centre, talking with Rt. Hon. Louis St. Laurent, Prime Minister of Canada, left, and Hon. Leslie M. Frost, Premier of Ontario, right.

Registration headquarters in the Upper Common Room of the Students' Memorial Union was a favourite meeting-place. Here the alumni congregated in groups and made their plans. Here old friends exchanged polite fibs such as "You haven't changed at all. I would have known you anywhere."

Upwards of two hundred attended the informal alumni luncheon, served cafeteria-style, in the Union before setting out for the game. Stan Hagerman, a fifth-year Medical Student, played the piano during the luncheon hour. After the game, many of the classes were entertained at the homes of Kingston members. In several cases, this was followed by a class dinner.

Wallace Hall was filled to capacity for the Reunion Dinner on Saturday evening. Under the capable chairmanship of Dean D. S. Ellis, a short but delightful programme was held. Seated with Dean Ellis at the head table as guests of honour were the members of

the Class of Arts '01, who had a surprisingly strong representation.

Dinner music was provided by Stan Hagerman at the piano. After the dinner a quartette of Medical students rendered several Queen's numbers, "Golden Years" being particularly well received. John Chance, permanent president of Arts '49, formally presented to the University the Karsh photograph of Dr. R. C. Wallace.

Dean Ellis called upon the various age groups to identify themselves. The class representatives ranged from Mrs. T. A. Newlands (Etta Reid), Arts '92, and Dr. A. E. Ross, Arts '92, Med. '97, LL.D. '19, to graduates of last spring.

The dinner was then declared adjourned to enable the various groups to hold their individual meetings. Many of the alumni attended the Football Dances in Grant Hall and the Gymnasium.

A counter attraction to the general Reunion Dinner was the buffet dinner

held by the Classes of '26 in the La-Salle Hotel, under the chairmanship of J. Alex Edmison, permanent president of the Class of Arts '26. More than 200 were on hand for this exceedingly well-organized event.

The week-end concluded with a religious service in Grant Hall on Sunday afternoon, conducted by the University Chaplain, Rev. A. M. Laverty, and with Rt. Rev. Norman D. Kennedy, Moderator of the Presbyterian Church, as preacher.

'26 REUNION

Flanked by Meds. '26 and Science '26, Arts '26 descended on Kingston, the weekend of October 20, to celebrate their Silver Anniversary. The vanguard arrived Thursday, October 18, and by Friday the reunion was in full swing.

Although the white tops—if no tops at all are excepted—were not in the majority, silver streaks bore unmistakable evidence that the quarter century was at hand. And, if colour did not underline the passing years, contour frequently did, despite the weak efforts of double-breasted coats to conceal the true state of affairs. The marks of time slid quickly into the background as the glow of friendships formed on the old Ontario Strand brightened with each succession of recognition salutes. Time seemed to collapse like an accordion, and we were back as if we were never parted.

Events of the weekend, however, early marked our maturity. At the installation ceremony on Friday afternoon, instead of being part of the vociferous element in the gallery, we were restrained by the fact that we were represented in the formal march of the governing bodies. We had three members in that austere procession—Morley C. Tillotson, Hugo T. Ewart, and J. Alexander himself, and, of course, our Honorary President, Dr. Mackintosh, was the centre of those proceedings. What year can boast such a connection with the University organization?

Friday evening's reception gave us an opportunity to meet the staff and other pilgrims. Saturday afternoon we saw the Queen's-Varsity spectacle, and while the score left something to be desired, the game itself and the surroundings soon put the corpuscles to work, and memories of an earlier day flooded the mind. On Saturday evening, we combined with Meds '26, Science '26, and a sprinkling of Arts '24 for our reunion dinner. Opportunity for visits was provided by an earlier reception, and, following the dinner, pictures were shown by our President, with an assist from the "missus". On request, expert recognition of the females was provided by Grandpa McLeod. During the course of the evening, frequent recourse was made to the art exhibit of the Great Age, which Sybil Spencer MacLachlan had assembled. Ian MacLachlan led the gathering in the rendition of college yells, and Gordon Mylks provided piano entertainment. Later an "afterglow" was held, in which reunion items were further celebrated. From this, installment plan exits took place, as the weight of advancing years refused to sanction further doings.

In between the special events there was plenty of opportunity to note the various changes in and around the campus. The building that seemed to evoke most comments was the Students' Union—a visit to which is a "must" on the programme of every returning alumnus.

Because registrations were incomplete, attendance of all who returned cannot be reported; but mention can be made of Bill Anderson, Ken Wood, Earl Patton, Bud Thomas, Helen Agnew Emery, Jean Simmons Scace, Fern Johnston, Mary Rowland, Belle Elliott, Mary Johnston McLeod, Harry Batstone, Kathleen Elliott, Bessie Billings, Marian Ferguson, Kay Farlinger, Carl Smith (our first president), Caroline Mitchell, Helen Anglin, E. R. Smith, Charlie McCutcheon, Harry Slater, John Lansbury, Harold Haslam, Ted Morgan, Gord Mac-

AT THE INSTALLATION DINNER

The Hon. Dr. J. J. McCann, Minister of National Revenue, centre, chatting with the two men who head the seniority list of living Queen's graduates: D. W. Stewart, Arts '84, left, and Judge A. Gray Farrell, Arts '84, right.

donnell, Tiny Adams, Pep Leadlay, Hank Brown, Jack McKelvey, Wilf Eggleston, Fred Hamil, Bernie Hughes, Thelma Bogart Boucher, Jean Easton Mackintosh, Marion Ross, Knox Williams, Ken Kilborn, Jack Fell, Dick Buss, Dave Rankin, Jack Hannah, Bill Paterson, Herb Young, W. S. Fitzpatrick, Ernie Sheppard, Charlie Stephens, Bud and Kay Roney. Telegrams also were received from Ralph Mathhews, Stan Cameron, W. W. Beaton, Ena Cropp Guiler, James R. McAuley, C. S. Neilson, A. W. J. Blackler, James Ward, E. B. Weir, W. E. Wright, W. E. Bawden, Harold Kurtz, J. E. Jerome, Wilfred Urlocker, W. A. Newlands, A. E. Ada, W. A. Richards, H. J. Hartman, Isabel Brown, A. G. Muirhead, H. H. Stewart, P. B. Rynard, C. L. Stephens, Cecil Gardiner, Donald McDonald, Marion Welsh, Elma Kennedy, B. W. Sargent, A. F. Brown, G. M. Mather, Mac Tolmie, W. E. Bayley, Marion Spence Currie, H. C. Burleigh and Georgia

With that strange foresight that characterized many of Arts '26 earlier moves, we elected as our Permanent President one who was later to become a resident of Kingston. To put it mildly, that move meant everything to our Silver Anniversary. Alex pitched in with his customary vigor, with the result that this occasion was the biggest and best ever and—if the supply of superlatives can be dipped into again—left us with the “mostest” longing that the reunions yet to come would “gather in” those who have not been able to make the pilgrimage before.

Many have said the Queen's sojourn was the best four years of our lives. To recreate this period in force requires an even greater participation in reunions of those who made it in the first place.

Consequently, a word to the wise should be sufficient! Start planning for that thirty-year reunion now.

—T. A. Marshall, Arts '26.

- Athletics -

RIDDLED by graduation and otherwise, the Queen's senior football team was consigned to the cellar by the experts long before the season started. Sad to relate, the crystal ball gazers saw the picture only too clearly, for the Tricolour has yet to win a game in league competition. What they did not foresee was the extent to which injuries were going to effect the fortunes of the squad.

Queen's won two out of three pre-season games, defeating Ontario Agricultural College and McMaster University, and losing by one point to the Balmy Beach entry, and in the process giving their supporters reason to hope that the outlook was far from hopeless. If the team could have gone through the season intact Coach Frank Tindall might easily have registered a few upsets. But several of his standout performers were laid low by injuries and for no league game was he able to field his strongest twelve men.

ROSS McKELVEY

Don Griffin, rated as the Tricolour's No. 1 quarterback, broke his wrist in the McMaster game and that was the end for him this year. In the game against Western; which opened the season, no one was hurt, but the following week, no fewer than eight were injured, including such men as Jack Roberts, rated by Coach Tindall as one of the best backs in the league, Jack Zwirewich, Pete Beck, and Ron Suski. Then in the first game with Varsity Captain Lampman sustained a broken wrist, and with him went a lot of the threat of the forward-passing attack. In the same game, Lampman's running mate at outside wing, Dick Harrison, was placed *hors de combat* for the next two contests. The effectiveness of several other players was reduced by comparatively minor injuries.

The Tricolour picked the Reunion game against Varsity on October 20 for their worst showing of the year, or perhaps it was merely that that game was the one in which the Blue and White reached their peak. Whatever the reason, the result read 26-2 in favour of the Torontos, and the large crowd, augmented by many returning alumni, were stunned by the decisiveness of the victory. Varsity scored four touchdowns and were superior to Queen's in nearly every department.

One week later, minus the services of Lampman and Harrison, among others, Queen's went to Toronto for what was understandably expected to be a slaughter. Bolstered by several intermediates the Tricolour amazed and delighted their supporters by turning in a stellar performance, twice taking the lead, and finally bowing out by a score of 15-7. It was a complete reversal of form, and they won many friends in adversity.

In the opening game, against Western, played in London, Queen's dropped a 24-12 decision. The Tricolour showed bursts of offensive power, but their inexperienced front line had some serious lapses.

Opposing McGill the following week, the line stiffened considerably, and this was one game Queen's might have won if the breaks had gone their way, or if they had been able to take full advantage of the scoring opportunities. The Red and White finally won out 14-7, but where the loss really hurt was in the playing roster. Coach Tindall had to do some fancy juggling in order to come up with a full team the following week.

Star of every game has been former Captain Ross McKelvey. Ross has been throwing every one of his 150 pounds into every play and how he has managed to stay upright in the heavy going is a mystery. In the game with Western he made runs of 47 and 70 yards, scored a touchdown, and was named as "Player of the Week." Against McGill he made a number of good gains and scored the only Queen's touchdown. In the two games with Varsity he was again the standout performer and again registered the only major score.

One thing the current Tricolour team cannot be accused of is not trying. The boys are giving all they've got in every game and they are losing because they are outmanned and outgunned and not because of lack of spirit. This feeling was so contagious that former Captain Jim Charters, who had retired so that he could devote full time to his final-year Medical studies, donned a suit again to help the Coach in his hour of need.

Lose Last Two

In the last two games of the schedule Queen's lost 19-2 to McGill and 20-13 to Western (details next issue).

Marty Scholarship

Available to Alumnae

Valued at \$1,400, the Marty Scholarship is again being offered by the Queen's Alumnae Association. Given in memory of the late Dr. Aletta Marty, the scholarship is for a year of graduate study and may be held by any woman graduate of the University with a Master's degree. A committee chosen by the Alumnae will make the award. The same scholarship may be awarded to the same woman for more than one year.

Applications should reach the Registrar not later than December 31. Further information may be obtained from the Registrar's Office.

Large Number of Directors Attend Fall Board Meeting

Present at the meeting of the Board of Directors of the General Alumni Association held on October 20 were Past Presidents, Mrs. D. W. Boucher, A. C. Hanley, D. A. Gillies; President, Dr. J. E. McAskill; First Vice-President, Dr. J. B. Stirling; Second Vice-President, Miss Mary White; Directors—P. E. H. Brady, B. W. Burgess, C. R. Buss, N. E. Butler, Harris Campbell, Dr. O. A. Carson, Mrs. W. C. Clark, W. A. Dawson, G. D. Dies, C. H. Drew, D. G. Geiger, Dr. J. E. Hammett, M. N. Hay, E. W. Henderson, Dr. S. F. Leavine, Dr. C. H. McCuaig, Miss Mary Macdonnell, Ian MacLachlan, Dr. W. A. Newlands, Dr. John Orr, D. W. Stewart, Jr., Dr. Wallace Troup, Mrs. T. K. Waddell, G. O. Walker, E. B. Weir, R. M. Winter, and the Secretary-Treasurer.

Named as Cabinet Minister

Dr. W. J. Dunlop, Arts '12, has been appointed to the education portfolio in the Ontario cabinet. Prior to joining the Department of Education last spring, Dr. Dunlop was director of university extension and publicity for the University of Toronto.

At the Branches

Parry Sound Alumni Organize As Newest Queen's Branch

F. K. McKean, Sc. '40, was elected president of the Parry Sound branch at the organization meeting held at the Brunswick Hotel on September 26. Miss Christena Ferguson, Arts '38, was returned as secretary-treasurer.

The Parry Sound branch plans to be affiliated with the various towns of the Muskoka District, making their headquarters with the large alumni branch in Orillia.

Guests of honour were Judge Walter Little, Arts '28, representing the North Bay alumni; Miss Jessie Richmond, Arts '26, president of the Huronia branch at Orillia; Murray Cameron, Arts '15, Huntsville, and Mrs. Cameron (Vera Alice Strader), Arts '27. The guests were asked to speak, giving an account of the organization of Queen's alumni branches in other communities.

F. K. McKEAN

Grace was said by the senior member present, J. L. Moore, Arts '09. The nominating committee consisted of Miss Kay Mulligan, Arts '24, Miss Victoria Malkin, Arts '34, and Dr. E. Malkin, Arts '29, Med. '31.

Ken Johnston and Miss Jean Wright led a sing-song in which the old University tunes were featured.

J. C. Macfarlane Speaks At Peterborough Annual Meeting

"Queen's, Her Past, Present, and Future," was made the subject of an interesting address by J. C. Macfarlane, K.C., Arts '11, at the annual meeting of the Peterborough branch held at the Kawartha Club on October 16. Sixty-five were in attendance.

Mr. Macfarlane emphasized the importance to Canada of Queen's as an independent university, not subservient to the vagaries of state control. He appealed to his fellow graduates to ensure the continuance of that independence.

The speaker painted a graphic word picture of the changes in the physical plant, and made particular reference to the benefactions of Col. R. S. McLaughlin of Oshawa. He commented on the retirement of "Wallace of Queen's" and the installation of Principal Mackintosh as marking the end of one era and the start of a new one.

Mr. Macfarlane was introduced by C. M. Krug, Arts '37. He was thanked on behalf of the meeting by G. L. Brackenbury, Arts '18, Port Hope.

During the business portion of the meeting, Dr. T. E. Currier, Med. '40, was elected president for the ensuing year. He succeeded T. J. Allen, Arts '36, who served as chairman for the evening.

Other officers elected were: C. M. Krug, Arts '37, vice-president; Miss Meg Gordon, Arts '49; J. S. Mark, Arts '37, treasurer. Rev. D. L. Gordon, Arts '97,

Theol. '00, and Rev. William McDonald, Arts '98, Theol. '01, are honorary presidents. Named to the executive were: F. B. Smitheram, Arts '40, D. A. Lamont, Sc. '45, Miss Barbara Ettinger, Arts '49, Dr. H. G. Carleton, Arts '23, Med. '26, A. J. Noftall, Arts '41 (endowment), and Miss Helen McGregor, Arts '30 (student vocational advisory committee).

Autumn leaves and fruits, and the Queen's colours, were prominent in the decoration scheme, for which Rev. Dr. D. Bruce Gordon, Arts '28, was responsible, with the assistance of his wife and Miss Meg Gordon. Dinner was served buffet style and was preceded by an apertif half-hour. The games interlude before the address of the evening was arranged by C. M. Krug.

Ottawa Alumnae Hold Successful Tea Party

A very successful tea was held recently by the Ottawa alumnae at the Y.W.C.A. The rooms were decorated in the Queen's colours and the tea table was set with bowls of bronze chrysanthemums flanked by golden candles. Receiving the guests were the president, Miss E. May Burnett, Arts '21, and the vice-president, Mrs. F. J. Fortune (Gertrude Best), Arts '24.

Presiding were the past presidents: Mrs. Norman Sanders (Jennie Shields), Arts '14, Miss Marjorie Gordon, Arts '38, Miss Myra Tilley, Arts '29, Mrs. A. G. Taylor (Edith May Culbert), Arts '19, Mrs. J. E. Plunkett (Marion Moffat), Arts '26, and Mrs. T. K. Waddell (Jean Govan), Arts '20.

Among the special guests were twenty-seven recent graduates, who assisted in the tea room, under the direction of Miss Edith Whyte, Arts '48, and Miss Barbara Michael, Arts '49.

Mrs. Fortune was convener of the tea, assisted by Mrs. R. W. MacLean (Margaret Davis), Arts '37. Miss Wilhelmina Dowler, Arts '49, was in charge of decorations.

Kingston Oyster Party Attracts Hundred and Fifty

Hundreds of oysters perished in a good cause when 150 alumni and their friends turned up for the annual oyster party of the Kingston branch held at the Recreation Hut of the Aluminum Company on October 12. Included among the guests were a number of alumni in town for the Reunion weekend.

For those who liked their oysters *au naturel*, the succulent sea food was served in its native state and the guests were provided with knives and a hot sauce. For those who preferred a more civilized approach, oyster stew was available.

Head Football Coach Frank Tindall showed the movies of the Queen's-Western game and provided a running commentary. Afterwards he answered questions pertaining to football.

In charge of this highly successful affair were Ian MacLachlan, Sc. '25, Arts '26, and Dr. J. E. Baker, Med. '34.

Ste. Anne de Bellevue Group Hold Social Evening

A social evening followed a short programme at a recent meeting of the Ste. Anne de Bellevue branch at the home of Dr. R. F. Kelso, Arts '10, Med. '13, and Mrs. Kelso (Alexina Carlyle), Arts '12. Mrs. R. L. Douglas, wife of R. L. Douglas, Sc. '37, rendered vocal solos, and Mrs. E. M. VanKoughnet (Margery Booth), Arts '24, told of impressions of Newfoundland gathered last summer.

The present executive is as follows: president, H. R. Rice, Sc. '31; vice-president, Mrs. VanKoughnet; treasurer, L. M. Boyd, Sc. '34; secretary, Mrs. Kelso; directors—Miss Margaret MacIntosh, Arts '30, C. O. P. Klotz, Sc. '33, J. W. Popkin, Com. '30, and R. H. Angrove, Med. '16.

The refreshment committee consisted of Mrs. A. C. Malloch (Flora Abernethy), Arts '17, Mrs. R. H. Angrove (Vera Dix), Arts '16, Mrs. E. M. Boyd, Mrs. W. L. Glen (Norah McGinnis),

Arts '35, Mrs. H. B. Hannah, Mrs. C. G. Kappler, Mrs. Petrie (Joyce Johnson), Arts '33, Miss Phyllis Bowers, Arts '41, and Miss R. E. L. Woodburn, Arts '44.

—A. T. K.

Witches and Skeletons Enliven Hallowe'en Party

Broom-riding witches and chain-rattling skeletons were out in full force for the Hallowe'en party put on by the Ottawa alumni in the Normal School on October 30.

Master of ceremonies George Perrin, Arts '49, kept the party at a fast-moving pace. Starting things off with a make-shift costume parade, with costumes made from paper by various teams, he continued with apple-dunking duos, balloon-sitting contests, guessing games, and novelty races. Films, refreshments, and square dancing finished off the evening's fun.

Costume winners were Elaine Bonfield, Arts '50, Frank Macintyre, Sc. '49, Avonne Sprague, Arts '46, Arn Rogers, Sc. '47, Mrs. C. G. W. Bird (Jean Graham), Arts '47, Don Daly, Com. '43.

Social convener for the evening was Ken Wynkie, Arts '46.

Montreal Alumnae Head Fashion Show in Lindsay Hall

Styles for the coming season were shown at the Fashion Show given by the Montreal alumnae in Lindsay Hall on October 18. An interesting and entertaining commentary was provided by Miss Joy Gilmour, sponsor of the show. More than fifty members and their friends enjoyed the display of suits, dresses, and fur coats.

Alumni Renew Acquaintances Under Full Tropical Moon

Beneath the full tropical moon and royal palms, a get-together of loyal Queen's men and women was held at Mackenzie in British Guiana on October 13. All present were employees of the Demerara Bauxite Company.

In the group were T. W. G. "Bill" Cavers, Sc. '39, Keith W. Percival, Arts '43, Mrs. E. W. Dodd (Jean Robson), Arts '45, J. Gordon Johnson, Sc. '47, Mrs. Johnson (Betty Teal), Arts '48, Ed J. Wiggans, Sc. '48, E. Edward MacPhail, Sc. '49, and Mrs. MacPhail, Summer School.

INSTALLATION

(Continued from page 220)

University on behalf of those who were granted honorary degrees. In this young country, universities not only provide leaders but give leadership in a corporate capacity. Is it too much to ask the university to maintain standards of thought and action in a world where they are more necessary than ever, he asked. He expressed confidence that Canadian universities could face their problems with vigour, born of the knowledge of their services in the past.

The recession took place after the benediction, pronounced by Dr. H. A. Kent, Principal of Queen's Theological College, and the singing of *God Save the King*. During the recessional the Queen's pipe band could be heard playing in the quadrangle, to the delight of the large gathering.

Appointed as Consultant

Dr. R. C. Wallace, former Principal of Queen's, has been appointed consultant to the Ontario Department of Education. He will advise chiefly on the manner and distribution of government grants to Ontario universities.

Given Chief Posts

Two long-time members of the Ontario Department of Highways have been named to its two ranking engineering posts. C. H. Nelson, Sc. '13, was made chief engineer, and W. A. Clarke, Sc. '30, assistant chief engineer.

OFF FOR ENGLAND

Two of twenty-two engineers awarded Athlone fellowships, A. J. Williams, Sc. '50, and W. G. Breck, Sc. '50, sailed with their families recently for England aboard the Cunard liner *Scythia*. They will spend two years in the United Kingdom gaining a practical knowledge of Britain's engineering industry. Shown on the boat deck prior to their departure from Quebec are left to right: A. J. Williams, Mrs. Williams (Marion Potts), Arts '49, W. G. Breck, and Mrs. Breck, with their three-year-old son.

MISS JEAN ROYCE HEADS ALUMNAE

Miss Jean I. Royce, Arts '30, was elected president of Alumnae Association at the annual meeting held in Ban Righ Hall on October 20.

Other officers appointed were as follows: past president, Mrs. W. R. Hambley, London, Ont.; first vice-president, Mrs. W. I. Garvock, Ottawa; second vice-president, Miss Martha Murphy, Toronto; third vice-president, Mrs. W. J. Hyde, Montreal; secretary, Miss Irene Busterd, Collins Bay; assistant secretary, Mrs. J. W. Brooks, Kingston; treasurer, Miss Agnes Percival, Kingston; councillors: Mrs. V. R. Currie, Kingston; Mrs. Charles O'Reilly, Smiths Falls; Mrs. W. J. R. Paton, Port Colborne; Mrs. J. H. Moxley, Hamilton; Mrs. C. B. Huyck, Vancouver, B.C.; Mrs. F. W. Benn, Westmount, Que.; Miss Bessie Billings, Toronto; Levana representatives, Miss Norma Miller, Kingston; archivist, Miss Eleanor Smith, Kingston.

Congratulations were extended to Dr. Charlotte Whitton on her election to the

Ottawa Board of Control and for later having been named to the office of Mayor; to Dr. Faustina Kelly Cook, who became one of Sudbury's two women aldermen; and to Miss Bertha Bassam, who had been made Director of the Library School of the University of Toronto.

Mrs. W. B. Robertson gave the report of the Ban Righ Hall Administration Board. In addition to the business of accommodation of the students, involving the upkeep and operation of Ban Righ Hall, the Board has been concerned with plans for the new wing.

Convener of the Furnishings Committee, Mrs. D. M. Chown, reported that bedrooms in the new wing will cost at least \$350 to \$400 each to furnish; the Common Room about \$3000; the staff bed-sitting-rooms, \$400; and the students' sitting rooms about \$1500 to \$2000. Money to furnish two bedrooms has already been donated, money for two others has been promised, and other donations are expected. It is hoped that each branch will furnish one room.

Alumni News

BIRTHS

Aikenhead—At Victoria Hospital, Renfrew, Ont., on September 24, to Mr. D. M. Aikenhead and Mrs. Aikenhead (Ruth Fraser), Arts '45, a son.

Austin—On June 1, to Derek Austin, Sc. '48½ and Mrs. Austin, of Arvida, Que., a daughter (Anita Jean).

Bartlett—On September 23, at the Diaconessenhuis, Rotterdam, The Netherlands, to R. L. Bartlett, Sc. '42, and Mrs. Bartlett, a son (Robert Michael).

Brown—On October 2, in Toronto, to Dr. Graham A. Brown and Mrs. Brown (Barbara MacMurray), Arts '45, a son (Christopher Arrol).

Carmichael—On October 27, at the Ottawa Civic Hospital, to J. W. Carmichael, Sc. '38, and Mrs. Carmichael, a son.

Carson—On October 17, at the Ottawa Civic Hospital, to Dr. G. T. Carson, Med. '41, and Mrs. Carson (Pamela Anglin), Arts '38, a son.

Cranna—On March 16, at the Vancouver General Hospital, to N. Greig Cranna, Sc. '49, and Mrs. Cranna, a son (Greig MacDonald).

Crowther—On July 6, at the General Hospital, St. Catharines, Ont., to Mr. Ralph Facey Crowther and Mrs. Crowther (Betty Clarke Palmer), Arts '44, a daughter (Margaret Lynn).

Crozier—On July 6, in Ottawa, to R. B. Crozier, Arts '38, Com. '40, and Mrs. Crozier, a son (Blair).

Curtis—On August 14, at the Ottawa Civic Hospital, to John K. Curtis, Sc. '41, and Mrs. Curtis, a son (Donald Arthur John).

Davey—On October 15, at the Kingston General Hospital, to Dr. P. W. Davey, Med. '49, and Mrs. Davey (Shirley Geiger), Arts '47, a son (Robert Stanley).

Dymond—On June 16, in Toronto, to Desmond Dymond, Sc. '46, and Mrs. Dymond, a son (Eric).

Edwards—On October 13, at the General Hospital, Sarnia, Ont., to Douglas C. Edwards, Sc. '47, and Mrs. Edwards (Dorothy Hughson), Arts '44, a son (Jonathan Peter).

Evans—On September 7, at The Grace Hospital, Windsor, Ont., to C. L. Evans, Sc. '46, and Mrs. Evans, a son (Laird).

Fleming—On September 21, at the General Hospital, Kingston, to Mr. R. J. Fleming and Mrs. Fleming (Patricia Beeman), Arts '44, a son.

Helleur—On June 14, at Kenogami, Que., to D. E. Helleur, Sc. '45, Arts '47, and Mrs. Helleur, a daughter (Katherine Ann).

Hetherington—On October 6, at the Hotel Dieu Hospital, Kingston, to Major F. E. Hetherington, Sc. '48, and Mrs. Hetherington, a son.

Honeywell—On October 4, at the Ottawa Civic Hospital, to Roy Honeywell, Sc. '40, and Mrs. Honeywell, a daughter.

Houck—On September 22, to Dr. J. H. Houck, Arts '41, Med. '49, and Mrs. Houck, of Hartford, Conn., a son (John William).

Johnston—On September 28, at Mount Hamilton Hospital, to Lawrence H. Johnston, Com. '40, and Mrs. Johnston, a son.

DEATHS

Samuel Abramsky, Arts '24, on November 4, of a heart attack, while on a hunting trip north of Ompah, Ont. Aged fifty-one, Mr. Abramsky was president of Joseph Abramsky and Sons Limited, department store, Kingston, Ont.

Miss Abbie Bole, B.A. '16, in Victoria Hospital, London, Ont., on October 10. An outstanding secondary school teacher, Miss Bole had a teaching career of nearly thirty years, twenty of which were spent in the Collegiate Institute and Arthur Voaden Vocational School in St. Thomas.

Launcelot L. Bolton, M.A. '03, B.Sc. '06, in the Ottawa, Ont., Civic Hospital on September 8. Mr. Bolton was a former general executive assistant of the Mines and Geology Branch of the Department of Mines and Resources. He was seventy years of age.

William Lewis Bowden, B.A. '19, in Simcoe, Ont., on October 9. Mr. Bowden taught school for twenty-three years and then was a public school inspector for twenty-one years, retiring in 1946.

Rev. Michael Joseph Brady, B.A. '24, at Kingston, Ont., on August 19, at the age of fifty-four. Father Brady was pastor of the Church of the Good Thief in Portsmouth and chaplain of the Kingston Penitentiary.

Rev. James Cattnach, B.A. '89, Theol. '92, at the Union Memorial Hospital, Baltimore, Md., on July 17, at the age of eighty-six. Mr. Cattnach was active as a Presbyterian minister for more than fifty years, including twenty-six at his last church, Govans Presbyterian, Baltimore. He had been retired since 1942.

Reginald Cumberland Day, B.A. '10, on October 9, of a heart attack while on a duck shoot in Prince Albert, Sask. Aged sixty-five, Mr. Day was a prominent lawyer in Edmonton, Alta., until his retirement in 1948.

Dr. John Ferguson Doyle, M.D., C.M. '15, in the Hotel Dieu Hospital at Kingston, Ont., on September 20. He had carried on an active medical practice at Tweed, Ont., until his retirement a year ago.

James W. Gerard, LL.D. '39, at his summer home at Southampton, New York, on September 6, at the age of eighty-four. A corporation lawyer and for many years treasurer of the Democratic Party, Mr. Gerard was American ambassador to Germany prior to the United States' entry into the First World War.

Charles William Jefferys, LL.D. '31, at Toronto, Ont., on October 8, after a prolonged illness, at the age of eighty-two. Mr. Jefferys was a noted Canadian historical artist and illustrator.

Dr. William S. Kirkland, M.A. '00, LL.D. '32, at his home in Toronto, Ont., on September 30, at the age of seventy-nine. Former principal of Central Technical School in Toronto, for the past five years Dr. Kirkland had been educational director of the Canadian Institute of Science and Technology.

William H. MacLeod, B.A. '21, at Windsor, Ont., on October 11, at the age of fifty-five. Prominent lawyer and active in the affairs of the Progressive Conservative Party, Mr. MacLeod was president of the Essex Law Society.

Mrs. H. B. Mattson (Margaret Brophy) B.A. '23, at her home in Preston, Ont., Oct. 28. Mrs. Mattson taught school in Kingston, Ont., East Orange, N.J., and Porto Rico, before her marriage twenty-two years ago. Mrs. C. M. Darling (Mary Brophy), Arts '34, is a sister.

Mrs. W. C. Ringlesben (Ruth Sharp), B.A. '20, at her home in Forest Hill Village, Ont., on October 21. She was the wife of W. C. Ringlesben, B.Sc. '17, M.Sc. '19, mining geologist, Toronto.

Maj.-Gen. E. J. C. Schmidlin, M.C., on October 13, while being taken by ambulance from his home near Napanee, Ont., to hospital in Kingston. A graduate of R.M.C., General Schmidlin had a distinguished career in the army, later serving as a professor of engineering on the staff of the Royal Military College. He was professor of mechanical engineering at Queen's from 1942 to 1946. Major L. E. C. Schmidlin, Sc. '47, is a son.

Mrs. T. J. Thompson (Edna Muriel Sutherland, Arts '03, at the Civic Hospital in Ottawa, Ont., on August 19. Among the survivors are a son, two daughters, Erica Thompson, Arts '23, and Barbara Thompson, Arts '40, and a brother, Dr. E. M. Sutherland, Sc. '02, Med. '06.

NOTES

1890-1899

Major James Falkner, M.C., Arts '99, Hull, Que., was bereaved by the death of his wife on September 25. Dr. Keith C. Falkner, Med. '36, and Capt. Eric Falkner, an R.M.C. graduate, are sons. Another son, Graeme Falkner, Arts '31, was killed in action in 1943. Mrs. Falkner was a niece of the late Col. R. R. McLennan, who founded the Glengarry Scholarship at Queen's.

1900-1909

Rev. William McDonald, Arts '99, Theol. '01, observing the fiftieth anniversary of his graduation from Queen's Theological College, was recently in communication with other surviving members of this class. After fifty years,

Now . . . Before You Leave University

Before you leave university is the time to establish a banking connection. Whatever business or professional career you may have in mind, you will find that an early association with The Bank of Nova Scotia will be most helpful in the years to come. Start with a savings account . . . no amount is too small . . . and it is never too early to open an account.

Gift Books

A BOOK OF CANADIAN HUMOUR

Edited by John D. Robins and Margaret Ray. This popular book has something in it to delight every taste. It contains the best humour—prose and verse—ever written by Canadians. \$4.50..

THE BORED MEETING

By Harry Symons. Humorous sketches, discussing: a life insurance board meeting; rush-hour street cars; adventures with false teeth, and much more. Harry Symons formerly won the Leacock Medal for Humour. \$2.50.

THE MODERN WORLD

By R. A. MacKay and S. A. Saunders. The story of world political and economic developments. This book has sold all over the world. Revised edition. \$5.00.

THE SPOILS OF TIME

By Sir Philip Gibbs. "One of the best novels of his distinguished career . . . reveals him at the height of his powers."—S. Morgan-Powell in *The Montreal Star*. \$3.25.

I MARRIED AN ARTIST

By Billy Button. A highly entertaining account of married life. The young couple go from one amusing (and sometimes embarrassing) situation to another. With 20 striking illustrations. \$3.75.

THE RYERSON PRESS
TORONTO

four of the original five members who received B.D. degrees in 1901 survive. Besides Mr. McDonald they are: Rev. W. A. Guy, Arts '97, Theol. '01, of Coquitlam, B.C., now completing fifty years service in the ministry, most of which has been in Western Canada. He expects to retire next year. Rev. R. F. Hunter, Arts '92, Theol. '01, has also spent most of the past fifty years in the West, principally in prairie charges. He retired two years ago and lives in Pipestone, Manitoba. Rev. Dr. James Wallace, Arts '98, Theol. '01, Med. '20, now retired, lives in Renfrew, Ont. He was a minister in Lindsay, Ont., for some years after graduation and served in the First Great War as Chaplain. On his return from overseas he took a medical degree at Queen's, later going to the United States where he did important medical survey work for many years. Mr. McDonald himself served in five different charges, the most important of which was in St. Andrew's, Sudbury, where he had oversight of all Home Mission fields in the Presbytery. He was compelled by ill-health to retire from the active ministry in 1940. He lives in Peterborough.

Dr. H. E. Amoss, Arts '05 (D.Paed. Toronto) is retired from the Ontario Department of Education where he had been inspector of auxiliary classes. He is now living in Hamilton.

Dr. Ross M. Bradley, Med. '08, is retired and living in Grimsby, Ont.

Dr. Robert Chambers, Arts '02 (Ph.D. Jena) professor-emeritus of biology, New York University, has been appointed chief research consultant of the Dade County Cancer Institute, Miami, Florida.

Dr. W. F. Cornett, Med. '08, retired for about eight years and living in Pasadena, Calif., has moved from North Holliston Ave. to 1635 Homet Road. His friend and classmate, Dr. W. H. Cole, is also retired and lives near Pasadena, at Arcadia. They get together occasionally to talk over old times. Both have "set their sights ahead" to their fiftieth anniversary reunion at Queen's a few years hence.

Dr. L. D. Densmore, Med. '01, has been elected president of the New Brunswick Council of Physicians and Surgeons.

C. A. Shaver, Arts '08, has moved from Sydenham to Cherry Valley, Ont.

R. D. Guy, Arts '05, is senior member of the firm, Guy, Chappell, Guy, Wilson and Hall, barristers and solicitors, Electric Railway Chambers, Winnipeg.

1910-1919

Very Rev. Dean W. L. Armitage, Arts '11 (M.A. King's College; D.D. Western Ontario), is now retired and living at 18 St. Joseph St., Toronto.

Rev. Claude Gilbert, Arts '19, Theol. '24, and his wife, formerly Emily Inman, Arts '20, are now living in Cochrane where Mr. Gilbert is minister of the United Church.

Col. R. D. Harkness, Sc. '13, Montreal, has been appointed a director of the Bell Telephone Company of Canada. He was also appointed a member of the executive committee. Colonel Harkness is president of the Northern Electric Company Limited, and is a director of the Montreal Trust Company, Howard Smith Paper Mills Limited, Amalgamated Electric Corporation Limited and the Consolidated Mining and Smelting Company of Canada Limited.

J. L. McKinnon, Arts '15 (B.Ed. 1942 University of Saskatchewan), has been appointed principal of City Park Collegiate Institute in Saskatoon. He was formerly vice-principal of the Technical Collegiate Institute in that city.

W. J. McLEAN

W. J. McLean, Arts '13, is now retired and living in Erin, Ont. A school inspector for many years, Mr. McLean has always been interested in sports. He was a judge at the Olympic Games held in Germany in 1936, and is presently an honorary member of the Canadian Olympic Committee. He served as president of the Alberta branch of A.A.W. of C. in 1937 and 1938, and was on the executive of the Winter Sports Committee of the United States in 1946.

Dr. E. L. Stone, Med. '13, Ottawa and Edmonton, first superintendent of medical services for Indians, was honored recently by colleagues from the departments of National Health and Welfare, Citizenship and Immigration, and National Defence, on his retirement from the Civil Service.

1920-1929

D. N. Culver, Sc. '27, of the Bell Telephone Company of Canada formerly stationed in Toronto, is now division plant engineer, Western Division, at London, Ont.

C. S. Gibson, Sc. '22, safety director for the Mines Accident Prevention Association of Ontario, has been elected general chairman of the mining section of the National Safety Council.

J. Clarence Gibson, Sc. '23, and Mrs. Duncan Robertson (Dorothy Gibson), Arts '26, recently visited their mother, Mrs. Mary Gibson, Kingston, following a trip to Great Britain and Europe. They have now both returned to their homes in Bogota, Colombia.

Mrs. Gerald E. Graham (Dorothy Dowsley), Arts '26, recently moved to Denver, Col., where her husband, Rev. Gerald E. Graham, has accepted the rectorship of St. Thomas' Church.

Gordon R. Henderson, Sc. '25, has been appointed general manager of the Canadian activities of the Catalytic Construction Company.

H. C. Jenkinson, Sc. '27, is with the Aluminum Company of Canada in Vancouver.

Dr. P. B. Rynard, Med. '26, Orillia, in recognition of outstanding medical services, has been awarded the Lions International Director-General's Award of Merit. The presentation

SPUN
ROCK
WOOL

(Reg'd)

A resilient, long-fibered insulation made from molten rock. Proof against Fire, Vermin, Vibration and Corrosion. Recommended for cold-storage; sound-proofing and acoustical treatments; all industrial purposes up to 1000 F. Made in standard forms for home insulation; exported in bulk form.

THOROLD, ONTARIO

J. Buss, Sc. '19 C. R. Buss, Sc. '27

was made at Aurora by the director-general, Mr. Roy Keaton of Chicago. Dr. Rynard is the fourth person to receive this honour.

Dr. W. G. Watt, Med. '29, formerly in Timmins, Ont., is now associated with the Oshawa Clinic as a Certified Pediatrician. He lives at 348 Masson St.

Miss Jean Wilton, Arts '26, is with the Child Guidance Clinic in Winnipeg.

Miss Olive Zeron, Arts '26, has resigned as executive director of the Y.W.C.A. in Ottawa to accept a similar position as executive director of the joint YM-YW in Windsor, Ont.

1930-1939

J. W. Barber, Arts '37, Perth, school inspector of Lanark County, was elected president of the Eastern Ontario Normal School Teachers' and School Inspectors' Association, at the annual meeting in Ottawa.

J. W. Brooks, Sc. '30, has returned to his position as professor of Civil Engineering at Queen's.

R. C. Day, Com. '33, has been promoted to the position of assistant manager, Export Department, General Motors of Canada, Oshawa, Ont.

Dr. W. C. Forsythe, Med. '38, who practised for the past five years at Grenfell, Sask., has left there to establish a practice in Calgary, Alta.

Frank J. Fortune, Com. '30, Arts '31, vice-president of E. D. Hardy and Company, insurance advisers, Ottawa, has been granted a fellowship in the Insurance Institute of Ontario. He recently completed the four-year course provided through the University of Toronto, and is the first graduate in Eastern Ontario.

A. J. Frost, Com. '30, has been appointed manager of the Ottawa Branch of the Toronto General Trusts Corporation. He joined the Corporation in Toronto in 1939 and was appointed Comptroller at Head Office in 1942.

Prof. William D. Gilbert, Sc. '32, of the Mechanical Engineering Department, Queen's University, was bereaved by the death of his father, Mr. George D. Gilbert, prominent resident of Gananoque, Ont., who died on October 31 in the Kingston General Hospital following a lingering illness.

Col. E. C. Mayhew, Sc. '36, formerly of Moose Jaw, Sask., on special duties with Canadian Arsenals Limited, has been appointed director of armament development for the Canadian Army.

D. S. Simmons, Sc. '32, formerly manager of the engineering division of Imperial Oil Limited, Sarnia, Ont., has been appointed general superintendent at the Montreal East refinery.

H. F. PHILBRICK

Harold F. Philbrick, Arts '39, is assistant actuary with the Massachusetts Mutual Life Insurance Co., Springfield, Mass.

T. L. Stubbs, Sc. '38, of Canadian Industries Limited, has been transferred from Kingston to Montreal.

W. R. Sutton, Sc. '31, has left Senator Rouyn Mines and is now field engineer for M. J. O'Brien Limited, 900 Victoria Building, Ottawa.

R. K. Thoman, Sc. '36, has been promoted to the position of vice-president and works manager, Canadian Vickers Limited, Montreal.

1940-1951

Joseph Bardswich, Sc. '40, has taken a position with Falconbridge Nickle Mines.

W. E. Bauer, Arts '50, and his wife, formerly Helen Creighton, Arts '49, have moved to Ottawa where the former is with the National Research Council and the latter with Canadian Army Operational Research as a research assistant.

Margaret Blascik, Arts '51, P.H.E. '51, is teaching health and physical education at Tillsonburg District High School.

Lieut. J. G. Berry, Sc. '50, has been commanding officer of the signals troop attached to the Royal Canadian Horse Artillery at Shilo, Manitoba, since the beginning of the year.

Eric Bronskill, Com. '48, and Mrs. Bronskill (Helen Armstrong), Com. '48, have moved from Ottawa to Kingston where Mr. Bronskill is with the Clarkson Electrical Company.

Roy Bunston, Sc. '42, formerly chief sales engineer for Burndy Canada Limited, Toronto, has been promoted to the position of chief engineer of the company.

M. P. Carson, Com. '48, formerly of Detroit, Mich., is now in Washington where he is assistant commercial secretary in the office of

E. J. Connor, Sc. '44 recently left his position as drilling engineer with Imperial Oil Limited in Redwater, Alta., to join Western Leaseholds Limited in Calgary. He is living at 2815 7th Ave. N.W.

Cecil Cornwell, Arts '47, is now inspector of public schools for Renfrew West, with headquarters in Eganville, Ont. He was formerly assistant principal of Macdonald School in Kingston.

Tudor Davies, Sc. '46, has accepted a position as geologist with Flintkote Mines Limited, Thetford Mines, Que.

D. C. Dillabough, Com. '47, has been transferred by the Bank of Montreal from Kingston to Perth.

Kenneth E. Eade, Sc. '48, has moved from Montreal to Ottawa where he is with the Geological Survey of Canada.

Mrs. T. A. Eastwood (Katharine Justus), Arts '47, has returned from England and is now living at Deep River, Ont.

Helen Ferrier, Arts '49, is working in Ottawa with the Bank of Canada.

D. W. Franklin, Arts '50, has joined the production control department of Hayes Steel Products, Merriton, Ont.

Mrs. Oren C. Frood (Nora Cassidy), Arts '49, Ottawa, was bereaved recently by the death of her father Dr. Harry M. Cassidy, internationally known welfare worker. He was Director of the School of Social Work at the University of Toronto.

W. B. Glenn, Arts '49, is teaching Upper School mathematics and science in the Smooth Rock Falls, Ont., continuation school.

Dr. W. S. Harper, Med. '41, has been appointed director of mental hygiene for Toronto schools.

B. W. Henheffer, Arts '51, is at the University this year taking work for his Master's degree.

C. W. Hopkins, Sc. '49, is assistant technical supervisor of No. 2 Ore Plant of the Aluminum Company of Canada at Arvida, Que.

Dr. J. H. Houck, Arts '41, Med. '49, is in Hartford, Conn., where he is on a residency in psychiatry at the Institute of Living.

H. S. Jackson, Sc. '48, is with the International General Electric Company, Box 1832, San Juan 8, Porto Rico.

L. H. Johnston, Com. '40, has been appointed manager of the Hamilton office of Price Waterhouse and Company.

J. Ralph Johnston, Arts '48, who recently received his call to the Ontario Bar, is now associated with the legal firm of McIlraith, McIlraith and Scott in Ottawa.

Player's Please

CANADA'S LEADING CIGARETTE

WITH THE TROOPS IN KOREA

Just behind the front lines in Korea, a Queen's Medical graduate and his team of medical assistants are fighting a tough battle against the ravages of war.

Commanding officer of the Canadian Army Surgical Unit, which has joined forces with a U.S. Army mobile hospital, is Major Charles Egan, Med. '41, a medical officer with the Seaforth Highlanders of Canada in Italy and northwest Europe during World War II. The Canadians have set up their own mobile operating room, and their patients to date have included hundreds of Korean civilians as well as wounded soldiers of the United Nations.

Mrs. Egan (Phyllis Horner), Arts '40, and three children live in Kingston, Ont.

Gordon Kelly, Arts '49, who took his library degree at McGill University, is now on the staff of the public library in Brooklyn, N.Y.

M. S. Kenney, Arts '48, is teaching at Delta Collegiate Institute, Hamilton.

A. T. Kenner, Sc. '51, is with the North American Cyanamid Company in their sales training programme at Stamford Laboratories, Stamford, Conn.

Max Kudrenecky, John Shipman and Hugh Steeves, Sc. '51, have joined the staff of Spruce Falls Power and Paper Company, Kapuskasing, Ont.

William Lang and Thomas Watchorn, of Sc. '50, are both with the Abitibi Power and Paper Company, the former at Sault Ste. Marie and the latter in the Sturgeon Falls Division as control engineer in the new hard board mill.

D. S. R. Leighton, Arts '50, who took his M.A. in Economics at the University of Toronto last year, is continuing his postgraduate studies at the Harvard Graduate School of Business Administration.

Dr. Norman Levitin, Arts '47 (Ph.D. McGill), is with the Forests Products Laboratory of the federal government.

Dr. J. S. Loynes, Med. '45, has opened an office in Belleville, Ont., for the practice of internal medicine.

D. P. Melville, Arts '40, has received his M.Sc. in Library Science at Western Reserve University, Cleveland, Ohio.

Dr. G. F. Meissner, Med. '43, formerly of Montreal, is now in Boston where he is

assistant professor of pathology at Tufts College Medical School and research associate to the Cancer Unit of the Tufts Medical School.

Bruce Odell, Arts '50 and '51, is with the U.S. Army stationed at Camp Chaffee, Arkansas, with the 71st Field Artillery Battalion, 5th Armored Division.

Dr. W. E. O'Hara, Med. '47, is with the Canadian Government Immigration Commission, Lutz Hotel, Kreisstrasse "94" Karlsruhe, Germany. He is doing final screening of immigrants under the United Nations.

Harry Savory, Sc. '42, has been transferred to the Hawkesbury plant of Canadian International Paper Company where he is assistant plant engineer.

David Sinclair, Arts '51, and Mrs. Sinclair (Aleksandra Melnyk), Arts '50, are living at 139 — 7th St., New Toronto. They are both employed by the Campbell Soup Company, the former in the credit department and the latter as laboratory assistant in statistical quality control.

Dr. Donald C. Smith, Med. '44, Chatham, Ont., recently was awarded a two-year scholarship in pediatrics at the University of Michigan. Dr. Smith will leave his position with the Kent Board of Health at the end of the year.

Antony Strickland, Arts '48, has been employed by Violamac Mines (B.C.) Ltd. as field geologist in Quebec, Ontario and British Columbia for the past year. His present address is Sesekinika, Ont.

J. Edwin A. Thomas, Sc. '42, has been made assistant plant engineer at the New Brunswick International Paper Plant, Dalhousie, N.B.

R. M. Thomson, Sc. '47, has left the Ford Motor Company and has gone into the timber contracting business in Port Arthur, Ont.

Capt. David Veitch, R.C.E., Sc. '48, formerly stationed at Chilliwack, B.C., is now with 6 Engineer Officer Advanced Course, Abbot Hall, Fort Belvoir, Virginia.

C. K. Wallace, Arts '50, and Mrs. Wallace (Mary Sweeney), Com. '51, have moved to Orillia, Ont., where Mr. Wallace is a member of the teaching staff of the high school.

J. A. Watts, Sc. '49, who spent two years at the Noranda Copper Smelter, Noranda Mines, recently joined the American Zinc Company of Illinois, East St. Louis, Ill., as a metallurgist. His residence address is 403 Sumner Blvd., Collinsville, Ill.

W. James White, Arts '51, is with the Massey-Harris Company, Toronto, in head office planning work.

R. E. Yule, Sc. '48, has been appointed sales representative in Eastern Ontario for the Norton Company of Canada. His territory will extend east from Toronto to the Quebec border and north to Ottawa. He will take up residence in Peterborough, Ont.

Clark Hall

ENGINEERING SOCIETY DONATES BUILDING TO UNIVERSITY

Gift of the Engineering Society to the University, Clark Hall was officially declared open at a ceremony on November 10. The Hall has been named in honour of Dr. A. L. Clark, Dean of the Faculty of Applied Science for many years.

This building had long been the hope of the many who realized that the Tech Supplies needed a permanent home. It has been built on the site of the Old Mill, and is a welcome addition to the campus.

In the ceremony, Principal Mackintosh accepted the key of the building from Colin Drever, of Drever and Smith, architects, and handed it over to A. H. Lee, president of the Engineering Society. Mr. Lee in turn presented the key to Principal Mackintosh who accepted it on behalf of the University.

Mr. Lee gave an outline of the history of Technical Supplies and said: "During its history the business has been shifted about at brief intervals from pillar to post. Now at last it had a home of its own."

Principal Mackintosh, in accepting the key from Mr. Lee, declared: "The building is owned and controlled by Queen's University, and the University is glad to hand the key back to the president of the Engineering Society to use for the purpose for which it was designed, in trust for the whole University."

Speakers and special guests present included the Principal, Dr. A. L. Clark, Dean D. S. Ellis, Prof. H. W. Harkness, Prof. H. S. Pollock, Prof. J. C. Cameron, and A. M. Bradburn. George Devlin, president of Science '50, was also on

the programme, but was not able to attend.

Dr. Clark gave an interesting history of Tech Supplies on the Queen's campus. He pointed out that many years ago, in Fleming Hall, two students quietly began to sell small quantities of pencils, ink, and paper at reasonable prices. Thus began the movement which has now expanded to occupy the first floor of Clark Hall. After several attempts to administer the business on the part of those less skilled in its intricacies, the Engineering Society took on the responsibility and in 1929 appointed A. M. Bradburn as manager. Since then Mr. Bradburn has directed the store, which now sells books, laboratory supplies, medical instruments, and other necessities at a cost which cannot be matched in Kingston.

During its history the business has been shifted about: a room in the Old Medical Building, until that building went up in smoke; a narrow space under Convocation Hall, in the Old Arts Building; a room in the basement of Carruthers Hall, until that was required for laboratories; its own little building across the driveway from Nicol Hall, until that became an eyesore beside stately Miller Hall; the front half of the Old Mill until that was torn down; the C.O.T.C. gunshed while the new building was being built; and finally in its present location.

Many were the suggestions and loud were the arguments over the new possibilities. The following sites were discussed: north of the Hydraulics Lab; north of Fleming Hall; renovating the east end of Fleming Hall; and the Commerce Building. However, the Engineering Society held out for the present site and the University granted permission to tear down the Old Mill and erect a new building. With increasing prices, the cost proved more than expected and the University agreed to lend the Engineering Society the additional amount required to finance construction.

The building was designed by Drever and Smith and the contract was let to M. Sullivan and Sons. After the gunshed was moved, work commenced on dismantling the Old Mill in the Fall of 1950. Construction started early in 1951 and progressed during the Summer. The bookstore was opened for trade on September 6, 1951. The main floor of the building is given over to the use of Technical Supplies. On the second floor there are the Science Clubrooms, the Ham Shack, the Engineering Society Office, two Committee rooms, and a study room. The total operating expenses such as light, heat, water, insurance, taxes are borne by the Engineering Society. No profits from the Technical Supplies are to be used for the furnishing of the second floor. Payment for the present furnishings will require a student levy, while the remainder will be completed when finances permit.

Presentations were made to A. M. Bradburn, manager of the business, and to Prof. J. C. Cameron, who assisted in steps leading up to construction of the building. Afterwards the building was made available for public inspection.

Alumni Represent Queen's At University Functions

Alumni who have represented Queen's at various university functions recently are as follows:

Dr. I. G. Barber, Arts '16—Installation of Chancellor Kimpton of the University of Chicago on October 18.

Dr. Donald Dickie, Arts '10—The Autumn Congregation of the University of British Columbia on October 26, for the installation of Sherwood Lett as Chancellor of the University, for the conferring of degrees, and for the dedication of the War Memorial Gymnasium.

Dr. J. M. Young, Arts '02, Med. '04—The inauguration of Harlan Henthorne Hatcher as eighth president of the University of Michigan, on November 27.

Reminiscences

Technical Supplies

By **DR. A. L. CLARK**

Dean Emeritus

THE culmination of a long-cherished plan in this fine building reminds us that, like so many notable achievements in life, the beginnings were humble indeed. No one forty years ago dreamed that one day the small store in Fleming Hall would develop into the handsome structure we see today. To have this building named after me, a former member of the staff, is an honour indeed. It is the greatest honour I have ever received.

The Engineering Society has done many notable things in the fifty-three years of its existence. This Technical Supplies Building, which has come after many years of steady effort, is one of the main projects fostered by the Society, others notably being the Employment Service and the publication, *Proceedings of the Engineering Society*.

The building is the realization of a dream that has been in the minds of the officials of the Engineering Society for many years. Definite plans for such a building seem to have first crystallized in 1939 when A. W. "Art" Stollery was president of the Engineering Society. His plan was something like the plan of the present building, although he did not envisage so elaborate a structure. He and his colleagues felt that the Society deserved something better than

the club room in the Old Mill, and a plan for a limestone building was drawn up.

My own recollection of the plan is that there was to be ample room for the store on the ground floor with meeting, club, and recreation rooms on the second floor, almost as today. However, I am sure that if the plan of 1939 had been considered with serious intent to build, it would have been modified, as are all plans to some extent.

Professor George MacKay, Science '07, in an article written for the *Proceedings* in 1935, gave a good account of the early work as he knew it. I used a part of this article in my own story of the Faculty.¹

Details given me by the late Professor E. L. "Louie" Bruce, Science '09, also helped to supply some of the background. He told me that he was president of the Engineering Society 1908-09, and that the students were finding that the prices for drafting supplies were higher than they should have been, or at least they thought so. A committee consisting of himself as president, C. W. "Slab" Drury, Science '09, as vice-president, and K. S. Clarke, Science '10, was appointed to consider the establishment

¹ The First Fifty Years.

of a service to obtain supplies co-operatively. After several meetings this committee recommended a plan. The committee was empowered to make the necessary arrangements and a room on the first floor of Fleming Hall was turned over to the Society by the Faculty.

Many firms refused to give the store their trade discount, saying that their representative in Kingston was one of the stores downtown. The Hughes-Owen Company of Ottawa, through their agent, agreed to obtain what was needed and to give the discount. This was so long ago that it can do no harm now to give out this information, which was really made public in my own story of the Faculty, *The First Fifty Years*. K. S. Clarke was chairman of the committee after Bruce graduated, and he and a few others gave a couple of hours to operating the store. Bruce said that Clarke more than anyone else deserves credit for the continuance of the store, and without his aid it would not have been operated after the first year, so perhaps the name over the door is not so inappropriate.

With a student manager in charge, it can easily be imagined how the store must have suffered from the annual changes in management. Ultimately the store was in a very bad condition,

and the Society took steps in 1920 to put it on a better basis. The Service Control Board was set up with the Dean of the Faculty as permanent chairman, two professors elected by the Society and five student members. More students were added later. Professor MacKay acted on this committee until his retirement in 1936, when Professor Jackson succeeded him. The second-elected staff member was Professor A. "Sandy" Macphail. He served until his retirement in 1939, and was succeeded by Professor D. S. Ellis, now Dean of the Faculty and chairman of the Board.

I. N. "Katie" Marshall, Science '21, president of the Engineering Society in his final year, has written, in part:

"As you will recall there was for many years a Technical Supply store with a room in Fleming Hall. It was in existence when I entered Queen's in 1913. It had its ups and downs. It sometimes showed a modest profit on paper, but it never was a thriving enterprise. It was even less so when I returned to the University after World War I. A committee was set up. I believe that C. E. Baltzer, Science '20, was on that committee. However, they had had a committee before, but nothing ever happened. There was also a committee on establishing an employment

NEW MINERAL COMPOUND NAMED FOR GRADUATE

A new mineral compound has been named in honour of Dr. Stephen Clive Robinson, Ph.D. '47.

This new mineral, called robinsonite, was first made in the research laboratories at Miller Hall, about four years ago. At the time Dr. Robinson was studying for a doctor's degree under Dr. L. G. Berry and Dr. J. E. Hawley.

Dr. Robinson was working on minerals containing lead, antimony, and sulphur, and succeeded in making a compound which was new to science. The bluish-gray metallic-looking substance had never been described as a natural mineral, although since it was made in the laboratory its chemical composition was known.

In 1947 a small sample of the new mineral found in Nevada was sent to Queen's in the course of investigation of the lead-antimony sulphides. At that time it had not been identified by any other scientists. At the Queen's laboratories it was found to be the same mineral as that made by Dr. Robinson and in 1951 it was named in his honour.

Dr. Robinson is on the staff of the geological survey, Ottawa. He earned his B.A. and M.A. degrees at the University of British Columbia.

SPECTOGRAPH SPEEDS UP ANALYSES

Dr. J. E. Hawley, Miller Memorial Professor of Research and chairman of the Department of Geological Sciences, is shown beside the arc spark stand, a section of the spectograph, an intricate piece of equipment used in analyses of metals and ores. By means of the spectograph, analyses are done in a matter of minutes, which by old methods used to take six months, and minute quantities of rare and precious metals are detected. The spectograph is located below ground level in Miller Hall.

service. Both store and employment service had been talked of for years, but no one did anything about either except to appoint another committee. It was understandable. The initiative rested with the senior men. The store would do them little good. They had a degree to think about.

“When I took office as president, it was evident that the store was anything but a going concern. On the books it was solvent, but if one threw out the obsolete textbooks and the items for which there was little or no sale, the bare walls would be a mockery to the term ‘store’ . . . What the store needed was action and I was determined it was going to get it. I’ll admit that it was a bit of a shock to realize the poor shape it was in. It seemed to have all the elements of a sound business—a ready market, virtually nothing out ‘on

the cuff’ and therefore no bad debts, little overhead, little more than the salary of a girl and the small honorarium to the manager. To my mind, in the final analysis, the reason why the store had not flourished, and probably would not flourish, was the lack of continuity of good management.

“The answer was simple, the store needed a good manager who would carry on from year to year. The Employment Service needed a permanent manager. Why not combine the offices at least for a start? But we had no money to appoint anybody or do anything! . . .

. . . “There was also a committee formed from the Faculty and I recall that ‘Sandy’ Macphail and Professor George MacKay were most encouraging and helpful.

"About the time that the decision to combine the two offices was brought forward, a happy thought occurred to me. We had a financial problem—one of economics and commerce! Why not enlist the assistance of the Department of Commerce? After all, what was the Department of Commerce for if they couldn't help? It was then that I had my first meeting with Professor W. C. Clark. . . . It was brought home to us that to obtain support and make both enterprises successful it would be necessary to advance them as University ventures. Now they were going to be Queen's Technical Supply Store and Queen's Employment Service . . . A meeting with Dr. McNeill was arranged. It was rather a formal meeting but a nice one. We presented our proposition and asked for a loan of \$2,500 to start both ventures as a combination. Dr. McNeill, of course, gave no direct answer but he did assure us that, while he would not designate any specific amount, he was sure that our request would be regarded in a favourable light.

"That was enough for me! I knew then that both the Store and the Employment Service would have no further difficulties. I don't think we ever required the \$2,500 in full. Once under good management the Store more than carried itself. . . . Since that time I have talked loans out of banks for mining ventures, \$40,000 and \$50,000 from the Bank of Montreal, but I still think that asking for a loan from Queen's University for anything approaching \$2,500, and getting a favourable answer, was by far the greatest accomplishment.

. . . Long, long ago I learned that one man can do but little just by himself. A log cabin is about the limit of his building alone, and even then someone must provide the axe. This was so with the Store. It was the men who were with me in this. The choice of Doug Wright, Slim Monture, and Doc MacIsaac was a happy one and their efforts can only be described in terms of highest praise . . . The Store could

never have been 'put across' except for the efforts of these three men.

"And now they have made enough money to afford a building of their own. This is indeed good news. It would seem that we built better than we knew."

G. C. "Slim" Monture wrote as follows:

"You were perfectly right in your assumption that I was the first permanently employed manager of the bookstore and the employment service and I began my duties in 1921, the day after I wrote my last examination for my degree.² At that time the bookstore was housed in Fleming Hall. When I took over there was a tremendous stock of textbooks and other supplies, such as drafting instruments and stationery. As I recall, at the time our stock was something of the order of \$30,000, but unfortunately our liabilities were about the same with liquid assets of something slightly in excess of \$100. Over the years many of the textbooks had become obsolete and the true value of our stock was considerably lower than this. I recall the pressing letters from my creditors who threatened to foreclose, but I persuaded them to wait until the store reopened in the fall. By the end of the session in the spring of 1922, I had succeeded in paying off different creditors, had written off the dead stock, and was able to show a profit and loss statement of something under \$10 on the profit side, but had no outstanding account.

"This was only accomplished by the closest co-operation with the University professors in carefully gauging the number of books that would be required for the student classes and patience on their part in waiting delivery where I had underestimated the requirements. During this period I also laid plans for supply-

² W. C. Ringsleben, Sc. '17, acted as temporary manager of the Employment Service for two months, until the arrival of Mr. Monture.

A. M. BRADBURN

ing the Arts and Medical faculties. As I recall it, our 'tuck shop', such as, chocolate bars, apples, cigarettes, and private stationery, was one of our good profit-makers and we were able to turn over our investment in this field ten or more times during the year with a neat profit."

"Slim" Monture remained with us for a brief time only, but long enough to put the two enterprises on a solid foundation. Then the problem was to find a successor. The secretary of the Athletic Board of Control at that time was Mr. J. S. McDonell, and we asked him to take on the operation of the Store and the Employment Service, along with his other duties. After a few years he found the combined responsibilities too heavy and resigned. E. R. "Ernie" Corneil, Science '29, who was a student member of the Board, said that he knew of a man who was then managing a chain store, and who would, in his opinion, be just the man for us, and he thought that he would be interested. Thus A. M. Bradburn came to us and for twenty-two years has been a most successful manager of the Store. We could not have done better. He has been far-

sighted and energetic and has been able to get on well with the changing personnel of the Board.

Even in the matter of sites, the Store has had a varied career. From its humble beginning in Fleming Hall, it was moved to the west end of the Old Medical Building. There the Store remained until fire gutted the building, and then it went to a small space under Convocation Hall, now used by the Faculty Players, I believe. Then for a short time it was in the basement of Carruthers Hall. This space was soon needed for laboratory purposes and another move was necessary. . . . Material from an old wooden structure at the east end of Kingston Hall was used to build a store on the university drive opposite Nicol Hall and on what is now the lawn of Miller Hall. When Miller Hall was finished, this ugly wooden structure was very unsightly and the Store was then moved to the Old Mill and the old quarters were torn down. Now the Old Mill is gone and this fine building is the final resting place of the Store.

It is not without difficulty that the decision to have the Store on this site was reached. The Service Control Board favoured this site as being central and in every way desirable, but it was thought that this location would be needed for a future administration building. Then we asked for "Hyland Park".³ A portion of this lot, near the Old Gym, was offered, but the narrow strip made available would have required that the building extend east and west, making the Store entrance inconvenient, so the offer was declined. Then an addition at the rear of the Commerce Building on Union Street was considered and fortunately decided against. Finally, to the great delight of the Board, the present site was offered.

³ For many years the upkeep of the grounds had been under the care of Mr. Hyland, and the open lot west of the Jock Harty Arena was called, by some witty person unknown, Hyland Park.

NUCLEAR RESEARCH

Some postgraduate students who were recently engaged in nuclear research at Queen's under Dr. J. A. Gray, Chown professor of research, are shown above, at the control panel of the 70,000,000-volt synchrotron. They are, left to right: seated, Henry Janzen, Kitchener, and Alex MacMillan, Cochrane; standing, Stirling Edwards, Fredericton, N.B., Al Goodjohn, Calgary, and Ian McDiarmid, Carleton Place. The synchrotron was designed and built by the General Electric Company.

It was the policy of the Board from the beginning to operate so as to benefit the student body as far as possible. The idea of a profit was secondary. Some firms would not allow books to be sold below the list price. A few permitted this. For a year or so the Store gave rebate slips which could be applied to subsequent purchases. This involved a considerable amount of extra work for the small staff, and was given up. The Store absorbed the exchange on American books, and paid the postage on books and supplies to extramural students, so in one way and other we were able to save students a considerable amount of money.

Since the Engineering Society had assumed full responsibility for the operation of the Store it was thought that the Society had a claim on the profits.

Also, since the Fifth Field Company had turned over their pay for a year to get the Employment Service started, there was additional ground for feeling that the Society to which these men belonged deserved some compensation. It was therefore decided that the Society had an equity and that a preferred dividend at the rate of 6 per cent on a capital of \$3,000 should be retained out of annual profits.

It will be generally agreed that the Engineering Society has built well and done a great deal for Queen's, and there are no more loyal graduates than the former members of that Society. It is doubtful whether the Technical Supplies, the Employment Service, or the *Proceedings* could have been operated as well under any other organization.

DR. S. M. GILMOUR APPOINTED PRINCIPAL

WILL SUCCEED DR. H. A. KENT IN FALL OF 1952

Appointment of Dr. S. M. Gilmour as Principal-elect of Queen's Theological College has been announced by Rev. Dr. George A. Brown, chairman of Queen's Theological College Board.

Principal H. A. Kent recently announced that he would retire in the autumn of 1952, and Dr. Gilmour's appointment will be effective as of that date.

For twenty years Dr. Gilmour has been on the staff of the College. He has been professor of New Testament and Exegesis since 1931, an associate professor of Hebrew and Religious Knowledge at Queen's since the same year.

A native of Dauphin, Manitoba, he graduated with his B.A. degree from University of Manitoba in 1924. He was awarded the Bachelor of Divinity degree at Union Theological Seminary, New York City, in 1928, and was a travelling fellow of Union Seminary at Berlin and Marburg, Germany, from 1928 to 1930.

Dr. Gilmour was awarded the Ph.D. degree by the Divinity School, University of Chicago, in 1937, and the honorary D.D. degree by United Theological College, Montreal, in 1948. He was ordained a minister of the United Church of Canada by the Manitoba Conference at Winnipeg in 1928.

Dr. Gilmour is past president of the Canadian Society of Biblical Studies and is an associate in council of the Society of Biblical Literature and Exegesis. He is the author of several publications, and has contributed numerous articles to various journals and encyclopedias.

From 1940 to 1944 Dr. Gilmour was chaplain and honorary flight-lieutenant with the R.C.A.F. He is married and has three children.

Principal Kent graduated fifty years ago from Dalhousie University with an

DR. S. M. GILMOUR

honours degree in classics and history and later from Pine Hill College in theology. After a period of study abroad, Dr. Kent returned to Halifax. In 1908 he was appointed Professor of Hebrew and Old Testament at Pine Hill College, a post he held until 1926 when he was appointed Principal of Queen's Theological College. He has been a minister forty-eight years and a professor for forty-five. During the war Dr. Kent served as Senior Protestant Chaplain of the First Division, C.A.S.F., and later as Assistant Principal Chaplain of the Canadian Active Service Force, with the rank of Lieutenant-Colonel.

Dr. Kent's six children graduated from Queen's: Dr. John H. Kent, Arts '30, Mrs. W. J. Megill (Doris Kent), Arts '32; Dr. James R. F. Kent, Arts '33, A. Douglas Kent, Sc. '36; Allan H. Kent, Arts '36; Mrs. D. B. Toland (Edith Kent), Arts '47.

The Bookshelf

Footlights and Fancy Free

TEMPEST-TOST. By Robertson Davies, Arts '36. Published by Clarke Irwin, Toronto.

Somewhere in among editing a daily newspaper, turning out book reviews and diaries, and writing and producing plays, Robertson Davies has contrived to sandwich in this full-length novel, his first.

Tempest-Tost deals with the comedy, intrigue, and drama involved in the casting and producing of a Shakespearean play by a Little Theatre group in a small university town. This is a situation custom-tailored for the sparkling wit so characteristic of the author and he tackles the assignment with relish and enthusiasm. There are certain obvious comparisons for the reader to enjoy between the town of Salterton and Kingston, and Waverley College and Queen's, but the types Mr. Davies portrays and the situations he develops might be considered as endemic to amateur play productions anywhere.

ROBERTSON DAVIES

DECEMBER, 1951

There is more than a little of Samuel Marchbanks in the pages of *Tempest-Tost* and that should be sufficient recommendation.

REGISTRATION FIGURES
SHOW DECREASE OF 203

Registration figures show the enrolment of 1951-52 to be 2,112, a decrease of 203 from last year. This decrease is not as great as had been expected.

The number of students is down in Arts (43), Commerce (38), and Science (122), but there is an increase of one in the Faculty of Medicine.

There are 478 women students, an increase of sixteen over last year. The breakdown shows 364 in Arts, 17 in Commerce, 41 in Physical and Health Education, 1 in Science, 28 in Medicine, and 27 in the School of Nursing.

Intramural registration figures for the past three years are as follows:

	1949	1950	1951
Arts			
First year	368	276	264
Other years	838	611	580
	-----	-----	-----
	1206	887	844
School of Commerce			
First year		54	51

- *Athletics* -

As far as victories were concerned, the senior football team had a disastrous season, without a win in league competition. And yet, with a few breaks, the team might easily have won half their games. Injuries played a large part in the result and at times Head Football Coach Frank Tindall had to exercise considerable ingenuity in order to field a full complement of men.

Despite setbacks, physical and otherwise, the squad showed steady improvement, and in the final game of the season turned in their best effort. The line had stiffened and the players were making blocks they hadn't seemed capable of earlier in the year. Team morale was strong—in fact, for a losing club, the spirit was at a particularly high level.

As reported in the last issue, Queen's lost to Western 24-12, to McGill 14-7, and to Varsity by scores of 26-2 and 15-7. In the remaining two games of the schedule the Tricolour was defeated 19-2 by McGill and 20-13 by Western.

The McGill game was played under trying weather conditions in Molson Stadium on November 3. Cold, wet snow blanketed the field and the players and while the conditions were just as bad for the McGillians, Queen's just didn't have the power to combat Mc-

Gill's heavier squad. The Red and White were superior mudders and that was that.

Against Western in the Richardson Stadium the following week Queen's put on a fighting display and came within a whisker of breaking into the victory column. With only minutes remaining in the game, and the score 14-13 against them, the Tricolour missed a field goal that would have given them a lead which would probably have stood up. When that play went astray, the desperate Gaels took to the air, and intercepted passes ultimately led to another Western touchdown on the second-to-last play.

In this game, Ross McKelvey was the best man on the field, as indeed he was in all the games this year except the second one against McGill, in which he had to settle for being the best on the Queen's team. He scored his fourth touchdown of the season when he romped through the entire Western squad from the forty-yard line.

McKelvey, who placed in a tie for second among the league's leading scorers, was selected by Canadian Press on the all-star Intercollegiate team, and rarely has a nominee been more deserving of the distinction. Also chosen for the all-stars was Captain Harry

Lampman, the best outside in the league. On the mythical dream team chosen by the college sports writers and the Intercollegiate coaches, McKelvey and Lampman were again the choices, with the addition of Jack Roberts, stellar half. When it is realized that Lampman and Roberts missed half the games because of injuries it can be appreciated what their loss meant to the team.

While the seniors were taking their lumps, the intermediates were enjoying an undefeated season in the Ottawa-St. Lawrence Conference with five straight victories. They downed R.M.C. 9-6, Macdonald College 30-0, Ottawa University 17-7, McGill 27-11, and St. Patrick's College 31-0.

Coach Jake Edwards' men then issued a challenge to Varsity, winners of the western intermediate conference, and the game was played under wintry conditions in Kingston on November 17. The Tricolour had a 6-1 lead in the third quarter, but on a couple of occasions thereafter forgot the elementary principle of never permitting a potential pass-receiver to get between the defence and the goal-line and the net result was Varsity made a strong comeback and walked off with a 12-6 verdict.

And what of the prospects for next year? Well, the senior squad loses by graduation such stalwarts as McKelvey, Lampman, Denny Fleming, Jim

ROSS McKELVEY
Most Valuable Player

Charters, and Eric McIlveen. These are all good men and will be missed, but there are some promising replacements from the intermediates if, and it's a big if, they can make the grade at examination time. Last year as many bowed out through failure to pass examinations as did through successfully completing their final tests.

Whether the boys make good on their exams or not, the team will still lack depth on the line. What is needed is a number of husky linemen who can do the heavy work while some one else gets the headlines. All the loyal alumni have to do, if they want to see their alma mater's gridiron fortunes improve, is to persuade the promising high school players in their district to throw their lot in with Queen's. Certainly if a lad has the ability to play football, particularly on the line, he will never have a better opportunity to display his wares.

Coach Frank Tindall deserves great credit for the performance he has obtained from the material at his disposal. The opinion has been expressed that the players could not have received better instruction anywhere. He has developed players of senior calibre out of young, inexperienced stock. What is even more important he has fostered a spirit of sportsmanship that is a credit to the boys and the University.

Around The Campus

Students Honour the Wallaces

A manifestation of the high regard and affection with which former Principal Dr. R. C. Wallace and Mrs. Wallace are held by the students of Queen's was demonstrated at a lively party held in their honour in Grant Hall on November 14. Under the inspired chairmanship of the Rector, Dr. L. W. Brockington, the proceedings included the presentation of an original bookplate—the work of artist Grant Macdonald—and an honorary membership in the Alma Mater Society, made by Miss Rosemary Bartlett, president of the A.M.S.; and flowers to Mrs. Wallace, made by Miss Pat Purvis, president of the Levana Society. Mrs. Wallace was also presented with a gift-wrapped potato peeler by Dr. Brockington, who recalled that she had previously stated “We have been given everything but a potato peeler.”

The programme also included selections by the Medical choir and a novelty number by an engineering student. At the conclusion, four final-year members of the football team chaired Dr. Wallace down the centre aisle as the assemblage sang *Auld Lang Syne*.

Guild Presents Macbeth

The Drama Guild scored a resounding success with its fall presentation of *Macbeth*, staged before large audiences in Convocation Hall on November 20, 21, 23, and 24. Outstanding in the leading roles were Michael Humphries, Arts '53, Nigeria,

and Joyce Beggs, Arts '54, Peterborough. The play was also performed before capacity audiences in Ottawa and Brockville, under the auspices of the alumni groups in those centres.

Here and There

Dr. L. W. Brockington, Rector, entertained members of the Alma Mater Society executive at a dinner in the La Salle Hotel on November 13. Other guests included Dr. and Mrs. W. A. Mackintosh, Dr. and Mrs. R. C. Wallace, Rev. and Mrs. A. M. Laverty, and Miss Jean Royce . . . The Board of Trustees approved an increase of \$1.50 in the student interest fee levied by the A.M.S. . . . Miss Jean Royce, registrar, has been elected honorary president of the Alma Mater Society . . . Bill Wilson, Arts '52, Toronto, has been named as Chief Justice of the A.M.S. Court, and Ben Doliszny, Arts '53, St. Catharines, Chief of Police . . . Queen's has dropped membership in the National Federation of Canadian University Students. Apathy of the student body was given as the main reason for the withdrawal . . . The Meds Formal was held in the Gymnasium on October 19, with Ed Ryan, Med. '53, Larchmont, N.Y., as convener. Music was provided by Benny Lewis and his orchestra.

Howard Hart, Arts '53, Belleville, has been elected president of the Commerce Club . . . Les Lowlie, Arts '53, Toronto, was the C.C.F. candidate for Addington County in the provincial elections on

November 22 . . . The Science Formal was held in the Gymnasium on November 9, with Norm Wilson, Sc. '52, Waterloo, as convener. Music was provided by Tom Tucker and his orchestra . . . A protest was lodged with the Government of the Province of Ontario over the fact that students were not permitted to vote in Kingston in the provincial elections. In order to exercise their franchise they had to return their home constituency . . . Sixty football players and coaches from high schools in Ottawa and the Ottawa Valley were guests of the Athletic Board of Control at the Queen's-Western game on November 10.

In solemn tribute to the dead of two wars, Queen's staff and students gathered in Grant Hall on November 11 for a Remembrance Day service conducted by the University Chaplain, Rev. A. M. Lavery . . . A campus-wide search is being conducted for a new drum majorette for the brass band. The present comely baton-twirler, Peggy Dyer, Arts '52, Hartington, will graduate in the spring . . . Senator Wishart Robertson, Liberal leader of the Senate

Dr. Wallace Borne on the Shoulders of Senior Football Players.

and Cabinet minister without portofolio, was the guest speaker at the session of Model Parliament on November 20 . . . Upwards of 300 students contributed to the Canadian Red Cross Blood Donor Clinic on November 27 and approximately one hundred more could not be accommodated . . . Jim Craig, Arts '53, Ottawa, has been appointed editor of *Tricolor* '52 . . . A new magazine, *The Quarry*, is being started by a group of students and will contain short stories, articles, plays, and poems contributed by undergraduates . . . R. H. Askin, vice-president of Abitibi Power and Paper Company, was the guest speaker at the meeting of the Civil Engineering Club on November 29. He spoke on engineering and management problems in the paper industry.

DR. R. C. WALLACE GIVES CHANCELLOR'S LECTURES

Dr. R. C. Wallace, formerly Principal of Queen's, was the Chancellor's Lecturer at the fifty-ninth annual conference of the Queen's Theological Alumni Association held from October 29 to November 1.

Dr. Wallace's lectures had as their common subject, "Religion, Science and the Modern World." Individual titles of his addresses were: "Religion and the Physical World," "Religion and the Biological World," "Religion and Education," "Religion and the Modern World."

Other speakers included Principal H. A. Kent of Queen's Theological College, Rev. Dr. W. A. Beecroft, Wingham, Ont.; Rev. Dr. R. M. Pounder, Metis, Que.; Rev. John MacKay, Quebec; Prof. Malcolm Ross of Queen's.

The following officers were re-elected: president, Rev. Dr. James I. MacKay, Montreal; vice-president, Rev. George Telford, Oshawa; secretary, Rev. Dr. H. W. Cliff, Kingston; treasurer, Dr. S. M. Gilmour, Kingston; auditors—Rev. George Puttenman, Trenton, and Rev. D. A. MacKeracher, Toronto.

At the Branches

Principal W. A. Mackintosh Addresses Middle Atlantic

The annual dinner of the Middle Atlantic branch was held on November 17 at the duPont Country Club at Wilmington, Delaware. The guest of honour and speaker was the Principal of Queen's, Dr. W. A. Mackintosh.

Dr. Mackintosh gave an outline of some of the many problems involved in the operation of the University. He also referred to plans for the future and the policy that would be followed to make sure that Queen's would be kept in the forefront of Canadian universities.

The speaker was assured by those present that he could expect the full co-operation of graduates in his work in developing Queen's and in the continuance of the University's fine traditions.

The excellent arrangements for the meeting were made by N. C. Cooper, Sc. '22, and D. O. Notman, Sc. '21. Mr. Notman arranged the details for the visit of Dr. Mackintosh.

At a brief business meeting the president of the branch, Harris S. Campbell, Sc. '28, outlined the activities in Kingston for the ceremonies in connection with the installation of the new principal.

There was also some discussion regarding the proposed increase of fees for the General Alumni Association, and it was the opinion of the majority that there should be an increase in order to permit the Association to carry on its activities on behalf of the University. The idea was expressed that the Alumni Association had important work to do, particularly in getting information to graduates and in the attraction of suitable student material to Queen's.

Attending the dinner were the following: from Wilmington—Mr. and Mrs. D. O. Notman, Mr. and Mrs. N. C.

Cooper and daughter Katy, Dr. and Mrs. Edward Bohan, Dr. L. M. Wise; Philadelphia and vicinity—Mr. and Mrs. L. M. Thompson, Dr. and Mrs. Frank Clark, Mr. and Mrs. E. J. Fox, Mr. and Mrs. H. S. Campbell; Baltimore—Dr. and Mrs. Alfred Dixon; Pittsburgh—Norman Tisdale; Myerstown—Dr. and Mrs. George Flanagan.

J. A. Edmison Addresses Alumni in Ste. Anne de Bellevue

One of the most enjoyable meetings of the Ste. Anne de Bellevue branch was held on November 30 when J. A. Edmison, assistant to the Principal, and H. J. Hamilton, alumni secretary, were the speakers.

The president, H. H. Rice, Sc. '31, introduced Mr. Hamilton, who presented many facts of interest concerning alumni affairs. Mr. Hamilton then introduced Mr. Edmison. With the aid of a projector the branch was conducted through many years of history at Queen's—the series of slides including student execu-

H. H. RICE

THE QUEEN'S REVIEW

tives, athletic teams, and student groups, as well as coloured shots of the campus. It created an evening of pleasant recollection, of appreciation for the present Queen's, and of challenge for the continued co-operation of all alumni. Miss Margaret MacIntosh, Arts '30, expressed the thanks of the listeners.

J. J. Harpell, Arts '01, one of the oldest graduates in the district, was present not only at this meeting but he and his daughter, Miss Jean Harpell, Arts '35, attended the October installation ceremonies on the campus at Kingston.

Mrs. W. A. Laurie, wife of W. A. Laurie, Sc. '34, of Beaurepaire, gave much pleasure with her vocal solos, and was accompanied on the piano by Mrs. E. M. VanKoughnet (Margery Booth), Arts '24. Others who assisted in various ways were Prof. A. C. Malloch, Sc. '21, and Mrs. Malloch (Flora Abernethy), Arts '17, Dr. R. H. Angrove, Med. '16, and Mrs. Angrove (Vera Dix), Arts '16, Miss Margaret Stewart, Arts '38, Mrs. C. O. P. Klotz (wife of C. O. P. Klotz, Sc. '33), Mrs. J. W. Popkin (wife of J. W. Popkin, Com. '30), Mrs. H. R. Rice (wife of H. R. Rice, Sc. '31), Dr. J. G. Coulson, Arts '19, J. A. Haughton, Arts '32, L. M. Boyd, Sc. '34, Dr. R. F. Kelso, Arts '10, Med. '13, and Mrs. Kelso (Alexina Carlyle), Arts '12.

A social hour characteristic of Queen's folk concluded the evening. — A. C. K.

London Alumnae Entertain Wives of Queen's Graduates

At a coffee and dessert party held at Warner Hall, Cronyn Memorial Church, members of the London alumnae branch recently entertained wives of Queen's men in London. Members and guests enjoyed a social evening of court whist, convened by Mrs. O. S. Fells (Mabel Anderson), Arts '34, president, assisted by Mrs. T. H. Lewis (Lois Craig), Arts '39, vice-president, and Mrs. J. B. Slack (Kathleen Swinton), Arts '39, secretary-treasurer. The event marked the first time wives of the alumni have been entertained by the alumnae.

Sault Ste. Marie Branch To Be Organized

It is hoped that an alumni branch in Sault Ste. Marie will be organized in the near future. There was a branch in this area for many years but it died out during World War Two.

In the meantime an endowment committee has been formed to carry on with the campaign for funds as follows: president, Judge J. H. McDonald, Arts '10; vice-presidents, Rev. E. G. Turnbull, Arts '31, Theol. '32, A. M. Wilson, Sc. '28; treasurer, Ken Clarke, Arts '43; assistant treasurer, J. E. Davidson, Arts '41; secretary, John McLeod, Arts '40; programme committee—Mrs. W. R. Dalton (Helen Proud), Arts '32, Miss Rosemary Gibson, Arts '34, H. J. Campbell, Com. '32, H. P. Cliffe, Arts '17, and Dr. C. H. Shaver, Med. '36.

Winnipeg Panel Discusses Specialization in Education

The trend towards greater specialization in education today was discussed by a panel of members at the fall meeting of the Winnipeg branch of the Queen's Alumni held in the University Women's Club on November 14. A lively session resulted with considerable active participation from the floor. Although no decision was reached, the subject was thoroughly aired. Ald. Gordon Chown, Arts '43, and Dr. James Nelles, Med. '50, presented the case for greater specialization in education, while James Robinson, Arts '49, and J. W. Bryant, Com. '49, made a plea for more emphasis on general education as a means of solving the world's ills. T. S. Webster, Arts '43, acted as moderator. Among those who participated in the open discussion which followed the presentations were G. A. Russell, M.Sc. '35, R. J. Crocker, Arts '26, R. D. Guy, M.A. '05, and Dr. R. A. Macpherson, Med. '29.

Rev. J. A. McConnell, B.A. '00, B.D. '03, reported on his visit to Kingston to witness the installation of Dr. Mackintosh as Principal of Queen's.

W. A. Neville, Arts '38, vice-president, reported on the inter-alumni golf tournament held in July with representatives from Queen's, McGill, and Toronto alumni playing.

Mrs. R. A. Macpherson (Maxine Browne), Arts '28, president of the Winnipeg group, presided, and gave a brief eulogy of the late Dr. P. T. Pilkey, M.A. '10, D.D. '44, who died recently.

—D.G.M.

Miss Evelina Thompson Re-elected Hamilton Alumnae Head

The first meeting of the Hamilton alumnae branch was again held this year at Club 222 on November 6, when twenty-six members sat down to a delicious dinner amid a tricolour setting of candelabra and yellow 'mums. Mrs. J. T. Cloke (Frances Hayward), Arts '41, was in the chair prior to handing over the office of presidency to Miss Evelina Thompson, Arts '38, who was re-elected.

Other members of the executive introduced to the gathering were as follows: vice-president, Miss Marie Stock, Arts '26; secretary, Miss Barbara Whytock, Arts '50; reporter, Mrs. G. S. French (Iris Ivey), Arts '44; treasurer, Mrs. G. Geddes (Winnifred Roraback), Arts '28; membership convener, Mrs. G. S. Otto (Irene Toole), Arts '15; councillors—Miss Ruth Hogarth, Arts '29, Mrs. M. Dingwall (Sada Newlands), Com. '40, Mrs. H. McKerracher (Doreen Denyes), Arts '46, Mrs. J. T. Barker (Isobel Shaw), Arts '38, Com. '39, Mrs. J. M. McDonell (Marion Lawr), Arts '41.

After the presentation of reports, Miss Thompson gave an interesting account of the annual alumnae meeting and of the installation ceremonies. Mrs. Geddes read the telegram of congratulations sent to Dr. Mackintosh and his reply.

The President announced that funds would be sent to Kingston to furnish a room in the new wing of Ban Righ Hall. Thus, one objective of this branch has been reached. — I. T. F.

D. C. Cameron Heads Montreal Alumni Branch

D. C. Cameron, Com. '46, was elected president of the Montreal branch at the meeting held in the Hotel Mount Royal on November 2. Mr. Cameron succeeds B. W. Burgess, Sc. '44.

Others appointed to the executive were as follows: honorary president, J. K. MacLachlan, Arts '16; vice-president, J. E. Conner, Com. '47; treasurer, C. J. Scott, Sc. '35; secretary, W. H. Stevenson, Sc. '45; committee chairmen—dance, R. W. Jones, Com. '43; programme, Avron Cohen, Arts '44; membership, E. K. Aboud, Sc. '40; telephone, B. P. Mordy, Arts '44, Com. '47; fellowship, Jesse Turner, Sc. '37.

B. W. Burgess served as chairman for the early part of the evening. Films of the Queen's-Western game were shown by Coach Frank Tindall, who provided the running commentary and answered questions afterwards. H. J. Hamilton, alumni secretary, also spoke briefly.

Vancouver Alumni Visited By Dr. W. A. Mackintosh

The Vancouver branch was greatly honoured this summer when Principal-elect Dr. W. A. Mackintosh visited Vancouver on his way to Australia. The opportunity to be among the first of the branches to honour Dr. Mackintosh after the announcement of his appointment was greatly appreciated.

A dinner committee under the able chairmanship of John G. Alley, Arts '38, arranged a delightful evening at the Point Grey Golf and Country Club, attended by more than eighty friends of Queen's. Oscar Lundell, Arts '23, branch president, spoke briefly and inspiringly on Queen's. Representing the University of British Columbia was the acting President, Dean S. N. F. Chant, minister of education for British Columbia.

Before the dinner, Oscar Lundell and Mrs. Lundell (Freda Collier), Arts '24, entertained at a cocktail party in honour

SCIENCE '44 REUNION

Front row, left to right: Jack Odette, Mrs. Odette, Art Holloway, Mrs. Holloway, Chuck Campling, Mrs. Campling, Mrs. Stinson, Bill Stinson, Jim Brown. Fifth row: John Stevens, Joe Stokes, Frank Pollard, Mrs. Rush, Ken Rush, Mrs. Smith, Jack Smith.

of Dr. Mackintosh, who was thus enabled to meet members of the executive and old friends. — M. A. C.

Dr. Isabel MacInnes Entertains Vancouver Alumnae at Tea

Dr. Isabel MacInnes, Arts '07, entertained at a reception and tea on November 17 for members of the Vancouver alumnae branch. Miss Esther Harrop, Arts '17, president, received with the hostess.

Assisting in the dining-room were Mrs. C. B. Huyck (Olive Boyd), Arts '13, Mrs. Edna Page, Arts '19, Miss Maud Anderson, Arts '24, Mrs. A. W. Brodie (Mary Shearer), Arts '17, Mrs. R. B. Crummy (Ruth Harrop), Arts '19, Mrs. C. W. Topping (Marjorie Ellis), Arts '20.

During the afternoon, Dr. Geneva Misener, Arts '99, who had recently re-

turned from a trip around the world, gave a most interesting informal talk on her travels. — M. A.

Dr. H. T. Ewart Addresses Wellington-Waterloo Alumni

Amid decorations and floral settings arranged by Mrs. J. L. Collins (Irene Macphail), Arts '30, in Queen's colours of red, gold, and blue, the Wellington-Waterloo County Queen's alumni held their annual dinner and meeting at the Kitchener Granite Club on November 30. Dr. S. F. Leavine, Med. '20, Arts '27, presided, and there were approximately fifty in attendance.

The guest speaker was Dr. H. T. Ewart, Arts '26, Med. '25, general superintendent of the Mountain Sanatorium, Hamilton, the largest T.B. hospital in the British Empire. He was introduced by Dr. S. J. Hawkins of the Freeport Sanatorium.

Dr. Ewart spoke on "Rehabilitation of T.B. Patients." He stressed society's obligation to help the T.B. patients adjust themselves upon return to the normal life. Dr. Ewart referred to the financial aspect of treatment, and the help given in the purchase of Christmas seals.

The speaker was thanked by E. O. Nettleton, Arts '30. Mrs. Ewart was presented with a bouquet of flowers.

Dr. A. E. Broome, Med. '17, submitted the report of the nominating committee which was adopted as follows: president, Dr. S. F. Leavine; vice-president, Mr. Nettleton; secretary-treasurer, W. H. Bechtel, Sc. '44.

Mr. Nettleton gave a short talk on the endowment campaign, stressing the need of the University for continuous outside financial help from the graduates. He explained the new arrangement for annual contributions to the Alumni Maintenance Fund and distributed forms designed for this purpose.
—W.H.B.

Toronto Alumnae Hear Talk on Interior Decorating

Members of the Toronto alumnae branch heard a talk on interior decorating given by Frances James, adviser to the Canadian wallpaper industry and former supervisor of home furnishings in the Women's Institute branch of the Ontario Department of Agriculture, at an informal gathering held October 30 at the Alpha Gamma Delta House. Arrangements for the evening were under the convenership of Miss Elizabeth Findlay, Arts '48.

At a recent meeting of the executive, plans were made for the annual bridge party, to be held January 26, with Mrs. J. W. Dyer (May Sharpe), Arts '27, as convener.

Successful Annual Dinner Held by Quebec Branch

The annual dinner of the Quebec branch was held at the Kerhulu Restaurant in Quebec City on November 24. The programme of music, games,

and dancing was keenly enjoyed by the fifty-four members present, who represented classes ranging from 1904 to 1951.

The following officers were elected for the ensuing year: president, J. M. A. Bleau; vice-president, C. B. Bate, Sc. '15; secretary, C. E. Demers, Sc. '41; treasurer, Mrs. S. Price (Ida Slechter); committee—Miss Jean MacLeod, Arts '46, Angus MacMillan, Arts '16, T. G. Shepherd, Sc. '49.

F. X. Ahern, Sc. '14, leader of Queen's loyal opposition, was in fine form, and saw much that was to be desired in the treasurer's report. — C. B. B.

REVEALS HISTORY OF GRANT HALL CLOCK

When Dr. James Wallace, Arts '98, Theol. '01, Med. '20, was at the University this fall to receive an honorary LL.D. degree, he said he wondered how many graduates knew the story of the clock in Grant Hall Tower. He has passed on the following details to the *Review*:

"When the student body decided to have a convocation hall built, bearing the name of Principal Grant, the students had to assume the responsibility of canvassing for funds, not only among themselves but among their friends whom they knew were definitely interested in Queen's. Some of us also had to put on a bold front and canvass our professors.

"The writer had on his list the name of Professor Nathan Dupuis, who was not only a wizard in mathematics but a capable mechanic. When he was approached he said: "I am not going to give you any money because I have none to give, but I will build in my own shop and with my hands and equipment a large clock which can be placed in the Hall tower."

"So there the clock stands today, still ticking off the hours and minutes after nearly five decades—a testimony to the precision and lasting qualities of a piece of work produced by one of the greatest teachers of mathematics that Canada has ever produced."

- Alumni News -

BIRTHS

Aitkens—At the Royal Victoria Hospital, Montreal, on November 9, to Donald P. Aitkens, Arts '39, Com. '40, and Mrs. Aitkens, a son (Peter James).

Bechtel—On October 23, at Kitchener, Ont., to W. H. Bechtel, Sc. '44, and Mrs. Bechtel, a daughter (Lynn Dianne).

Berman—On November 15, at the Royal Victoria Hospital, Montreal, to Philip R. Berman, Arts '46, and Mrs. Berman, a daughter.

Betcherman—At the Ottawa Civic Hospital, on November 9, to Dr. L. Betcherman, Sc. '44, and Mrs. Betcherman, a son.

Burgoin—On November 15, at the Kingston General Hospital, to Major John Burgoin, Sc. '48, and Mrs. Burgoin, a son (David Frederick).

Carscallen—On November 8, to Air Commodore H. M. Carscallen, Sc. '33, and Mrs. Carscallen, a daughter.

Frood—At the Ottawa Civic Hospital, on December 6, to Oren C. Frood, Com. '50, and Mrs. Frood (Norah Pearce Cassidy), Arts '49, a daughter.

Grant—At the Ottawa Civic Hospital, on November 7, to G. O. Grant, Sc. '42, and Mrs. Grant, a son.

Ingram—On October 23, at the Ottawa Civic Hospital, to Robert Ingram, Sc. '50, and Mrs. Ingram, a son.

Jewell—On November 13, at the Kingston General Hospital, to G. S. Jewell, Sc. '50, and Mrs. Jewell, a daughter.

Lambert—On November 8, at the Ottawa Civic Hospital, to Dr. E. H. N. Lambert, Med. '50, and Mrs. Lambert, a son (Michael Christopher).

McKnight—On November 17, at the Kingston General Hospital, to Russell M. McKnight, Sc. '45, and Mrs. McKnight, a son (Robert John).

McRuer—On November 21, at the Kingston General Hospital, to R. B. McRuer, Sc. '48, and Mrs. McRuer, a son (Ian Lachlan).

Moir—On November 22, at the Kingston General Hospital, to R. Y. Moir, Arts '41, and Mrs. Moir, a daughter (Lynn Marie).

Orr—At the Civic Hospital, Peterborough, Ont., on October 31, to J. C. Orr, Sc. '44, and Mrs. Orr, a daughter (Catherine Elizabeth).

Petticrew—On November 5, at Grace Hospital, Ottawa, to J. R. Petticrew, Sc. '50, and Petticrew, a son.

Richards—On June 15, 1951, at the Ottawa Civic Hospital, to J. L. Richards, Sc. '44 and '47, and Mrs. Richards, a daughter (Nancy Anne).

Scott—On November 30, at the Royal Victoria Hospital, Montreal, to Dr. N. A. Scott, Med. '49, and Mrs. Scott, a son (Roger Andrew).

Slack—On February 24, 1951, in Evanston, Ill., to Howard A. Slack, Sc. '47, and Mrs. Slack (Jacqueline Allingham, K.G.H. '49), a daughter (Sharon Ann).

Smythe—On November 10, at the Hotel Dieu Hospital, Kingston, to John Smythe, Sc. '48, and Mrs. Smythe (Margaret O'Connor), Arts '52, a daughter (Anne Margaret).

Steady—On November 7, at the Hotel Dieu Hospital, Kingston, to Douglas E. Steady, Arts '43, and Mrs. Steady, a son.

Viner—At the Ottawa Civic Hospital, on December 6, to Joseph Viner, Com. '48, and Mrs. Viner, a son.

Welch—On November 7, at St. Michael's Hospital, Toronto, to Dr. Robert H. Welch, Med. '49, and Mrs. Welch (Janet Kerr), Arts '49, a daughter.

White—On November 22, at the Kingston General Hospital, to Dr. E. P. White, Med. '34, and Mrs. White, a daughter.

Wright—On November 23, at the Ottawa Civic Hospital, to Dr. G. M. Wright, Sc. '40, and Mrs. Wright, a son.

Wright—On November 25, at the General Hospital, Sudbury, Ont., to F. G. Wright, Sc. '33, and Mrs. Wright, a son.

MARRIAGES

Abraham—In St. George's Syrian Orthodox Church, Toronto, in November, Josephine Bardwell to Earl Michael Abraham, Sc. '44.

Brown—In St. James' United Church, Ottawa, on October 13, Leonora Elaine Guest to Dr. Frederick Norman Brown, Med. '47. They are living in Toronto.

Cormick-Morton—On December 1, in Chalmers United Church, Guelph, Ont., Marian Ainslie Morton, Arts '51, to Harold Robert Cormick, Com. '51. They are living in Hamilton.

Girvin—On November 24, in the vestry of Timothy Eaton Memorial Church, Toronto, Gwendolyne Romola Girvin, Arts '41, to Mr. A. Roland Taylor.

Greenlees—On October 27, in Devine Street United Church, Sarnia, Ont., Dorothy Jean Brown to Alexander Andrew Greenlees, Sc. '48.

MacQueen—In St. Columba Presbyterian Church, Kirkhill, Ont., Mary Margaret MacPhee to Kenneth Fraser MacQueen, Sc. '48. They will live in Ottawa.

May—In St. James' United Church, Ottawa, on November 17, Barbara Bayne Upton to George Grafton Frederick May, Sc. '51.

D. J. MONAGHAN MARY ELLEN THORBURN

Monaghan-Thorburn—In St. Andrew's Presbyterian Church, Ottawa, on November 10, Mary Eleanor Thorburn, Arts '52, to Dennis James Monaghan, Sc. '51. They are living in Sarnia, Ont.

Sedgewick—On November 26, in St. Andrew's Church, Ottawa, Anne Harley Sedgewick, Arts '37, to Mr. Humphrey Carver.

DEATHS

Prof. Thomas Hume Bissonnette, M.A. '13, at Hartford, Connecticut, on November 30, at the age of sixty-six. Head of the Biology Department at Trinity College, Dr. Bissonnette was internationally known for his studies of the effect of light in determining the time of breeding in birds and animals.

Rev. Dr. William Thomas Brown, B.A. '01, at his home in Kingston, Ontario, on November 17. Dr. Brown was ordained in 1902 and had served charges in St. Lambert, Kingston, Hinteneberg, Montreal East End, Sherbrooke, Sherbourne St., Toronto, and Dominion Church, Ottawa. He had been retired since 1932.

Rev. Dr. Allan Henry Brown, M.A. '11, at London, Ontario, on September 24, at the age of seventy-seven. Dr. Brown served various charges in the London Conference: Kerwood, Belgrave, Oil Springs, Varna, Merlin, Arkona, Ailsa Craig, and Morpeth. He had been retired since 1926.

Dr. Alfred Tennyson DeLury, LL.D. '25, at Ross Memorial Hospital, Lindsay, on November 12, aged eighty-seven. Former Dean of the Faculty of Arts of the University of Toronto, Dr. DeLury was professor emeritus of mathematics of the U. of T. He was the author of several books, including arithmetic for high schools and collegiate institutes, and algebra for secondary schools.

Rev. George Henry Donald, D.D. '41, at Montreal, Quebec, on November 23, Dr. Donald was minister emeritus of the Church of St. Andrew and St. Paul, Montreal. He had served as president of the Alliance of Reformed Churches throughout the World Holding the Presbyterian System and in that position travelled extensively in Europe.

Henry Joseph Dunlap, B.Sc. '13, suddenly in his doctor's office in Ottawa, Ontario, on November 20, at the age of fifty-nine. Mr. Dunlap was assistant to the director of Aerial and Technical Surveys, Department of Mines and Resources, and was a former chief librarian of Topographical Surveys.

Dr. Keith Conrad Falkner, M.D., C.M. '36, suddenly at Chicago, Illinois, on December 4, aged thirty-nine. Dr. Falkner was chief radiologist at St. Joseph's Hospital in London, Ontario, and radiology instructor at the University of Western Ontario. He was a son of Major James Falkner, Arts '99, Hull, Quebec.

Dr. Albert Moore Glover, M.D., C.M. '34, at New York City, on November 18, aged forty-four. Dr. Glover had served as anaesthetist at hospitals in New York, Chicago, and Troy, N.Y. During World War II he went overseas with the 14th Canadian General Hospital.

Dr. Earl Monroe McCoy, B.A. '17, M.D., C.M. '18, as a result of injuries received in an automobile accident, on November 10. Dr. McCoy had an extensive practice in Central Islip, Long Island, New York, and at the time of his death was consulting surgeon at Central Islip and Pilgrim State hospitals.

Dr. Arthur Charles Odell, M.D., C.M. '42, suddenly in hospital at Ottawa, Ontario, on November 19, aged thirty-six. He joined the R.C.A.F. as a medical officer after graduation and served for four years. Among the survivors are his wife, one son, and his father.

Rev. William Alexander Osborne, B.A. '16, of Neepawa, Manitoba, on October 9. Mr. Osborne was ordained in 1918 and had served in many charges, including eight years as minister of Virden, Manitoba, United Church. He was with the chaplain service of the R.C.A.F. during World War II.

Roy Samuel Lloyd Pelletier, B.Sc. '50, in the crash of an air defence command plane on Mount Bruno, Quebec, on November 23. The plane had taken off only a few minutes before from the R.C.A.F. base at St. Hubert, near Montreal, on a communications training flight for Trenton, Ontario. Mr. Pelletier was a technical adviser employed by the Sperry Gyroscope Company of Montreal.

R. S. L. PELLETIER

Rev. Dr. Peter Thomas Pilkey, M.A. '10, D.D. '44, at Hamiota, Manitoba, on October 7. Dr. Pilkey had served first with the Presbyterian Church and then with the United Church in such charges as Owen Sound, Vancouver, Prince George, and Winnipeg. He was prominent in Freemasonry, and he was president of the Winnipeg Alumni branch for several years.

WHEN I GO HOME

No tears, no sorrowing farewells;
 No drooping eye, no anguished breast;
 I am but quitting scenes where dwells
 The sadness that my soul oppressed;
 Then let my care-worn spirit rest
 When I go home.
 No clasp of hands in last good-bye
 Disturb my weary, waiting soul;
 But, rather love-light fill the eye,
 And waiting hope point to the goal;
 Let peace, unbroken o'er me roll
 When I go home!

—Peter Pilkey

George James Sherry, B.Com. '39, of Saskatoon, Saskatchewan, on November 10. Mr. Sherry operated a real estate business that had been founded by his father. Among the survivors are his wife and three children.

Rev. Robert Colin H. Sinclair, B.A. '88, of Aultsville, Ontario, at the Kingston General Hospital on December 3, in his eighty-eighth year. He had been minister in Presbyterian churches in Richmond, Kenmore, and Fitzroy Harbour, all in Carleton County, Ontario.

Joseph A. Snell, M.A. '90, LL.D. '17, in hospital at Owen Sound, Ontario, on November 7, at the age of eighty-six. A pioneer in educational work in Saskatchewan, Mr. Snell was principal of Saskatchewan Normal School when he retired in 1930. For the past four years he had been living at Chatsworth, Ontario.

NOTES

1890-1899

Rev. Dr. W. P. Fletcher, Arts '96, Oshawa, Ont., celebrated his eightieth birthday on December 8.

Rev. Stuart Woods, Arts '96, Theol. '00, formerly of Beamsville, Ont., has moved to St. Catharines where he lives with his daughter, Mrs. E. I. McCulley at 1½ Ridgewood Road.

1900-1909

W. P. Ferguson, Arts '08, principal of Danforth Technical School, Toronto, was elected president of the American Technical Education Association at the annual meeting held in Minneapolis recently.

James E. Loucks, Arts '01, has been in the Government Service in Alberta for many years, first as school inspector and for nearly thirty years as a teacher in the Calgary Normal School.

J. L. Moore, Arts '09, is retired and living in Parry Sound, Ont. After teaching both public and high school for twelve years Mr. Moore spent thirty-two years as a public school inspector for the Ontario Government.

A. A. Murphy, Sc. '07, is president and general manager of A. A. Murphy and Sons Limited, distributors of radio electrical and automotive supplies, Saskatoon, Sask.

1910-1919

Miss Elizabeth Chown, Arts '15, St. Catharines, Ont., was bereaved by the sudden death of her father on September 25.

R. D. Harkness, Sc. '13, Montreal, has been appointed a director of the Royal Bank of Canada. He was also recently elected to the Board of Management of the Montreal General Hospital.

J. C. Macfarlane, Arts '11, vice-president of Canadian General Electric Company, Toronto, is now in charge of law and corporate affairs in the new realignment of staff responsibilities announced recently by the president of the company.

C. S. Parsons, Sc. '13, recently retired as Chief, Bureau of Mines, Department of Mines and Resources, Ottawa, was honoured by his colleagues before he left Ottawa for Wolfville, N.S., where he will make his home in future. Minister of Mines, Hon. Mr. George Prurham, unveiled a large plaque in the Booth Street laboratories which bore the inscription: "1921-1951. In recognition of the work of C. S. Parsons, Director of Mines Branch. His constant effort through these years made possible the construction of these laboratories." Mr. Parsons joined the Mines Branch in 1913 and except for three years at the close of World War I remained there. He became chief of

the former Bureau of Mines in 1946. For his work in behalf of Canada's mining industry he was awarded INCO's platinum medal.

Dr. C. Morley Sellery, Arts '13, Med. '16, director of school health for Los Angeles, California, was recently honoured by being given the William A. Howe Award. This award was established by the founder of the American School Health Association, and is given annually to the person who has rendered the most outstanding and distinguished service in the field of school health in the nation. A dinner was given in Dr. Sellery's honour at the Palace Hotel in San Francisco and the award was presented to him by the president of the School Health Association of New York. When Dr. Sellery rose to make the acceptance speech he was given a rousing ovation.

H. S. Van Patter, Arts '13, Sc. '15, a vice-president of the Dominion Engineering Company, Montreal, was recently elected a director.

Roy Whitehead, Arts '12, Superintendent of Insurance for Ontario, has been elected president of the Association of Provincial Superintendents of Insurance.

1920-1929

Dr. O. E. Ault, Arts '24, director of personnel, Civil Service Commission, is leaving Ottawa on December 29 to attend the Imperial Defence College in London. He will be away for a year.

A. J. Baker, Sc. '23, was bereaved by the death of his mother on November 9 at Lakeside, Ont.

Dr. A. C. Baiden, Med. '22, is surgical director for the New York Office of the Travelers Insurance Company. He served for seven years as a colonel in the Medical Corps of the U.S. Army.

H. S. Deeley, Sc. '26, has been appointed division production engineer for Canadian Johns-Manville Company.

J. A. B. Dulmage, Arts '24, is a member of the legal firm Dulmage and Boyd, Smiths Falls, Ont.

Dr. Gordon S. Farnham, Arts '29, Sc. '31, is assistant manager of the development and research division, International Nickel Company of Canada Limited, Toronto, Ont.

C. Gordon Harford, Sc. '22, Wollaston, Mass., has left for Cairo, Egypt, to advise the Egyptian Government on development and utilization of low cost housing materials.

Dr. S. F. Leavine, Med. '20, Arts '27, was elected to the Provincial Legislature as the representative for Waterloo North in one of the most closely contested elections that Kitchener has ever had. It was the first time in twenty-five years that the riding went Conservative.

Mrs. D. D. Mooney (Florence May Richardson), Arts '22, was bereaved by the death of her husband on November 12 in Goderich, Ont. He was a former mayor of that town.

Dr. J. R. P. Nicoll, Med. '24, is practising as an eye, ear, nose and throat specialist in Los Angeles, Calif.

Rev. Harold Reid, Arts '24, has moved from Montreal to Lachute, Que., where he is minister of Margaret Roger Memorial Presbyterian Church. For the past five and a half years he has been minister of Fairmount-Taylor Presbyterian Church in Montreal.

1930-1939

A. J. Abbott, Sc. '38, is supervisor of the process and development department of the Michigan Chemical Corporation, Saint Louis, Mich. His residence address is 107 Carolina St., Alma, Mich.

Douglas Argue, Arts '36, was bereaved by the death of his father, Mr. F. W. Argue, pioneer fuel merchant of Ottawa, on November 13.

SPUN
ROCK
WOOL

(Reg'd)

A resilient, long-fibered insulation made from molten rock. Proof against Fire, Vermin, Vibration and Corrosion. Recommended for cold-storage; sound-proofing and acoustical treatments; all industrial purposes up to 1000 F. Made in standard forms for home insulation; exported in bulk form.

• •

THOROLD, ONTARIO

J. Buss, Sc. '19

C. R. Buss, Sc. '27

R. T. Jeffery, Sc. '08, and J. J. Jeffery, Sc. '08, were recently honoured at a dinner in the Granite Club, Toronto, on the occasion of their retirement from the Ontario Hydro Electric Power Commission. The careers of the twin brothers had paralleled the development and expansion of Ontario's giant utility. Both had risen high in the affairs of the Commission and in the esteem of their fellow employees. The testimonial dinner was attended by hydro people from every part of the province.

R. D. Baker, Sc. '38, is manager of the Munro Mine of Canadian Johns-Manville Company, Asbestos, Que.

J. O. Eby, Sc. '34, who joined the staff of Canadian Johns-Manville Company, Asbestos, Que., in 1947, was recently promoted to the position of manager of the Jeffrey Mine.

C. R. Engler, Sc. '34, is superintendent of mechanical maintenance, Fibre Division, Canadian Johns-Manville, Company, Asbestos, Que.

Dr. M. W. Sloane, Med. '30, is in the department of neuro-pathology at the Banting Institute, Toronto.

E. J. Spence, Com. '38 (Ph.D. Northwestern), formerly vice-president of Canadian Food Products Limited, Toronto, was recently elected a director of the company and appointed president and general manager.

A. Bruce VanOrder, Arts '38 (Ph.D. N.Y.U.) is with the American Cyanamid Company, Newark, N.J. He lives at 1133 Plainfield Ave., Berkley Heights, N.J.

1940-1951

Alan Brown, Sc. '50, is doing research work at the central laboratory of the Consolidated

Mining and Smelting Company of Canada, Trail, B.C.

Dr. D. C. Brunton, Sc. '40 (Ph.D. McGill), has been elected president of Isotope Products Limited, Oakville, Ont., a new organization engaged in developing industrial applications of radioactive materials.

Lois Buckley, Arts '49, is in the office of the World's Alliance of the Y.M.C.A.'s, 37 Quai Wilson, Geneva, Switzerland.

Helen Cobb, Arts '46, and Elizabeth Cobb, Arts '48, were bereaved by the death of their mother on November 15. She was the widow of Clayton Edward Cobb, Sc. '21. Dr. F. X. O'Connor, Mcd. '14, is a brother.

M. A. Cooke, Com. '51, has joined the staff of the Empire Life Insurance Company, 1554 Yonge St., Toronto.

Eleanor Davidson, Arts '48, is a laboratory technician at the Royal Victoria Hospital, Montreal.

J. H. Davidson, Sc. '48, is with the National Research Council, Chalk River, Ont.

Barbara Ettinger, Arts '49, is on the staff of the public library in Peterborough, Ont.

Lieut. (S) F. R. Fowlow, R.C.N., Com. '50, is at present serving a board H.M.C.S. "Athabaskan" in Korean waters. His address is c/o Fleet Mail Office, Esquimalt, B.C.

William Frair, and E. K. Skead, of Sc. '48, are with the Canadian International Paper Company, Hawkesbury, Ont.

Dr. M. M. Fraser, Med. '46, who is at present in his second year of postgraduate work in surgery and pathology in Montreal, has accepted an offer to remain a third year at Montreal General Hospital as house surgeon.

Phyllis George, Arts '50, is working for the Defence Research Board in Halifax, N.S.

Major D. H. George, R.C.C.S., Sc. '48, is commanding a signals squadron in Korea.

Lieut. H. R. Gardner, Arts '50, R.C.R. Petawawa, will be leaving shortly to join the Canadian forces in Korea.

Elsbeth Graham, Arts '49, is on the staff of the high school in Picton, Ont.

L. M. Halliday, Sc. '51, won third prize in the recent Canadian Construction Association thesis competition.

J. D. Hedley, Com. '48, who after graduation joined the Ford Motor Company of Canada in Windsor as a trainee on the one-year train-

ing course, has been appointed supervisor of this course.

Ming Huang, Arts '51, is reading for his LL.B. at the London School of Economics, London, England. His address is Passfield Hall, 1-5 Endsleigh Place, W.C. 2.

Kathleen James, Arts '52, is attending Library School at the University of Toronto.

Dr. M. T. Jeremias, Med. '49, who is at present in general practice in Hamilton, expects to leave at the end of the year for Rochester, Minn., where he holds a fellowship in surgery at the Mayo Clinic.

Earl Lindsay, Sc. '45, has been named one of the fifteen Baker scholars at Harvard Graduate School of Business Administration. One other Canadian won the same honour.

D. W. McCuaig, Arts '49, has moved to Renfrew where he is editor of the newspaper "Advance."

D. S. Maxwell, Arts '48, was recently called to the Bar at Osgoode Hall.

George Manjuris, Arts '50, is taking an extended training course with the Canadian Bank of Commerce in Toronto.

Lieut. P. B. Martin, Arts '48, is intelligence officer with the 79th Field Regiment, R.C.A. which is proceeding to Europe shortly.

Raila Mielikainen, Arts '50, is a research chemist with Industrial Cellulose Research Limited, Hawkesbury, Ont.

J. K. Melville, Sc. '48, formerly at Hawkesbury, Ont., has been made mill engineer at the Canadian International Paper Company's plant in Three Rivers, Que.

R. G. Moorman, Sc. '48½, has left the Ford Motor Company of Canada and is now with Riggs Motor Sales Limited in Belleville, Ont.

J. W. Morton, Arts '50, Com. '51, R. C. Thornton, Com. '51, and J. T. Ferrier, Com. '51, are working towards their C.A. degrees.

Marian A. Morton, Arts '51, is doing secretarial work at Callander Foundry and Mfg. Co., Ltd., in Guelph, Ont.

A. J. Nofall, Arts '41, teaches English at the collegiate institute in Peterborough, Ont.

Irene O'Grady, Arts '50, is teaching this year at the high school in Schumacher, Ont.

H. Murray Plant, Sc. '48½, of the Aluminum Company of Canada, has been transferred from Montreal to Arvida where he is in the industrial engineering department.

Mildred Potter, Arts '46, received her Bachelor of Social Work degree and diploma in Social Work from the University of Toronto after leaving Queen's and then spent three years at the Protestant Children's Homes in Toronto. Since July of this year she has been with the Protection Department of the Children's Aid and Society for the Prevention of Cruelty to Children in Erie County, N.Y., with headquarters in Buffalo.

A. L. Quinlan, Sc. '51, has accepted a position with the McNamara Construction Company, Toronto.

R. S. Ritchie (Postgrad '39-'40), has been made assistant manager of the co-ordination and economics department of Imperial Oil Limited, at Sarnia, Ont.

W. A. W. Rogers, Sc. '47, is process engineer with the Canadian International Paper Company, Gatineau Mills, Que.

Lloyd S. Salsbury, Sc. '50, formerly with the Canadian International Paper Company, Gatineau, Que., recently joined the staff of New Brunswick International Paper Company, Dalhousie, N.B.

J. B. Scott, Sc. '45, is groundwood superintendent with the Richmond Pulp and Paper Company of Canada, Bromptonville, Que.

Yvon Seguin, Sc. '51, is with the Canadian International Paper Company, Hawkesbury, Ont.

W. D. Smillie, Sc. '49, is design engineer for A. V. Roe (Canada) Limited, Malton, Ont.

W. D. Rublack, Sc. '48½, has been awarded a Canadian Industries Limited fellowship at McGill University.

W. G. Stinson, Sc. '44, is lecturing in the Department of Engineering Drawing at the University of Toronto.

Harry Soloninka, Sc. '51, has joined the firm of R. A. Hanright, consulting engineer, St. Catharines, Ont.

Kay Sutherland, Arts '51, is private secretary to Mr. B. J. McGuire, public and industrial relations counsel, 1102 Dominion Square Building, Montreal. Her sister, Josephine Sutherland, Arts '46, is working in Paris, France, for the Economic Co-operation Administration, 5 bis Avenue. She toured Europe before taking this position and she expects to remain in Paris for another year.

E. W. Taylor, Sc. '50, is with the Canadian International Paper Company, Hawkesbury, Ont.

J. K. Watson, Sc. '50, is a research engineer with Industrial Cellulose Research Limited, Hawkesbury, Ont.

R. F. Wheelan, Sc. '51, is with the Foundation Company, 201 Power Building, Winnipeg, Man.

DOUGLAS LIBRARY NOTES

QUEEN'S UNIVERSITY

KINGSTON, ONTARIO

Vol. 1, No. 1

A supplement to the *Queen's Review*

Nov. 1951

BY WAY OF INTRODUCTION

Suggestions have frequently been made that the *Queen's Review* should publish, from time to time, book reviews and topical lists of new books which could be borrowed from the university library. In response to such requests, and also as a service to undergraduates, *Douglas Library Notes* will appear three times during the academic year as a supplement to the *Queen's Review*. Copies will be available at the library for free distribution to students and friends of the library. The bulletin will contain, in addition to brief reviews and reading lists, news of important library acquisitions, activities and special projects.

In visits to western alumni groups last spring, Mr. Tillotson, the university treasurer, spoke on the subject of continuing one's education through reading. He had an encouraging reception, and reported to the Librarian on his return that he had found graduates old and young eager for some direction in trying to keep abreast of present-day publications. It is hoped that *Douglas Library Notes* will, in some measure, fulfil this purpose. Comments and suggestions from readers will be welcomed by the editor, Mrs. H. A. Elliott, Room 211, the Douglas Library.

H. PEARSON GUNDY,
University Librarian.

NEW POLICY FOR DOCUMENTS

The government documents collection is kept in three storeys of stacks, relatively isolated and engagingly named the "tower". This session a full-time librarian has been placed in charge to carry out re-organization of the department. As a result, students and staff who wish to use documents will find, for the time being, a state of flux and disorder.

Lack of space and a change in over-all policy make the alterations necessary. Since more space is not available, the present stock must be weeded and the intake reduced. The policy change is necessitated by Queen's expansion of graduate research, much of which will be done in the fields of history, politics, economics, and commerce where government documents are primary source material.

Hitherto, the document collection has been a catch-all for government publications in any and many fields and from a multitude of governments. A fairly complete set or series of documents from more than a few governments is not practically possible. In future, efforts will be bent to continue (and fill

gaps in) documents of the Dominion government, Ontario, and Great Britain, and in a less embracing fashion, of the provinces, the United Nations, and the United States. The plethora of free publications issued by official propaganda agencies (including a spate from Communist countries) will not be accepted for permanent storage. Governmental material covering research in pure and applied sciences will be channelled to the interested departments where decisions can be made as to whether or not it merits discarding or inclusion in the departmental libraries or in the main collection of the Douglas Library. All such matter now in the document stacks will be appraised in like manner.

Space gained by weeding and exclusion will be used to create more continuity in the shelf-arrangement. Most Dominion documents will be shifted to the main floor (entry by door opposite the Post Office); British material will be concentrated on the middle floor and the American on the upper floor. These physical shifts will be accompanied and followed by a re-organization of the catalogue. Now it is a 'single card' catalogue; i.e., for each document or series on the shelves there is one catalogue card, normally called the 'author' card. This had its advantages when less care and time could be given to the collection but its utility is limited. Government departments which sponsor publications are considered as their "author". They frequently have complex names, often altered, abbreviated or familiarized into non-official forms. A catalogue therefore needs 'see' and 'see also' references in abundance to guide inquirers or librarians through such complications. Further, some documents need cards with subject headings so that holdings in various subjects are readily apparent. This is, however, a long-range ideal rather than a short-term goal.

In conjunction with all changes in arrangement and cataloguing, a system of symbols or short-form notations must be worked out so that items may be conveniently located or arranged on the shelves. At present, in complex series such as the Bureau of Statistics' publications, it is not easy to find or return material without close reference to the catalogue, which in practice doubles as a shelf-list. Another hurdle in any document collection is the variance in format. Most documents are unbound; often the paper is poor, and the range in sizes is great. Convenient labelling and neat shelving can be achieved only by a gradual introduction of spring binders and more document boxes.

Within a year most of the physical re-arrangement should be completed and a start made on a new catalogue. Meanwhile, if you cannot find what you want, ask the documents' librarian, be patient, and hope for the best.

HAVE YOU READ ? —

A LIFE IN REUTERS. By Sir Roderick Jones. London: Hodder & Stoughton. 1951.

The name Reuters has for a hundred years now been associated with the reporting of astounding news. I remember that when as a small child I had some improbable story to tell, my incredulous family usually silenced me with the retort "Tell that to Reuters". Sir Roderick Jones assures us in the prologue that "it is almost unheard of for a Reuter statement to be warrantably or successfully challenged", a remarkable record when one considers the immense volume of words daily distributed by the agency.

This is not an objective history of Reuters, (that is in preparation), but a lively, anecdotal yet undoubtedly exact account of Sir Roderick Jones' own life and work with Reuters from the time when he succeeded the late Baron Herbert de Reuter in 1915 until his retirement in 1941. The frontispiece photograph

of Sir Roderick Jones himself shows an urbane, well-groomed man with humorous eyes, and these memoirs have the same pleasant characteristics.

Incidentally anyone interested in Reuters might like to read an earlier account, very different from this one but equally fascinating, *From pigeon post to wireless*, by H. Collins, 1925.

HOW ABOUT THE WEATHER? By Robert Moore Fisher. New York: 1951.

"I found that everybody was interested in the weather" says Mr. Fisher in his preface, and so he designed his book in order to help readers combine knowledge and understanding with interest. The result is a sound readable handbook on all aspects of the weather, containing also many intriguing suggestions on how to forecast the weather oneself. The chapter "How to interpret newspaper weather maps", though probably tedious for the reader who has no intention of doing so, is invaluable for anyone with aspirations as an amateur meteorologist.

The language is technical enough for accuracy and yet simple enough for the uninitiated. There are some excellent illustrations, as instructive upon the appearance of clouds as they are beautiful.

THIS — IS LONDON. By A. Stuart Hibberd. London: Macdonald & Evans. 1950.

Most radio listeners even on this side of the Atlantic will certainly have heard, whether they are aware of it or not, the well-modulated dulcet voice of Stuart Hibberd, senior announcer and news reader of the British Broadcasting Corporation. Mr. Hibberd has been associated with the BBC since the Savoy Hill days of the 1920's, and this is an account in diary form of his experiences there. With verve, charm, and wit, he describes the behind-the-scenes activities of such broadcast occasions as the Coronation of King George VI, the celebrated 'Proms', and the D Day assault on Europe.

He has much excellent incidental advice to give to broadcasters, and a wealth of anecdotes which should prove invaluable to after-dinner speakers. (Anyone who remembers the famous "The fleet's lit up" broadcast of 1938 will enjoy finding here the true and entertaining story of how it happened to get on the air.)

The book is worth reading for the information on the war years alone. The intricate manoeuvres by which the BBC guaranteed that the news bulletins would go on the air even if the London studios were blitzed and the tense excitement shared by BBC personnel in London and Bristol during air raids, make absorbing reading. But so does the whole book, to read which is to become acquainted with and to like the shrewd, kindly, warm, witty Mr. Hibberd.

A WAY THROUGH THE WOOD. By Nigel Balchin. London: Collins. 1951.

Mr. Balchin is one of the best story-tellers at present writing in England, and although this novel will not add greatly to his reputation, neither will it detract from it. The story concerns the marriage of Jim and Jill Manning and the emotional conflicts which arise from Jill's friendship with a wealthy young neighbour, William Bule. The plot is obviously rather stereotyped, but the detailed incidents are sufficiently novel, the characters plausible, and the dialogue excellent. Mr. Balchin's brilliant craftsmanship prevents the story from falling into banality which might easily have happened with a less skilled writer, and certainly makes this a novel worth reading.

Also recommended by the same author are *The Small Back Room*, *The Borgia Testament*, and *Mine Own Executioner*.
